MINNESOTA RULE DPW 23 - Grants 23 - Grants to community mental health boards, county welfare or human service boards for the planning and placement of mentally retarded persons into community-based programs, under provision of Minnesota Laws 1975, Chapter 434, Section 2, Subdivision 3.

A. Introduction

1. This rule governs state financing of the planning and placement of mentally retarded persons into appropriate community alternative programs.

2. Definitions

a. Community Mental Health Board: A board organized under the authority of Minn. Statutes 245.61 - .69, to plan for and facilitate programs in mental retardation and assure delivery of services.

b. Human Service Board: A single county or multi-county board established under the authority of Minnesota Statutes, Chapter 402, as amended.

c. County Welfare Board: A board established under the authority of Minnesota Statutes, Chapter 393.

d. Mentally Retarded Person: Any person who has been diagnosed as having significantly subaverage intellectual functioning existing concurrently with demonstrated deficits in adaptive behavior such as to require supervision and protection for his or the public welfare. (M.S. 253A.02, Subdivision 5.)

e. Residential Facility: An out of family home setting for purposes of acquiring self-care, remedial, developmental or social skills, or for a long-term living arrangement.

f. State Agency: Minnesota Department of Public Welfare.

g. State Institution: State-operated residential facilities for mentally retarded persons.

h. Supportive Services: Any non-residential services included in the treatment plan such as day activity centers, work activity program and homemaker services.

B. Purposes for the Awarding of Grants

1. Joint application to the state agency for grants may be made by the county welfare board, community mental health board or human service board to pay local costs in planning developing alternatives, making appropriate placements, and financing residential and supportive services for mentally retarded persons in community-based programs after existing state and federal resources are fully utilized.

2. Applications may be made for the following purposes:

a. The placement of mentally retarded residents of state institutions into community-based residential facilities. This may include:

(1) Staff and consultation costs for individualized program planning and the planning of appropriate services in cooperation with state institution staff.

(2) Costs per individual to the county after federal and state resources are utilized. This may include costs now paid by the county because of the following reasons:

(a) Reimbursement rate paid by the state agency is less than that authorized in law for placement of children under Rule 30 (Cost of Care).

(b) Grant-in-aid paid by the state agency is less than authorized in law for daytime activity center (DAC) services.

(c) Federal Title XIX Medicaid and state supplementary appropriations do not pay all costs of ICF/MR placement. Remaining costs may be included after the federal share and state supplement is paid.

b. The placement of mentally retarded residents of community based residential facilities into independent living. This may include costs of:

(1) Multi-disciplinary case planning in cooperation with residential facility operators.

(2) Financing of residential and supportive services costs.

(3) Reduction of inappropriate placements of mentally retarded persons in skilled nursing facilities (SNF), and general intermediate care facilities (ICF/general). This may include:

(a) Implementing the recommendations of the DPW study (Mentally Retarded Persons Reported to be in Non-MR Residential Placement in Minnesota - A Report to the Minnesota Department of Public Welfare), dated December, 1975.

(b) Assessing mentally retarded residents of certified SNF's, in order to determine whether they can be programmed more appropriately in a residential facility certified as an ICF/MR facility.

(c) To place mentally retarded persons in ICF/general facilities who are under 65 years of age into residential facilities certified as intermediate care facilities for mentally retarded (ICF/MR) if appropriate.

(d) Assessing the needs of mentally retarded residents of ICF/general facilities who are over 65 years of age, in order to determine whether debilitating conditions warrant continued residence in ICF/general, or whether ICF/MR placement would be more appropriate.

(e) To finance supportive services.

C. Application

1. All applications are to be made jointly between one or more county welfare boards and the community mental health board or human service board.

2. Applications are to be sent to the Commissioner, Department of Public Welfare, Attention: Director, Mental Retardation Division.

3. Applications are to include the following:

a. Identify the particular group of mentally retarded persons affected by the project application.

b. A narrative description of the proposed project and a statement of expected results.

c. A budget plan which will be reviewed for its appropriateness in relation to the group of persons to be affected. It is recognized that the types of persons addressed in (II) (a) (1) & (3) are more difficult to place in the community and may require more intense programming and highly specialized staff.

d. The number of retarded persons expected to be affected in each of the project purposes.

e. A design for the evaluation of the project.

