Stamped and filed with the Secretary of State 2-12-74

Rev. 9-72

Fin[redacted] Draft

January 15, 1974

MINNESOTA POLLUTION CONTROL AGENCY

DIVISION OF SOLID WASTE

Regulations for the Administration of Grants-in-Aid for Resource Recovery Programs and Projects authorized by Minnesota Laws 1973, Chapter 748

SW 80 Applicability and General Conditions. Definitions and Severability

SW 81 Application Procedure for Grant-in-Aid

SW 82 Criteria for Eligibility

SW 83 Administration of Grants-in-Aid

SW 80 Applicability and General Conditions, Definitions and Severability

(1) Applicability and General Conditions

These regulations pertain to the application procedure for grants-in-aid, state requirements, approval of applications, and payments for programs or projects which will encourage both the reduction of the amount of material entering the solid waste stream and the re-use and recycling of solid waste, pursuant to Minnesota Laws 1973, Chapter 748. All programs and projects shall be reviewed, approved, maintained and operated in a manner consistent with these regulations and all other applicable state and federal laws and regulations not inconsistent with these regulations.

(2) Definitions

(a) "Agency" means the Minnesota Pollution Control Agency.

(b) "Institution" means an incorporated private organization.

(c) "Metropolitan Area" means the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington.

(d) "Metropolitan Council" means that body as constituted by Minnesota Statutes Ch. 473B(1971).

(e) "Municipality" means any city, village, borough, or any designated agency thereof.

(f) "Region" means any county, group of counties, group of municipalities, any special district, or any designated agency thereof.

(g) "Resource Conservation Programs" means programs which encourage solid materials conservation and the reduction of environmental impact from solid waste, including, but not limited to, public education and encouragement of market demand for reusable or recyclable materials. Generally such programs are not directly linked to the ultimate construction of a particular resource recovery facility but may include the initial feasibility study.

(h) "Resource recovery facility" means structures, machinery, or devices which, singly or in combination, are designed, constructed and operated so as to separate, process, connect, treat or prepare collected solid waste in such a manner that component materials, substances or recoverable resources may be used as a raw material or for other productive purposes.

(i) "Resource recovery system" means any system used for the recovery of material or energy from solid waste, or for the collection, transportation, separation, sorting, processing or storage of solid materials which aids in the recovery of materials or energy from solid waste.

(j) "Resource Recovery Projects" means projects which result in the design, installation, implementation, or operation of resource recovery systems or resource recovery facilities.

(3) Severability

If any provision of any regulation or the application thereof to any person or circumstances is held to be invalid, such invalidity shall not affect other provisions or application of any other part of such regulation or any other regulation which can be given effect without the invalid provision of application, and to this end the provisions of all regulations and the various applications thereof are declared to be severable.

(4) Variances

Whereupon written application of the responsible person or persons the Agency finds that by reason of exceptional circumstances strict conformity with any provisions of the regulations contained herein would cause undue hardship, would be unreasonable, impractical or not feasible under the circumstances, the Agency may permit a variance from these regulations upon such conditions and within such time limitations as it may prescribe.

SW 81 Application Procedure for Grants-in-Aid

(1) A region, municipality, or institution shall make application for a state grant-in-aid on forms provided by the Agency.

(2) Each application shall include the following information, where applicable:

(a) Each application for a grant-in-aid by a region or municipality shall be accompanied by a resolution adopted by the region or municipality authorizing the filing of the grant-in-aid application.

(b) All applications shall be signed by the person who has been authorized to submit the application.

(c) In the event that more than one region, municipality, or institution desires to make application for a joint resource recovery project or resource conservation program, a single application for state aid shall be executed by all participating parties. Such application shall be accompanied by a joint resolution setting forth responsibilities of each of the parties.

(d) A description of the operation and maintenance of the resource recovery project after construction is completed or the system is implemented.

(e) A market analysis defining markets for saleable products, particularly those for which no purchase commitments are included in the proposal, shall be submitted with any proposal for a detailed engineering study or construction of a resource recovery facility or system.

(f) If a proposal for a detailed engineering study for a resource recovery facility or system is submitted, the application shall include proof of intentions to purchase the saleable materials.

(g) If a proposal for construction of a resource recovery system or facility is submitted, the application shall include proof of commitments to purchase the saleable materials.

(h) A description of the resource conservation program or the resource recovery project, including the following:

(i) Benefits
(ii) Major objectives
(iii) Method of obtaining major objectives
(iv) Ultimate goal
(v) Operational and management personnel's background, education and experience.

(i) If the private sector is involved in the project or program, an explanation of the commitments in terms of capital, operation and maintenance, and manpower of each private person or other entity which will have a major role in the operation of the project or program is needed.

