Books that Speak to us Across Time

Books have a magical and timeless appeal. They inform, educate and entertain us. We love and cherish the books we grow up with, and explore the fascinating world they present all through our lives.

Trove seeks to preserve the tradition of reading by publishing books from the past. It is a treasure chest of the most precious works across various genres. Our vision is to keep alive works that have stood the test of time and pass them on to the next generation of readers.

Readers can browse and purchase titles in the Trove collection, gleaned from the huge ocean of treasured writings in the public domain, and republished. What's more, Trove books can be read on paper or screen as they are available in a variety of formats.

Trove goes to great lengths to recover and refurbish old content, so readers can discover them in all their glory. Some treasures are indeed found not in caves but between the covers of a book.
