DEPARTMENT: Office of the Attorney General

STATE OF MINNESOTA

OFFICE MEMORANDUM

DATE: July 11, 1991

TO: GEORGIA POMROY
Minnesota Board of
Vocational Technical Education

FROM: CHARLENE HATCHER
Special Assistant Attorney General
525 Park Street, Suite 500 (55103)

PHONE: 296-9422

SUBJECT: In the Matter of the Adopted Rule Relating to Teacher License: Interpreter for the Hearing Impaired

The above-referenced rule has been approved as to its legality by the Attorney General on June 14, 1991.

Enclosed is your copy of the approved rule. This office has already filed two copies with the Secretary of State, who will forward one copy to the Revisor of Statutes. The fourth is being retained by this division of the Attorney General's Office for its records.

Also enclosed are any petitions, requests, submissions or comments along with any extra copies of documents which you submitted to the Attorney General.

Your next step is to arrange for publication of the Notice of Adoption in the State Register. In a day or two, you should receive from the Revisor's Office three copies of the notice of adoption of your rule. You should submit two copies of the Notice of Adoption to the State Register for publication. A permanent rule without a hearing does not become effective until five days after a notice of adoption is published in the State Register in accordance with Minn. Stat. § 14.27. An emergency rule becomes effective five working days after approval by the Attorney General; however, the agency must publish a notice in the State Register in accordance with Minn. Stat. § 14.34.

If you have any questions in this regard, please contact me.

Adopted Permanent Rules Relating to Teacher License: Interpreter for the Hearing-Impaired

Rules as Adopted

3700.1060 INTERPRETER FOR HEARING-IMPAIRED.

Subpart 1. **License required.** A person must be licensed as an interpreter for the hearing-impaired under this part if the person is responsible for any of the following activities:

A. classroom, shop, and laboratory interpretation for hearing-impaired students;

B. interpretation for activities related to course or program content for pre-enrolled or enrolled students in a technical college;

C. provision of communication services between individuals who are hearing-impaired and other individuals; or

D. service as a professional resource for information regarding hearing impairment.

Subp. 2. **Other requirements.** The applicant must meet the requirements in part 3700.0100, except that the applicant need not comply with part 3515.1400, items A to D.

Subp. 3. **Educational experience requirement.** An applicant for a license as an interpreter for the hearing-impaired must meet the following requirements:

A. must be certified by the Registry of Interpreters for the Deaf; or

B. must have completed one or more years of an interpreter training program resulting in a diploma or degree at an accredited postsecondary institution.

Subp. 4. **First license renewal.** An applicant must complete six hours of special needs inservice before the applicant's first renewal.

REPEALER. Minnesota Rules, part 3515.5500, subpart 10, is

repealed. Part 3515.9942 no longer applies to a new license for interpreter for the deaf/hearing impaired. A person with a license for interpreter for the deaf/hearing impaired, previously issued under parts 3515.5500, subpart 9, and 3515.9942, who is using the license may keep and renew the license under those parts as long as the person remains employed by the person's employer on the effective date of this repealer.

STATE BOARD OF TECHNICAL COLLEGES

In the Matter of the Proposed Adoption of the Rules of the State of Minnesota, State Board of Technical Colleges, Governing 3700.1060 rules, Interpreter for Hearing-Impaired

NOTICE OF INTENT TO ADOPT A RULE WITHOUT A PUBLIC HEARING

(1) Notice is hereby given that the State Board of Technical Colleges intends to adopt the above-entitled rule without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in Minnesota Statutes, Section 14.22 to 14.28. The statutory authority to adopt the rules is Minnesota Statutes 136C.04, Subdivision 9.

(2) All persons have 30 days until 4:30 p.m., Friday, April 12, 1991, in which to submit comment in support of or in opposition to the proposed rule or any part or subpart of the rule. Comment is encouraged. (3) Each comment should identify the portion of the proposed rule addressed, the reason for comment, and any change proposed.

