Middle School Science and Bible Teacher

7th Grade Life Science
6th Grade Bible

A middle school core academic teacher in a Christian school acts as both an educator and a spiritual mentor, integrating biblical principles into academic instruction while fostering a Christ-centered environment for grades 6-8. Responsibilities include developing engaging, faith-aligned curricula, managing student behavior, and mentoring students in their spiritual growth.

A 6th grade Bible teacher instructs students in biblical principles, theology, and Christian living, acting as both an educator and spiritual mentor. The candidate selected will create lesson plans, lead devotions, and foster a faith-based environment, a bachelor's degree and a demonstrated profession of faith is required.

Core Responsibilities

- **Instructional Excellence:** Plan, prepare, and deliver subject-specific lessons that integrate a biblical worldview and meet academic standards.
- **Spiritual Leadership:** Model Christ-like behavior, lead classroom devotions, and foster a nurturing, loving environment where students feel valued.
- **Mentorship:** Serve as a spiritual guide, providing mentorship and supporting the emotional and spiritual development of young adolescents.
- **Assessment & Recording:** Evaluate student progress through testing and projects, maintaining accurate records, and providing frequent feedback to parents.
- **Extracurricular Involvement:** Participate in chapels, school committees, staff meetings, and potential extracurricular activities like coaching or club sponsorship.
- **Personal Faith:** A profession of faith in Jesus Christ and agreement with the school's statement of faith. Be an active member of a like-minded church.
- **Education:** Bachelor’s degree from an accredited institution.
- **Character:** Demonstrates a mature, Christian servant’s heart and a passion for teaching middle school students.

Key Competencies

- **Curriculum Integration:** Ability to connect academic subjects (math, science, history, etc.) to biblical truths.
- **Classroom Management:** Maintains a positive, structured classroom that promotes respect and collaboration.
