CHAPTER NINETEEN: EDU 360-379

EMERGENCY AID TO DISTRESSED SCHOOL DISTRICTS

~~(Pursuant to M.S. 124.24)~~

~~"124.24 EMERGENCY AID. Emergency aid is money paid by the state to a district which by reason of calamity, high tax delinquency or excessive debt, or a combination thereof, or by other justifiable cause is unable by taxation to collect sufficient revenue to maintain its schools therefrom on minimum standards established by the state board. Such aid will be paid only when specifically directed by the state board."~~

Edu 360 Application ~~and Standards~~ for ~~Use of~~ Funds

~~(a)~~ Application for ~~assistance~~ emergency aid pursuant to M.S. 124.24 may be made whenever the school board of a district determines that an emergency exists ~~and shall be made at least forty five days prior to consideration by the state board of education.~~

~~(b) The state board of education will consider emergency aid applications at its regular quarterly meetings in September, December, March, and June.~~

~~(c) Emergency aid may be used after the funds have been made available for:~~

~~(1) Payment of salaries for the required teachers and other necessary employees.~~

~~(2) Payment of tuition and transportation of pupils.~~

~~(3) Purchase of needed textbooks, library books, instructional materials, equipment and supplies.~~

~~(4) Upkeep and improvement of school plant when contracts have been entered into after the application has been approved by the state board of education.~~

~~(5) Construction or repair of a school building which has been damaged or destroyed by fire, wind, hail, water or other causes to such an extent that the district is unable to finance the repairs or replacement by using its local bond or taxing power so that school can be maintained.~~

~~(d)~~ (b) Application forms, ~~Code IX C 11~~ F29-9, for emergency aid shall be prepared in duplicate, one for the school district's file and one to be sent to the state department of education. Accompanying the application there shall be ~~fifteen copies of~~:

(1) A statement justifying the reason for needing emergency aid.

~~(2) A list of names, positions, and monthly salaries of all the employees of the district.~~

~~(3) A detailed breakdown of the requests for emergency aid, showing amounts needed for instructional and other services, or instructional materials and equipment based on lowest quoted prices to a school district from commercial firms and grouped according to department needs such as Industrial Arts, Home Economics, Library, etc.~~

~~(4)~~(2) A statement of detailed estimated costs of proposed repairs, construction, or other improvements for buildings and sites ~~for which~~ when emergency aid is to be used for this purpose.~~,~~ ~~the~~ The amount requested is to be based on bids or estimates prepared either by architects, contractors or commercial firms.

(3) Form F29-9 Supplement when emergency aid is to be used for the elimination of deficit cash balances.

(4) A statement of the causes of a cash deficiency whenever emergency aid is to be used to balance a budget in a given fiscal year.

~~(c)~~(c) The state board of education ~~before~~ as a condition of granting emergency aid, pursuant to M.S. 124.221, may require changes in school district management or organization that will secure efficient and economical school administration, such as closing ~~the~~ a school or merging ~~or consolidating~~ the district with another district.

~~(f) School districts receiving emergency aid shall make a report on form Code IX-6-11a to the state board of education at the close of the school year indicating how emergency funds were spent.~~

(d) If the assessment of the financial situation of the district would be enhanced by receipt of the year-end Financial Report, the state board of education may approve 60% of the amount of the emergency grant determined on the basis of preliminary information prior to the end of the year and may approve the balance of the emergency grant as based on final information received at year end. Each payment shall be deemed a separate grant.

Edu 361 Criteria

(a) Along with other information in considering an application for emergency aid, the state board of education will take into account ~~whether or not the following factors exist in the district:~~

~~(1) The assessed value per pupil unit in average daily attendance is less than $1,500 based on the auditor's assessed valuation.~~

~~(2) The adjusted assessed valuation, as determined by the equalization aid review committee, per pupil unit in average daily attendance, is less than $4,500.~~

~~(3) The total indebtedness including bonds and orders not paid for want of funds, exceeds 45% of the total assessed valuation or 15% of the adjusted assessed value of all taxable property therein as determined by the equalization aid review committee.~~

~~(4) The total local effort based upon the latest available data shall exceed the effort exerted by at least 75% of the schools maintaining classified secondary schools. (Total local effort is defined as the total expenditures of local funds per pupil unit divided by the adjusted assessed (E.A.R.V.) value per pupil unit.)~~

(1) Local resources (for example: income, one year's projected excess income, assets, long-term bonding, temporarily delayed receivable income, special permitted levies, potential income by referendum) to alleviate the emergency, which are available.

(2) Whether maximum levies had been made prior to the application for emergency aid and whether maximum levies will continue to be made after application.

(3) Whether the receipts and disbursements for operating costs of the district (general, food, transportation and auxiliary school funds) are in balance for the following fiscal year and if not, whether a plan exists for bringing disbursements down to the level of receipts.

(4) Whether the speed-up of payment of July-August salaries to a current basis has been excluded from the grant application.

(5) Whether salary negotiations for the current year have been finalized.

(6) Whether all liabilities in the application have been calculated or estimated on a cash basis.

(b) No grant application shall be considered unless:

(1) The amount of the grant has been adjusted for the local effort possible in Edu 361(a)(1).

(aa) No bonding effort shall be required if the levy to provide payment for the bond is for a term of five years or less or if the amount of the levy in a single year is less than $4,500.

(bb) No refunding of debts shall be required.

(2) The district has made maximum levies or provides a reason for not doing so which is acceptable to the state board of education.

(3) The district has a projection or plan for being in financial balance.

Edu 362-279 Reserved for future use.

~~NOTE: Code IX-B-164 (Rev.), which may be obtained upon application, contains additional required information relating to the district.~~

CHAPTER THIRTY-TWO: EDU 640-659

VETERANS EDUCATION

(ALL NEW MATERIAL)

Edu 640 Teacher Certification

(a) Teachers of courses or portions of courses approved on an accredited basis under the provisions of Section 1775, Chapter 36, Title 38, United States Code must be certified by the Minnesota State Department of Education.

(b) Requirement in (a) above does not apply to teachers who were employed to teach on December 28, 1971, and have subsequently been continuously employed teaching a course approved on an accredited basis for training veterans and other eligible persons under Public Laws 89-358, 90-631, or 91-219.

Edu 641 Veterans Refund Policy

(a) Institutions offering courses approved under Section 1775, Chapter 36, Title 38, United States Code on an accredited basis will have and maintain a policy for the refund of the unused portion of tuition, fees, and other charges in the event the eligible person fails to enter the course or withdraws or is discontinued therefrom at any time prior to completion and such policy must provide that the amount charged to the eligible person for tuition, fees, and other charges for a portion of the course shall not exceed the approximate pro-rate fees and other charges that the length of the completed portion of the course bears to its total length. This requirement applies only to veterans and other eligible persons enrolling on or after February 1, 1972.

(b) Veterans and other eligible persons must be given a copy of the veterans refund policy upon their enrollment.

Edu 642 Employability Requirement

(a) Pursuant to the provisions of Veterans Administration directive, PG 21-1, Change 134, Section M-24 (Revised) February 3, 1970, Veterans Administration D.V.B. Circular 21-70-8 (June 5, 1970), and Veterans Administration D.V.B. Circular 21-71-8 (May 18, 1971), regarding courses approved for veterans education on either an accredited basis or on a non-accredited basis, the State Approving Agency will require (effective February 1, 1972) that all schools offering educational courses below college level and approved for Veterans Education under Public Laws 89-358, 90-631, and 91-219 demonstrate that at least 51 per cent of the graduates of such courses over the preceeding two-year period were employed in bonafide positions in the occupation for which they were trained by the course.

(1) Graduates who refuse bonafide job offers will be considered as employed.

(2) Graduates indicating upon graduation that they are not interested in securing employment will not be included in the computation of percentage of graduates employed.

