Adopted Rules

MINNESOTA DEPARTMENT OF PUBLIC SAFETY

SAFETY ADMINISTRATION DIVISION

CHAPTER SEVEN: METHOD OF IDENTIFICATION AND SIGNALS FOR SCHOOL SAFETY PATROL IN MINNESOTA

SafAd 65 PURPOSE AND SCOPE

(a) Purpose. The purpose of this regulation is to establish the method of identification and signals for school safety patrol, including equipment standards and proper usage procedures.

(b) The scope of this regulation is intended to be consistent with the provisions of Minnesota Statutes (1971), Section 126.15.

SafAd 66 SCHOOL SAFETY PATROL FLAG AND POLE

Each school safety patrol flag shall meet the following standards:

(a) The flag shall be blaze orange in color with an octagonal of yellow bearing the word "STOP" in black letters.

(b) The flag shall be 24 inches in width at the bottom.

(c) The inside edge of the flag shall be 21 inches in length.

(d) The outside edge of the flag shall be 27 inches in length.

(e) The octagonal center of yellow shall measure at least 9½ inches from side to side and the black letters of the word "STOP" shall be in a block type at least 3 inches in height.

(f) The letters of the word "SCHOOL" appearing above the word "STOP" shall be in block type at least 1-1/8 inches in height.

(g) The letters of the word "PATROL" appearing below the word "STOP" shall be in block type at least 1-1/8 inches in height.

(h) The octagon shall be affixed to the flag in such a manner that the bottom side of the octagon and the word "STOP" shall be parallel with the ground when the pole is held at a 45 degree upward angle.

(i) The octagonal yellow field shall be centered equidistantly from the sides and the bottom.

(j) Both sides of the flag shall be identical.

(k) Retro-reflective material may be applied to the flag if the school administrator deems such application is necessary and feasible. If reflectorized, such application must be accomplished in conformance with the following specifications:

(1) Two, 3/4 inch strips of retro-reflective silver tape shall be either pressed on or sewn on both sides of the flag.

(2) The top strip shall be placed three inches from the top (pole) edge of the flag; and the bottom strip shall be placed three inches from the bottom (opposite) edge of the flag. Both strips shall be centered equidistantly from the sides, and must be a minimum of eight inches in length.

(1) The flag shall be attached to a lightweight pole with a minimum length of five feet. Weights may be attached to the bottom of the flag to hold it in a vertical position in windy weather in order to be visible to the approaching drivers.

SafAd 67 EQUIPMENT WORN BY PATROL MEMBER

(a) The Sam Browne belt, vest, or sash with pole socket worn by a school safety patrol member shall be made of leather, web, or plastic material. When possible, this equipment shall be worn over outer garments while on duty. Color may be white or blaze orange.

(b) The school safety patrol badge may be worn by each patrol member while on duty. This badge shall be attached to the Sam Browne belt, vest, or sash in such position as to be plainly visible.

SafAd 68 POSITION AND PROCEDURE AT STREET INTERSECTION OR CROSSING

(a) The patrol member shall stand on the road shoulder or curb (not in the roadway) where he shall observe approaching traffic from all directions.

(b) The patrol member shall instruct the children to remain in place until he sees a break or lull in traffic. During this time, except when actually issuing directions to the children, he shall stand erect and at attention with the flag staff resting on the ground in a vertical position at the right of his right foot. In this latter position he will more readily be observed by drivers of approaching vehicles.

(c) When a lull occurs in traffic the patrol member shall raise the flag vertically upward for a period of four seconds, to alert any oncoming traffic.

(d) When the lanes of roadway are clear of traffic the patrol member shall extend the flag into his traffic lane at an angle of approximately 45 degrees upward. This will be the signal for the children to start crossing the street. Holding the flag at a 45 degree angle will place it above the heads of the children. If two patrol members are used at one intersection, each member shall make a quarter turn in the direction

of the oncoming traffic on his side of the street or road.

(e) While the children are crossing the street in a column, the patrol member shall keep his position watching or facing approaching traffic.

(f) If his view of traffic is obstructed by parked cars, the patrol member may step into the street a sufficient distance to obtain a clear view, but not more than one pace beyond the fender line of the parked cars. After the children have completed crossing the street, the patrol member shall return to his position on the shoulder or curb.

