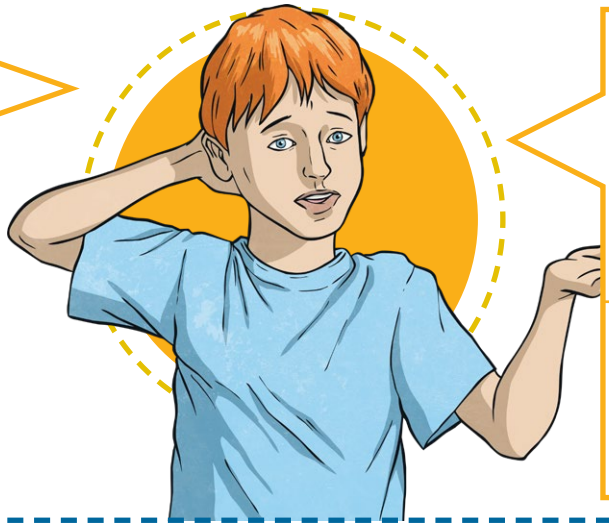
How Did That Happen?

Day 6

Choose one of the options below and write an answer to that question.

Your answer doesn't have to be right and it can be as ridiculous and imaginative as you like!



Maybe the animal won a difficult competition, found something in an unusual place or something else entirely.

Whatever your answer is, try to include lots of details.

Option 1

How did the lion get its roar?

Option 2

How did the hedgehog get its spikes?

Option 3

How did the skunk get its smell?