CHAPTER TEN: EDU 180-199

TRANSPORTATION OR BOARD AND LODGING,
STANDARDS FOR AID

Edu 180 Application and Claim:

(a) A district making application for aid for transportation or board and lodging under ~~Extra Session Laws 1959, Chapter 71, Article V, Section 22, 32-33 (M.S. 124.22 and 124.32-33)~~ Laws 1973, Chapter 683, Sections 11 and 12 (M.S. 124.222 and 124.223), for the fiscal year ending June 30, 1975 and each June 30 thereafter, shall ~~apply and~~ report to the state ~~board~~ department of education and all claims submitted shall be postmarked not later than July ~~10~~ 31 after the close of the school term for which aid is claimed in order to qualify for final payment at the regular time.

(b) Each district shall report to the state department of education all claims for the year ending June 30, 1973, consistent with Edu 185. All reports shall be postmarked not later than February 28, 1974. This report shall be the basis of determining the limits to which a district is entitled to state aid for transportation or board and lodging. In the event that a district thereafter provides transportation or board and lodging for which no base cost has been determined, the commissioner shall be responsible for assessing like costs and assigning a base cost to such district.

(c) For the fiscal year ending June 30, 1974, each district shall file a report pursuant to subdivision (a). This report and the year-end reports required in subdivision (a) shall provide the pupil counts on which the following September, December and March payments of 30% will be paid.

Edu 181 ~~Application, New Eligible Districts. The board of any school district not receiving transportation aid prior to July 1, 1957 which currently has met the legal requirements for eligibility stated in subdivision 1 of Extra Sessions Laws 1959, Chapter 71, Article V, Section 22 (M.S. 124.22 Subd. 1), viz.: (1) be an independent district, (2) contain not less than 18 sections of land, (3) have suitable schoolhouses with necessary rooms and equipment, (4) be in session at least nine months of the year, shall complete and submit an application not later than August 1 preceding the school year for which reimbursement aid is to be claimed.~~

~~(a) Suitable schoolhouses, definition. "Suitable schoolhouses with necessary rooms and equipment" for the purpose of this regulation means such as to enable the school in the independent district, to which resident pupils and others are transported, to qualify for classification as a graded elementary school, grades 1-6 or 1-8, housed in an approved elementary school building, or housed in an approved building containing the classified graded elementary school and a classified secondary school.~~

~~(b) Required application data. Application shall include:~~

~~(1) Plat (map) of the present school district. Use scale of one inch to one mile or larger.~~

~~(2) Statement from county auditor certifying that plat is correct.~~

~~(3) Alphabetical list of all resident pupils transported with current grade in school and distance to be transported.~~

~~(4) A copy of current transportation contract or contracts for the resident pupils.~~

~~(5) List of districts from which nonresident pupils are transported together with an alphabetical list of names, by districts, of these pupils and their grades in school.~~

~~(6) Statement of enlargement procedure used with effective date or dates of initial independent school district status.~~

Repealed. Reserved for future use.

Edu 182 Certification of Eligible Pupils. No change.

Edu 183 Aid Limitation

(a) No change.

(b) Transportation aid for any eligible pupils will be granted on the authority of only one ~~subdivision~~ clause of ~~Extra Session~~ Laws ~~1959~~ 1973, Chapter ~~71~~ 683, ~~Article V~~ Section ~~22~~ 12, ~~Subdivision 1, 2*, 3, 4 and 5*; Section 32, Subdivision 3; or Section 33, Subdivision 3~~ Clauses (1), (2), (4), (5) and (6) (M.S. ~~124.22~~ 124.223, ~~Subs. 1 5*; 124.32 Subd. 3; 124.33 Subd. 3~~ Clauses (1), (2), (4), (5) and (6)).

~~*Subds. 2 and 5 repealed, Laws 1965 c 805 s 3.~~

Edu 184 Eligible Pupils. ~~Effective July 1, 1971 eligible pupils include:~~

(a) Resident Pupils

(1) ~~Independent and Special districts.~~ Any elementary or secondary pupil ~~who is a resident of an independent or special district~~ entitled to transportation aid under the under the provisions of Laws 1973, Chapter 683, Section 12 (M.S. ~~124.22~~ 124.223) ~~and resident pupils entitled to transportation under the provisions of M.S. 123.76 123.79. (See section Edu 181.)~~ and Sec. 16, Subd. 6 (M.S. 124.32, Subd. 6.)

~~(1)~~(aa) ~~Every such~~ Each eligible pupil transported pursuant to Laws 1973, Chapter 683, Section 12(1) (M.S. 124.223(1)), to be included for transportation ~~reimbursement~~ aid, shall reside a walking distance of one mile or more from the school building attended or which could be attended, ~~as provided by M.S. 124.22~~ but in the case of a private school only to the extent permitted by M.S. 123.76 to 123.79 with respect to private school pupils.

~~(2) Eligibility of any pupil who is a resident of a district defined in "a" above shall continue unaffected by any later reorganization of that district or incorporation of the area.~~

~~(b) Any isolated pupil in the elementary grades. . . Repealed, Laws 1965 Chapter 805 Section 3~~

~~(c) Any handicapped child, as defined in Extra Session Laws 1959, Chapter 71, Article I, Section 3, Subdivisions 1, 2, and 5 (M.S. 120.03 Subds. 1 3), approved by the state board of education for enrollment in special education classes or programs who due to his physical or mental condition cannot be transported on a regular school bus but must be provided special transportation (Extra Session Laws 1959 Chapter 71, Article V, Section 32, Subdivision 3) M.S. 124.32 Subd. 3).~~

~~(d) Any trainable child, as defined in Extra Session Laws 1959, Chapter 71, Article I, Section 4 (M.S. 120.04), approved by the state board of education for enrollment in special education classes or programs (Extra Session Laws, 1959, Chapter 71, Article V, Section 33, Subdivision 3) (M.S. 124.33 Subd. 3).~~

~~(e)~~ (2) Any secondary pupil or an area vocational-technical school pupil, who is a resident of a district not maintaining a secondary school or area vocational-technical school or vocational classes and is transported to a district having a classified secondary or area vocational-technical school or vocational classes at the expense of the resident district.

~~(f) Closed school district pupils, transportation... Repealed, Laws 1965 Chapter 805, Section 3.~~

(3) Any elementary pupil for whom the commissioner has determined that transportation is necessary because of extraordinary traffic hazards, subject to such budget limitations as are imposed by current legislation.

(b) Full-time equivalents.

For purposes of establishing base costs per pupil and for paying transportation liabilities of the state pursuant to M.S. 124.222 and 124.223, equivalent pupil units shall be computed (to the nearest .01).

(1) For regular transportation of children pursuant to M.S. 124.223(1) and (2), no pupil transported less than 20 days shall be counted as a full-time equivalent pupil.

(2) For transportation of children to a secondary vocational center pursuant to clause (a)(2) of this section or M.S. 124.223(3), each pupil transported 20 or more days shall be counted according to term of enrollment as follows::

Half-semester	1/4	full-time	equivalent	pupil	
Quarter	1/3	"	"	"	"
Semester	1/2	"	"	"	"
Regular School Year	1	"	"	"	"

(3) For transportation of handicapped children pursuant to M.S. 124.223 (4), (5) and (6), the number of full time equivalent pupils shall be the sum of the number of days in attendance and transported for each child divided by 175 with no ratio to exceed one.

(4) For board and lodging, pursuant to M.S. 124.223(2) and (4), the same rule applies as in sub-clause (3) above,

(5) For summer school transportation, pursuant to M.S. 124.223(7), a pupil other than a handicapped child shall be counted one-sixth of a full-time equivalent pupil.

(6) For summer school transportation of handicapped children, pursuant to M.S. 124.223(7), the rules in clauses (3) and (4) above will apply.

(7) Summer school pupils are counted with the pupils in the following school year.

