Introduction to Glenart college

Introduction to Glenart College, Arklow

Glenart College, Arklow traces its origins back to 1905, when Wicklow County Council, in conjunction with Wicklow Urban Council, established a Joint Technical Instruction Committee. Thereafter, Arklow Technical Schools was established, with its first classes held in rooms in Arklow Courthouse, with further classrooms in other locations around Arklow Town. The school's first academic year was 1905-1906. The school has evolved dramatically in the intervening period since, with changes to the school's name – known over time as Arklow Technical School/Institute, Arklow Marine School, Arklow Vocational School and Arklow Community College – as well as changes to the school's geographical locations around Arklow Town.

In 2015, as part of the school community's move into a new state-of-the-art building, the school rebranded as Glenart College, Arklow. The school has been situated in its present location on Coolgreaney Road since the 1974/1975 academic year.

Glenart College, Arklow operates under the patronage of Kildare and Wicklow Education and Training Board (KWETB), which forms part of the wider 16 regional network of ETBs around the country, aligned to Education and Training Boards, Ireland (ETBI). Glenart College, Arklow is a co-educational, multi-denominational, state-run post-primary school, with, currently, over 600 students and over 70 staff members.

Our school offers the Junior Cycle, Junior Certificate School Programme (JSCP), an optional Transition Year programme, the Leaving Certificate (Established), Leaving Certificate Vocational Programme (LCVP) and the Leaving Certificate Applied (LCA). Glenart College, Arklow also participates in Delivering Equality of Opportunity in Schools (DEIS), a Department of Education initiative.

2. Admission Statement

ETB Characteristic Spirit Statement

ETB schools are state, co-educational, multi-denominational schools underpinned by the core values of:

- Excellence in Education;
- Care;
- Equality;
- Community and
- Respect.

As the state provider of education, the ETB sector defines a 'multi denominational' school in the following way: In ETB schools, all students are given equal opportunities for enrolment in line with the Education (Admissions to School) Act 2018. Once enrolled, our schools strive to provide all students with equal opportunities to engage with the curriculum and school life. In all aspects of school life all members of our school communities are treated equitably regardless of their race, gender, religion/belief, age, family status, civil status, membership of the Traveller community, sexual orientation, ability or socio-economic status.

Our schools provide a safe physical and social environment that reinforces a sense of belonging to the school community and wider society. They strive to enable every student to realise their full potential regardless of any aspect of their identity or background. Our schools promote a fully inclusive education that recognises the plurality of identities, beliefs and values held by students, parents and staff. We prepare open-minded, culturally sensitive and responsible citizens with a strong sense of shared values.

In ETB schools, students of all religions and beliefs are treated equally. The school environment and activities do not privilege any particular group over another whilst at the same time acknowledging and facilitating students of all religions and beliefs.

Accordingly, Glenart College shall not discriminate in its admission of a Student based on the following grounds:

1. Gender of the Student or Applicant. However, where a school admits students of one gender only, it is not discriminatory to refuse to admit Students not of that gender;

2. Civil status of the Student or Applicant;

3. Family status of the Student or Applicant;

4. Sexual orientation of the Student or Applicant;

5. Religion of the Student or Applicant;

6. Disability of the Student or Applicant;

7. Race of the Student or Applicant;

8. The Student's or Applicant's membership of the Traveller community;

9. Special educational needs of the Student or Applicant. However, where the school provides education exclusively for a category or categories of special educational need(s) in a Special Class, it is not discriminatory to refuse to admit to that class a Student who does not have the specified special educational need(s).

Glenart College will cooperate with the National Council for Special Education in the performance by the Council of its functions under the Education for Persons with Special Educational Needs Act 2004 relating to the provision of education to children with special educational needs, including in particular by the provision and operation of a special class or classes when requested to do so by the Council.

Glenart College will comply with any direction served on the patron or the board, as the case may be, under section 37A and any direction served on the board under section 67(4B) of the Education Act.