Any person may make a written request for a public hearing on the rule within the 30-day comment period. (4) If 25 or more persons submit a written request for a public hearing within the 30-day comment period, a public hearing will be held unless a sufficient number withdraw their request in writing. (6) Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any change proposed. (7) If a public hearing is required, the agency will proceed pursuant to Minnesota Statutes, Sections 14.131 to 14.20.

(5) Comments or written requests for a public hearing must be submitted to either:

Glenda Moyers, Supervisor
State Board of Technical Colleges
100 Capitol Square Building
550 Cedar Street
St. Paul, MN 55101
Telephone: 612-296-9446

Georgia Pomroy, License Revision Specialist
State Board of Technical Colleges
100 Capitol Square Building
550 Cedar Street
St. Paul, MN 55101
Telephone: 612-296-0680

(8) The proposed rule may be modified if the modifications are supported by data and views submitted to the agency and do not result in a substantial change in the proposed rule as noticed.

(11) A copy of the proposed rule is attached to this notice.

(12) A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rule and identifies the data and information relied upon to support the proposed rule has been prepared and is available from Glenda Moyers or Georgia Pomroy at the above address and phone, upon request.

(9) If no hearing is required, upon adoption of the rule, the rule and the required supporting documents will be submitted to the Attorney General for review as to legality and form to the extent the form relates to legality. Any person may request notification of the date of submission to the Attorney General. Persons who wish to be advised of the submission of this material to the Attorney General, or wish to receive a copy of the adopted rule must submit the written request to either Glenda Moyers or Georgia Pomroy at the above-mentioned address.

NEED AND REASONABLENESS

INTERPRETER FOR THE HEARING IMPAIRED

The statutory authority for the State Board of Technical Colleges to promulgate these rules is contained in Minnesota Statutes section 136C.04, subd. 9 which states:

Licensure. The State Board may adopt rules, according to the provisions of Chapter 14, for licensure of teaching, support, and supervisory personnel in postsecondary and adult vocational education. When necessary for continuous programs approved by the board and when the board determines appropriate temporary standards do not exist, the board may adopt appropriate temporary standards without regard to Chapter 14 and may issue temporary licenses to teaching and support personnel. A temporary license is valid up to one year and is not renewable, but a person holding a temporary license may, upon its expiration, be issued a license in accordance with standards adopted under Chapter 14. The state board may establish a processing fee for the issuance, renewal, or extension of a license.

BACKGROUND INFORMATION

The technical college board is in the process of revising existing licensure rules and developing instructor licenses for new programs when an appropriate standard does not exist. These rules follow the format established for previous revised and new licenses.

Each individual rule had its own subcommittee consisting of State Board of Technical Colleges staff, technical college administrators, and licensed instructors and representatives from business and industry. Other individuals may be involved dependent upon the rule being promulgated as in the case of health areas professional credentialing representation. Each rule is also reviewed by a licensure committee representing the State Board of Technical Colleges prior to the board's resolution to adopt the rule.

The general format for the rules are as follows:

Subpart 1. May teach. Lists programs and courses which license holder may teach.

Subp. 2. Other requirements. Refers to the other requirements an applicant must meet for licensure as referred to above.

Subp. 3. Occupational and educational experience requirement. Specifies education required and number of hours in specific occupational areas acceptable for instructor licensure in the specific occupational program.

Subp. 4. Substitution for recent occupational experience. Identifies relevant current teaching experience which can substitute for a portion of the recency requirement.

This rule follows the format set by the previously revised licenses in student developmental services, Financial Aid Administrator, 3700.1100, and Counselor, 3700.1050.

Subpart 1. License required. The activities as listed are essentially the same as in current rule 3515.5500, subpart 10. The changes are editorial and for clarity only and are therefore reasonable.

Subp. 2. Other requirements. Identifies for the applicant other requirements which must be met for licensure. There are no changes in this subpart.

Subp. 3. Educational experience requirement.

Item A. Certification by the Registry for the Hearing Impaired. Certification requires written and performance evaluation. Written evaluation measures knowledge in the code of ethics of interpreters, cultural effects of impairment, formal language preparation, professional standards, and history of interpreting. Ethical considerations which are necessary include confidentiality, unbiased interpretation, and limits of services to be offered. Successful completion of this registration assures the applicant has the knowledge and attitudes required of an interpreter.