Edu 185 Determination of Costs

(a) In determining transportation costs to be used by any district as the basis for ~~reimbursement claims~~ state aids, the following shall apply:

(1) ~~Cost~~ Actual cost means the ~~actual~~ net operating cost ~~including actual depreciation~~, per eligible pupil transported ~~to the school attended and is to be based upon the total days transported.~~ or given board and lodging. Basic cost is such cost in a given category for the 1972-73 year. Current cost is such cost in a given category for the year of payment. The categories of cost are the same as listed in Edu 184(b) except that transportation to vocational centers within a district shall have no basic cost. The commissioner shall establish a basic cost for such transportation and for any other category for which a district had no experience in 1972-73.

(aa) For any current year, the amount of state aid to be paid to a district other than St. Paul and Minneapolis will be (1) the actual cost per full-time equivalent pupil or (2) the basic cost per full-time equivalent pupil augmented as provided in law, whichever is smaller, reduced by the amount of one mill (.001) times adjusted assessed valuation of the district. In Minneapolis and St. Paul, the state aid to be paid is equal to 80% of the actual cost per full-time equivalent pupil or the basic cost per full-time equivalent pupil augmented as provided in law, whichever is smaller.

(bb) Payments of 30% of transportation aid are made to a district in September, December and March based on the full-time equivalent pupils transported the previous year. The amount to be paid is the basic cost per full-time equivalent pupil augmented as provided in state law. If no maximum is indicated, payments per pupil shall not exceed 5% over the previous year. If the cost of transporting children is increasing greatly due to increased enrollment or new or expanded programs, the commissioner may authorize the payment of aids on a larger number of full-time equivalent pupils.

(cc) In August following the current year, a final payment shall be made based on current year full-time equivalent pupils and costs as provided in clause (a) less previous payments made.

~~(2)~~(b) In addition to the transportation costs, depreciation aid shall be paid to each eligible district. Depreciation shall be ~~straight line depreciation~~ calculated at ten percent per school year in each year of the ten following the year of purchase ~~and shall be included as part of the allowable reimbursement, but the aggregate of the approved annual claims for depreciation~~ on each school bus of more than ~~twelve~~ sixteen passenger capacity covered by the minimum conventional school bus standards ~~shall not exceed eighty percent of the initial cost of the bus.~~

Such depreciation aids shall be paid in a lump sum in the month of September. For purposes of transportation levies, the last available depreciation amount shall be used.

~~(aa)~~(1) The conventional type, forward control and pusher type vehicles which conform to the established state minimum standards are eligible to earn depreciation aid in accordance with the rules established by the state board of education. ~~Such eligibility shall be retroactive to July 1, 1966.~~

~~(bb)~~(2) Remounted school bus body and chasis units shall not be eligible for depreciation aid. Exceptions may be made by the commissioner of education when it is determined that the safety of the unit is not adversely affected.

~~(3) To avoid duplicate claims by school districts for the same pupil, claims for reimbursement aid for resident pupils shall be submitted only for pupils who have been transported twenty or more days.~~

~~(4) When pupils eligible for reimbursement aid under different subdivisions of the transportation aid laws are transported on the same school bus, the cost to be used for determining maximum allowable reimbursement aid shall be prorated on the basis of the average cost per pupil conveyed on that bus.~~

(c) Whenever the commissioner determines from an application made by a school district in a form prescribed by the commissioner that transportation is necessary for an otherwise ineligible elementary pupil because of extraordinatry traffic hazards, he may authorize aids to be paid to such district for the transportation of such child. Authorization for transportation for this purpose shall not exceed the amount prescribed by law.

~~(5)~~(d) When two or more children from the same family residence are transported by the parent or guardian to the same school in a family vehicle, cost for ~~reimbursement~~ state aid purposes is to be calculated on the basis of one child only.

~~(b)~~(e) ~~Reimbursement claims submitted~~ Claims for aid which involve duplication of state funds to be paid for any pupil transported will not be approved.

(f) Any district in which pupils receive transportation between school buildings within the district for instructional purposes may receive transportation aid if a plan for the program and required transportation is submitted to and approved by the commissioner of education. The amount of such aid shall be specified by the commissioner upon consideration of a proposed budget. All plans and applications must be submitted to the commissioner for approval prior to July 1 of the fiscal year in which the plan is to be placed in effect. It shall be necessary to renew the plan each year with budget and other modifications as warranted in order to continue the plan.

~~(e)~~(g) All extracurricular and other special trips, not involving transportation from home to school or special education facility and return or from school to a vocational center or special education facility and return and ~~not reimbursable from~~ eligible for state ~~funds~~ aids, shall be accounted for, as to the number of miles traveled, number of resident pupils involved, and total cost for such trip or trips, by ~~each~~ the board of ~~any~~ each school district from which such ~~nonreimbursable~~ trips not authorized by M.S. 124.223 are made during the year.

(h) Notwithstanding any rule to the contrary, handicapped children may be transported beyond school district boundaries if the district school board deems that such transportation is educationally necessary.

(i) Districts which are responsible for the education of handicapped children residing in state institutions shall provide the necessary transportation and collect the transportation aids for all such pupils regardless of the district of residence pursuant to Laws 1973, Chapter 683, Section 16 (M.S. 124.32, Subd. 6.)

Edu 186 Transportation Contracts. No change.

Edu 187 Bus Rental Contracts. No Change.

Edu 188 Commissioner's Rules, Transportation Contracts. No change.

Edu 189 Planning Detail, Records. The school board in making arrangements for pupil transportation to and from school shall determine and maintain supporting records of the following, when applicable:

(a) ~~Course~~ Routes of the regular and special school buses ~~routes~~.

(b) Location of regular and special school bus loading areas.

(c) Time schedule for all school bus routes.

(d) Any changes to be made in school bus routes during the school year and the giving of adequate notice thereof.

(e) ~~Whether~~ Evidence that all bus drivers are legally qualified.

(f) ~~The establishment of local~~ Local pupil transportation policies.

(g) The distance each pupil transported resides from the school attended or if nonpublic the district line to which transported.

Edu 190 Regulations Relating to Equal Transportation

(a) Policy Statement. In accordance with ~~Laws 1969, Chapter 570 (codified as~~ Minn. ~~Stat. Sec.~~ 123.76-123.79~~)~~, it is the policy of the state board of education that school districts provide free and equal transportation for all school children of the state ~~residing in school districts which are eligible for state reimbursement for transportation cost pursuant to Minn. Stat., Chapters 123, and 124.~~

(b) Pursuant to the policy set out in Edu 190(a), the state board of education:

(1) shall provide transportation aid ~~in the form of reimbursement~~ in accordance with ~~Minn. Stat. Sec. 124.22~~ Edu 180 through Edu 199 for transportation provided by the school board for resident pupils to and from eligible schools located within the district.

(2) shall provide transportation aid ~~in the form of reimbursement~~ in accordance with ~~Minn. Stat. Sec. 124.22~~ Edu 180 through Edu 199 for transportation provided by the school district for resident pupils attending eligible schools located outside of the district, provided that the ~~reimbursement~~ aid shall be for only so much of the trip as is within the district of residence and, provided further that transportation aid may only be provided for such pupils within the limits specified in Edu 190(c).

(3) shall not provide transportation aid where a school district elects to provide transportation for non-resident pupils to a school or schools within its district.

(4) shall not provide transportation aid where a school district elects to provide transportation for non-resident pupils through its district enroute to a school located in another district.

(c) No change.

(d) No change.

(e) The school board of the district of residence may make contractual arrangements with private bus operators, non-public schools, public transit operators, parents, and/or other school districts for the transportation of school pupils for any portion of the pupils' trip to or from school, provided that the board ascertains that it is only paying for and claiming state ~~reimbursement~~ aid for that portion of the trip that is within the district of residence.

(1) No change.

(2) No change.

(3) No change.

