2 inch meter	$49.50

**Quarterly Water Standby Charge: $20.25 ($81.00 annually)
**Re-connection fee: $30.00 (business hours); $50.00 (after business hours)

BILLINGS:
Bills for water service are rendered and become due and payable upon issuance following the period for which service is rendered. A late payment charge of 3% but not less than 50 cents will be added to bills not paid within 20 days of issuance. This ONE-TIME 3% late payment charge will be applied to any unpaid balance for the current billing period's usage. This late payment charge is applicable to all customers. The utility customer may be given a written notice that the bill is overdue no sooner than 20 days after the bill is issued and unless payment or satisfactory arrangement for payment is made within the next ten days, service may be disconnected pursuant to PSC Chapter 185, Wis. Adm. Code.

COMBINED METERING:
Volumetric meter readings will be combined for billing if the utility for its own convenience places more than one meter on a single water service lateral. Multiple meters placed for the purpose of identifying water not discharged into the sanitary sewer are NOT considered for utility convenience and shall not be combined for billing. This requirement does not preclude the utility from combining readings where metering configurations support such an approach. Meter readings from individually metered separate service laterals shall NOT be combined for billing purposes.

Last Water Rate Increase: 01/02/2023; 07/01/2018
Last Sewer Rate Increase: 01/02/2023; 01/01/2022; 01/01/2021; 10/01/2017; 07/01/2005

**Rate sheets also available at the Clerk's Office and Library