10.

Glenart College shall not charge fees or payments or seek contributions as a condition of admission or continued enrolment of a Student.

3. Legal Framework

Kildare & Wicklow ETB was established under the Education and Training Board Act 2013 which sets out the functions of all ETBs, including to establish and maintain recognised schools, centres for education and education and training facilities in each ETB's functional area.

The board of management of Glenart College is a committee established under section 44 of the Education and Training Board Act 2013 and also constitutes a board of management within the meaning of the Education Act 1998.

The Education (Admission to Schools) Act 2018 and the Education (Welfare) Act 2000 place a duty on all recognised schools to prepare and publish an Admission Policy.

The Education Act 1998 provides for an appeal process in the event of a refusal to admit a Student. The appeal process is set out in section 5.3 in respect of applications made to the First-Year Group and in section 6.3 in respect of applications made to all years other than the First-Year Group.

Section 62(7) (n) of the Education Act 1998 requires each school to set out in its Admission Policy the arrangements it has in place where a parent, or student over 18 years of age, requests that the student opt-out of religious instruction. It is important to understand that our school does not provide 'religious instruction' and therefore the legal requirement to advise of the option to opt-out of religious instruction does not arise in this school. There is an important distinction between 'religious instruction' and 'religious education':

• Religious instruction is a term used in Ireland to indicate instruction in accordance with the rites, practices and teachings of a particular religion or denomination for pupils of that religious tradition.

• Religious education is open to all pupils regardless of their commitment to any particular religion or worldview. It seeks to contribute to the spiritual and moral development of all students equally.

As ETB schools are 'multi-denominational', Glenart College supports the provision of religious education that caters for all students regardless of their religious or non-religious beliefs.

4. General Admission Provisions

A decision on an application for admission shall be based on:

- the implementation of this Admission Policy,
- the annual Admission Notice of the school, and the

4. A requirement that a Student or his or her Parent(s), attend an interview, open day or other meeting as a condition of admission;

6. The date and time on which an application for admission was received by the school as long as it is received during the period specified for receiving applications set out in the annual Admission Notice for that academic year.

A Student applying for the First Year Group but seeking admission to the Special Classes should see section 7 of this Admission Policy. If the Student is also applying for a place in the mainstream First-Year Group in the event of an unsuccessful application to the Special Class, this section 5 is also applicable.

Incomplete applications received by the school will not be processed under this policy

5.1.1 Oversubscription

When the number of applications exceeds the number of places available, the published selection criteria as set out at section 5.1.2 below will apply and a waiting list shall be compiled which shall remain valid only for the school year in respect of which the applications are made. Where the number of applicants in a particular band exceeds the number of places remaining, the remaining places will be allocated within that band based on a lottery.

A waiting list is created by lottery of the remaining applicants in that band. At this time a waiting list will be created from each subsequent band by means of a lottery.

The lottery from each band will be conducted in the school by the Principal, the Chair of the Board of Management and a member of the Parents' Council.

Where Glenart College is in a position to offer further school places that become available for and during that academic year, places will be offered in accordance with the order of priority in which Students have been placed on the waiting list, subject to the provisions of section 7.1.1 regarding the Special Class.

For the avoidance of doubt, if a Student does not receive a place in the school for a given academic year, but s/he wishes to be considered for admission to the same year group in the following academic year, a new application must be made on behalf of that Student during the dates specified by the school as being the period when it will accept applications to all year groups other than First-Year.

Where an application is made on behalf of a Student for both the Special Class and a mainstream year group, and his/her application for one but not both is successful, s/he will remain in the same position on the waiting list for the group to which s/he was not successful, regardless of whether the Applicant accepts the place in the group to which the Student was successful.

Where the school is oversubscribed, any selection criteria that are not included in this Admission Policy shall not be considered in determining whether or not a Student is admitted to the school.