Performance evaluation required for registration in both expressive and receptive. Receptive evaluates the applicant's ability to view and see, transcribing this to voice. Expressive evaluation consists of listening and changing the voice to American sign language. This test is offered three to four times annually in both the metropolitan and outstate areas.

Item B. Formal interpreter training assures the applicant has had the education and training required to perform the activities as listed in subpart 1. Completion of an accredited program is reasonable to assure the applicant has completed a practicum which was both supervised and evaluated. This is reasonable since a program is currently available at Inver Hills Community College, St. Mary's Junior College, Itasca Community College, St. Paul Technical College which operates satellite programs throughout the state, Willmar to Mankato to Duluth, and is also available at Wausau Community College, Wisconsin.

Items A and B are necessary to assure the applicant will have knowledge and alludes to functioning at a high level of ethical and professional standards to include the deaf culture. The performance evaluation or program completion measures the skills necessary to transmit concepts utilizing conceptually accurate signs and English rather than indefinite imperfect slang methods. These are reasonable items due to the availability of both item A and B as indicated above.

Subp. 4. First License Renewal. This is the same as current rule. There are no changes in this subpart. The rule will be implemented using current processes. There is no fiscal impact.

STATE BOARD OF TECHNICAL COLLEGES

In the Matter of the Proposed Adoption of the Rules of the State of Minnesota, State Board of Technical Colleges, Governing 3700.1060 rules, Interpreter for Hearing-Impaired

NOTICE OF INTENT TO ADOPT A RULE WITHOUT A PUBLIC HEARING

Notice is hereby given that the State Board of Technical Colleges intends to adopt the above-entitled rule without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in Minnesota Statutes, Section 14.22 to 14.28. The statutory authority to adopt the rules is Minnesota Statutes 136C.04, Subdivision 9.

All persons have 30 days until 4:30 p.m., Friday, April 12, 1991, in which to submit comment in support of or in opposition to the proposed rule or any part or subpart of the rule. Comment is encouraged. Each comment should identify the portion of the proposed rule addressed, the reason for comment, and any change proposed.

Any person may make a written request for a public hearing on the rule within the 30-day comment period. If 25 or more persons submit a written request for a public hearing within the 30-day comment period, a public hearing will be held unless a sufficient number withdraw their request in writing. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any change proposed. If a public hearing is required, the agency will proceed pursuant to Minnesota Statutes, Sections 14.131 to 14.20.

Comments or written requests for a public hearing must be submitted to either:

Glenda Moyers, Supervisor
State Board of Technical Colleges
100 Capitol Square Building
550 Cedar Street
St. Paul, MN 55101
Telephone: 612-296-9446

Georgia Pomroy, License Revision Specialist
State Board of Technical Colleges
100 Capitol Square Building
550 Cedar Street
St. Paul, MN 55101
Telephone: 612-296-0680

The proposed rule may be modified if the modifications are supported by data and views submitted to the agency and do not result in a substantial change in the proposed rule as noticed.

A copy of the proposed rule is attached to this notice.

A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rule and identifies the data and information relied upon to support the proposed rule has been prepared and is available from Glenda Moyers or Georgia Pomroy at the above address and phone, upon request.

If no hearing is required, upon adoption of the rule, the rule and the required supporting documents will be submitted to the Attorney General for review as to legality and form to the extent the form relates to legality. Proposed Permanent Rules Relating to Teacher License: Interpreter for the Hearing-Impaired

Notice of Intent to Adopt a Rule Without a Public Hearing

NOTICE IS HEREBY GIVEN that the State Board of Technical Colleges intends to adopt the above-entitled rule without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in *Minnesota Statutes*, Section 14.22 to 14.28. The statutory authority to adopt the rules is *Minnesota Statutes* 136C.04, Subdivision 9.