(j) An explanation of the existence and extent of local public support for the project or program. Local support includes, but is not limited to, that from universities, citizen groups, and environmental groups.

(k) If the proposed project or program is to serve more than one institution, municipality, or region, the following information shall be included in the application:

(i) A written commitment by each participating party to dispose of a stated amount of its solid waste through the proposed system or facility.

(ii) A specific definition of the contribution to capital and operating and maintenance costs of each.

(iii) A specific definition of the operating and management roles of each.

(l) Total cost of the project or program, which includes an itemization of the following costs:

(i) Investment costs
(ii) Annual operating costs
(iii) Fixed costs
(iv) Other costs

(m) Revenue to be generated by the project or program.

(n) Such other additional information, documents, transcripts or other data which the Agency deems necessary to determine eligibility of the region, municipality, or institution.

SW 82 Criteria for Eligibility

(1) To be eligible for state assistance, a program or project shall be consistent with all Agency approved solid waste management plans of all affected counties. All projects or programs in the metropolitan area shall be consistent with the Metropolitan Council's plan for solid waste management.

(2) A high priority shall be given to applications for projects or programs designed to service more than one county or designed to service areas of the state where natural geologic conditions make sanitary landfill undesirable.

(3) The Agency shall seek those alternatives which maximize the conservation of energy and materials while minimizing the environmental impact and the cost to the people of the state.

(4) In addition to such other requirements as may be provided for by law, any project for which an application is submitted, shall comply in all respects with any local, state and federal regulations, guidelines, instructions, criteria, standards or other documents promulgated or issued by the local, state and federal governments relative to such program or project.

(5) All contract documents prepared by any region, municipality or institution relative to a program or project pursuant to these regulations shall conform to all state and local laws, ordinances, rules and regulations, and in the event of more than one party seeking state aid for such project or program, all contracts shall be executed by each of the parties involved.

(6) Funding shall not be made available to any resource recovery system or facility which accepts solid waste material which is transported to the facility primarily in motor vehicles with a load capacity of less than ten cubic yards.

(7) In addition to other considerations provided for in these regulations and other applicable laws for resource recovery projects and resource conservation programs, in reviewing grant applications the Agency shall consider the following:

(a) The size of the service area if it is a resource recovery project

(b) The degree of county, multi-county or regional participation in the program or project.

(c) The priority of the program or project in relationship to the Agency's immediate and long range goals for resource recovery in the state.

(d) The availability of other sources of financing.

(e) The state's share of the cost of the program or project.

(f) The time schedule for completion.

(g) Conformance with county and regional solid waste management plans and other applicable laws.

(h) The statewide applicability of the program or project.

(i) The demand placed on other public service or commercial facilities.

(j) Benefits, objectives, methods of obtaining the objectives, and the ultimate goal.

(k) The total cost of the project or program, and the proportion of the cost attributable to each phase of the project or program.

(l) The revenue to be generated upon completion of the project or program.

(m) The amount of materials or energy or both recovered from the solid waste entering the system.

(n) The degree to which the program or project promotes solid materials conservation and reduces the environmental impact of solid waste generation.

(o) The steps taken to assure proper, efficient and economical operation and maintenance of the resource recovery project after construction is completed or the resource recovery system is implemented.

(p) The percentage of saleable materials for which the applicant has obtained purchase commitments if the application is for a resource recovery project. If the application is for an engineering study for a resource recovery project, the commitments shall be an intention to purchase recoverable materials of a specified quality. If the application is for construction of a resource recovery project, the commitments shall be legally binding agreements specifying product quality and price acceptable to the purchaser. The Agency shall not approve an application unless the application has commitments to purchase at least 50% by weight or of energy, by appropriate output measure, of the saleable materials, unless the applicant can justify the failure to have such commitments.

SW 83 Administration of Grants-in-Aid

(1) The Agency shall give final approval of any resource recovery project or resource conservation program funded under provisions of these regulations.

(2) All applications for projects or programs in the metropolitan area shall be submitted to the Metropolitan Council for its review.

(3) The region, municipality, or institution which obtains a state grant under these regulations shall be paid in installments when twenty-five (25) percent, fifty (50) percent, and seventy-five (75) percent of the cost of the program or project has been completed. Additional installment payments may be authorized upon a showing of good cause by the grantee. Final payment shall be released only after final inspection by the Agency of construction, performance, or operation of the program or project or upon review of the final report as required by the grant contract.

(4) Grants-in-aid payments made by the Agency shall not exceed 50% of the total cost of the program or project funded.

(5) The Agency may assist in the planning and development of resource recovery projects and resource conservation programs funded under these regulations.

(6) The grant contract shall provide for the periodic submission of status and evaluation reports on technical, product, market, and economic aspects of the project or program. A final report shall be submitted to the Agency upon completion of the project or program.