D. Evaluation

1. A report to the state agency shall be made by the applicants receiving grants. Such evaluation shall be submitted within 30 days of termination of the project, describing the impact and results of the project upon individuals

E. State Agency Criteria for Determination of Grant Award

1. Standards for the provision of services.

a. To provide the person who is mentally retarded with an existence as close to normal as possible. This include making available the patterns and conditions of everyday life that are as close as possible to the norms and patterns of the mainstream of society.

b. To provide the person who is mentally retarded with an individual service plan designed so that new and progressively difficult skills are acquired. Such plan must take into consideration the presentation of learning and developmental experiences appropriate to his adaptive behavior levels, physical condition and degenerative status.

The individual service plan for the mentally retarded person must be based on a comprehensive assessment of needs, and periodic evaluation to determine appropriateness and effectiveness of the individual service plan.

c. To implement the client's service plan, plans shall be made in a manner which least restricts personal freedom but carries out the goals and objectives for the individual. This shall mean:

(1) Providing assistance to enable him to live in his home.

(2) Providing a community-based residential facility with appropriate services when the mentally retarded person must leave his home for a specified purpose and period of time.

d. Providing placement in a state institution when the mentally retarded persons cannot be served at home or in a community facility for a specified purpose and period of time.

2. Relevance of the application to:

a. Priorities of the community mental health or human service board's plan for the mental retardation target population.

b. Priorities of the county welfare department's plan.

c. Implementation of the Community Alternatives and Institutional Reform (CAIR) report recommendations (Developmental Disabilities Program Office, Minnesota State Planning Agency, 550 Cedar Street, Room 110, St. Paul, Minnesota 55101).

d. Community placement of current state institution residents.

e. State receiving institution - Priority shall be given to proposals in accord with the above standards and expectations, relating to mentally retarded persons in the Cambridge State Hospital or in its receiving district.

In the Matter of the Proposed Adoption of Rules 22 and 23 of the Minnesota Department of Public Welfare

ORDER ADOPTING RULES

The above-entitled matter came on for hearing before Hearing Examiner George A. Beck of the Minnesota Office of Hearing Examiners at 8:30 a.m. on Thursday, June 17, 1976, in Room 83 of the State Office Building, St. Paul, Minnesota, after proper notice required by Minn. Stat. § 15.0412, subd. 4 (1975 Supp.) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, and applicable statutory standards or criteria, and having confirmed the need for the above captioned rules and the reasonableness thereof; and

Upon a review of the Findings of Fact, Conclusions and Recommendation of the Hearing Examiner dated July 14, 1976.

NOW, THEREFORE, IT IS ORDERED:

1. That the Findings of Fact, Conclusions and Recommendations of the Hearing Examiner dated July 14, 1976,

be and hereby are adopted by the Department of Public Welfare, and

2. That these rules, identified as DPW Rule 22 and DPW Rule 23 are adopted this 9th day of September, 1976, pursuant to the authority vested in me by Minn. Stat. § § 245.61 to 245.69 (1974) and Minn. Stat. § 256.01 (1974).

MINNESOTA RULE DPW 23 - Grants to community mental health boards, county welfare or human service boards for the planning and placement of mentally retarded persons into community-based programs, under provision of Minnesota Laws 1975, Chapter 434, Section 2, Subdivision 3.

(I) Introduction

(a) This rule governs state financing of the planning and placement of mentally retarded persons into appropriate community alternative programs.

(b) Definitions

(1) Community Mental Health Board: A board organized under the authority of Minn. Statutes 245.61 - .69, to plan for and facilitate programs in mental retardation and assure delivery of services.

(2) Human Service Board: A single county or multi-county board established under the authority of Minnesota Statutes, Chapter 402, as amended.

(3) County Welfare Board: A board established under the authority of Minnesota Statutes, Chapter 393.

(4) Mentally Retarded Person: Any person who has been diagnosed as having significantly subaverage intellectual functioning existing concurrently with demonstrated deficits in adaptive behavior such as to require supervision and protection for his or the public welfare. (M.S. 253A.02, Subdivision 5.)

