

OnBoardAirTM **All-in-One Systems**

Kleinn OnBoardAirTM All-in-One Systems provide a simple, universal, easy-to-install air system for nearly any high performance air need. Three models that supply various pressure and duty cycle to allow the installation of high performance air in virtually any vehicle. They're great for air horns, load leveling, and much more.

OnBoardAirTM 130

P/N 7270:

- 12-volt permanent magnetic motor
- Duty Cycle: 15%
- Max. Working Pressure: 130 PSI
- Max. Amp Draw: 14 amps
- Flow Rate: 1.27 CFM @ 0 PSI
- Tank Volume: 1.5 gallons
- Dimensions: 16.5" L x 5.5" W x 12.8" H
- Shipping Weight: 15 lbs

OnBoardAirTM **150**

P/N 7275:

- 12-volt permanent magnetic motor
- Duty Cycle: 50%
- Max. Working Pressure: 150 PSI
- Max. Amp Draw: 20 amps
- Flow Rate: 2.01 CFM @ 0 PSI
- Tank Volume: 2.0 gallons
- Dimensions: 21" L x 5.5" W x 13.75" H
- Shipping Weight: 20 lbs

OnBoardAirTM **150HD with** **Tire Inflator**

P/N 7350:

- 12-volt permanent magnetic motor
- Duty Cycle: 100%
- Max. Working Pressure: 150 PSI
- Max. Amp Draw: 20 amps
- Flow Rate: 1.37 CFM @ 0 PSI
- Tank Volume: 2.0 gallons
- Tire Inflator Included
- For inflation of up to 33" tires
- Dimensions: 21.25" L x 5.5" W x 13.8" H
- Shipping Weight: 22 lbs