(f) No change.

~~(g) These regulations shall be effective upon adoption by the state board.~~

EMERGENCY AID TO DISTRESSED SCHOOL DISTRICTS

~~(Pursuant to M.S. 124.24)~~

~~"124.24 EMERGENCY AID. --Emergency aid is money paid by the state to a district which by reason of calamity, high tax delinquency or excessived debt, or a combination thereof, or by other justifiable cause is unable by taxation to collect sufficient revenue to maintain its schools therefrom on minimum standards established by the state board. --Such aid will be paid only when specifically directed by the state board."~~

Edu 360 Application ~~and Standards~~ for ~~Use of~~ Funds

(a) Application for ~~assistanee~~ emergency aid pursuant to M.S. 124.24 may be made whenever the school board of a district determines that an emergency exists ~~and shall be made at least forty five days prior to consideration by the state board of education.~~

~~(b) The state board of education will consider emergency aid applications at its regular quarterly meetings in September, December, March, and June.~~

~~(c) Emergency aid may be used after the funds have been made available for:~~

~~(1) Payment of salaries for the required teachers and other necessary employees.~~

~~(2) Payment of tuition and transportation of pupils.~~

~~(3) Purchase of needed textbooks, library books, instructional materials, equipment and supplies.~~

~~(4) Upkeep and improvement of school plant when contracts have been entered into after the application has been approved by the state board of education.~~

~~(5) Construction or repair of a school building which has been damaged or destroyed by fire, wind, hail, water or other causes to such an extent that the district is unable to finance the repairs or replacement by using its local bond or taxing power so that school can be maintained.~~

~~(d)~~ (b) Application forms, ~~Code IX C 11~~ F29-9, for emergency aid shall be prepared in duplicate, one for the school district's file and one to be sent to the state department of education. Accompanying the application there shall be ~~fifteen copies of~~:

(1) A statement justifying the reason for needing emergency aid.

~~(2) A list of names, positions, and monthly salaries of all the employees of the district.~~

~~(3) A detailed breakdown of the requests for emergency aid, showing amounts needed for instructional and other services, or instructional materials and equipment based on lowest quoted prices to a school district from commercial firms and grouped according to department needs such as Industrial Arts, Home Economics, Library, etc.~~

~~(4)~~ (2) A statement of detailed estimated costs of proposed repairs, construction, or other improvements for buildings and sites ~~for which~~ when emergency aid is to be used for this purpose. ~~The~~ The amount requested is to be based on bids or estimates prepared either by architects, contractors or commercial firms.

(3) Form F29-9 Supplement when emergency aid is to be used for the elimination of deficit cash balances.

(4) A statement of the causes of a cash deficiency whenever emergency aid is to be used to balance a budget in a given fiscal year.

~~(e)~~(c) The state board of education ~~before~~ as a condition of granting emergency aid, pursuant to M.S. 124.221, may require changes in school district management or organization that will secure efficient and economical school administration, such as closing ~~the~~ a school or merging or consolidating the district with another district.

~~(f) School districts receiving emergency aid shall make a report on form Code IX-C-11a to the state board of education at the close of the school year indicating how emergency funds were spent.~~

(d) If the assessment of the financial situation of the district would be enhanced by receipt of the year-end Financial Report, the state board of education may approve 60% of the amount of the emergency grant determined on the basis of preliminary information prior to the end of the year and may approve the balance of the emergency grant as based on final information received at year end. Each payment shall be deemed a separate grant.

Edu 361 Criteria

(a) Along with other information in considering an application for emergency aid, the state board of education will take into account ~~whether or not the following factors exist in the district:~~

~~(1) The assessed value per pupil unit in average daily attendance is less than $1,500 based on the auditor's assessed valuation.~~

~~(2) The adjusted assessed valuation, as determined by the equalization aid review committee, per pupil unit in average daily attendance, is less than $4,500.~~

~~(3) The total indebtedness including bonds and orders not paid for want of funds, exceeds 45% of the total assessed valuation or 15% of the adjusted assessed value of all taxable property therein as determined by the equalization aid review committee.~~

~~(4) The total local effort based upon the latest available data shall exceed the effort exerted by at least 75% of the schools maintaining classified secondary schools. (Total local effort is defined as the total expenditures of local funds per pupil unit divided by the adjusted assessed (E.A.R.C.) value per pupil unit.)~~

(1) Local resources (for example: income, one year's projected excess income, assets, long-term bonding, temporarily delayed receivable income, special permitted levies, potential income by referendum) to alleviate the emergency, which are available.

(2) Whether maximum levies had been made prior to the application for emergency aid and whether maximum levies will continue to be made after application.

(3) Whether the receipts and disbursements for operating costs of the district (general, food, transportation and auxiliary school funds) are in balance for the following fiscal year and if not, whether a plan exists for bringing expenditures down to the level of disbursements.

(4) Whether the speed-up of payment of July-August salaries to a current basis has been excluded from the grant application.

(5) Whether salary negotiaions for the current year have been finalized.

(6) Whether all liabilities in the application have been calculated or estimated on a cash basis.

(b) No grant application shall be considered unless:

(1) The amount of the grant has been adjusted for the local effort possible in Edu 361(a)(1).

(aa) No bonding effort shall be required if the levy to provide payment for the bond is for a term of five years or less or if the amount of the levy in a single year is less than $4,500.

(bb) No refunding of debts shall be required.

(2) The district has made maximum levies or provides a reason for not doing so which is acceptable to the state board of education.

(3) The district has a projection or plan for being in financial balance.

Edu 362-279 Reserved for future use.

~~Note: Code IX-B-164(Rev.), which may be obtained upon application, contains additional required information relating to the district.~~

CHAPTER THIRTY-TWO: EDU 640-659

VETERANS EDUCATION

(ALL NEW MATERIAL)

Edu 640 Teacher Certification

(a) Teachers of courses or portions of courses approved on an accredited basis under the provisions of Section 1775, Chapter 36, Title 38, United States Code must be certified by the Minnesota State Department of Teacher Certification.

(b) Requirement in (a) above does not apply to teachers who were employed to teach on December 28, 1971, and have subsequently been continuously employed teaching a course approved on an accredited basis for training veterans and other eligible persons under Public Laws 89-358, 90-631, or 91-219.

Edu 641 Veterans Refund Policy

(a) Institutions offering courses approved under Section 1775, Chapter 36, Title 38, United States Code on an accredited basis will have and maintain a policy for the refund of the unused portion of tuition, fees, and other charges in the event the eligible person fails to enter the course or withdraws or is discontinued therefrom at any time prior to completion and such policy must provide that the amount charged to the eligible person for tuition, fees, and other charges for a portion of the course shall not exceed the approximate pro-rate fees and other charges that the length of the completed portion of the course bears to its total length. This requirement applies only to veterans and other eligible persons enrolling on or after February 1, 1972.

(b) Veterans and other eligible persons must be given a copy of the veterans refund policy upon their enrollment.

Edu 642 Employability Requirement

(a) Pursuant to the provisions of Veterans Administration directive, PG 21-1, Change 134, Section M-24 (Revised) February 3, 1970, Veterans Administration D.V.B. Circular 21-70-8 (June 5, 1970), and Veterans Administration D.V.B. Circular 21-71-8 (May 18, 1971), regarding courses approved for veterans education on either an accredited basis or on a non-accredited basis, the State Approving Agency will require (effective February 1, 1972) that all schools offering educational courses below college level and approved for Veterans Education under Public Laws 89-358, 90-631, and 91-219 demonstrate that at least 51 per cent of the graduates of such courses over the preceeding two-year period were employed in bonafide positions in the occupation for which they were trained by the course.

(1) Graduates who refuse bonafide job offers will be considered as employed.

(2) Graduates indicating upon graduation that they are not interested in securing employment will not be included in the computation of percentage of graduates employed.