(5) Residential Facility: An out of family home setting for purposes of acquiring self-care, remedial, developmental or social skills, or for a long-term living arrangement.

(6) State Agency: Minnesota Department of Public Welfare.

(7) State Institution: State-operated residential facilities for mentally retarded persons.

(8) Supportive Services: Any non-residential services included in the treatment plan such as day activity centers, work activity program and homemaker services.

(II) Standards for the Awarding of Grants

(a) Joint application to the state agency for grants may be made by the county welfare board, community mental health board or human service board to pay local costs in planning and developing alternatives, making appropriate placements, and financing residential and supportive services for mentally retarded persons in community-based programs after existing state and federal resources are fully utilized.

Applications may be made for the following purposes:

(1) The placement of mentally retarded residents of state institutions into community-based residential facilities. This may include:

(A) Staff and consultation costs for individualized program planning and the planning of appropriate services in cooperation with state institution staff.

(B) Costs per individual to the county after federal and state resources are utilized. This may include costs now paid by the county because of the following reasons:

Reimbursement rate paid by the state agency is less than that authorized in law for placement of children under Rule 30 (Cost of Care).

Grant-in-aid paid by the state agency is less than authorized in law for daytime activity center (DAC) services.

Federal Title XIX Medicaid and state supplementary appropriations do not pay all costs of ICF/MR placement. Remaining costs may be included after the federal share and state supplement is paid.

(2) The placement of mentally retarded residents of community-based residential facilities into independent living. This may include costs of:

Multi-disciplinary case planning in cooperation with residential facility operators.

Financing of residential and supportive services costs.

(3) Reduction of inappropriate placements of mentally retarded persons in skilled nursing facilities (SNF), and general intermediate care facilities (ICF/general). .This may include:

Implementing the recommendations of the DPW study (Mentally Retarded Persons Reported to be in Non-MR Residential Placement in Minnesota - A Report to the Minnesota Department of Public Welfare), dated December, 1975.

Assessing mentally retarded residents of certified SNF's, in order to determine whether they can be programmed more appropriately in a residential facility certified as an ICF/MR facility.

To place mentally retarded persons in ICF/general facilities who are under 65 years of age into residential facilities certified as intermediate care facilities for mentally retarded (ICF/MR) if appropriate.

Assessing the needs of mentally retarded residents of ICF/general facilities who are over 65 years of age, in order to determine whether debilitating conditions warrant continued residence in ICF/general, or whether ICF/MR placement would be more appropriate.

To finance supportive services.

(III) Application

(a) All applications are to be made jointly by one or more county welfare boards and the community mental health board or human service board.

(b) Applications are to to be sent to the Commissioner, Department of Public Welfare, Attention: Director, Mental Retardation Division.

(c) Applications are to include the following:

(1) Identify the particular group of mentally retarded persons affected by the project application.

(2) A narrative description of the proposed project and a statement of expected results.

(3) A budget plan which will be reviewed for its appropriateness in relation to the group of persons to be affected. It is recognized that the types of persons addressed in (II) (a) (1) & (3) are more difficult to place in the community and may require more intense programming and highly specialized staff.

(4) The number of retarded persons expected to be affected in each of the project purposes.

(5) A design for the evaluation of the project.

(IV) Evaluation

A report to the state agency shall be made by the applicants receiving grants. Such evaluation shall be submitted within 30 days of termination of the project, describing the impact and results of the project upon individuals.

(V) State Agency Criteria for Determination of Grant Award

(a) Standards for the provision of services.

(1) To provide the person who is mentally retarded with an existence as close to normal as possible. This includes making available the patterns and conditions of everyday life that are as close as possible to the norms and patterns of the mainstream of society.

(2) To provide the person who is mentally retarded with an individual service plan designed so that new and progressively difficult skills are acquired. Such plan must take into consideration the presentation of learning and developmental experiences appropriate to his adaptive behavior levels, physical condition and degenerative status.

The individual service plan for the mentally retarded person must be based on a comprehensive assessment of needs, and periodic evaluation to determine appropriateness and effectiveness of the individual service plan.