(g) Under no circumstances shall the flag ever be waved or misused in any manner.

(h) There shall be one or more patrol members at each crossing. When two are used, one patrol member shall operate as sender on the side from which the children gather, and the other shall take a similar position on the opposite side of the roadway and operate as the receiver.

(i) At least two patrol members shall be used at a particular crossing when, in the opinion of local law enforcement officials, traffic is such that more than one patrol member is needed for the safety of the school children.

(j) Patrol members shall continually watch oncoming traffic while children are crossing the roadway and be constantly alert for danger. They shall stand between the children and approaching traffic.

SafAd 69 PROCEDURE AT RAILROAD CROSSINGS

(a) The patrol flag shall never be used at railroad crossings.

(b) The patrol member shall direct children to remain at least a distance of twenty feet from the nearest railroad track until he has completed his inspection to see if there are any approaching trains. When there are no approaching trains, he shall direct the children to cross the tracks and shall remain at his position until all have crossed.

SafAd 70 SCHOOL BUS SAFETY PATROL PROCEDURES

(a) School bus crossing at railroad tracks: patrol members shall motion the bus across the railroad tracks in the following manner:

(1) Patrol members shall take a position so as to have a clear view of the railroad track in both directions.

(2) If a train is approaching the crossing, the patrol member shall not cross the tracks but shall face the bus at a safe distance

from the tracks and give the signal for the bus not to proceed by holding up both hands above his head.

(3) When the railroad track is clear and safe for crossing, the patrol member shall cross the tracks and signal, with a forward motion of his upraised arm, for the driver to proceed across the tracks to a point at least 2½ bus lengths beyond the tracks, where the patrol member shall re-enter the bus.

(b) Crossing roadways from a school bus.

(1) The driver of a school bus is responsible for the safety of the children, and the presence of a school bus safety patrol member in no way relieves him of such responsibility.

(2) In directing pupils across the roadway after alighting from the bus, the patrol member shall escort the pupils to a position at least 10 feet in front of the bus. When he has ascertained that there is no approaching traffic, he shall step out one pace beyond the fender line of the bus and extend his flag into the opposite lane at a 45 degree angle and direct the pupils to proceed across the roadway.

(3) The patrol member shall not escort each pupil across the roadway, but shall remain at his post near the front of the bus.

(4) Crossing the roadway behind the bus shall never be permitted.

SafAd 71 POLICE OFFICER, TRAFFIC SIGNAL CONTROL

(a) At intersections where traffic is controlled by a police officer, a traffic signal, or both, the patrol member shall direct the crossing of the children in conformity with the direction of the signal or the police officer.

(b) At intersections where there is no regular traffic control, the traffic may be sufficiently heavy to require the special assignment of a police officer at times when children are going to and from school. When this is done, the patrol member should cooperate with police officers.

SafAd 72 REPEAL

The provisions of Minnesota Highway Regulation 6, previously adopted, are hereby repealed.

SafAd 73 EFFECTIVE DATES

(a) The provisions of this regulation are effective upon adoption and filing with the Secretary of State and the Commissioner of Administration, except as provided in (b) and (c) below.

(b) Except for the provisions of (c) below, school safety patrol equipment presently being used which is in conformity with the repealed regulation may continue to be used until replaced. All equipment purchased after January 1, 1974, shall be in compliance with this regulation.

(c) All flags which are now reflectorized may be continued in use until worn out, or three years from July 1, 1976, whichever comes sooner. All retro-reflective materials applied to flags after July 1, 1976, must be in compliance with these specifications as set forth in SafAd 66 (k).

STATEMENT OF COMPLIANCE WITH

MANUAL OF RULE MAKING PROCEDURES

I, Special Assistant Attorney General Frederick Suhler, do hereby declare that I have examined the proposed rules and all related documents and that, based on them and my personal familiarity with the applicable procedures, the Manual of Rule Making Procedures has been followed.

2/6/76

Frederick Suhler
Special Assistant Attorney General

Dated: _____

Exhibit A

STATE OF MINNESOTA

COUNTY OF RAMSEY

BEFORE Edward G. Novak

COMMISSIONER OF PUBLIC SAFETY

In the matter of the Proposed Adoption of Rules of the State Department of Public Safety Governing Amendments to Rules Prescribing the Method of Identification and Signals for School Safety Patrol.