Edu 643 State Approving Agency Criteria for Approval of Veterans Cooperative Farm Management Courses

(a) A MAXIMUM of 23 trainees may be enrolled in one "FARM COOPERATIVE" training course taught by one full-time instructor. This maximum includes all emrollees in the course.

(b) All veterans enrolled in a "FARM COOPERATIVE" course must keep appropriate farm accounts of the farm upon which they are employed in the "MINNESOTA FARM ACCOUNT BOOK".

(c) Each veteran enrolled in a "FARM COOPERATIVE" course must submit his "MINNESOTA FARM ACCOUNT BOOK" for electronic analysis annually. (Such as Agricultire Records Coop - Madison, Wisconsin)

(d) The instructor of a "FARM COOPERATIVE" course must make at least one visit per month to the farm of each veteran enrolled in the course.

(e) The instructor of a "FARM COOPERATIVE" course must be certified by the State of Minnesota Department of Teacher Certification and by approved by the Vocational Agriculture Unit of the Minnesota State Department of Education.

~~(6)~~ (2) Interior lamps: Interior lamps shall be provided which adequately illuminate aisle and step-well.

~~(7)~~ (3) School bus alternately flashing amber and red signal lamps: Definition: School bus alternately flashing ~~red~~ signal lamps mounted at same horizontal level, intended to identify vehicle as school bus and to inform other users of highway that such vehicle is about to stop ~~stopped~~ or is ~~about to stop~~ stopped on roadway to take on or discharge school children.

~~(aa) Bus shall be equipped with two red lamps at rear of vehicle and two red lamps at front of vehicle, which shall be controlled by manually actuated switch and when actuated shall flash alternately at rate of 60 to 120 cycles per minute. "On" period shall be long enough to permit bulb filament to come up to full brightness. No brake operated switch shall be permitted.~~

(aa) Each school bus shall be equipped with a system consisting of four red signal lamps designed to conform to SAE Standard J887, "School Bus Red Signal Lamps," and four amber signal lamps designed to that standard, except for color, and except that their candlepower shall be at least 2½ times that specified for red signal lamps. Both red and amber signal lamps shall be installed in accordance with SAE Standard, J887, except that each amber signal lamp shall be located near each red signal lamp, at the same level, but closer to the vertical centerline of the bus.

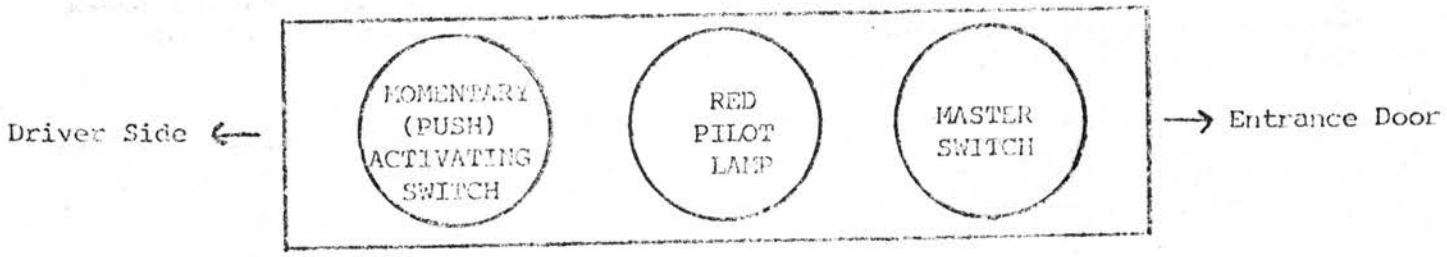
~~(bb) There shall be visible or audible means of giving clear and unmistakable indication to driver when signaling system is turned on.~~

(bb) The system shall be wired so that the amber signal lamps are activated only by hand operation, and if activated, are automatically deactivated and red signal lamps are automatically activated when the bus entrance door is opened. Right and left signal lamps shall flash alternately. Each signal lamp shall flash not less than 60 nor more than 120 flashes per minute. The "on" period shall be long enough to permit bulb filament to come up to full brightness. No brake operated switch shall be permitted.

.1 There shall be a red pilot lamp which shall go on when the respective amber or red systems are actuated. The pilot shall either go out or flash at an altered rate in the event the system is not functioning normally.

OPTION: Mobilflash Mark IV, as modified and approved for use in Minnesota, or its approved equal. Control box panel contains switches and red OFF/ON pilot lamp located in conformance with diagram below in addition to 8 indicator lights.

.2 Signal lamp system shall include a separate closed control box. The box shall be constructed as small as practical, easily demounted or partially disassembled to provide simple access for maintenance purposes. Switches and red pilot lamp shall be located in conformance with diagram below.



CONTROL BOX PANEL

.3 The control box shall be securely mounted to the right of the steering wheel, in the near proximity of the entrance door control, within easy unobstructed reach of the driver. Switches and pilot lamp shall be readily visible to the driver. The activating switch may be self illuminated (Glow Type).

(cc) Signal lamp system and stop arm shall operate as follows:

NOTE: Stop signal arm shall be of an automatic type. It shall automatically extend and retract in conjunction with the alternately flashing red lights and shall be activated and deactivated by the entrance door switch.

.1 With master switch on, entrance door closed, depress hand switch. Red pilot lamp and amber signals shall go on.

.2 Open entrance door. Pilot lamp and amber signal lamps shall go off, and pilot lamp and red signal lamps shall go on. Stop arm shall automatically extend.

.3 Close entrance door. Red pilot and signal lamps shall go off and stop arm shall automatically retract.

.4 Open entrance door without depressing hand switch. Red pilot lamp and red signal lamps shall go on. Stop arm shall automatically extend.

.5 With master switch off, depressing hand switch shall not actuate the amber signal system, nor will opening entrance door actuate the red signal system and stop arm.

~~(ee)~~ (dd) (cc) now recoded as (dd) Installation ~~recommendations~~ requirements:

.1 Each alternately flashing signal lamp shall be mounted with its axis substantially parallel to longitudinal axis of vehicle.

.2 Front and rear alternately flashing signal lamps shall be spaced as far apart laterally as practicable. ~~but-in-no-case-shall-spacing-between-lamp-centers be-less-than-40-inches.~~

.3 Alternately flashing signal lamps shall be mounted at the front on same horizontal center line and above windshield, and at the rear on the same horizontal center line so that the lower edge of lens is not lower than top line of side window. ~~opening.~~

.4 Vertical and lateral vision of the front and rear alternately flashing warning lamps shall not be obstructed by any part of the body or lamp-house insofar as standard bus body construction will permit.

.5 Area around lens of each alternately flashing ~~red~~ signal lamp and extending outward approximately 3 inches shall be painted black. In installations where there is no flat vertical portion of body immediately surrounding entire lens of lamp, circular or square band of black approximately 3 inches wide, immediately below and to both sides of lens, shall be painted on body or roof area against which signal lamp is seen (from distance of 500 feet along axis of vehicle).

~~.6--Each-lamp-shall-be-mounted-with-its-aiming-plane-vertical-and-normal to-the-vehicle-axis.~~

.6 A separate fuse or circuit breaker, adequate to prevent damage to the system in the event of a dead short, shall be provided between the power source and the master switch.

(4) LAMPS AND SIGNALS. (BUSES NOW IN SERVICE) Conversion Installation of 8-Lamp Alternately Flashing Warning Signal System.

Type I school buses (carrying more than 16 pupil passengers) which were manufactured and in service prior to the effective date of these regulations and not equipped with an 8-Lamp system shall comply with the following:

(1) School bus alternately flashing amber and red signal lamps: Definition: School bus alternately flashing signal lamps are lamps mounted at the same horizontal level, intended to identify vehicle as school bus and to inform other users of highway that such vehicle is about to stop or is stopped on roadway to take on or discharge school children.