(3) To implement the client's service plan, plans shall be made in a manner which least restricts personal freedom but carries out the goals and objectives for the individual. This shall mean:

(A) Providing assistance to enable him to live in his home.

(B) Providing a community-based residential facility with appropriate services when the mentally retarded person must leave his home for a specified purpose and period of time.

(C) Providing placement in a state institution when the mentally retarded persons cannot be served at home or in a community facility for a specified purpose and period of time.

(b) Relevance of the application to:

(1) Priorities of the community mental health or human service board's plan for the mental retardation target population.

(2) Priorities of the county welfare department's plan.

(3) Implementation of the Community Alternatives and Institutional Reform (CAIR) report recommendations (Developmental Disabilities Program Office, Minnesota State Planning Agency, 550 Cedar Street, Room 110, St. Paul, Minnesota 55101).

(4) Community placement of current state institution residents.

(5) State receiving insitution - Priority shall be given to proposals in accord with above standards and expectations, relating to mentally retarded persons in the Cambridge State Hospital or in its receiving district.

COMMISSIONER OF PUBLIC WELFARE

In the Matter of the Proposed Rules 22, 23, and 24 of the Minnesota Department of Public Welfare.

NOTICE OF HEARING

Notice is hereby given that a public hearing will be held pursuant to Minnesota Statutes 15.0412, subd. 4 (1975 Supp.) regarding the above-entitled matter, in the State Office Building Auditorium (Room 83), Wabasha Street (between Aurora and Fuller), St. Paul, Minnesota, on Thursday, June 17, 1976, commencing at 8:30 A.M., and continuing until all representatives or other interested groups or persons have had an opportunity to be heard concerning proposed rules 22, 23, and 24, by submitting either oral or written data, statements or arguments. Statements or briefs may be submitted without appearing at the hearing.

Rule DPW 22, Community Based Residential Services to Mentally Ill Persons, governs state financing of residential and related social and rehabilitative costs. This rule sets forth eligibility requirements and purposes for which these funds shall be expended.

Rule DPW 23, Community Based Residential Services to Mentally Retarded Persons, governs state financing of residential and related social and rehabilitative costs. This rule sets forth eligibility requirements and purposes for which these funds shall be expended.

Rule DPW 24, Prevention and Early Identification Programs, provides funding procedures and program eligibility requirements for chemical dependency services. These services are for the purpose of prevention, early identification, referral and treatment and are to serve the target groups of Native Americans, employees, youth and underserved.

Under Minnesota Statutes 10A.01, subd. 11 (1974), any individual representing persons or associations attempting to influence administrative action, such as promulgation of these rules, must register with the State Ethics Commission as a lobbyist within five (5) days of the commencement of such activity by the individual. (The State Ethics Commission is located at Room 410, State Office Building, St. Paul, Minnesota 55155.)

Testimony or other evidence to be submitted for consideration should be pertinent to the matter at hand and may be presented either orally or in writing at the public hearing or by mailing a statement to George Beck, Office of Hearing Examiner, 1745 University Avenue, St. Paul, Minnesota 55104, within 20 days following conclusion of the hearing. If the person submitting a written document cannot be present to read his statement at the hearing, the document will be entered into the record. For those persons wishing to submit written statements or exhibits, it is requested that at least three (3) copies of each statement, exhibit or summary be furnished at the hearing. It is suggested that to save time and avoid duplication, those organizations or associations sharing common viewpoints or interests in these proceedings join together where possible and present a single statement on behalf of such interests. All statements submitted should clearly identify the rule number to which the statement pertains. It is expected that 175 people will attend the hearing and that the hearing will take 13 hours.

(OVER)

Copies of the rules are now available and may be obtained by writing:

Rule 22 - Terry Sarazin, Minnesota Department of Public Welfare, Mental Health Division, 1st Floor, Centennial Office Building, St. Paul, MN 55155

COMMISSIONER OF PUBLIC WELFARE

In the matter of Proposed Adoption of Rule 23 of the Minnesota Department of Public Welfare Relating to the making of grants to local County Welfare Boards, Human Service Boards, and Community Mental Health Boards for Community-based Residential Services for Mentally Retarded Persons.