All persons have 30 days until 4:30 p.m., Friday, April 12, 1991, in which to submit comment in support of or in opposition to the proposed rule or any part or subpart of the rule. Comment is encouraged. Each comment should identify the portion of the proposed rule addressed, the reason for comment, and any change proposed.

Any person may make a written request for a public hearing on the rule within the 30-day comment period. If 25 or more persons submit a written request for a public hearing within the 30-day comment period, a public hearing will be held unless a sufficient number withdraw their request in writing. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any change proposed. If a public hearing is required, the agency will proceed pursuant to *Minnesota Statutes*, Sections 14.131 to 14.20.

Comments or written requests for a public hearing must be submitted to either:

Glenda Moyers, Supervisor
State Board of Technical Colleges
100 Capitol Square Building
550 Cedar Street
St. Paul, MN 55101
Telephone: 612-296-9446

Georgia Pomroy, License Revision Specialist
State Board of Technical Colleges
100 Capitol Square Building
550 Cedar Street
St. Paul, MN 55101
Telephone: 612-296-0680

The proposed rule may be modified if the modifications are supported by data and views submitted to the agency and do not result in a substantial change in the proposed rule as noticed.

A copy of the proposed rule is attached to this notice.

A STATEMENT OF NEED AND REASONABLENESS that describes the need for and reasonableness of each provision of the proposed rule and identifies the data and information relied upon to support the proposed rule has been prepared and is available from Glenda Moyers or Georgia Pomroy at the above address and phone, upon request.

If no hearing is required, upon adoption of the rule, the rule and the required supporting documents will be submitted to the Attorney General for review as to legality and form to the extent the form relates to legality. Any person may request notification of the date of submission to the Attorney General. Persons who wish to be advised of the submission of this material to the Attorney General, or wish to receive a copy of the adopted rule must submit the written request to either Glenda Moyers or Georgia Pomroy at the above-mentioned address.

REPEALER. *Minnesota Rules*, part 3515.5500, subpart 10, is repealed. Part 3515.9942 no longer applies to a new license for interpreter for the deaf/hearing impaired. A person with a license for interpreter for the deaf/hearing impaired, previously issued under parts 3515.5500, subpart 9, and 3515.9942, who is using the license may keep and renew the license under those parts as long as the person remains employed by the person's employer on the effective date of this repealer.

Office of Waste Management

Proposed Permanent Rules Relating to Pollution Prevention Grant Program

Notice of Intent to Adopt Rules Without a Public Hearing

NOTICE IS HEREBY GIVEN that the Minnesota Office of Waste Management (Office) intends to adopt the above-entitled rule amendments without a public hearing following the procedures sent forth in the Administrative Procedures Act for adopting rules without a public hearing in *Minnesota Statutes* §§ 14.22 to 14.28 (1990). The authority of the Office to adopt the amendments is set forth in *Minnesota Statutes* §§ 115A.06, Subd. 2 and 115D.05, subd. 3(b).

All persons have until 4:30 p.m. on March 25, 1991, to submit comments in support or opposition to the amendments or any part or subpart of the proposed amendments. Comment is encouraged. Each comment should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed.

Any person may make a written request for a public hearing on the proposed amendments within the comment period. If 25 or more persons submit a written request for a public hearing within the comment period, a public hearing will be held unless a sufficient number withdraw their requests in writing. Any person requesting a public hearing should state his or her name and address and is encouraged to identify the portion of the proposed amendments addressed, the reason for the request, and any change proposed. If a public hearing is required, the Office will proceed pursuant to *Minnesota Statutes* §§ 14.131 to 14.20 (1990).

Comments or written requests for a public hearing must be submitted to:

Julie MacKenzie, Coordinator
Pollution Prevention Grant Program
Minnesota Office of Waste Management
1350 Energy Lane
Saint Paul, MN 55108
612-649-5494 or
1-800-652-9747 (MN Toll-Free)

The proposed amendments may be modified if the modifications are supported by data and views submitted to the Office and do not result in a substantial change in the proposed rules as noticed.