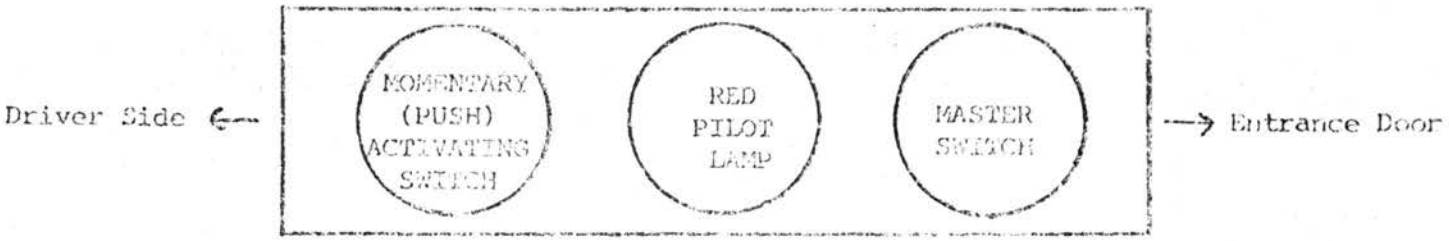
(aa) Each school bus shall be equipped with a system consisting of four red signal lamps designed to conform to SAE Standard J887, "School Bus Red Signal Lamps," July 1964, and four amber signal lamps designed to that standard, except for color, and except that their candlepower shall be at least 2½ times that specified for red signal lamps. Both red and amber signal lamps shall be installed in accordance with SAE Standard, J887, except that each amber signal lamp shall be located near each red signal lamp, at or near as practicable to the same level, but closer to the vertical centerline of the bus.

(bb) The system shall be wired so that the amber signal lamps are activated only by hand operation and, if activated, are automatically deactivated and red signal lamps are automatically activated when the bus entrance door is opened. The flashing mechanism shall be capable of carrying the full current load of the signal system. Right and left signal lamps shall flash alternately. Each signal lamp shall flash not less than 60 nor more than 120 flashes per minute. The "on" period shall be long enough to permit bulb filament to come up to full brightness. No brake operated switch shall be permitted.

.1 There shall be a red pilot lamp which shall go on when the respective amber or red systems are actuated. The pilot shall either go out or flash at an altered rate in the event the system is not functioning normally.

OPTION: Mobilflash Mark IV, as modified and approved for use in Minnesota, or its approved equal. Control box panel contains switches and red OFF/ON pilot lamp located in conformance with diagram below in addition to 8 indicator lights.

.2 Signal lamp system shall include a separate closed control box. The box shall be constructed as small as practical, easily demounted or partially disassembled to provide simple access for maintenance purposes. Switches and red pilot lamps shall be located in conformace with diagram below.



CONTROL BOX PANEL

.3 The control box shall be securely mounted to the right of the steering wheel, in the near proximity of the entrance door control, within easy unobstructed reach of the driver. Switches and pilot lamp shall be readily visible to the driver. The activating switch may be self illuminated (Glow Type).

Note: Buses equipped with an 8-Lamp system prior to the effective date of these regulations shall be exempt from Edu 262(3), (bb), items (.1)(.2)(.3).

(cc) Signal lamps system and stop arm shall operate as follows:

Note: Stop arms presently air or vacuum operated shall be converted to operate automatically in conjunction with the red signal lamps. Manual stop arms not required to be converted.

.1 With master switch on, entrance door closed, depress hand switch. Red pilot lamp and amber signals shall go on.

.2 Open entrance door. Pilot lamp and amber signal lamps shall go off and pilot lamp and red signal lamps shall go on. Stop arm, if air or vacuum, shall automatically extend.

.3 Close entrance door. Red pilot and signal lamps shall go off and stop arm, if air or vacuum, shall retract automatically.

.4 Open entrance door without depressing hand switch. Red pilot lamp and red signal lamps shall go on. Stop arm, if air or vacuum, shall automatically extend.

.5 With master switch off, depressing hand switch shall not actuate the amber signal system, nor will opening entrance door actuate the red signal system and stop arm.

(dd) Installation requirements:

.1 Each flashing signal lamp shall be mounted with its axis substantially parallel to longitudinal axis of vehicle.

.2 Front and rear alternately flashing signal lamps shall be spaced as far apart laterally as practicable.

.3 Alternately flashing signal lamps shall be mounted at the front above the windshield and at the rear so that the lower edge of the lens is not lower than top line of the side window.

.4 Vertical and lateral vision of the front and rear alternately flashing warning lamps shall not be obstructed by any part of the body or lamphouse insofar as standard bus body construction will permit.

.5 Area around each lamp, extending approximately 3 inches outward shall be painted black.

.6 A separate fuse or circuit breaker, adequate to prevent damage to the system in the event of a dead short, shall be provided between the power source and the master switch.

.7 All wiring from alternately flashing signal lamps to the door switch shall be at least 10 gauge. All other wire shall be a minimum of 14 gauge.

.8 The red and amber signal lamps shall draw an equal current load. See OPTION, Edu 262 (3)(bb), item (.1).

.9 Air or vacuum operated stop arms shall automatically extend and retract in conjunction with the alternately flashing red signals and shall be activated and deactivated by entrance door switch. (Manual stop arms not required to be converted.)

(ee) No wiring shall be on the exterior of the vehicle. All wiring shall be located within the body structure or within the body interior or combination thereof.

.1 Installation within the body structure: (Removing access panels above or below side windows.)

Wiring shall be cleated at intervals for proper support.
Wire shall be additionally insulated for protection at all possible wear points.
Whenever wires pass through body members or panels, additional protection shall be provided by the use of appropriate type of insulating inserts or grommets.

.2 Installation within the body interior. (Use of sheet metal covering, metal conduit or metal surface channel type applications.)

Installation shall not be made below side windows or along floor.
Wire shall be additionally insulated for protection at possible wear points.
Whenever wires pass through body members or panels, additional protection shall be provided by the use of appropriate type of insulating inserts or grommets.

.3 Manufacturers shall provide detailed installation instructions, including correct method of mounting, assembly and wiring with each alternately flashing warning conversion system.

(5) Turn signal lamps: No change.

(6) Flags and flares:

(aa) School bus shall carry at all times at least three red, yellow or orange ~~cloth~~ flags not less than 12 inches square and means for mounting for use in warning traffic in event of ~~prolonged stops~~ breakdown on the highway.

(bb) Bus shall carry at least three red electric lanterns or at least three emergency reflectors, to be displayed according to state law in event of ~~prolonged stops~~ breakdown on the highway.

Note: Fusees may also be used (not required). Liquid burning "pot type" flares not allowed.

(cc) Mounted reflectors. See M.S. 169.50 and M.S. 169.75.

EDU 263 Type II School Buses

Type II buses ~~Automobiles, Stationwagons, Carryalls, Suburbans, Sedans (small vehicles~~ carrying ~~twelve~~ 16 or less pupil passengers~~)~~ shall be painted National School Bus Glossy Yellow, identified as a school bus, equipped with 8 Lamp Warning System and stop signal arm, and shall operate as a TYPE I bus. See TYPE I, OPERATING RULES, Edu 240.

Note: Type II vehicles are restricted in size and SHALL NOT exceed 16 passengers (rated manufacturer's capacity).

Automobiles, stationwagons and other vehicles designed for carrying 9 or less pupil passengers are TYPE III buses, and their use is PROHIBITED as a TYPE I or TYPE II bus.

(a) No ~~automobile, stationwagon, carryall, surburban, sedan or similar~~ Type II vehicle used to transport school children shall be more than 10 years old and every such vehicle shall provide for:

~~(1) All steel construction, comfortable seats, individually controlled windows, and dust proof body.~~

(1) COLOR

(aa) Shall be painted National School Bus Glossy Yellow (Color 13432). Use of chrome and/or black trim permitted. TYPE I BUSES. See COLOR, CHASSIS, Edu 261(h) page , also COLOR, BODY, Edu 262(h) page .