STATEMENT OF NEED

Proposed Minnesota Rule DPW 23 is a new administrative rule of the Minnesota Department of Public Welfare and is not an amendment to an existing rule.

The need to adopt the Minnesota Rule DPW 23 arises because:

1. Minnesota Laws 1975, Chapter 434, Section 2, Subdivision 3, permits the Commissioner of Public Welfare to make grants for the planning and placement of mentally retarded persons into community-based residential and related services. The law provides that this appropriation shall primarily apply to one state hospital receiving district.

2. Significant recent rules, federal regulations and court decisions require that any person who is mentally retarded be provided with individualized services and developmental opportunities that approximate, as nearly as possible, normal homelike, community patterns and conditions of living and learning. Custody of a mentally retarded person who is in need of care and services for his/her and the public welfare, is justified only for purposes of appropriate training and treatment services.

3. Recent trends in the development of community-based services for mentally retarded persons has resulted in increasing financial burdens on local agencies, which has presented the above-named local boards with conflicts between their responsibilities for planning and placing mentally retarded persons into community-based programs, and their responsibilities for paying for such services.

4. This proposed rule requires joint application between the above-named agencies because a) the county welfare board or human service board is responsible for the diagnosis, planning, provision and payment for services to individuals who are mentally retarded, and b) the community mental health board or human service board is responsible for assuring availability and delivery of services to the mental retardation population in the board's jurisdiction..

v. December 1975 report to Department of Public Welfare concerning Mentally Retarded Persons relevent to Rule 23 (Ex. 22)

w. Community Alternatives and Institutional Reform report relevant to Rule 23 (Ex. 23)

2. That Exhibits 1, 2, 7, 10 and 14, as proposed, were filed with the Office of Hearing Examiners on May 18, 1976 and that Exhibits 1, 2, 3, 4, 5, 6, 8, 9, 11, 12, 13, 15, 16, 17, 18, 19, 20 and 21 were filed

with the Office of Hearing Examiners on May 24, 1976. All of the aforementioned documents were available for inspection at the Office of Hearing Examiners from the date of filing to the date of hearing.

3. That the record was left open for 20 days following the hearing for receipt of written comments or materials concerning the three (3) proposed rules.

RULE 22

4. That the agency cited Minnesota Statutes § 246.01, Minnesota Statutes § 245.61 through § 245.69, Minnesota Statutes § 256.01, Minnesota Statutes § 393.07 and Minnesota Laws 1975, Chapter 434 as authority for promulgation of the proposed rule.

5. That proposed Rule 22 is needed in order to develop a procedure for distribution of the appropriation for community based residential services contained in Minnesota Laws 1975, Chapter 434, Section 2, Subd. 5.

6. That Section I of the proposed rule is necessary to broadly identify the purpose of the rule and to supply definitions needed to interpret the rule.

7. That Section II (a) of the proposed rule is needed to implement the statutory directive that the funds be provided primarily to one state hospital receiving district. Based upon a consideration of the 1975 legislative record, the agency's January, 1975 Comprehensive Plan, and the agency's 1976 report to the legislature, the Department has indicated that the Hastings State Hospital receiving district consisting of Ramsey County, Dakota County, and Washington County, will primarily receive the funds since it appears that the legislature intended the funds to be used in the East Metropolitan area.

That Section II (b) is needed to permit partial funding of existing community based residential care facilities such as Fairweather Lodges.

That Section II (c) is needed to provide a method of prorating the funds. The Metropolitan Council population figures are believed to be the most current and result in a population breakdown as follows: Ramsey County, 63.38%; Dakota County, 22.94%; and Washington County, 13.68%.

That Sections [redacted] (d) and (e) are needed t[redacted]carry out the legislative intent that funds be used for a community based residential program and that the funds be used to allow mentally ill persons to avoid hospitalization where this is feasible.

That Section II (f) is necessary to make it clear that funding of services enabling a facility to qualify for licensure is permissible.

8. That Section III is necessary to set out the types of services that are eligible for funding consistent with the belief that community based care and treatment is preferable to institutional care and treatment in that it is less disruptive to people's family and social relationships and to their employment; that it carries much less social stigma; that it is a less restrictive alternative; and that recovery often occurs more quickly in familiar rather than unfamiliar surroundings. Section III (a) (6) is needed since the lack of stable funding for residential living costs for mentally ill persons is a major barrier to the establishment of additional residential facilities and to the upgrading of existing facilities.

