

FLOODLIGHT C

Pole mount 60

The FLOODLIGHT C series stands for robust, efficient LED floodlights with high light output - ideal for industrial, commercial and safety-related outdoor applications. With protection class IP66, they are optimally protected against dust and strong water jets and are therefore ideally suited for use in demanding weather conditions. For maximum installation flexibility, accessories are available separately: adjustable mounting brackets for side mounting on the mast and adapters for mast top mounting. The light can be fitted with an optional PIR sensor for automatic motion detection, and a remote control allows for easy on-site configuration.

TECHNICAL DATA

Item no.	1008911
Color	gray
Length	26.6 cm
Width	9.2 cm
Height	10.4 cm
Net weight	2.1 kg
Gross weight	2.4 kg
