

# Tailgate Protector Modification

Supplemental Instruction for  
Part # 670 / 980

For best fit of your Extang tonno with a tailgate protector, you must do one of the following:

Remove tailgate protector completely.

- **Unscrew attachment screws from tailgate and remove tailgate protector.**

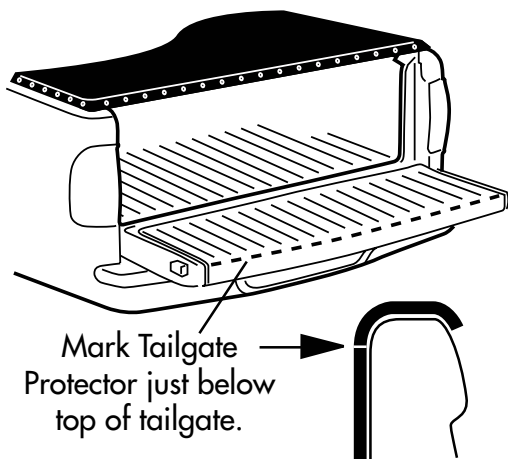

-or-

Cut off the top edge of the tailgate protector.

- **Mark tailgate protector as shown.**
- **Unscrew attachment screws**
- **Remove tailgate protector from tailgate**
- **Cut tailgate protector**
- **Re-attach tailgate protector**

-or-

Attach additional rubber riser on top of the already placed risers. (Note: tailgate will still be tight to close.)
