Dee Zee Toolbox Installation Instructions

Congratulations on your purchase of a quality Dee Zee product. Dee Zee is recognized as having the highest quality running boards and accessories on the market today. We have earned this reputation by offering our customers a product they can be proud to place on their vehicles. Dee Zee meets all the criteria of manufacturing a custom-fit product which guarantees it to be the easiest product to install.

Note: Please take time to read all of the instructions before beginning this installation.

Warning! If it is necessary to drill any holes into the vehicle, Dee Zee recommends putting a sealant or rust inhibitor around all holes drilled into the body of the vehicle.

Cleaning Instructions: To maintain the bright finish of your Dee Zee Stainless Steel Toolbox, clean with a mild detergent and then apply a high grade automotive type wax.

If you should happen to have any questions with this product or you have an installation question, please feel free to call us at:

1-800-779-8222

Chest Tool Box Installation Instructions

Chest Toolbox: _____

Toolbox lid design may vary from picture with different toolbox models.

La conception de couvercle de boîte à outils peut changer de l'image avec différents modèles de boîte à outils.

A

X1

B
1/4 x 1" Sheet
Metal Screw
X4

C
Foam Tape
X2

Tools Required:

1
Peel backing off of foam tape (C).

2 Place foam gasket (C) onto the bottom of toolbox (A). Trim foam gasket (C) so that it is flush with the ends of toolbox (A).

3

Place toolbox (A) into the back of your pickup truck bed.

4

Locate the toolbox (A) in the pickup truck bed and then mark four hole locations in the bottom of toolbox (A). Drill a 3/16" hole at each marked hole location.

5

Attach toolbox (A) to the pickup truck bed using 1/4 x 1" sheet metal screws (B). Tighten them into place using a 3/8" wrench / or socket.

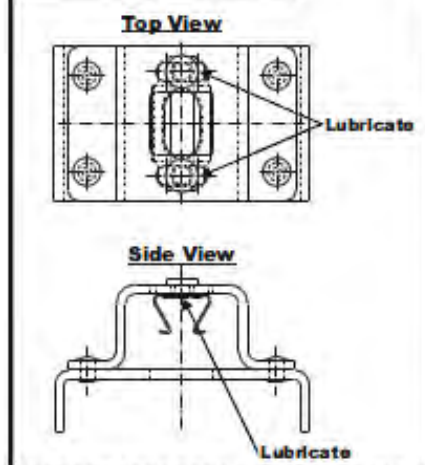

MAINTENANCE INSTRUCTIONS: All locks, latches, latching rods, and hinges should be lubricated regularly to assure smooth and proper operation for the life of the toolbox.

INSTRUCTIONS D'Entretien: Toutes les serrures, verrous, verrouillant des tiges, et des charnières devraient être lubrifiées régulièrement pour assurer l'exécution sans heurt et appropriée pendant la vie de la boîte à outils.
