COMMISSIONER OF PUBLIC WELFARE

In the Matter of the Proposed Adoption of Rule 178 of the Minnesota Department of Public Welfare Relating to the Provision of Services to Deaf and Hearing Impaired Individuals

FINDINGS OF FACT

The above entitled matter came on for hearing before the Commissioner of Public Welfare on the 17th day of December, 1975 at 9:10 a.m. in the Auditorium, State Office Building, on Wabasha between Aurora and Fuller, St. Paul, Minnesota 55155, after proper notice required by Minn. Stat. Section 15.0412 (1975 Supp), was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, and having heard and considered all of the testimony and evidence adduced and upon the records, files and proceedings herein, the Commissioner of Public Welfare makes and enters the following findings.

1. Authority to promulgate and adopt the rule relating to the provision of services to deaf and hearing impaired individuals is derived from Minn. Stat. § 256.01 Subds. 2 and 4 (1974) and Minn. Stat. 256.971 (1974).

2. Testimony was offered by the Department of Public Welfare concerning the specification of eligibility criteria, specialized services that are provided, and statewide responsibility for the provision of such services. The refinement provided by the rule in each of these areas produces additional safeguards for fair and

impartial treatment of both current and prospective clientele. By demarcating the services provided by the Department of Public Welfare from those made available by other agencies and organizations serving the deaf and hearing impaired this rule clearly pinpoints the responsibility for the delivery of these services within that agency. For these reasons the Commissioner of Public Welfare finds the adoption of this rule is justified.

3. Written comment was received recommending that a definition of deafness and hearing impairment be added to the rule. This recommendation was rejected because no single definition of deafness or hearing impairment is recognized in law or by the agencies, organizations and professionals serving this population, either nationally or within the State of Minnesota. The use of one of the specialized definitions, such as for medical, audiological, educational or rehabilitation purposes, may unnecessarily exclude deaf and hearing impaired individuals who are in need of, and should receive, the specialized social services that are available. On this basis the Commissioner of Public Welfare finds that this rule should be adopted without modification.

4. Written comment was received recommending that each applicant should present a current audiological evaluation. This recommendation was rejected because it would unnecessarily complicate and delay eligibility determination without a commensurate improvement in the process of selecting clients to be served. The extent to which hearing loss limits the functional abilities of individuals is dependent on several factors in addition to the degree of that loss, including the manner in which the client perceives himself. The degree of hearing loss is an unreliable predictor of the functional limitations imposed by deafness or hearing impairment and the corresponding need for specialized social services. The direct client services provided by the Department of Public Welfare in this area are of such a specialized nature

that they are only of benefit to deaf and hearing impaired individuals and their families. Consequently there is no prevailing need to introduce gross screening criteria, such as would be accomplished through the use of routine audiological evaluations, to separate normal hearing from hearing impaired individuals. For the above cited reasons the Commissioner of Public Welfare finds that this rule should be adopted without change.

5. Written comment was received protesting the initiation of this rule-making process prior to January 1, 1976. Nothing in the Administrative Procedures Act prohibits the initiation of the rule making process prior to January 1, 1976. Indeed, amendments to the Administrative Procedures Act, effective July 1, 1975, place an affirmative obligation on the Minnesota Department of Public Welfare to promulgate rules as quickly as possible in order to comply with the expanded definition of "rule" presently contained in the laws. Therefore the Commissioner of Public Welfare finds that the adoption of this rule is justified.

6. Other provisions of this rule not specifically referred to herein are found to be reasonable, necessary and supported by the record.