~~(2) Doors opening from both inside and outside with no restrictive secondary locking devices of the automatic type.~~

(2) CONSTRUCTION

(aa) All steel construction and shall provide reasonably dustproof and watertight unit.

~~(3) Interior and exterior rear view mirrors.~~

(3) DEFROSTERS

(aa) Defrosters of sufficient capacity to keep at least 80 percent of the total windshield area clear of condensation, ice and snow.

~~(4) Two windshield wipers of the vacuum or electric type.~~

(4) DOORS

(aa) Doors opening from both inside and outside with no restrictive secondary locking devices of the automatic type.

~~(5) Heater of the hot water type, with fresh air intake, and capacity sufficient to heat the car interior adequately during subzero weather.~~

(5) FIRE EXTINGUISHER. (2½ pound, dry-chemical type.)

~~(6)--Defrosters,-with-separate-motor-driven-all-metal-fans,-or-sufficient-capacity to-keep-at-least-80-percent-of-the-total-windshield-area-clean-of-condensation,-ice, and-snow.~~

(6) FIRST AID KIT

(aa) Vehicle shall carry first-aid kit (10 unit), removable and readily identifiable, mounted in full view and in an accessible place in driver's compartment. See TYPE I BUSES, FIRST AID KIT, Edu 262(n), page .

~~(7)--First-Aid-Kit-(10-unit).~~

(7) HEATERS

(aa) Heaters shall be of hot-water or combustion-type.

(bb) If only one heater is used, it shall be of fresh air or combination fresh air and recirculating type.

(cc) If more than one heater is used, additional heaters may be of recirculating type. Each heater motor shall be at least two speed.

(dd) All combustion-type shall be approved by Underwriter's Laboratories, Inc.

(ee) Heaters shall be capable of maintaining inside temperature of 50 degrees Fahrenheit at average minimum January temperatures as established by U.S. Department of Commerce, Weather Bureau, for area in which heater is required.

(ff) Heater lines inside the passenger compartment shall be guarded to prevent accidental contact by driver or passengers.

~~(8)--Driver's-seat-belt-in-compliance-with-M.S.-169.44,-Subd.-9.~~

(8) IDENTIFICATION

(aa) Body shall bear words "SCHOOL BUS" in black letters at least 8 inches high on both front and rear of body or on signs attached thereto. Lettering shall be placed as high as possible without impairment of its visibility. Lettering shall conform to "Series B" of Standard Alphabets for Highway Signs.

(bb) Only signs and lettering approved by state law or regulation, limited to name of owner or operator and any number necessary for identification shall appear on sides of bus. See M.S. 169.44, Subd. 3 and Administrative Manual, Directives following Edu 262(r).

~~(9)--Reflectorized,-demountable-school-bus-signs-to-comply-with-standards-set-by the-commissioner-of-highways.--(Required-to-be-displayed-front-and-rear-at-all-times-when vehicle-is-in-use-as-a-school-bus.)~~

(9) LAMPS AND SIGNALS

(aa) 8-Lamp Alternately Flashing Warning Signal System shall be installed and operate in conformance with TYPE I BUSES. See Edu 262(v), page .

(bb) All lamps on exterior of vehicle shall conform with and be installed as required by Federal Motor Vehicle Safety Standard 108.

(cc) Flags and flares:

.1 School bus shall carry at all times at least three red, yellow or orange flags not less than 12 inches square and means for mounting for use in warning traffic in event of breakdown on the highway.

.2 Bus shall carry at least three red electric lanterns or at least three red emergency reflectors, to be displayed according to state law in event of breakdown on the highway.

Note: Fusees may also be used (not required). Liquid burning "pot type" flares not allowed.

~~(10)--Alternately-flashing-amber-signals-to-comply-with-standards-set-by-the commissioner-of-highways.--(Required-only-on-vehicles-operating-outside-an-incorporated municipality.~~

(10) MIRRORS

(aa) Interior mirror, manufacturer's standard.

(bb) Two exterior clear view mirrors, one to left and one to right of driver. Each mirror shall be firmly supported and adjustable to give driver clear view past left rear and right rear of bus.

(cc) Exterior convex mirror at least 7½ inches in diameter shall be located either on left or on right side of bus in such a manner that seated driver may observe, through its use, areas to front or side of bus where direct observation, as prescribed in Federal Standard 17, is not possible.

~~(11)--Fires-Extinguisher-(2½-LB.-Dry).~~

(11) SEAT BELT FOR DRIVER

(aa) Seat belt for driver shall be provided, belt to comply with current specifications and recommended practices of Society of Automotive Engineers except that belt shall be fastened to bus floor immediately behind driver's seat when adjusted to rearmost position.

(12) SEATS

(aa) Vehicle manufacturer's standard seating.

(bb) If school bus type are used, they shall be installed and spaced in conformance with TYPE I BUSES (except for required headroom). See Edu 262 (z.7), page .

(13) STOP SIGNAL ARM

(aa) Stop signal arm shall be installed and operate in conformance with TYPE I BUSES. See Edu 262 (z.12), page , Edu 262 (v), Items (3)(cc) page , and Edu 262 (v), Items (4)(cc) page .

EDU 264 TYPE III School Buses

Type III buses carrying 16 or less pupil passengers (including automobiles, stationwagons and other vehicles designed for carrying 9 or less), SHALL NOT: be painted school bus color, bear the words "SCHOOL BUS", have the 8-Lamp Warning System or stop signal arm, and SHALL NOT operate as a TYPE I or TYPE II bus. See TYPE III Buses, OPERATING RULES, Edu 241.

Note: Type III vehicles are restricted in size and SHALL NOT exceed 16 passengers (rated manufacturer's capacity).

(a) No Type III vehicle used to transport school children shall be more than 10 years old. Every Type III vehicle shall comply with the requirements for TYPE II Buses, Edu 263, EXCEPT for the following:

(1) COLOR

(aa) Shall be painted a color other than National School Bus Glossy Yellow or Minnesota Golden Orange.

Exception: Vehicles purchased prior to the effective date of this regulation.

(2) IDENTIFICATION

(aa) Shall not have the words, "School Bus" in any location on the exterior of the vehicle, or in any interior location visible to a motorist.

(bb) Shall display to the rear of the vehicle a sign "VEHICLE STOPS AT RR CROSSINGS".

.1 Lettering (except for "AT", which may be 1" smaller) shall be a minimum 2 inch "Series D" as specified in Standard Alphabets for Highway Signs as specified by the Federal Highway Administration.

.2 Sign shall have provisions for being covered, or be of a removable or fold down type.

(3) LAMPS AND SIGNALS

(aa) Installation and use of the 8-Lamp Warning System is prohibited.

(bb) All lamps on exterior of vehicle shall conform with and be installed as required by Federal Motor Vehicle Safety Standard 108.

(4) STOP SIGNAL ARM

(aa) Installation and use of stop signal arm is prohibited.

EDU 265 No change.

ADOPTION OF RULES RESOLUTION

I, Howard B. Casmey, do hereby certify that I am secretary of the State Board of Education, a board duly authorized under the laws of the State of Minnesota, and that the following is true, complete, and correct copy of a resolution adopted at a meeting of the Board of Education duly and properly called and held on the 8th day of April 1974; that a quorum was present at said meeting; that a majority of those present voted for the resolution; that said resolution is set forth in the minutes of said meeting and has not been rescinded or modified.

RESOLVED that the rules amending and supplementing MINNESOTA ADMINISTRATIVE RULES AND REGULATIONS -- Rules and Regulations of the State Board of Education, 1967 Edition and 1969, 1970, 1971, 1972 and 1973 Supplements, identified as Minn. Reg. Edu: 4 be and hereby are approved and adopted pursuant to the authority vested in us by M.S. 1973 Supplements, Section 121.11; and that the commissioner of education be and hereby is authorized to sign an order adopting these rules.