5.1.2 Selection criteria in order of priority

Glenart College will apply the following criteria for admission to the First-Year Group:

- Please refer to our Admissions Notice for the number of places available to incoming First Year Students.

5.1.2.1: If the Student will have attained 12 years of age by the 31st January of the academic year to which s/he is applying to be enrolled in First Year, after having completed sixth class (or equivalent) in primary school

5.1.2.2: Children of current staff.

5.1.2.3 Students who have siblings currently attending Glenart College.

5.1.2.4: Students attending feeder Primary Schools and living inside the catchment area.

5.1.2.5: Students attending feeder Primary School in Arklow and living outside the catchment area.

5.1.2.6: Students who have siblings/parents past-pupils of the school (to a maximum of 25%).

5.1.2.7: Other students.

See section 7 for selection criteria applicable to admission to the Special Classes.

5.1.3 Selection process

Glenart College will apply the selection process as follows:

Applications are considered against the published selection criteria. Places will be offered in the first instance to those who meet the first criterion. Subsequently, where the school still has places available, the remaining Applicants are considered in light of the second criterion and those Applicants who meet this criterion will be offered a place within the school. This process is continuously carried out until all available places have been offered and accepted.

Glenart
COLLEGE

Coolgreaney Road, Arklow,
Co. Wicklow, Y14 YR52
+353 (0) 402-32149
glenartcollege@kwetb.ie
glenartcollege.ie

Where two or more applications are tied in the foregoing selection process, Glenart College will apply a random lottery to assign any available places in the school, or on the waiting list, to those applications. Where there are multiple siblings applying for entry to first year, if one sibling is selected through this lottery process, the next available space in mainstream will automatically be assigned to their sibling(s). If the second sibling has applied for one of the Special Classes they must go through the selection process as outlined in 7.1.3.

NB The number of places available in a year group is subject to reduction in the event that a placement(s) in the Special Class is/are given to Student(s) from that year group. I.e. the selection process for the Special Class will be completed before the selection process for the mainstream year group and the number of Students who are offered a place in the Special Class will be the number by which the places in the relevant mainstream year group(s) are reduced[1].

[1] This approach is based on section 2 of the Education for Persons with Special Educational Needs (EPSEN) Act 2004, which requires that: "*A child with special educational needs shall be educated in an inclusive environment with children who do not have such needs unless the nature or degree of those needs of the child is such that to do so would be inconsistent with the best interests of the child as determined in accordance with any assessment carried out .... or the effective provision of education for children with whom the child is to be educated.*"

5.1.4 Late applications

An application received by Glenart College after the closing date published by the school, and set out in the Admission Notice, is considered a late application for the purposes of this Admission Policy.

Where the relevant year group is oversubscribed and receives a late application for admission, that application will receive a place on the waiting list beneath Applicants whose applications were received by the school before the closing date for applications irrespective of any selection criteria which may been applied to applications received before the closing date for applications. Such late applications will be placed

on the waiting list in accordance with the date and time they were received by the school in accordance with the date and time they were received by the school, subject to sections 4.7 and 4.8.. For the avoidance of doubt, selection criteria are not relevant to, and will not be applied to, late applications.

Where the relevant year group is not oversubscribed, i.e. there is no waiting list, and it receives a late application, the Student seeking admission will receive an offer of a place within the school, subject to sections 4.7, and 4.8 and the same process as applies to Applicants whose applications were received before the closing date will be applied i.e. an Acceptance Form will be issued to the Applicant for completion and return to the school by the date stated for same in the letter offering the place.

5.1.5 Second/third-round offers of a place

Where a Student is in receipt of an offer of a place within the relevant year group but does not accept the offer, or fails to accept within the specified time period, or the school withdraws the offer in line with the relevant provisions of this Policy, the place will be offered to the next Student on the waiting list in a second-round of offers. This process will continue throughout third and fourth rounds etc. until all places within the relevant year group have been filled.