APPROVED AS TO FORM AND LEGALITY

STATE OF MINNESOTA MINNESOTA POLLUTION CONTROL AGENCY

In the Matter of the Adoption of Proposed Regulations for the Administration of Grants-in-Aid to Regions, Municipalities or Institutions for Resource Recovery Projects Authorized Under Minnesota Laws 1973, Chapter 748, Section 4: Proposed Minnesota Pollution Control Agency Regulations SW-80, SW-81, SW-82, and SW-83

ORDER OF HEARING

Pursuant to its powers and duties under Minnesota Statutes, 1971, Chapters 15 and 115 and Minnesota Laws 1973, chapter 748, the Minnesota Pollution Control Agency deems it necessary to receive and review testimony and evidence upon the proposed amendments and proposed regulations captioned above.

NOW, THEREFORE, IT IS ORDERED THIS 23 DAY OF OCTOBER, 1973, that a public hearing on the above-captioned proposals be held beginning at 10:00 a.m. on Monday, December 10, 1973, in the National Guard Armory at 1716 Eighth Street North, St. Cloud, and continuing at 10:00 a.m. on Tuesday, December 11, 1973, in the Blue Earth-Nicollet Electrical Coop Building, South Highway 169, Mankato and continuing at 10:00 a.m. on Wednesday, December 12, 1973, in the Board Room of the Minnesota Pollution Control Agency, 1935 West County Road B2, Roseville, and continuing until all interested persons or representatives thereof have had an opportunity to be heard.

IT IS FURTHER ORDERED, that notice of said hearing be given to all representatives of associations or other interested groups or persons who have registered their names with the Secretary of State for that purpose and to any other parties deemed appropriate by the Agency.

Grant J. Merritt
Executive Director

STATE OF MINNESOTA
COUNTY OF HENNEPIN

MINNESOTA POLLUTION CONTROL AGENCY

In the Matter of Adoption of Proposed Regulations for the Administration of Grants-in-Aid to Regions, Municipalities or Institutions for Resource Recovery Projects Authorized Under Minnesota Laws, 1973, C . 748, Section 4; Proposed Minnesota Regulations SW-80, SW-81, SW-82, SW-83.

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that a public hearing in the above-entitled matter will be held by the Minnesota Pollution Control Agency or by one or more of its authorized members pursuant to Minnesota Statutes 1971, Chapter 15 and Minnesota Laws, 1973, Chapter 748, Section 4. The hearing will begin at 10:00 A.M. on Monday, December 10, 1973, in the National Guard Armory at 1716 Eighth Street North, St. Cloud, and continuing at 10:00 A.M. on Tuesday, December 11, 1973, in the Blue Earth-Nicollet Electrical Coop Building, South Highway 169, Mankato and continuing at 10:00 A.M. on Wednesday, December 12, 1973, in the Board Room of the Minnesota Pollution Control Agency, 1935 West County Road B2, Roseville, and continuing until all interested persons or representatives thereof have had an opportunity to be heard. The hearing will be limited to testimony and evidence generally related to the matter captioned above.

Those interested in the procedures to be used by the Minnesota Pollution Control Agency in reviewing and approving applications for grants-in-aid for resource recovery projects under Minn. Laws 1973, Chapter 748, Section 3, are invited to present their views as to the content of the proposed regulations.

The proposed regulations are on file in the offices of the Minnesota Pollution Control Agency at 1935 West County Road B2, Rosville and are available for inspection Monday through Friday, from 8:00 A.M. to 4:30 P.M. Copies of the proposed regulations will be mailed upon request. Copies will also be available at the hearing.

Testimony or other evidence to be submitted for consideration should be pertinent to the matter at hand and may be presented either orally or in writing at the hearing, or by mailing to the Agency, allowing adequate time so that the information can be entered into the record prior to adjournment of the hearing. Written testimony may also be submitted within twenty (20) days following adjournment of the hearing.

Questions and comments may be submitted to the Solid Waste Division, Minnesota Pollution Control Agency, 1935 W. County Road B2, Roseville, Minnesota 55113.

Dated November 6, 1973

John J. Merritt

Grant J. Merritt
Executive Director

HEARING DRAFT

November 8, 1973

MINNESOTA POLLUTION CONTROL AGENCY

DIVISION OF SOLID WASTE

Proposed Regulations for the Administration of Grants-in-Aid for Resource Recovery Programs and Projects authorized by Minnesota Laws 1973, Chapter 748

SW 80 Applicability and General Conditions. Definitions and Severability

SW 81 Application Procedure for Grant-in-Aid

SW 82 State Requirements and Criteria

SW 83 Approval and Payments of Projects and Programs

SW 80 Applicability and General Conditions, Definitions and Severability

a) Applicability and General Conditions

These regulations pertain to the application procedure for grants-in-aid state requirements, approval of applications, and payments for programs or projects which will encourage both the reduction of the amount of material entering the solid waste stream and the re-use and recycling of solid waste, pursuant to Minnesota Laws 1973, Chapter 748. All programs and projects shall be reviewed, approved, maintained and operated in a manner consistent with these regulations and all other applicable state and federal laws and regulations not inconsistent with these regulations.

b) Definitions

1. "Agency" means the Minnesota Pollution Control Agency, its agents or representatives.

