DESCRIPTION

The Accessory Pack for APS-2875W White is the perfect solution for creating a seamless and continuous length of your 2 Metre Modular Surface Mounted White Aluminium Profile (75x50 mm). This pack includes all the necessary mounting brackets and end caps, including one end cap with a hole punch for cable feedthrough. Additionally, it includes accessories that allow you to join multiple lengths of the profile together to create one continuous length, making it ideal for large-scale lighting projects. Whether you're looking to achieve a linear effect with your LED strip or simply need a solution for heat dissipation to prolong the life of your strip, this accessory pack is a must-have.
