Robert Berglund, County Auditor

Dated this 28th day of February, 1974.

# RESOLUTION

WHEREAS, the density of proposed development in the vicinity of Brown Lake (48-15) indicates the possibility of overtaxing the capabilities of said lake,

NOW, THEREFORE, BE IT RESOLVED, that the Mille Lacs County Board of Commissioners respectfully requests the Department of Natural Resources to restrict the use of Brown Lake (48-15) in the best interest of the public.

Attest: Robert Berglund

STATEMENT OF NEED

---

The above-captioned rules are new regulations and not amendments to existing rules of the Department of Natural Resources.

The need to adopt these rules arises because of the legislative mandate of Minnesota Statutes, Sections 361.25 and 361.26, and the Resolution of the Mille Lacs County Board of Commissioners, dated March 13, 1973, requesting the promulgation thereof.

Dated this 7th day of March, 1974.

FINDINGS OF FACT
AND
CONCLUSIONS

The above-entitled matter came on for hearing before the Commissioner of Natural Resources of the State of Minnesota on the 12th day of September, 1973, at approximately 1:00 o'clock p.m., in Conference Room A, Centennial Building, 658 Cedar, St. Paul, Minnesota, after proper notice required by Minn. Stat. 1971, § 15.0412 was served upon all persons, associations, and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced, and upon the records, files and proceedings herein, I find the following:

FINDINGS OF FACT

1. Brown Lake (48-15) has a total water surface area of about 31 acres, located entirely within Section 7, Township 43 North, Range 27 West, Mille Lacs County, Minnesota.

2. Brown Lake (48-15), has a maximum depth of 32 feet and 1.1 miles of shoreline.

3. On March 13, 1973 the Board of County Commissioners of Mille Lacs County passed a resolution requesting that the Commissioner

of Natural Resources establish regulations relating to the use of watercraft on Brown Lake (48-15) as provided under Minnesota Statutes 1971, Section 361.26.

4. Brown Lake (48-15) is totally surrounded by the Port Mille Lacs development and its shoreline has been subdivided into 89 residential building sites and several hundred campsite lots. Potentially, Brown Lake could become one of the most heavily developed lakes in the State of Minnesota.

5. There are presently four (4) seasonal and one (1) permanent dwellings on the shore of Brown Lake.

6. The Port Mille Lacs development provided a common access to Brown Lake for all residents of the development. There is no public access to this lake.

7. Riparian property owners keep and/or use four (4) non-motorized watercraft on this lake.

8. It is estimated by Mille Lacs County officials that as many as six (6) nonmotorized watercraft and no motorized watercraft are used on Brown Lake during the course of a peak-use day.

9. A compilation of outdoor recreation space standards made by the United States Department of the Interior indicates that motorized watercraft require approximately twenty (20) acres of water surface per boat for safe operation. Based on this criteria Brown Lake (area 31 acres) could safely accomodate 1.55 motorized watercraft.

10. The Port Mille Lacs development sells many building sites, and therefore provides access to Brown Lake, to many retired persons who may have physical difficulty in using watercraft on Brown Lake should all motorized watercraft be banned.

11. It is estimated by Mille Lacs County officials that 50% of the recreational activity on Brown Lake is devoted to fishing and the other 50% is devoted to pleasure boating under ten (10) miles per hour.

CONCLUSIONS

I. That in view of the diminuative size of Brown Lake (48-15) and its historical use for low speed recreational activities, the uncontrolled use of motorized watercraft on said lake would constitute a hazard to public safety.

II. That in view of the potential for high density residential and recreational use of Brown Lake (48-15) and its surrounding shorelands, the promulgation of regulations relating to the use of watercraft on the waters of Brown Lake (48-15) under the authority granted by Minnesota Statutes 1971, Section 361.26 would be in the public interest.

III. That in view of the established historical uses on Brown Lake (48-15) and the potential for many retired and elderly persons to take part in recreational activities on this lake, the regulations to be promulgated relating to the use of watercraft on said lake should specifically prohibit the use of all motorized watercraft except those equipped with a detachable, battery-powered electric motor.

Dated at Saint Paul, Minnesota this 7th day of March, 1974.