2. "Institution" means an incorporated, private organization.

3. "Municipality" means any city, village, borough, or any designated agency thereof.

4. "Region" means any county, group of counties, group of municipalities, any special district, or any designated agent thereof.

5. "Resource Conservation Programs" means programs which encourage solid materials conservation and the reduction of environmental impact from solid waste. Generally such programs are not directly linked to the ultimate construction of a particular resource recovery facility but may include the initial feasibility study.

6. "Resource recovery facility" means structures, machinery, or devices which, singly or in combination, are designed, constructed and operated so as to separate, process, connect, treat or prepare collected solid waste in such a manner that component materials, substances or recoverable resources may be used as a raw material or for other productive purposes.

7. "Resource recovery system" means any system used for the recovery of material or energy from solid waste, or for the collection, transportation, separation, sorting, processing or storage of solid materials which aids in the recovery of materials or energy from solid waste.

8. "Resource Recovery Projects" means resource recovery

systems or facilities.

9. "Total Cost" means the monetary cost of feasibility studies for, or construction of, resource recovery projects, resource conservation programs, market analysis studies, and other expenses and services necessary, exclusive of land acquisition. Costs may include institutional, municipal or regional administrative equipment, or material expenses.

c) Severability.

If any provision of any regulation or the application thereof to any person or circumstances is held to be invalid, such invalidity shall not affect other provisions or application of any other part of such regulation or any other regulation which can be given effect without the invalid provision of application, and to this end the provisions of all regulations and the various applications thereof are declared to be severable.

d) Variances

Whereupon written application of the responsible person or persons the Agency finds that by reason of exceptional circumstances strict conformity with any provisions of the regulations contained herein would cause undue hardship, would be unreasonable, impracticle or not feasible under the circumstances, the Agency may permit a variance from these regulations upon such conditions and within such time limitations as it may prescribe.

SW 81 Application Procedure for Grant-in-Aid

a) A region, municipality, or institution shall make application for a state grant-in-aid on forms provided by the Agency.

b) Each application for a grant-in-aid by a region or municipality shall be accompanied by a resolution adopted by the governing body of the applicant making the application which shall set forth the authority of the applicant to make application for such grant-in-aid. In addition, all applications shall include a statement naming the individual who shall be authorized to sign the application. In the event that more than one region, municipality, or institution desires to make application for a joint resource recovery project or resource conservation program, a single application for state aid shall be executed by all participating parties. Such application shall be accompanied by a joint resolution setting forth responsibilities of each of the parties.

c) At the request of the Agency, the applicant shall provide any additional information, documents, transcripts or other evidentiary material which the Agency may deem necessary to determine eligibility of the region, municipality or institution for a state grant.

SW 82 State Requirements and Criteria

a) Legal Requirements

1. To be eligible for state assistance, a program or project shall be consistent with all Agency approved county and regional solid waste management plans of all affected counties. A priority will be given to applications for projects or programs designed to service more than one county or designed to service areas of the state where natural geologic conditions make sanitary landfill undesirable.

2. The Agency shall seek those alternatives which maximize the conservation of energy and materials while minimizing the environmental impact and the cost to the people of the state.

3. In addition to such other requirements as may be provided for by law, any project for which an application is submitted, shall comply in all respects with any local, state and federal regulations, guidelines, instructions, criteria, standards or other documents promulgated or issued by the local, state and federal governments relative to such program or project.

4. All contract documents prepared by any region, municipality or institution relative to a program or project pursuant to these regulations shall conform to all state and local laws, ordinances, rules and regulations, and in the event of more than one party seeking state aid for such project or program all contracts shall be executed by each of the parties involved.

5. Funding shall not be made available to any resource recovery system or facility which accepts solid waste material which is transported to the facility primarily in motor vehicles with a load capacity of less than ten cubic yards.

6. Grant-in-aid payments made by the Agency shall not exceed 50% of the total cost of the program or project funded.

7. In administering the grants-in-aid portion of Minnesota Laws 1973, Chapter 748, the Agency may assist in the planning and development of projects or programs.

b) Review of Projects and Programs

In addition to other considerations provided for by law and these regulations for resource recovery projects or resource conservation programs, the Agency in reviewing

applications shall consider:

1. Resource Recovery Projects

(a) The size of the service area of the project, the degree of county, multi-county or regional participation in the project and the suitability and feasibility of the project in relation to solid waste management system in the area to be served.