5.1.6 Acceptance of a place

If the Student in respect of whom the application is made is offered a place, the Applicant will be issued with an Acceptance Form by the school.

The Applicant shall indicate acceptance of an offer by fully completing and returning the Acceptance Form by the date set out in the School's Admission Notice, or y the date stated for same in the letter offering the

place if it is a late application or if it is a second/third-round offer. This includes indicating whether or not s/he has applied for and is awaiting confirmation of an offer of admission from another school.

Failure to fully complete and return the Acceptance Form to the school by the date set out in the School's Admission Notice, or by the date stated for same in the letter offering the place if it is a late application or if it is a second/third-round offer, may result in withdrawal of an offer, in line with the grounds for refusal as set out below.

When inputting the Student's data on PPOD (Post-Primary Online Database hosted by the Department of Education) if it comes to Glenart College's attention that the Student is enrolled in more than one school, it will be necessary for Glenart College to contact the conflicting school to resolve the conflict. If it is confirmed that the Student will be attending the conflicting school, Glenart College will need to delete the Student's record from its PPOD and withdraw the offer of admission. If the Student is to be attending Glenart Collegw, no further action is required by Glenart College.

5.1.7 Refusal

Where a Student in respect of whom an application is being sought has not been offered a school place, the Applicant will be provided in writing with:

5.1.7.1. The reasons that the Student was not a offered a place in Glenart College;

5.1.7.2. Details of the Student's ranking against the published selection criteria, if the year-group to which the Applicant is applying is oversubscribed;

5.1.7.3. Details of the Student's place on the waiting list, if applicable; and

5.1.7.4. Details of the Applicant's right to appeal the decision.

In addition to the conditions for consideration of an application as set out at 4.7 and 4.8 an offer of admission may not be made where:

5.1.7.5 The information contained in the application is false or misleading in a material respect.

5.1.8 Withdrawal of an offer

An offer of admission may be withdrawn where:

1. The information contained in the application is false or misleading in a material respect, or
2. The Applicant fails to confirm acceptance of an offer of admission on or before the date set out in the annual Admission Notice of the school for the academic year for which s/he is applying, or in the case of a late application, or second/third-round offer, by the date stated for same in the letter offering the place, or
3. An Applicant has not indicated:

i. whether or not s/he has applied for and is awaiting confirmation of an offer from another school(s) and if so, the details of the school(s);

and

ii. whether or not or s/he has accepted an offer of admission from another school(s) and if so, the details of the offer(s).

4. It is confirmed that the Student will be attending the conflicting school following it coming to Glenart College's attention on PPOD that the Student is enrolled in more than one school.

If an offer of a place is withdrawn by the school, the Student on whose behalf the application was made shall lose his/her place for that academic year (and shall not be placed on a waiting list). If the Applicant still desires a place for that academic year, a new application must be made for the same academic year on behalf of that Student and shall be treated as a late application in line with section 5.1.4 above.

5.1.9 Appeals

2. Appeals

1. Appeal where refusal was due to oversubscription:

An Applicant who was refused admission because the school is oversubscribed and who wishes to appeal this decision must first request a review by the Board of Management in writing, via a 'BOMR1 Form', available from the school office and at https://www.gov.ie/en/publication/8248c-appeals-in-relation-to-refusal-to-admit-a-student-due-to-a-school-being-oversubscribed/#how-to-seek-a-review-by-the-board-of-management, for it to be reviewed by the Board of Management of Glenart College. Such a review must be sought by the Applicant within twenty-one calendar days of the school's decision to refuse to admit. However, if a different time period for the bringing of such an appeal is specified by the Minister for Education after the publication of this Policy, same shall apply instead. Completed BOMR1 Forms should be submitted to the school office or online by emailing glenartcollege@kwetb.ie .