ORDER FOR HEARING

To effectively implement Minnesota Statutes 1974, Section 126.15, subd. 4, the Minnesota Commissioner of Public Safety deems it necessary to consider adoption of the proposed rules captioned above pursuant to the authority vested in me by M.S. 1974, Section 299A.01, Subdivision 6.

NOW, THEREFORE, IT IS ORDERED this 13th day of November, 1975, that a public hearing on the proposed rules captioned above be held in Room B9A Highway Building, St. Paul, Minnesota, December 29, 1975, commencing at 1:30 P.M., and continuing until all representatives of associations or other interested groups or persons have had an opportunity to be heard.

IT IS FURTHER ORDERED, that notice of said hearing be given to all representatives of associations or other interested groups or persons who have registered their names with the Secretary of State for that purpose and all persons who are presently members of the Minnesota Legislature.

STATE OF MINNESOTA
DEPARTMENT OF PUBLIC SAFETY

Edward G Novak
COMMISSIONER OF PUBLIC SAFETY

Exhibit B

STATE OF MINNESOTA

BEFORE EDWARD G. NOVAK

COUNTY OF RAMSEY

COMMISSIONER OF PUBLIC SAFETY

In the matter of the Proposed Adoption of Rules of the State Department of Public Safety Relating to Amendments to Rules Prescribing the Methods of Identification and Signals for School Safety Patrol.

STATEMENT OF NEED

The above captioned rules are amendments to existing rules of the Department of Public Safety. The above-capitoned rules were originally adopted June 15, 1973.

The need to adopt these rules arises because of the following:

Two years ago, when daylight savings time was extended to the 12-month period in order to conserve energy, school authorities and parents became alarmed at the effect this would have on school children walking to school in the darkness of morning. At that time, the School Safety Patrol Committee of the Minnesota Safety Council recommended that it be made mandatory to apply retro-reflective materials to all school safety patrol flags. When daylight savings time was rescinded for the winter months, the need for this diminished for some schools, and the recommendation was not acted upon.

This same committee has been studying the feasibility of requiring retro-reflective material on school safety patrol flags, and has found divided opinion on the need for it. Throughout the state schools have different starting times. Children are walking to school from 7:30-9:00 a.m. Therefore, many of them are exposed to early morning darkness, even under standard time. Those schools with earlier starting times have a need for reflectorization of school safety patrol flags. The schools with later starting times are opposed to mandatory reflectorization of patrol flags.

Therefore, these proposed regulations recommend an amendment to the existing regulations to make reflectorization of school safety patrol flags optional, but setting forth specifications to be followed if that option is acted upon. Uniformity is necessary in order to present a uniformly reflectorized flag to the motorist's

view, so that he will easily recognize it as a school patrol flag in periods of reduced visibility. Secondarily, there is an annual judging of patrols and their equipment for statewide awards. Standardized reflectorization will aid in the judging and selecting of winners from the various school districts.

Exhibit C

STATE OF MINNESOTA

BEFORE EDWARD G. NOVAK

COUNTY OF RAMSEY

COMMISSIONER OF PUBLIC SAFETY

In the matter of the Proposed Adoption of Rules of the State Department of Public Safety Relating to Amendments to Rules Prescribing the Methods of Identification and Signals for School Safety Patrol.

NOTICE OF HEARING

Notice is hereby given that a public hearing will be held pursuant to M.S. 1974, Section 15.0412, Subd. 4, in the above-entitled matter, in Room B9A Highway Building, John Ireland Blvd., St. Paul, Minnesota, on December 29, 1975, commencing at 1:30 p.m., and continuing until all representatives or other interested groups or persons have had an opportunity to be heard concerning adoption of the proposed rules captioned above by submitting either oral or written data, statements, or arguments. Statements or briefs may be submitted without appearing at the hearing.

The Commissioner proposes to amend existing school safety patrol rules, to allow school safety patrol flags to be reflectorized at the discretion of the school administrator. The amendment requires that any reflectorization of flags be accomplished according to uniform specifications. The rule specifies that two-3/4 inch strips of retro-reflective silver tape be pressed or sewn on both sides of the flag, three inches from the top (pole) edge of the flag and three inches from the opposite edge of the flag, centered equidistantly from the sides and a minimum of eight inches in length.