(b) The demand placed on other public service or commercial facilities by the project.

(c) The availability of other sources of financing.

(d) The state's share of the cost of the resource recovery project.

(e) The potential for statewide applicability of the project.

(f) The environmental soundness of the project including information indicating that the project will meet all applicable laws, criteria, rules or regulations.

(g) The priority of the project in relationship to the Agency's immediate and long range goals for resource recovery in the state.

(h) The project time schedule.

(i) Technical Requirements

The application must include adequate information satisfactory to the Agency Board, to assure proper efficient and economical operation and maintenance of the resource recovery project after construction is completed or the resource recovery project is implemented. The overall soundness of the technical design of the facility or system's component unit processes will be an important factor in selection of projects for funding. The project must provide for substantial recovery of materials or energy or both from the solid waste entering the system or promote significant solid materials conservation and reduction of environmental impact from solid waste.

(j) Market Requirements

(1) A market analysis defining markets for saleable products, particularly those for which no purchase commitments are included

in the proposal, must be submitted with any proposal for a detailed engineering study or construction of a resource recovery facility or system.

(2) If a proposal for a detailed engineering study for a resource recovery facility or system is submitted, letters of intent to purchase at least 50% of the saleable materials by weight or of energy by appropriate output measure must be included with the application. If adequate information justifying a reduction in the percentage of saleable materials is submitted, the Agency may reduce the allowable percentage required to have letters of intent for purchase. The letter of intent must specify the market specifications of the saleable material but the letter need not be legally binding from the purchaser's standpoint.

(3) If a proposl for construction of a resource recovery system or facility is submitted, purchase commitments for at least 50% of the saleable materials by weight or of energy by appropriate output measure must be included with the application. If adequate information justifying a reduction in the percentage of saleable materials is submitted, the Agency may reduce the allowable percentage required to have letters of intent for purchase. Commitments may be in the form of contractually binding purchase agreements or letters of intent specifying range of product quality and price aceptable to the purchaser. Market studies cannot be substituted for this requirement.

(k) Project Description Including:

(1) Project benefits

(2) Major objectives

(3) Method of obtaining major objectives

(4) Ultimate project goal

(5) Operational and management personnel's background, education or experience.

(l) During the life of the grant, periodic status and evaluation reports must be submitted on technical, product, market, and economic aspects. A final report must be submitted upon completion of a project.

(m) Participation and Support

If the proposed project is to serve more than one institution, municipality, or region, the means for implementing the regional effort must be delineated. This must include:

(1) A written commitment by each participating party to dispose of a stated amount of its solid wastes through the proposed system.

(2) A specific definition of the contribution to capital and operating and maintenance costs of each.

(3) A specific definition of the operating and management roles of each.

(4) If the private sector is involved, define the commitment of each firm that will have a major role in the operation of the completed project in terms of capital commitment, operation and maintenance, and manpower.

(5) A discussion of the existence and extent of local public support should be included in the application. Local support could come from universities, citizen's groups or environment groups.

(n) Economics

Elements to be examined in deriving the total cost should include:

(1) Investment Costs

Total capital requirement (excluding land)
Investment per ton of daily input

(2) Annual Costs

Total operating costs (including maintenance)

(3) Fixed Costs

Administrative and general expense
Capital recovery (assuming a 15 year economic life)

(4) Resource Value (income from sales)

(5) Net profits or costs per ton of input

(6) Alternative current disposal costs per ton of input

(7) Operation and Maintenance Costs

2. Resource Conservation Programs

(a) The degree of county, multi-county or regional participation in the program.

(b) The priority of the program in relationship to the Agency's immediate and long range goals for resource recovery in the state.

(c) The availability of other sources of financing.

(d) The states share of the cost of the program.

(e) The environmental soundness of the program including information indicating that the program will meet all applicable laws, criteria, rules or regulations.

(f) The program time schedule.

(g) Conformance with county and regional solid waste management plans.

(h) The statewide applicability of the program.

(i) Program description including:

(1) Program benefits

(2) Major objectives

(3) Method of obtaining major objectives

(4) Ultimate program goal

(5) Operational and management personnel's background, education or experience.

(j) During the life of the grant, periodic status and evaluation reports must be submitted. A final report must be submitted upon completion of a program.

(k) Participation and Support

If the proposed program is to serve more than one municipality, region, or institution, the means for implementing the effort must be delineated. This must include:

(1) A specific definition of the contribution to capital and operating and maintenance costs of each.

(2) A specific definition of the operating and management roles of each.

(3) If the private sector is involved, define the commitment of each firm that will have a major role in the operation of the program in terms of capital commitment, operation and maintenance, and manpower.

