Length (mm)	10000
Width (mm)	12
Height (mm)	
Weight (g)	

Description

Discover the benefits of our high-quality Single Colour LED Strip with 5W/m power consumption. With a 24V operating voltage and IP65 rating, this strip is suitable for a wide range of indoor and outdoor applications. The strip features 280 LEDs per metre and boasts a high colour rendering index (CRI) of 97, ensuring vibrant, accurate and true-to-life colour reproduction. The strip emits a warm, cozy light at a colour temperature of 3000K, making it perfect for creating a warm ambiance in your home or commercial space. This 10-metre strip provides consistent and reliable lighting, making it an ideal choice for various lighting projects.