If an Applicant is not satisfied with the decision of the Board of Management, or the board of management is not in a position to review the decision to refuse admission, the Applicant may apply to bring an appeal to an Appeals Committee established by the Minister for Education under section 29A of the Education Act 1998. Appeals must be made in writing on a 'Section 29 Appeal Form', available at https://www.gov.ie/en/publication/8248c-appeals-in-relation-to-refusal-to-admit-a-student-due-to-a-school-being-oversubscribed/#how-to-appeal-if-a-child-has-been-refused-admission-because-the-school-is-full and submitted to the Section 29 Appeals Administration Unit in the Department of Education or the appeal can be submitted online by uploading the required documentation at https://www.section29appeals.gov.ie/. As per the Department of Education's '*Procedures for hearing and determining appeals under section 29*', such an appeal must not be brought until the Applicant has received correspondence from the board of management in relation to the review, or until 42 calendar days have passed since the date of initial refusal, whichever is earlier, and an appeal may not be brought later than 63 calendar days after the initial decision to refuse admission.

5.2.2 Appeal where refusal was for a reason other than oversubscription:

An Applicant who was refused admission to Glenart College for a reason other than the school being oversubscribed and who wishes to appeal this decision may first choose to request a review by the board of management, via a 'BOMR1 Form', available from the school office and at at https://www.gov.ie/en/publication/31c4f-appeals-in-relation-to-refusal-to-admit-a-student-for-a-reason-other-than-the-school-being-oversubscribed/#how-to-seek-a-review-by-the-board-of-management,

3. **Basis for a review by the Board of Management:**

As required by section 29C(2) of the Education Act 1998, any request for the board of management to review a decision of the school to refuse admission must be based on the implementation of this Admission Policy, the content of the school's Admission Notice and also set out the grounds of the request to review the decision.

Where Glenart College is not oversubscribed, all Students will be offered a school place, subject to sections 4.7 & 4.8

A Student applying for admission to a year group other than First-Year but seeking admission to the Special Class should see section 7 of this Admission Policy. If the Student is also applying for a place in the mainstream year group other than First-Year in the event of an unsuccessful application to the Special Class, this section 6 is also applicable.

Incomplete applications received by the school will not be processed under this policy.

1. **Oversubscription**

When the number of applications exceeds the number of places available, the published selection criteria as set out at section 6.1.2 below will apply and a waiting list shall be compiled which shall remain valid only for the school year in respect of which the applications are made. Where Glenart College is in a position to offer further school places that become available for and during that academic year, places will be offered in accordance with the order of priority in which Students have been placed on the waiting list, subject to the provisions of section 7.1.1 regarding the Special Class.

For the avoidance of doubt, if a Student does not receive a place in the school for a given academic year, but s/he wishes to be considered for admission in the following academic year, a new application must be made on behalf of that Student during the dates specified by the school as being the period when it will accept applications to all years other than the First-Year Group.

Where an application is made on behalf of a Student for both the Special Class and a mainstream year group, and his/her application for one but not both is successful, s/he will remain in the same position on the waiting list for the group to which s/he was not successful, regardless of whether the Applicant accepts the place in the group to which the Student was successful.

Where the school is oversubscribed, any selection criteria that are not included in this Admission Policy shall not be considered in determining whether or not a Student is admitted to the school.

Where the Transition Year Programme and/or Leaving Certificate Applied Programme in Glenart College is/are oversubscribed, a Student applying for admission to such programme(s) in the relevant year group, will, subject to this policy, be placed on the appropriate waiting list already compiled (annually) by the school, which list will contain the names of students enrolled in the school who have been placed on an internal waiting list for this/ese programme(s).

2. **Selection criteria in order of priority**

Glenart College will apply the following criteria for admission to a year group other than First-Year:

6.1.2.1: Children of staff

6.1.2.2: Students who have siblings currently attending Glenart College.

6.1.2.3: Students from families arriving new to Arklow Town and resides in the Catchment Area

6.1.2.4: Students who have siblings/parents past-pupils of the school (to a maximum of 25%).