(4) A discussion of the existence and extent of local public support should be included in the application. Local support could come from universities, citizen's groups, or environmental groups.

(1) Economics

The proposed programs estimated total cost must be shown. The program must be broken down into elements with costs itemized for each element.

SW 83 Approval and Payments of Projects and Programs

(a) The Agency Board shall give final approval of any resource recovery program or resource conservation project funded under provisions of these regulations.

(b) Installment payments of the state grant may be requested when twenty-five (25) percent, fifty (50) percent, seventy-five (75) percent of the cost of the work performed, materials and equipment supplied and incorporated in, and services rendered in connection with an approved program of project has been completed or is in accordance with a schedule and conditions agreed upon between the grantee and the Agency. Final payment will be released only after final inspection of construction, performance or operation of a program or project or upon approval of a final program or project report as called for in the grant contract.

STATE OF MINNESOTA

COUNTY OF RAMSEY

MINNESOTA POLLUTION CONTROL AGENCY

In the Matter of the Adoption of Proposed Regulations for the Administration of Grants-in-Aid to Regions, Municipalities or Institutions for Resource Recovery Projects Authorized Under Minnesota Laws, 1973, C. 748, Section 4; Proposed Minnesota Regulations SW-80, SW-81, SW-82, SW-83.

STATEMENT OF

NEED

The above-captioned regulations are new regulations and not amendments to existing rules and regulations.

The need to adopt the above-captioned regulations arises for the following reasons:

1. Americans consume nearly half of the earth's industrial raw materials.

2. Every product consumed by the American consumer leaves behind a stream of wastes as it develops from raw materials through the industrial and commercial activities which place it in the consumers' hands.

3. Forecasts indicate that waste generation will increase nearly as much in this decade alone as it did in the last fifty years.

4. A need exists to improve solid waste management practices in Minnesota by assisting local governmental bodies and institutions in the planning and development of solid waste management programs which prepare communities to implement controls on the generation of solid waste.

5. Improved solid waste management programs are needed

which control the quantity and characteristics of solid wastes, which efficiently and properly collect and process and dispose of those solid wastes which have no further use, and which recycle those that can be reused.

6. A need exists for the Minnesota Pollution Control Agency to encourage resource conservation and recycling programs in the State of Minnesota through effective public education.

7. A need exists for the Minnesota Pollution Control Agency to assist those parties who are willing to take the initiative in planning and developing resource recovery facilities and systems.

8. The Minnesota Pollution Control Agency has been authorized by Minnesota Statutes § 116F.03 (1973 Supp.) to make or contract to make grants-in-aid to any region, municipality, or institution for the development of feasibility studies for resource recovery systems or facilities, the construction of a resource recovery facility or implementation of a resource solid waste, including but not limited to, public education and encouragement of market demand for reusable or recyclable materials.

9. The Minnesota Pollution Control Agency has been charged by Minnesota Statutes § 116F.04 (1973 Supp.), with the duty to promulgate rules for the administration of grants authorized

by section 116F.03.

Dated this 18th day of January, 1974.

MINNESOTA POLLUTION CONTROL AGENCY

Harold D. Field, Jr.
Chairman

Grant J. Merritt
Executive Director

STATE OF MINNESOTA

COUNTY OF RAMSEY

BEFORE THE

MINNESOTA POLLUTION CONTROL AGENCY

In the Matter of the Adoption of Proposed Regulations for the Administration of Grants-in-Aid to Regions, Municipalities or Institutions for Resource Recovery Projects Authorized Under Minnesota Laws, 1973, C. 748, Section 4; Proposed Minnesota Regulations SW-80, SW-81, SW-82 SW-83.

FINDINGS OF FACT

The above-entitled matter came on for hearing before the Minnesota Pollution Control Agency on the 10th day of December, 1973, at 10:00 a.m., in the National Guard Armory in St. Cloud, Minnesota, on the 11th day of December, 1973, at 10:00 a.m., in the Blue Earth-Nicollet Electrical Co-op Building in Mankato, Minnesota, and on the 12th day of December, 1973, at 10:00 a.m., in the Board Room of the Minnesota Pollution Control Agency in Roseville, Minnesota, after proper notice required by Minnesota Statutes § 15.0412 (1971) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording all interested persons an opportunity to present written and oral data, statements and arguments, having considered all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, this Agency finds the following:

1. The legislature seeks to encourage both the reduction of the amount and type of material entering the solid waste stream and the reuse and recycling of materials.

2. Solid waste represents discarded material and energy resources and an economic burden to the people of the state.

3. The recycling of solid waste materials is one alternative for the conservation of material and energy resources, but it is also in the public interest to reduce the amount of materials requiring recycling or disposal.

4. The legislature also seeks to encourage the design and implementation of regional programs for materials conservation which take into account the variations in solid waste generation throughout the state.

