Have your voice heard!
Town of Union Comprehensive Plan update needs YOUR input!

What is a Comprehensive plan?

A comprehensive plan outlines the community's vision for the future and develops a long-range, 20-year plan to reach that vision.
There are several elements covered in the plan including, but not limited to:

- Community and Neighborhood Development
- Public Health and Housing
- Environmental Resources
- Cultural Resources
- Economic Development
- Parks and Recreation
- Public Utilities/Facilities/Services
- Land Use
- Transportation
- Technology
- Intergovernmental Cooperation

Why should you get involved?

The participation and engagement of community members provides a range of viewpoints, local knowledge, and a sense of ownership to the planning process. There will be several opportunities to share your input, including participating in community surveys or workshops and attending Town Plan Commission meetings, public open houses, and the public hearing. Visit the project website below and let us know your thoughts on the following:

- **Should there be more residential or business development in the Town? If so, what types?**
- **Should ordinances be relaxed to foster more growth? or should the preservation of farmland and natural areas be the priority?**
- **Are Town roads well maintained?**
- **Is the quality of life in Union improving, declining, or staying the same?**
- **Share anything else you'd like us to know about Union**

2026–2027 Project Timeline

Phase 1 (April-September)	**Phase 2** (October-December)	**Phase 3** (January '27-March '27)
Existing Conditions	Land Use Plan	Implementation Strategies
Project Kickoff	Public Engagement	Public Open House
		Town Adoption of Plan

TOWN OF Union
DOOR COUNTY, WISCONSIN
