

HOW TO PLAY

SHUFFLEBOARD

DISCS MUST BE SHOT FROM YOUR SIDE OF THE KITCHEN

White shoots first, teams alternate shots. (That means it also alternates who shoots first.)

THE GOAL IS TO SCORE CLEAN 7s, 8s, & 10s

Any discs touching lines don't count. Clear any discs that don't make it to the scoring zone.

FIRST TEAM TO 75 POINTS WINS

Scores are counted after all the discs have been shot in that round. You can also play to 50 or 100, or to the higher score after a certain number of rounds. (For example: 8, 12, or 16.)

KNOCKING OUT YOUR OPPONENT IS ENCOURAGED!