5. The legislature has appropriated to the Minnesota Pollution Control Agency the sum of $1,500,000 for the purpose of carrying out the terms and provisions of Minnesota Laws 1973, ch. 748.

6. The federal government now places major emphasis on the recovery and recycling of solid wastes in its solid waste management program.

7. Economic constraints often act as a disincentive to development of new resources recovery projects and resource conservation programs.

8. A grant applicant must supply the Agency with the information necessary to complete an evaluation of a resource recovery project or resource conservation program.

9. Potential markets for recovered materials is an especially important criteria in evaluating a proposed resource recovery project or resource conservation program.

10. As in the federal program, impartiality, consistency, and comprehensiveness are key criteria in evaluating proposed resource recovery projects and resource conservation programs.

Dated this 15th day of January, 1974.

MINNESOTA POLLUTION CONTROL AGENCY

Harold D. Field, Jr.
Chairman

Grant J. Merritt
Executive Director

STATE OF MINNESOTA

COUNTY OF RAMSEY

BEFORE THE

MINNESOTA POLLUTION CONTROL AGENCY

In the Matter of the Adoption of Proposed Regulations for the Administration of Grants-in-Aid to Regions, Municipalities or Institutions for Resource Recovery Projects Authorized Under Minnesota Laws, 1973, C. 748, Section 4; Proposed Minnesota Regulations SW-80, SW-81, SW-82, SW-83.

ORDER ADOPTING RULES

The above-entitled matter came on for hearing before the Minnesota Pollution Control Agency on the 10th day of December, 1973, at 10:00 a.m., in the National Guard Armory in St. Cloud, Minnesota, on the 11th day of December, 1973, at 10:00 a.m., in the Blue Earth-Nicollet Electrical Co-op Building in Mankato, Minnesota, and on the 12th day of December, 1973, at 10:00 a.m., in the Board Room of the Minnesota Pollution Control Agency in Roseville, Minnesota, after proper notice required by Minnesota Statutes § 15.0412 (1971) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, and applicable statutory standards or criteria, and having confirmed the need for the above-captioned rules.

NOW, THEREFORE, IT IS ORDERED, that these rules

identified as Minnesota Regulations SW-80, SW-81, SW-82, SW-83 are adopted this 15th day of January, 1974, pursuant to authority vested in the Minnesota Pollution Control Agency by Minn. Stat. § 116.07, subd. 4 (1971).

MINNESOTA POLLUTION CONTROL AGENCY

Harold D. Field, Jr.
Chairman

Grant J. Merritt
Executive Director

RESOLUTION

RESOLVED, that the rules relating to the administration of grants-in-aid to regions, municipalities and institutions for resource recovery programs and projects, entitled Minnesota Regulations SW-80, SW-81, SW-82, and SW-83, be and they hereby are approved and adopted, pursuant to authority vested in the Minnesota Pollution Control Agency by Minn. Stat. § 116F.04 (1973 Supp.).

CERTIFICATE OF AGENCY'S

ADOPTION OF RULES RESOLUTION

I, Grant J. Merritt, do hereby certify that I am the Executive Director of the Minnesota Pollution Control Agency, an agency duly authorized under the laws of the State of Minnesota, and that the following is a true, complete, and correct copy of a resolution adopted at a meeting of the Agency duly and properly called and held on the 15th day of January, 1974; that a quorum was present at said meeting; that the resolution was passed by a majority of those present; that said resolution is set forth in the minutes of said meeting and has not been rescinded or modified.

> "RESOLVED, that the rules relating to the administration of grants-in-aid to regions, municipalities and institutions for resource recovery programs and projects, entitled Minnesota Regulations SW-80, SW-81, SW-82, and SW-83, be and they hereby are approved and adopted, pursuant to authority vested in the Minnesota Pollution Control Agency by Minn. Stat. § 116F.04 (1973 Supp.).

IN WITNESS WHEREOF, I have hereunto subscribed my name this 15th day of January, 1974.

CERTIFICATE OF AGENCY'S

AUTHORIZING RESOLUTION

I, Grant J. Merritt, do hereby certify that I am the Executive Director of the Minnesota Pollution Control Agency, an agency duly authorized under the laws of the State of Minnesota, and that a resolution was adopted at the meeting of the Agency duly and properly called and held on the 16th day of October, 1973; that a quorum was present at said meeting; that the resolution was passed by a majority of those present; that the resolution is set forth in the minutes of said meeting and has not been rescinded or modified; that the resolution authorized the Executive Director to call a public hearing for the purpose of promulgating regulations to administer the Resource Recovery Grant-in-Aid Program and to perform all acts necessary to the holding of said hearing.

IN WITNESS WHEREOF, I have hereunto subscribed my name this 15th day of January, 1974.