9. That Sections IV and V are needed to provide a procedure for application for funds and for feedback to the Department concerning the use of funds. A joint application by the county welfare board and the community mental health center board is required since they have overlapping statutory responsibilities.

RULE 23

10. That the agency cited Minnesota Statutes § 245.61 to § 245.69, Minn. Stat. Ch. 393, and Minn. Laws 1975 Ch. 434 as authority for the promulgation of the proposed rule.

11. That proposed Rule 23 is needed in order to develop a procedure for distribution of the appropriation for community based residential services for mentally retarded persons, contained in Minn. Laws 1975, Ch. 434, Sec. 2, subd. 3.

12. That Section I of the proposed rule is necessary to identify the purpose of the rule and to supply definitions needed to interpret the rule.

13. That Section II is needed to set out the purposes for which grants will be awarded. A question was submitted as to whether

Section II (a) (2) and the third paragraph of Section II (a) (3) are an appropriate use for money appropriated by Minn. Laws 1975, Ch. 434 since the appropriation was intended for the planning and placement of mentally retarded persons into community based programs. However, both provisions appear to be within the legislative intent. It should be noted that while the section contains an (a) subsection, there is no (b) subsection. Also, there are some paragraphs which have no number or letter, making reference to them difficult. There appears to be some confusion created by the title for Section II especially when contrasted with Section V. Although Section II lists the purposes for which grants will be made to county units, the title refers to a more nebulous "standards".

14. That Section III is needed to set out the mechanics of applying for the funds available. A joint application is required since the county welfare board or human services board and the community mental health board or human services board have overlapping responsibilities.

15. That Section IV is needed to provide the Department with information on the use of grants made to county boards.

16. That Section V is needed to set out the goals and methods which the Department hopes will be attained through the funding provided by Minn. Laws 1975, Ch. 434. Recently enacted rules, federal regulations and court decisions have required that any person who is mentally retarded be provided with individualized services and developmental opportunities that approximate, as nearly as possible, normal homelike community patterns and conditions of living and learning. It has been held that custody of a mentally retarded person who is in need of care and services for his/her and the public welfare, is justified only for purposes of appropriate training and treatment services. It should be pointed out that Section V appears to suffer from vague and indefinite headings and phrasing in general; Section V (6) does not seem to follow easily from the general section heading. There is some question as to the relationship of Section V to Section II. Since the appropriation statute indicated that the funds should be used primarily in one state hospital receiving district, the Department has determined to give priority to the Cambridge State Hospital receiving district.

17. That the agency cited Minn. Stat. Ch. 254A and Minn. Laws 1976, Ch. 125 as authority for the promulgation of the proposed Rule 24.

18. That proposed Rule 24 is needed in order to implement and develop a procedure for distribution of the appropriation contained in Minn. Laws 1976, Ch. 125.

19. That Section I of the proposed rule is necessary in order to provide a statutory citation of authority to promulgate the proposed rule. The Department agreed with a suggestion to add the word "prevention" so as to be consistent with the language of sections 4 and 5 of Minn. Laws 1976, Ch. 125.

20. That Section II of the proposed rule provides a general description of the activities covered by the rule.

21. That Section III is necessary to provide definitions so that the rule may be understood and interpreted. A variety of persons, groups and agencies will be contractually involved with and responsible for implementing programmatic concepts through vendors for the benefit of specific groups of persons in need of such services. These responsible persons, groups and agencies along with the persons targeted for service as well as the service concepts and delivery mechanisms all need definition to avoid confusion and to assist in shaping the administrative structure of the program. Several definition changes relating to sections III(f), III(g), and III(h) were suggested by Native American representatives and the Department concurred with the suggestions. The Department also agreed with the suggestion made that the definition of Earlier Intervention be deleted since the term is not used elsewhere in the rule. The Department also advised those attending the hearing that the word "non-residential" was inadvertently omitted from Section III(n) in the proposed rule.