Copies of the proposed rules are available and may be obtained by writing to Diane Hamilton, Department of Public Safety, 210A Highway Building, St. Paul, Minnesota, 55155. Additional copies will be available at the door on the date of the hearing.

Proposed Rules

MINNESOTA DEPARTMENT OF PUBLIC SAFETY

SAFETY ADMINISTRATION DIVISION

CHAPTER SEVEN: METHOD OF IDENTIFICATION AND SIGNALS FOR SCHOOL SAFETY PATROL IN MINNESOTA

SafAd 65 PURPOSE AND SCOPE

(a) Purpose. The purpose of this regulation is to establish the method of identification and signals for school safety patrol, including equipment standards and proper usage procedures.

(b) The scope of this regulation is intended to be consistent with the provisions of Minnesota Statutes (1971), Section 126.15.

SafAd 66 SCHOOL SAFETY PATROL FLAG AND POLE

Each school safety patrol flag shall meet the following standards:

(a) The flag shall be blaze orange in color with an octagonal of yellow bearing the word "STOP" in black letters.

(b) The flag shall be 24 inches in width at the bottom.

(c) The inside edge of the flag shall be 21 inches in length.

(d) The outside edge of the flag shall be 27 inches in length.

(e) The octagonal center of yellow shall measure at least 9½ inches from side to side and the black letters of the word "STOP" shall be in a block type at least 3 inches in height.

(f) The letters of the word "SCHOOL" appearing above the word "STOP" shall be in block type at least 1-1/8 inches in height.

(g) The letters of the word "PATROL" appearing below the word "STOP" shall be in block type at least 1-1/8 inches in height.

(h) The octagon shall be affixed to the flag in such a manner that the bottom side of the octagon and the word "STOP" shall be parallel with the ground when the pole is held at a 45 degree upward angle.

(i) The octagonal yellow field shall be centered equidistantly from the sides and the bottom.

(j) Both sides of the flag shall be identical.

(k) Retro-reflective material may be applied to the flag if the school administrator deems such application is necessary and feasible. If reflectorized, such application must be accomplished in conformance with the following specifications:

(1) Two, 3/4 inch strips of retro-reflective silver tape shall be either pressed on or sewn on both sides of the flag.

(2) The top strip shall be placed three inches from the top (pole) edge of the flag; and the bottom strip shall be placed three inches from the bottom (opposite) edge of the flag. Both strips shall be centered equidistantly from the sides, and must be a minimum of eight inches in length.

(1) The flag shall be attached to a lightweight pole with a minimum length of five feet. Weights may be attached to the bottom of the flag to hold it in a vertical position in windy weather in order to be visible to the approaching drivers.

SafAd 67 EQUIPMENT WORN BY PATROL MEMBER

(a) The Sam Browne belt, vest, or sash with pole socket worn by a school safety patrol member shall be made of leather, web, or plastic material. When possible, this equipment shall be worn over outer garments while on duty. Color may be white or blaze orange.

(b) The school safety patrol badge may be worn by each patrol member while on duty. This badge shall be attached to the Sam Browne belt, vest, or sash in such position as to be plainly visible.

SafAd 68 POSITION AND PROCEDURE AT STREET INTERSECTION OR CROSSING

(a) The patrol member shall stand on the road shoulder or curb (not in the roadway) where he shall observe approaching traffic from all directions.

(b) The patrol member shall instruct the children to remain in place until he sees a break or lull in traffic. During this time, except when actually issuing directions to the children, he shall stand erect and at attention with the flag staff resting on the ground in a vertical position at the right of his right foot. In this latter position he will more readily be observed by drivers of approaching vehicles.

(c) When a lull occurs in traffic the patrol member shall raise the flag vertically upward for a period of four seconds, to alert any oncoming traffic.

(d) When the lanes of roadway are clear of traffic the patrol member shall extend the flag into his traffic lane at an angle of approximately 45 degrees upward. This will be the signal for the children to start crossing the street. Holding the flag at a 45 degree angle will place it above the heads of the children. If two patrol members are used at one intersection, each member shall make a quarter turn in the direction

of the oncoming traffic on his side of the street or road.