Dear Ms. Wilson:

Our office is responding to your request for a public hearing for the proposed rule for Interpreter for the Hearing Impaired. Our office received 13 requests as of the end of the comment period, 4:30 p.m., Friday, April 12, 1991. Since 25 requests are required to hold a public hearing, no public hearing will be held.

The rule was revised after meetings and consultation with representatives from your field.

The need to take the RID test for licensure is only if an applicant has not completed an Interpreter Training Program. The committee felt the necessity of an alternate route to licensure yet wanted to ensure the integrity of the interpretation and protect the student.

The term diploma is meant to convey completion of a program. Thus certificate or any other term used to designate such completion would be acceptable.

Please feel free to contact our office if you have any additional concerns or questions.

Dear Sirs:

I am writing in response to the notice of Proposed Adoption of Rules relating to licencure criteria 3700.1060, Interpreter/ Hearing Impaired.

As stated in line 26-30 an interpreter must be either Certified through RID of have a diploma resulting from one or more years in a Interpreter Training Program. Our concerns related to the RID certification are as follows:

1) Considering the pay scale of an educational interpreter, the cost of the RID test being $550.00 is highly unreasonable. Please note that if an interpreter taking this test fails to pass one section, of this multi-faceted test, and will be required to pay the full amount again upon retesting. At the present time there is also difficulty regarding the allotted time an interpreter must wait to be tested. Currently there is along waiting list.

I would also like to point out the difficulty of this test. A graduating interpreter needs at least 3-5 years of work experience to adequately prepare for this test. Let alone, the skill level of his test does not always pertain to an educational interpreter.

2) I am uncertain of your definition of diploma. Most interpreters, upon completion of an Interpreter Training Program receive a certificate of completion. Therefore, further discussion and analysis is requested at a hearing.

I am in support of a Quality Assurance for the state of Minnesota. I simply would like it to be fair to all skill levels.

I am not stating an opposition to licensure. However, a licence should be reasonable and relevant.

Thank you

I am writing in response to the notice of Proposed Adoption of Rules relating to licensure criteria 3700.1060, Interpreter/Hearing Impaired.

As stated in lines 26-30, an interpreter must be either certified through RID or have a diploma resulting from one or more years in an Interpreter Training Program. Our concerns related to the proposed adoption of rules are as follows:

1) Considering the pay scale of an educational interpreter, the cost of the RID test ($500.00) is highly unreasonable. Please note that if an interpreter taking this test fails to pass one section, the interpreter would again be required to pay the full amount upon retesting. At the present time there is also difficulty regarding the allotted time an interpreter must wait to be tested. Currently there is a long waiting list.

I would also like to point out the difficulty of this test. A graduating interpreter needs at least 3-5 years of work experience to adequately prepare for this test. Also, the skill level of this test does not always pertain to the work of an educational interpreter.

2) I am uncertain about your definition of diploma. Most interpreters, upon completion of an Interpreter Training Program, receive a certificate of completion. Therefore, further discussion and analysis are requested at a hearing.

I support Quality Assurance for the state of Minnesota. I simply would like it to be fair to all skill levels and the variety of job requirements in the interpreting field.

I am not stating opposition to licensure. However, a license should be resonable and relevant to all concerned. To facilitate this, a hearing is requested.

Thank you.

Dear Ms. Welty:

Our office is responding to your request for a public hearing for the proposed rule for Interpreter for the Hearing Impaired. Our office received 13 requests as of the end of the comment period, 4:30 p.m., Friday, April 12, 1991. Since 25 requests are required to hold a public hearing, no public hearing will be held.

The rule was revised after meetings and consultation with representatives from your field.

The need to take the RID test for licensure is only if an applicant has not completed an Interpreter Training Program. The committee felt the necessity of an alternate route to licensure yet wanted to ensure the integrity of the interpretation and protect the student.

The term diploma is meant to convey completion of a program. Thus certificate or any other term used to designate such completion would be acceptable.

Please feel free to contact our office if you have any additional concerns or questions.