3. **Selection process**

Glenart College will apply the selection process as follows:

Applications are considered against the published selection criteria. Places will be offered in the first instance to those who meet the first criterion. Subsequently, where the school still has places available, the remaining Applicants are considered in light of the second criterion and those Applicants who meet this criterion will be offered a place within the school. This process is continuously carried out until all available places have been offered and accepted.

Where two or more applications are tied in the foregoing selection process, Glenart College will apply a random lottery to assign any available places in the school, or on the waiting list, to those applications. Where there are multiple siblings applying for entry to first year, if one sibling is selected through this lottery process, the next available space in mainstream will automatically be assigned to their sibling(s). If the second sibling has applied for one of the Special Classes they must go through the selection process as outlined in 7.1.3.

4. **Late applications:**

An application received by Glenart College after the closing date published by Glenart College and set out in the Admission Notice, is considered a late application for the purposes of this Admission Policy.

Where Glenart College is oversubscribed and receives a late application for admission, that application will receive a place on the waiting list beneath Applicants whose applications were received by the school before the closing date for applications, irrespective of any selection criteria which may been applied to applications received before the closing date for applications. Such late applications will be placed on the waiting list in accordance with the date and time they were received by the school, subject to section(s) 4.7 & 4.8. For the avoidance of doubt, selection criteria are not relevant to, and will not be applied to, late applications.

Where Glenart College is not oversubscribed, *i.e.* there is no waiting list, and it receives a late application, the Student seeking admission will receive an offer of a place within Glenart College, subject to sections 4.7 & 4.8 and the same process as applies to Applicants whose applications were received before the closing date will be applied, *i.e.* an Acceptance Form will be issued to the Applicant for completion and return to the school by the date stated for dame in the letter offering the place.

Second/third-round offers of a place

Where a Student is in receipt of an offer of a place within Glenart College but does not accept the offer, or the school withdraws the offer in line with the relevant provisions of this Policy, the place will be offered to the next Student on the waiting list in a second-round of offers. This process will continue throughout third and fourth rounds *etc.* until all places within the school have been filled.

6. **Acceptance of a place:**

If the Student in respect of whom the application is made is offered a place, the Applicant will be issued with an Acceptance Form by the school.

The Applicant shall indicate acceptance of an offer by fully completing and returning the Acceptance Form by the date set out in the School Admission Notice, or by the date stated for same in the letter offering the place if it is a late application or if it is a second/third-round offer. This includes indicating whether or not s/he has applied for and is awaiting confirmation of an offer of admission from another school.

Failure to fully complete and return the Acceptance Form to the school by the date set out in the School Admission Notice, by the date stated for same in the letter offering the place if it is a late application or if it is a second/third-round offer, may result in withdrawal of an offer, in line with the grounds for withdrawal of an offer, as set out below.

When inputting the Student's data on PPOD (Post-Primary Online Database hosted by the Department of Education) if it comes to Glenart College's attention that the Student is enrolled in more than one school, it will be necessary for Glenart College to contact the conflicting school to resolve the conflict. If it is confirmed that the Student will be attending the conflicting school, Glenart College will need to delete the Student's record from its PPOD and withdraw the offer of admission. If the Student is to be attending Glenart College, no further action is required by Glenart College.

2. Details of the Student's ranking against the published selection criteria, if the year group to which the Applicant is applying is oversubscribed,
3. Details of the Student's place on the waiting list, if applicable, and
4. Details of the Applicant's right to appeal the decision.

2. The Applicant fails to confirm acceptance of an offer of admission on or before the date set out in the annual Admission Notice of the school for the academic year for which s/he is applying, or in the case of a late application, or second/third-round offer, by the date stated for same in the letter offering the place, or
3. An Applicant has not indicated:

i. whether or not s/he has applied for and is awaiting confirmation of an offer from another school(s) and if so, the details of the school(s);

and

ii. whether or not or s/he has accepted an offer of admission from another school(s) and if so, the details of the offer(s).