Grant J. Merritt

Executive Director

STATEMENT OF COMPLIANCE
WITH MANUAL OF RULE MAKING PROCEDURES

I, Special Assistant Attorney General Alan R. Mitchell, do hereby declare that I have examined the proposed rules SW-80, SW-81, SW-82, and SW-83 relating to the administration of the resource recovery grants-in-aid program and all related documents and that based on them and my personal familiarity with the applicable procedures, the Manual of Rule Making Procedures has been followed.

Dated this 17th day of January, 1974.

Alan R. Mitchell

ALAN R. MITCHELL
Special Assistant
Attorney General

MINNESOTA POLLUTION CONTROL AGENCY

In the Matter of Adoption of Proposed Regulations for the Administration of Grants-in-Aid to Regions, Municipalities or Institutions for Resource Recovery Projects Authorized Under Minnesota Laws, 1973, Ch. 748, Section 4; Proposed Minnesota Regulations SW-80, SW-81, SW-82, SW-83.

AFFIDAVIT OF MAILING

Dolores A. Ryther, being first duly sworn, deposes and says:

That on the eighth day of November, 1973, at the City of Minneapolis, County of Hennepin, State of Minnesota, she served the attached Notice of Hearing by depositing in the United States mail at said City of Minneapolis, a true and correct copy thereof, properly enveloped, with postage prepaid, to all persons and associations at the addresses listed on the attached Certificate of the Secretary of State as well as to all persons listed on the attached sheet as presently being members of the Minnesota Legislature.

Dolores A. Ryther

Subscribed and sworn to before me
this eighth day of November, 1973.

STATE OF MINNESOTA
COUNTY OF HENNEPIN

MINNESOTA POLLUTION CONTROL AGENCY

In the Matter of Adoption of Proposed Regulations for the Administration of Grants-in-Aid to Regions, Municipalities or Institutions for Resource Recovery Projects Authorized Under Minnesota Laws, 1973, C . 748, Section 4; Proposed Minnesota Regulations SW-80, SW-81, SW-82, SW-83.

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that a public hearing in the above-entitled matter will be held by the Minnesota Pollution Control Agency or by one or more of its authorized members pursuant to Minnesota Statutes 1971, Chapter 15 and Minnesota Laws, 1973, Chapter 748, Section 4. The hearing will begin at 10:00 A.M. on Monday, December 10, 1973, in the National Guard Armory at 1716 Eighth Street North, St. Cloud, and continuing at 10:00 A.M. on Tuesday, December 11, 1973, in the Blue Earth-Nicollet Electrical Coop Building, South Highway 169, Mankato and continuing at 10:00 A.M. on Wednesday, December 12, 1973, in the Board Room of the Minnesota Pollution Control Agency, 1935 West County Road B2, Roseville, and continuing until all interested persons or representatives thereof have had an opportunity to be heard. The hearing will be limited to testimony and evidence generally related to the matter captioned above.

Those interested in the procedures to be used by the Minnesota Pollution Control Agency in reviewing and approving applications for grants-in-aid for resource recovery projects under Minn. Laws 1973, Chapter 748, Section 3, are invited to present their views as to the content of the proposed regulations.

The proposed regulations are on file in the offices of the Minnesota Pollution Control Agency at 1935 West County Road B2, Rosville and are available for inspection Monday through Friday, from 8:00 A.M. to 4:30 P.M. Copies of the proposed regulations will be mailed upon request. Copies will also be available at the hearing.

Testimony or other evidence to be submitted for consideration should be pertinent to the matter at hand and may be presented either orally or in writing at the hearing, or by mailing to the Agency, allowing adequate time so that the information can be entered into the record prior to adjournment of the hearing. Written testimony may also be submitted within twenty (20) days following adjournment of the hearing.

Questions and comments may be submitted to the Solid Waste Division, Minnesota Pollution Control Agency, 1935 W. County Road B2, Roseville, Minnesota 55113.

Dated November 6, 1973

John J. Olin

Grant J. Merritt
Executive Director

AFFIDAVIT

Donald J. Kyser, being duly sworn on oath deposes and says:

1) That he is an employee of the Division of Solid Waste, Minnesota Pollution Control Agency, of the State of Minnesota.

2) That on the sixth day of November, 1973, he went to the Secretary of State's office for the State of Minnesota and requested a current list of all representatives of associations or other interested groups or persons who had registered their names with the Secretary of State for the purpose of obtaining notices of public hearings relating to the promulgation of rules pursuant to M.S. 15.0412.

3) That on the sixth day of November, 1973, in response to the above request, the Secretary of State provided him with such a list, a copy of which is attached hereto and incorporated by reference.

Further affiant sayeth not.

Donald J. Kyser

Subscribed and sworn to before me
this 6th day of Dec. 1973.