22. That Section IV of the proposed rule identifies the major tasks necessary to the administration and management of the program. Clear delineation of responsibilities of key organizations, groups and individuals is necessary to assure effective administration in management of chemical dependency programs.

23. That Section IV(a)(1) is needed since without a plan of affirmative outreach it is unlikely that communities could be made sufficiently aware of this program to enable them to participate.

24. That Section IV(a)(2) is needed since timely delivery of services is necessary to assure effectiveness of program support. At the hearing, the agency amended the rule by inserting the word "time" before the word "schedules".

25. That Section IV(a)(3) is necessary to provide the elements or program plans which must be submitted so that the department can satisfy its statutory responsibility to approve program delivery plans.

26. Section IV(a)(4) is necessary since community mental health boards may not always have all of the necessary tools to carry out their responsibilities under this program, and this rule permits the department ot provide technical assistance as requested.

27. Section IV(a)(5) is necessary in order to promote the concept of self-determination for native American people. The proposed rule is consistent with the spirit of Section III of Ch. 125 of Minn. Laws 1976. A request was made at the hearing that a gay advisory board be set up to function in a manner similar to the Native American Advisory Board. However, there is no similar statutory authority for gay people.

28. Section IV(a)(6) is needed to comply with Minn. Laws 1976, Ch. 125, Sec. 8(a).

29. Section IV(a)(7) is necessary since in order to comply with state law and provide viable programs to underserved populations, a workable formula is necessary for the allocation of available funds to the community mental health boards. The formula developed was based upon the following factors:

a. Delineation of identifiable groups of significant numbers qualifying as underserved populations.

b. Types of special programs and services designed to meet the special alcoholism and chemical dependency needs of these underserved groups.

c. A minimum number of dollars necessary to provide the special programs in a manner that will be viable and effective.

d. The basic intent of the law.

At the hearing, the Department also advised that it intended to place a semicolon at the end of the second sentence of the first paragraph and that the word "these" would be inserted between the words "for" and "program" in the third sentence.

30. Section IV(a)(8) is needed to provide a method to reallocate, in an effective and equitable manner funds which are not used by a non-participating board.

31. Section IV(a)(9) provides an evaluation system which is necessary in order to properly manage current and future programs. This rule permits retrival of data necessary to determine the impact of the program and whether or not prestated objectives have been met.

32. Section IV(b)(1) is necessary since community mental health boards, due to limited funds, may have to enter into joint efforts with each other to effectively deliver services.

33. Section IV(b)(2) is necessary to prevent duplication of effort or neglect of a group in need of services since the county welfare boards also provide services to chemically dependent persons.

34. Section IV(b)(3) outlines the basic issues that experience shows must be addressed in order to develop effective programs for affected employees. Experience has shown that large sums of money and much effort can be ineffectively expended in attempts to provide programs for affected employees unless basic issues of design, development and installation of programs are addressed.

35. Section IV(b)(4) is needed since effective use of funds requires that the department avoid requiring area boards to provide services for groups which do not exist within their area in significant identifiable numbers. Since this data indicates that some underserved groups reside throughout the State on a rather uniform basis, youth, women and elderly persons, for example; other underserved groups, however, such as Blacks, Chicanos, gay men and lesbian women reside primarily in the metropolitan area. The rule requires that all participating area boards provide services for youth, elderly and women; but the rule requires only Hennepin and Ramsey County to provide programs for Blacks, Chicanos, and gay men and lesbian women. It was made clear at the hearing that other counties could contract with Hennepin and Ramsey counties for services for Blacks, Chicanos, gay men and lesbian women. It was suggested at the hearing that the rule require non-metropolitan counties to retain a portion of their budget for the purchasing of services from Hennepin or Ramsey County on behalf of Blacks, Chicanos, gay men and lesbian women.

36. Section IV(b)(5) is necessary to include a provision for a waiver since it is recognized that in some special instances it may not be possible for all area boards to provide the services set out in the rules.

37. Section IV(b)(6) is necessary since an evaluation system showing program outcome and how the outcome was achieved is necessary to guide the Department's future program effort.

38. Section IV(b)(7) is necessary to delineate those basic issues which must be addressed by the area board in the program plan.