IN WITNESS WHEREOF, I have hereunto subscribed my name this 25th day of April, 1974.

In the matter of the Proposed
Adoption of Rules of the State
Board of Education Governing
Adoption of Edu 4 (f).

FINDING OF FACTS

The above entitled matter came for hearing before the State Board of Education of the State of Minnesota on the 8th day of December, 1973, at 9:00 a.m. in Conference Room D, 5th Floor, Veterans Building, St. Paul, Minnesota after proper notice required by M.S. 1971, Section 15.0412 was served upon all persons, associated and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon records, files, and proceedings herein, we find the following:

1.) It seems appropriate to include instruction in the use and misuse of drugs, alcohol, tobacco, and other chemicals in the school programs since it has been deleted from the statutes.

2.) It has an appropriate place in a broad health education program.

3.) There seems to be a need for a formal approach to this topic that is basic for all students.

The above findings indicate that the identified Minnesota State Board of Education regulation should be accepted and become a part of the operational procedure of this body. The proposed regulation Edu 4 (f) is reasonable and should be adopted.

FINDING OF FACTS

The above entitled matters came for hearing before the State Board of Education of the State of Minnesota on the 8th day of December, 1973, at 9:00 a.m. in Conference Room D, 5th Floor, Veterans Building, St. Paul, Minnesota after proper notice required by M.S. 1971, Section 15.0412 was served upon all persons, associated and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon records, files, and proceedings herein, we find the following:

1.) It seems appropriate to change the programs carrying the title of Industrial Arts to Industrial Education because it indicates a broader scope and is more appropriate to the language of the profession.

2.) There appears to be a need for greater flexibility to educational programs in the secondary schools of the state which will provide for a more diversified program to fit the needs and interests of individual students.

3.) Many school systems in our state desire to offer innovative and experimental programs which tend to circumvent some existing Board regulations. There is a need for the State Board of Education to be able to allow the experimental programs. This regulation permits the Board to waive instructional program regulations in order to have experimental programs.

4.) There appears to be a need for students to be able to test out of elective credit programs if they can exhibit competence in that particular subject area.

The above findings indicate that the identified Minnesota State Board of Education regulations should be accepted and become a part of the operational procedure of this body. The proposed regulations Edu 40-59, Edu 60-79, Edu 280-299 with the exception of Edu 43 (a)(1) and Edu 43 (a)(2)(cc).are reasonable and should be adopted.

FINDING OF FACTS

The above entitled matters came for hearing before the State Board of Education of the State of Minnesota on the 8th day of December, 1973, at 9:00 a.m. in Conference Room D, 5th Floor, Veterans Building, St. Paul, Minnesota after proper notice required by M.S. 1971, Section 15.0412 was served upon all persons, associated and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon records, files, and proceedings herein, we find the following:

1.) It seems appropriate and advisable to raise the number of units for graduation from the secondary schools of the state of Minnesota from the present twelve (12) to fifteen (15) by the completion of the 1976-77 school year.

2.) It seems appropriate to implement the transition from the required twelve to fifteen units according to the following schedule:

1974-75 graduates	13 units of credit required
1975-76 graduates	14 units of credit required
1976-77 graduates	15 units of credit required
1977 and after	15 units of credit required

3.) Reports from secondary schools in Minnesota indicate that a high percent of them require fifteen or more units for graduation or if they do not require more than twelve, many of the students accumulate fifteen or more.

The above findings indicate that the identified Minnesota State Board of Education regulations should be accepted and become a part of the operational procedure of this body. The proposed regulations Edu 43 (a)(1) and Edu 43 (a)(2)(cc) are reasonable and should be adopted.

FINDING OF FACTS

The above entitled matter came on for hearing before the State Board of Education of the State of Minnesota on the 8th day of December, 1973, at 9:00 A.M. in Conference Room D, 5th Floor, Veterans Building, St. Paul, Minnesota after proper notice required by M. After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon records, files and proceedings herein, we find the following:

1) The changes in financing of school districts initiated in 1971 has changed the kinds of school districts in need of emergency aid.

2) The processing of emergency aid grants has been unnecessarily complicated and simplification can be realized.

3) Emergency aid has been based on criterion-rated applications. More precise determinations of such aids can be made by assessment of actual need. The assessment must take into consideration the local effort made or possible.

4) Pursuant to M. S. 124.221, enacted in 1971, school districts in financial difficulty can be required to upgrade their management practices or organization. In addition, sound future financial management should be required as a condition for a grant.

5) Deficit cash balances need to be clearly defined as a basis for emergency aid grants.

6) Finally, a portion of a grant should be available to a district in need even if the total needs assessment has not been made.

FINDING OF FACTS

The above entitled matter came on for hearing before the State Board of Education of the state of Minnesota on the 8th day of December, 1973, at 9:00 a.m. in conference Room D, 5th Floor, Veterans Building, St. Paul, Minnesota after proper notice required by M.S. 1971, Section 15.0412 was served upon all persons, associated and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having received no contrary arguments or data, we find the following:

1) That it is reasonable to require teachers in courses deemed to be "accredited" under the provisions of Section 1775, Chapter 36, Title 8, be certified by Minnesota Department of Education in the same manner as teachers are certified for the purpose of the area vocational technical institutes.

2) There is good reason to require schools approved on a accredited basis to maintain a refund policy for tuition and other costs which is pro-rata in character, and veterans and dependents of veterans be so informed.

3) That it is not unreasonable to require a showing that a substantial number of graduates do in fact obtain employment as a result of having taken a course of training purporting to lead to employment as required by Veterans Administration DBV Circular 21-70-8, dated June 5, 1970, and 21-71-8, dated May 18, 1971.

STATEMENT OF NEED

The above captioned rule is an amendment to an existing rule of the State Board of Education. The last time the above captioned rule was amended was December 14, 1970.

The need to adopt this rule is to make it possible for secondary schools to develop innovative programs that provide greater flexibility and diversification, thereby better meeting the needs and interests of individual students.

67(a) and 291(g)

STATEMENT OF NEED

The above captioned rule is an amendment to an existing rule of the State Board of Education. The last time the above captioned rule was amended was December 14, 1970.

The need to adopt this rule arises because of the need to update the wording to currently accepted usage. The term "INDUSTRIAL EDUCATION" is generally preferred today because it indicates a broader scope against the term "INDUSTRIAL ARTS" that was in the regulation.

Relating to Edu 4(f)

STATEMENT OF NEED

The above captioned rule is to require chemical dependency instruction of every school pupil, because the 1973 Legislature repealed Minnesota Statute 126.04 which required such instruction. However, Minnesota Statute 126.05 which requires chemical dependency instruction for education majors was not repealed.

This regulation is needed to help combat the critical personal and public health problems caused by drug use and abuse. Educators did not have an opportunity to testify concerning the repeal of Minnesota Statute 126.04, because it was a portion of another bill on drug abuse not related to education.

STATEMENT OF NEED

The above captioned rules are amendments to existing rules of the State Board of Education. The last time the above captioned rules were amended was December 14, 1970.

The need to adopt these rules arises because of the probability and possibility of students earning more credits through performance testing, and the lowering of the minimum time requirements for credit.

STATEMENT OF NEED

The above captioned rules is an amendment to existing rules to the State Board of Education. The last time the above captioned rule was amended was October, 1971.

The need to adopt these rules arises because: the Board will become more responsive to the distress of school districts, grants will be need-based rather than criterion-based, procedures and forms will be simplified, local school administrative procedures may be required to be upgraded, and in the light of smaller emergency aid grants maximum local participation is required. These rules represent the culmination of a transition which has been taking place for two years. The 1971 law changed the nature of the districts which might be in financial distress in contrast to those which the previous criteria measured.