(e) While the children are crossing the street in a column, the patrol member shall keep his position watching or facing approaching traffic.

(f) If his view of traffic is obstructed by parked cars, the patrol member may step into the street a sufficient distance to obtain a clear view, but not more than one pace beyond the fender line of the parked cars. After the children have completed crossing the street, the patrol member shall return to his position on the shoulder or curb.

(g) Under no circumstances shall the flag ever be waved or misused in any manner.

(h) There shall be one or more patrol members at each crossing. When two are used, one patrol member shall operate as sender on the side from which the children gather, and the other shall take a similar position on the opposite side of the roadway and operate as the receiver.

(i) At least two patrol members shall be used at a particular crossing when, in the opinion of local law enforcement officials, traffic is such that more than one patrol member is needed for the safety of the school children.

(j) Patrol members shall continually watch oncoming traffic while children are crossing the roadway and be constantly alert for danger. They shall stand between the children and approaching traffic.

SafAd 69 PROCEDURE AT RAILROAD CROSSINGS

(a) The patrol flag shall never be used at railroad crossings.

(b) The patrol member shall direct children to remain at least a distance of twenty feet from the nearest railroad track until he has completed his inspection to see if there are any approaching trains. When there are no approaching trains, he shall direct the children to cross the tracks and shall remain at his position until all have crossed.

SafAd 70 SCHOOL BUS SAFETY PATROL PROCEDURES

(a) School bus crossing at railroad tracks: patrol members shall motion the bus across the railroad tracks in the following manner:

(1) Patrol members shall take a position so as to have a clear view of the railroad track in both directions.

(2) If a train is approaching the crossing, the patrol member shall not cross the tracks but shall face the bus at a safe distance

from the tracks and give the signal for the bus not to proceed by holding up both hands above his head.

(3) When the railroad track is clear and safe for crossing, the patrol member shall cross the tracks and signal, with a forward motion of his upraised arm, for the driver to proceed across the tracks to a point at least 2½ bus lengths beyond the tracks, where the patrol member shall re-enter the bus.

(b) Crossing roadways from a school bus.

(1) The driver of a school bus is responsible for the safety of the children, and the presence of a school bus safety patrol member in no way relieves him of such responsibility.

(2) In directing pupils across the roadway after alighting from the bus, the patrol member shall escort the pupils to a position at least 10 feet in front of the bus. When he has ascertained that there is no approaching traffic, he shall step out one pace beyond the fender line of the bus and extend his flag into the opposite lane at a 45 degree angle and direct the pupils to proceed across the roadway.

(3) The patrol member shall not escort each pupil across the roadway, but shall remain at his post near the front of the bus.

(4) Crossing the roadway behind the bus shall never be permitted.

SafAd 71 POLICE OFFICER, TRAFFIC SIGNAL CONTROL

(a) At intersections where traffic is controlled by a police officer, a traffic signal, or both, the patrol member shall direct the crossing of the children in conformity with the direction of the signal or the police officer.

(b) At intersections where there is no regular traffic control, the traffic may be sufficiently heavy to require the special assignment of a police officer at times when children are going to and from school. When this is done, the patrol member should cooperate with police officers.

SafAd 72 REPEAL

The provisions of Minnesota Highway Regulation 6, previously adopted, are hereby repealed.

SafAd 73 EFFECTIVE DATES

(a) The provisions of this regulation are effective upon adoption and filing with the Secretary of State and the Commissioner of Administration, except as provided in (b) and (c) below.

(b) Except for the provisions of (c) below, school safety patrol equipment presently being used which is in conformity with the repealed regulation may continue to be used until replaced. All equipment purchased after January 1, 1974, shall be in compliance with this regulation.

(c) All flags which are now reflectorized may be continued in use until worn out, or three years from July 1, 1976, whichever comes sooner. All retro-reflective materials applied to flags after July 1, 1976, must be in compliance with these specifications as set forth in SafAd 66 (k).