Dear Ms. McInenly:

As of 4:30 p.m., Friday, April 12, 1991, our office received 13 requests for a public hearing on technical college licensure for Interpreter for the Hearing Impaired. Since statute requires 25 requests, no public hearing will be held.

The controversy surrounding the inclusion or exclusion of Philosophy of Vocational Education was reconsidered at two additional meetings held on December 5, 1990, and February 12, 1991.

The group consisted of:

Jean Kinney	Hennepin Technical College Brooklyn Park
Jean Kreutter	Hennepin Technical College Brooklyn Park
Bev Kelley	St. Paul Technical College
Sandy Cermak	St. Paul Technical College
Alice Zimmer	Winona Technical College
Ex-Officio:	
Lloyd Petri	State Board of Technical Colleges
Georgia Pomroy	State Board of Technical Colleges
Steve Frantz	State Board of Technical Colleges

After much discussion and negotiation, the subgroup decided to retain Philosophy of Vocational Education. Perhaps it would be helpful for you to contact one of the members to review the intent of the inclusion.

If I can be of assistance, please feel free to contact me at 612-296-0680.

Dear Ms. Pomroy,

Re: Licensure - Interpreter for Hearing-Impaired

In regards to the notice of intent to adopt a rule without a public hearing, I must again state my feelings about one of the requirements for licensure.

As was discussed in our meeting last August, some of us feel quite strongly that Philosophy of Vocational Education should not be made a requirement for Licensure. This will not effect me, as I must take the course for re-licensure prior to your decision. However, the class can do nothing to enhance the skill or the performance of the interpreter in the classroom setting.

We have no say -- and we should have no say -- in what material is presented to students. Likewise, we cannot -- and should not -- control the attitudes of those for whom we interpret, whether hearing or hearing-impaired. Our Code of Ethics explicitly states that we must be totally objective and not inject our personal feelings and/or philosophies.

I understand that it may be helpful for some personnel to be more familiar with the philosphy of Vocational Education, particularly those who can effect the education that goes on at the vocational level. Whether we understand the philosophy or not, though, can have no effect on our job performance. Nor will it do anything to assure quality interpreting for the client.

I believe most sincerely in the licensing process and in committing ourselves to achieving some form of quality assurance. But, Philosophy of Vocational Education for the interpreter will not accomplish that.

I hope that a hearing will be requested and that more interpreters will feel the need to attend. Please let me know if and when such a hearing might take place.

Thank you so much for your consideration.

Sincerely,

Myrna McInenly

NEED AND REASONABLENESS

INTERPRETER FOR THE HEARING IMPAIRED

The statutory authority for the State Board of Technical Colleges to promulgate these rules is contained in Minnesota Statutes section 136C.04, subd. 9 which states:

Licensure. The State Board may adopt rules, according to the provisions of Chapter 14, for licensure of teaching, support, and supervisory personnel in postsecondary and adult vocational education. When necessary for continuous programs approved by the board and when the board determines appropriate temporary standards do not exist, the board may adopt appropriate temporary standards without regard to Chapter 14 and may issue temporary licenses to teaching and support personnel. A temporary license is valid up to one year and is not renewable, but a person holding a temporary license may, upon its expiration, be issued a license in accordance with standards adopted under Chapter 14. The state board may establish a processing fee for the issuance, renewal, or extension of a license.

BACKGROUND INFORMATION

The technical college board is in the process of revising existing licensure rules and developing instructor licenses for new programs when an appropriate standard does not exist. These rules follow the format established for previous revised and new licenses.

Each individual rule had its own subcommittee consisting of State Board of Technical Colleges staff, technical college administrators, and licensed instructors and representatives from business and industry. Other individuals may be involved dependent upon the rule being promulgated as in the case of health areas professional credentialing representation. Each rule is also reviewed by a licensure committee representing the State Board of Technical Colleges prior to the board's resolution to adopt the rule.

The general format for the rules are as follows:

Subpart 1. May teach. Lists programs and courses which license holder may teach.

Subp. 2. Other requirements. Refers to the other requirements an applicant must meet for licensure as referred to above.