6.1.8.4 It is confirmed that the Student will be attending the conflicting school following it coming to Glenart College's attention on PPOD that the Student is enrolled in more than one school.

If an offer of a place is withdrawn by the school, the Student on whose behalf the application was made shall lose his/her place for that academic year (and shall not be placed on a waiting list). Glenart College has Special Classes, established to provide education to Students with additional educational needs arising from Autism/Autistic Spectrum Disorders, Moderate General Learning Disability, Mild General Learning Disability and Complex Needs.

Only applications in respect of Students whose needs fall within the category of special educational needs provided for by the Special Class will be considered. In this respect, the school requires that such severe/complex educational needs and the related diagnosis of the Student be evidenced and verified in a Relevant Report, the mandatory elements of which are set out in the Glossary of Terms section, and which has been prepared within the 24 months immediately preceding the Student's application to the Special Class, unless the application is for First Year and the Student is already enrolled in a Special Class in primary school at the time of application, in which case the Relevant Report does not need to be dated within 24 months of the application. The school also requires documentation from the NCSE (National Council for Special Education) confirming that the Student is known to the NCSE and has the required diagnosis and recommendation for a special class, in addition to a Relevant Report. This letter of eligibility from the NCSE is applicable for admission for one school year only *i.e.* the school year for which admission is sought.

In the event that the Special Class in Glenart College is not oversubscribed, all Students whose needs fall within the category of special educational needs provided for by the Special Class and who submit the requisite Relevant Report together with the documentation from the NCSE, will be offered a place in the Special Class, subject to sections 4.7, 4.8 .

1. **Oversubscription:**

When the number of applications exceeds the number of places available, the published selection criteria as set out at section 7.1.2 below will apply and a waiting list shall be compiled which shall remain valid only for the school year in respect of which the applications are made. Where Glenart College is in a position to offer further places that become available in the Special Class for and during that academic year, places will be offered in accordance with the order of priority in which Students have been placed on the waiting list subject to there being a place in the relevant mainstream year group. If there is not a place available in the relevant year group, the next person on the waiting list for the Special Class will be considered for the place in question but this will not change the initial Student's place on the waiting list for the Special Class for the remainder of that school year, *i.e.* if another place subsequently became available in the Special Class

during that school year, the initial Student at the top of the waiting list would be considered first, but again subject to there being a place in the relevant year group for that Student.

For clarity, if a place becomes available in a given mainstream class group, before that place is offered to a Student on the waiting list for that mainstream year group, the waiting list for the Special Class shall be reviewed and if there is a place available in the Special Class and there is a Student on the waiting list who would be able to take-up the place due to the available place in the given mainstream year group, that Student will be offered the place in the Special Class (thereby removing the place in the mainstream year group). This is in the interest of ensuring that the scarce resources of the Special Class are never under-utilised.

Where an application is made on behalf of a Student for both the Special Class and a mainstream year group, and his/her application for one but not both is successful, s/he will remain in the same position on the waiting list for the group to which s/he was not successful, regardless of whether the Applicant accepts the place in the group to which the Student was successful.

For the avoidance of doubt, if a Student does not receive a place in the Special Class for a given academic year, but s/he wishes to be considered for admission to Special Class in the following academic year, a new application must be made on behalf of that Student during the dates specified by the school as being the period when it will accept applications for the Special Class.

Where the school is oversubscribed, any selection criteria that are not included in this Admission Policy shall not be considered in determining whether or not a Student is admitted to the school.

2. **Selection criteria in order of priority:**

Applications to the Special Class will only be considered if the Student's needs fall within the specified category of special educational needs provided for by this class. Subject to this requirement, in the event of oversubscription, the following criteria for admission to the Special Class will apply:

7.1.2.1 If the student will have attained at least 12 years of age by the 31st January of the academic year to which s/he is applying to be enrolled in the Special Class

7.1.2.2: Current students with an ASD/MGLD class recommendation.

