MARINE MONEY

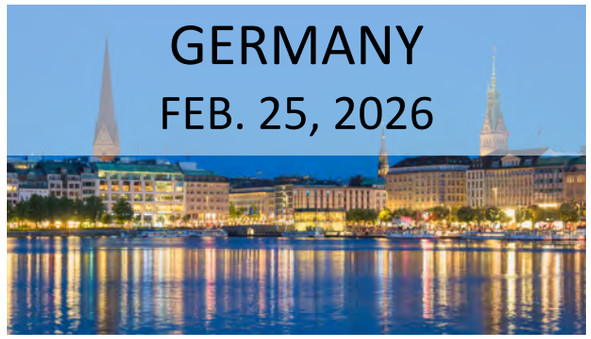
Events at a Glance



IN-PERSON EVENTS

Our event experience is second to none and has been a staple of the industry for over 35 years. We look forward to bringing the community together in a safe, engaging and exciting way.

The locations for our events are held in the most premier venues across the globe. We focus on building a premium environment that enables the best conditions for networking, intelligence gathering and relationship building. We do this to a level that our c-suite and senior management attendees have come to expect and are proud to continue to deliver these events in the future.

VIRTUAL EVENTS

Our virtual events are the best in the industry as we pair best-in-class technology with timely, industry-leading content.

The technology we use is tried and tested to make it easy for the audience to view and engage with our speakers and their discussion. We hold extremely high engagement rate with over 90% of our audience staying to the end to participate in Q&A with the speakers.

The content that we provide for our virtual events is on the pulse of ship finance. Not only is our content up-to-the-minute but it is also delivered by the top ship owners and financiers in the world. Sharing their thoughts, strategies and predictions for the market.

SPONSORSHIP OPPORTUNITIES

Sponsoring our events are an effective way to market your company, raise awareness for your business and capture new business leads by showcasing your brand.

For more information please contact the event organizer of the event you are interested in for a more specific and comprehensive proposal and for discounted, multi-event packages, please contact Lorraine Parsons at LParsons@marinemoney.com

The Gulf region and the world have changed tremendously in these past 20 years. The influence of the Gulf region in terms of oil and commodity trading has grown many times over, the region has welcomed huge investment from commerce and finance from around the globe, the quality of life is next to none with massive inflows of wealthy families but also of leading global businesses.

The world at large has much changed also and currently wars and geopolitics are headline news. Oil has had a reprieve these past five years such that the fate of the offshore industry in the region has thrived. Trade into and out of the region likewise has grown multi-fold and shipping and logistics companies have fared well.