Subp. 3. Occupational and educational experience requirement. Specifies education required and number of hours in specific occupational areas acceptable for instructor licensure in the specific occupational program.

Subp. 4. Substitution for recent occupational experience. Identifies relevant current teaching experience which can substitute for a portion of the recency requirement.

This rule follows the format set by the previously revised licenses in student developmental services, Financial Aid Administrator, 3700.1100, and Counselor, 3700.1050.

Subpart 1. License required. The activities as listed are essentially the same as in current rule 3515.5500, subpart 10. The changes are editorial and for clarity only and are therefore reasonable.

Subp. 2. Other requirements. Identifies for the applicant other requirements which must be met for licensure. There are no changes in this subpart.

Subp. 3. Educational experience requirement.

Item A. Certification by the Registry for the Hearing Impaired. Certification requires written and performance evaluation. Written evaluation measures knowledge in the code of ethics of interpreters, cultural effects of impairment, formal language preparation, professional standards, and history of interpreting. Ethical considerations which are necessary include confidentiality, unbiased interpretation, and limits of services to be offered. Successful completion of this registration assures the applicant has the knowledge and attitudes required of an interpreter.

Performance evaluation required for registration in both expressive and receptive. Receptive evaluates the applicant's ability to view and see, transcribing this to voice. Expressive evaluation consists of listening and changing the voice to American sign language. This test is offered three to four times annually in both the metropolitan and outstate areas.

Item B. Formal interpreter training assures the applicant has had the education and training required to perform the activities as listed in subpart 1. Completion of an accredited program is reasonable to assure the applicant has completed a practicum which was both supervised and evaluated. This is reasonable since a program is currently available at Inver Hills Community College, St. Mary's Junior College, Itasca Community College, St. Paul Technical College which operates satellite programs throughout the state, Willmar to Mankato to Duluth, and is also available at Wausau Community College, Wisconsin.

Items A and B are necessary to assure the applicant will have knowledge and alludes to functioning at a high level of ethical and professional standards to include the deaf culture. The performance evaluation or program completion measures the skills necessary to transmit concepts utilizing conceptually accurate signs and English rather than indefinite imperfect slang methods. These are reasonable items due to the availability of both item A and B as indicated above.

Subp. 4. First License Renewal. This is the same as current rule. There are no changes in this subpart. The rule will be implemented using current processes. There is no fiscal impact.

STATE OF MINNESOTA
STATE BOARD OF TECHNICAL COLLEGES

In the Matter of the Proposed Adoption of the Rule of the State of Minnesota Governing Postsecondary Vocational Teaching Licensure, rules for 3700.1060, Interpreter for Hearing Impaired	FINDINGS OF FACT, CONCLUSIONS, AND ORDER ADOPTING RULE WITHOUT PUBLIC HEARING

(1) Notice of the State Board of Technical Colleges intent to adopt the above-entitled rule was published in the *State Register* on March 11, 1991, and was sent by United States mail to all persons on the list maintained by the agency pursuant to Minnesota Statutes, sections 14.14, subdivision 1a and 14.22 on March 5, 1991. (2) The statement of need and reasonableness was prepared before the notice of intent to adopt a rule without a public hearing was mailed to all persons on the rulemaking mailing list and published in the *State Register*, and was available to the public.

(4) All persons were given the opportunity to submit comment on the rule for 30 days after notice of the proposed rulemaking. (5) Fourteen requests for a public hearing on the rule were received by the agency. Since the required 25 requests were not received, a public hearing will not be held. No other comments or submissions on the rule were received by the agency.

(7) No requests for notice of submission to the Attorney General were received by the agency.

(8) Based on the comments and evidence in the record before the agency, I find the following: The above-captioned rule is needed and reasonable.

NOW, THEREFORE, IT IS ORDERED that the rule identified as 3700.1060 Postsecondary Vocational Teaching Licenses, Interpreter for Hearing Impaired, is adopted this 17th day of May, 1991, pursuant to authority vested in the State Board of Technical Colleges by Minnesota Statutes, section 136C.04, Subdivision 9.