7.1.2.3: Students with an ASD/MGLD class recommendation that are children of current staff.

7.1.2.4: Students with an ASD/MGLD class recommendation who have siblings currently attending Glenart College.

7.1.2.5: Students with an ASD/MGLD class recommendation attending a feeder Primary School and living inside the catchment area.

7.1.2.6: Students with an ASD/MGLD class recommendation attending a feeder Primary School in Arklow and living outside the catchment area.

7.1.2.7: Students with an ASD/MGLD class recommendation who have siblings/parents past-pupils of the school (to a maximum of 25%).

3. **Selection process:**

Glenart College will apply the selection process as follows:

Having met the criteria for admission to the Special Class, applications are considered against the published selection criteria. Places will be offered in the first instance to those who meet the first criterion. Subsequently, where the school still has places available the remaining Applicants are considered against the second criterion and those Applicants who meet this criterion will be offered a place within the Special Class. This process is continuously carried out against all selection criteria until all available places have been offered and accepted.

Where two or more applications are tied in the foregoing selection process, Glenart College will apply a random lottery to assign any available places in the school, or on the waiting list, to those applications. If a sibling has been assigned a place in mainstream this does not mean that their sibling automatically is granted a place in one of our Special Classes.

N.B. The number of places available in a year group is subject to reduction in the event that a placement(s) in the Special Class is/are given to Student(s) from that year group, i.e. the selection process for the Special Class will be completed before the selection process for the mainstream year group and the number of Students who are offered a place in the Special Class will be the number by which the places in the relevant mainstream year group(s) are reduced.[1]

Where Glenart College is oversubscribed and receives a late application for admission, that application will receive a place on the waiting list beneath Applicants whose applications were received by the school before the closing date for applications, irrespective of any selection criteria which may been applied to applications received before the closing date for applications. Such late applications will be placed on the waiting list in accordance with the date and time they were received by the school, subject to sections 4.7 and 4.8. For the avoidance of doubt, selection criteria are not relevant to, and will not be applied to, late applications.

Where Glenart College is not oversubscribed, *i.e.* there is no waiting list, and it receives a late application, the Student seeking admission will receive an offer of a place within Glenart College subject to sections 4.7 and 4.8 and the same process as applies to Applicants whose applications were received before the closing date will be applied *i.e.* an Acceptance Form will be issued to the Applicant for completion and return to the schoolboy the date stated for same in the letter offering the place.

5. **Second/third-round offers of a place**

Where a Student is in receipt of an offer of a place within Glenart College but does not accept the offer, or the school withdraws the offer in line with the relevant provisions of this Policy, the place will be offered to the next Student on the waiting list in a second-round of offers. This process will continue throughout third and fourth rounds *etc.* until all places within the Special Class have been filled.

6. **Acceptance of a place:**

If the Student in respect of whom the application is made is offered a place, the Applicant will be issued with an Acceptance Form by the school.

The Applicant shall indicate acceptance of an offer by fully completing and returning the Acceptance Form by the date set out in the School Admission Notice, or by the date stated for same in the letter offering the place if it is a late application or if it is a second/third-round offer. This includes indicating whether or not s/he has applied for and is awaiting confirmation of an offer of admission from another school.

Failure to fully complete and return the Acceptance Form to the school by the date set out in the school's Admission Notice, or by the date stated for same in the letter offering the place if it is a late application or if it is a second/third-round offer, may result in withdrawal of an offer, in line with the grounds for withdrawal of an offer, as set out below.

When inputting the Student's data on PPOD (Post-Primary Online Database hosted by the Department of Education) if it comes to Glenart College's attention that the Student is enrolled in more than one school, it will be necessary for Glenart College to contact the conflicting school to resolve the conflict. If it is confirmed that the Student will be attending the conflicting school, Glenart College will need to delete the Student's record from its PPOD and withdraw the offer of admission. If the Student is to be attending Glenart College no further action is required by Glenart College.