39. Section IV(b)(8) is necessary since an order to insure the possibility of effective and efficient provision of services, reasonable efforts must be made to inform potential vendors of the opportunity to perform in this effort. To assure objectivity in contract awards, award criteria must be established prior to proposal review. Experience indicates that certain issues must be addressed in the development of proposals for provisions of services of the type described herein.

40. Section IV(c)(1) provides that certain items must appear in the service contracts since program descriptive data is necessary to the management and evaluation on all levels.

41. Section IV(c)(2) and (3) are necessary since continuous monitoring and administration of programs is usually necessary to assure effectiveness. Consequently, monthly reporting is required.

42. Section IV(c)(4) is necessary in order to provide information concerning the degree of effectiveness of various efforts and techniques. This can only be done by establishing a mechanism, in this case, a comprehensive report, which enables service providers to share their experiences with the Department.

43. Section IV(c)(5) is necessary since in some cases community mental health boards may need special reports from service providers in order to carry out their responsibilities.

44. Section IV(c)(6) is necessary in order to avoid service providers who do not have an adequate capability to perform on the basis of experience and education.

CONCLUSIONS

1. That the Department of Public Welfare gave proper notice of the promulgation of the proposed rules.

2. That the Department of Public Welfare properly documented its statutory authority to take the action proposed, to wit, the promulgation of the proposed rules.

3. That the Department of Public Welfare fulfilled all relevant substantive and procedural requirements of law or rule.

4. That the Department of Public Welfare demonstrated the need for and the reasonableness of its proposed action, to wit, the promulgation of the proposed rules with an affirmative presentation of facts.

5. That the proposed rules should be relettered and renumbered to conform with Minn. Rule REGTR 6D.

6. That the Department should review Minn. Laws 1975, Chapter 434 to determine whether the Department is in compliance with said statute.

RECOMMENDATION

It is recommended that the proposed rules be adopted with consideration given to the Findings of Fact and Conclusions contained herein.

Dated: July 14, 1976.

GEORGE A. BECK
Hearing Examiner

PLEASE TAKE NOTICE that pursuant to Minn. Stat. § 15.0412, subd. 4 and Minn. Stat. § 15.052, subd. 4 (Supp. 1975), the Department of Public Welfare shall make this Report available to all affected individuals upon request for at least ten (10) days before the Department takes any final action on the proposed rules.

The Department shall, if it decides to adopt the rules as originally proposed or amended, submit the complete hearing record to the Chief Hearing Examiner no earlier than ten (10) days subsequent to the receipt of this Report. The Department must submit the rules as originally proposed and the rules as proposed for adoption in final form.

The submission to the Chief Hearing Examiner shall precede review by the Attorney General. The Chief Hearing Examiner shall complete his review and submit his Report to the Department on the issue of substantial changes in the rules within ten (10) calendar days. The Department is then responsible for filing the rules with the Attorney General.

STATE OF MINNESOTA

DEPARTMENT OF PUBLIC WELFARE

In the Matter of the Proposed Adoption of Rules 22 and 23 of the Minnesota Department of Public Welfare

ORDER ADOPTING RULES

The above-entitled matter came on for hearing before Hearing Examiner George A. Beck of the Minnesota Office of Hearing Examiners at 8:30 a.m. on Thursday, June 17, 1976, in Room 83 of the State Office Building, St. Paul, Minnesota, after proper notice required by Minn. Stat. § 15.0412, subd. 4 (1975 Supp.) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, and applicable statutory standards or criteria, and having confirmed the need for the above captioned rules and the reasonableness thereof; and

Upon a review of the Findings of Fact, Conclusions and Recommendation of the Hearing Examiner dated July 14, 1976.

NOW, THEREFORE, IT IS ORDERED:

1. That the Findings of Fact, Conclusions and Recommendations of the Hearing Examiner dated July 14, 1976,

be and hereby are adopted by the Department of Public Welfare, and

2. That these rules, identified as DPW Rule 22 and DPW Rule 23 are adopted this 9th day of September, 1976, pursuant to the authority vested in me by Minn. Stat. § § 245.61 to 245.69 (1974) and Minn. Stat. § 256.01 (1974).

Dated: September 9, 1976.
