

CYFT DOME

wall- and ceiling-mounted light, 2700/3000/4000 K, 6.5 W, PHASE, black / milky

With its elegant design, the CYFT DOME wall and ceiling light blends harmoniously into quality interiors and sheltered outdoor areas. The timeless, round frosted glass shade provides a soft, even light distribution and gives the light its distinctive look. With protection class IP44, CYFT DOME is ideal for wet rooms such as bathrooms or covered outdoor areas. The integrated LED has a CRI >90 for particularly natural colour reproduction and can be flexibly adjusted via the CCT switch to 2,700 K, 3,000 K or 4,000 K - for atmospheric or functional lighting as required. Additional design freedom is provided by optional decorative rings in a range of trendy colours, which can be fitted without tools - including an extra robust rust effect version for outdoor area use.