October 28, 1975

Edward G. Novak, Commissioner
Minnesota Department of Public Safety
211 Highway Building
St. Paul, Minnesota 55155

Dear Commissioner Novak:

On October 10, 1975, the Minnesota Safety Council School Patrol Committee met in Duluth and unanimously approved the following recommendation for addition or amendment to Minnesota Department of Public Safety Regulations, Chapter Seven, "Method of Identification and Signals for School Safety Patrol in Minnesota".

1. Reflectorization of the School Safety Patrol flag is optional with the school administrator. However, if the flag is reflectorized, it must be accomplished in conformance with the following specifications:

   (a) Two, 3/4 inch strips of retro-reflective silver tape shall be either pressed on or sewn on both sides of the flag as follows:

   (b) The top strip shall be placed three inches from the top (pole) edge of the flag; and the bottom strip shall be placed three inches from the bottom (opposite) edge of the flag. Both strips shall be centered between the two sides. Each strip shall be a minimum of eight inches in length.

2. All flags which are now reflectorized may be continued in use until the flag is worn out, or three years from July 1, 1976, whichever comes sooner. All reflectorization applied to flags after July 1, 1976 must be in accordance with these specifications.

OFFICERS: Chairman of the Board—LAWRENCE F. HAEG, President, WCCO Radio-Television • President—SYLVESTER LASKIN, Chairman of the Board, Minnesota Power and Light Company • Vice Presidents—PHILLIP W. BUDD, Vice President, Administration and Engineering, The Northwest Paper Division, Potlatch Corporation • JAMES V. JENSEN, Vice President, Residential Division, Honeywell, Inc. • J. C. LANDEN, Vice President, Traffic Control Products, 3M Company • HONORABLE ROGER LAUFENBURGER, State Senator • ROLAND D. WILSEY, Executive Vice President, Indianhead Truck Lines, Inc. • Secretary—MRS. H. O. GALSTAD, Secretary-Treasurer, Austin-Mower County Safety Council • Treasurer—HONORABLE JAMES F. LORD, State Treasurer • Past President—J. D. WHITE, retired, Northwestern Bell Telephone Company • Executive Vice President—ROBERT L. ANDERSON, Minnesota Safety Council

As you know, our committee has been working on this subject for some time, and we feel that the above recommendation will be acceptable to all concerned, as it is to our committee. We recommend that reflectorization, if used, be standardized so that motorists will be looking for a standardized flag, and to make the job of juding school patrols for our Annual School Patrol Award Program consistent with established regulations.

It is our committee's hope that you will consider favorably this recommended amendment to the regulations.

Sincerely,

MINNESOTA SAFETY COUNCIL, INC.

/s/ Henry J. Winterhalter

Henry J. Winterhalter, Chairman
School Patrol Committee

In the matter of: The proposed adoption of rules of the State Department of Public Safety governing amendments to rules prescribing the methods of identification and signals for school safety patrol.

- -

Transcript of proceedings had in the above-captioned matter, on Monday, the 29th day of December, 1975, commencing at approximately 1:30 o'clock in the afternoon, at Room B9A, State Highway Building, St. Paul, Minnesota.

* * *

APPEARANCES:

JAMES ERCHUL, Esquire, Assistant Commissioner, Public Safety.

HOWARD OWEN, Esquire, Public Safety Director of Information.

* * *

WHEREUPON, the following proceedings were duly had: --

* * *

MR. ERCHUL: My name is James Erchul and I am the Assistant Commissioner of the State Department of Public Safety and I will be presiding over this hearing. With me on the panel here is Howard Owen, Director of Safety Information for the State Department of Public Safety.

If you have not yet signed the attendance sheet please raise your hand so we can get you to do so as we would like to keep an accurate record of all those present. I guess everyone has signed.

This hearing is being held the 29th day of December, 1975, in Room B9A, Highway Building, St. Paul, Minnesota, commencing at 1:30 p.m. and continuing until all representatives of associations or other interested groups or persons have had an opportunity to be heard concerning the proposed adoption of rules of

the State Department of Public Safety governing amendments to rules prescribing the method of identification and signals for school safety patrol specifically amendments provide for the discretionary use of reflective tape on school patrol flags but requires uniformity in application. The need to adopt these rules arises because two years ago when Daylight Savings Time was extended to the twelve month period in order to conserve energy, school authorities and parents became alarmed at the effect this would have on school children walking to school in the darkness of morning. At that time, the School Safety Patrol Committee of the Minnesota Safety Council recommended that it be made mandatory to apply retroreflective materials to all school safety patrol flags. When Daylight Savings Time was rescinded for the winter months, the need for this diminished for some schools, and the recommendation was not acted upon.

This same committee has been studying the feasibility of requiring retroreflective material on school safety patrol flags, and has found divided opinion on the need for it. Throughout the State schools have different starting times.

Children are walking to school from 7:30 to 9:00 o'clock a.m. Therefore, many of them are exposed to early morning darkeness, even under Standard Time. Those schools with earlier starting times have a need for reflectorization of school safety patrol flags. The schools with later starting times are opposed to mandatory reflectorization of patrol flags.

Therefore, these proposed regulations recommend an amendment to the existing regulations to make reflectorization of school safety patrol flags optional, but setting forth specifications to be followed if that option is acted upon. Uniformity is necessary in order to present a uniformly reflectorized flag to the motorist's view, so that he will easily recognize it as a school patrol flag in periods of reduced visibility. Secondarily, there is an annual judging of patrols and their equipment for statewide awards. Standardized reflectorization will aid in the judging and selecting of winners from the various school districts. State of Minnesota Department of Public Safety, Edward Novak, Commissioner of Public Safety, signed.

All interested persons will be given an

opportunity to give testimony limited to the subject of this hearing. It is permissible to present written material which should be marked as an exhibit and introduced for the record. Statements or briefs typed on 8½ by 11 inch paper may be submitted after the hearing to the Commissioner of Public Safety, State Highway Building, St. Paul, Minnesota, 55155. Such statements must be postmarked no later than midnight, January 19th, 1976.

Those who have indicated on the attendance sheet their desire to speak will be called upon first. Thereafter, any others will be given the opportunity to speak. Please speak clearly so that our Court Reporter does not miss anything. Before making your statement, introduce yourself, spell your name and give the name and address of the association you represent.

Before we begin taking testimony we have several exhibits prepared for introduction as the filing documents of the State Department of Public Safety. The following documents of the State Department of Public Safety are now introduced as exhibits. Exhibit A is an Order for Hearing executed on November 13th, 1975.

Exhibit B is a Statement of Need executed on December 11th, 1975. Exhibit C is a Notice of Hearing executed on November 17th, 1975. Exhibit D is the Secretary of State's Certified Mail List executed on November 24th, 1975. Exhibit E, Affidavit of Mailing, executed on November 25th, 1975. Exhibit F, Appointment of Hearing Officer executed on December 11th, 1975.

There are no changes or additions or anything like that in procedure as it was announced so we will then begin with the speakers that have indicated their interest in coming forth here today. Howard, what do you have?

MR. OWEN: We have none.

MR. ERCHUL: Nobody has? Has anyone decided differently since we began and now wants to speak on the matter before us? Does anyone have any written statements to submit or anything of that sort? Then that means we won't have any concern about rebuttal.

At this time Howard Owen will read the changes as indicated here just so we are familiar with what they are.

MR. OWEN: All right.

SafAd 66, K retroreflective material may be applied to the flag if the school administrator deems such application is necessary and feasible. If reflectorized, such application must be accomplished in conformance with the following specifications: Number one, two, three-fourths inch strips of retroreflective silver tape shall be either pressed on or sewn on both sides of the flag. Number two the top strip shall be placed three inches from the top (pole) edge of the flag; and the bottom strip shall be placed three inches from the bottom (opposite) edge of the flag. Both strips shall be centered equidistantly from the sides, and must be a minimum of eight inches in length.

Going on to the last page, effective dates under A, as provided in B and C below. In other words, C is added. Paragraph B except for the provisions of C below is added. And then all of C is added. All flags which are now reflectorized may be continued in use until worn out, or three years from July 1st, 1976, whichever comes sooner. All retroreflective materials applied to flags after July 1st, 1976, must be in compliance with these specifications as set forth in SafAd 66 K.

Those are the changes. On the back is a diagram that shows what they would be.

MR. ERCHUL: Thank you, Howard. Now, does anyone want to make any comment or offer any testimony of any kind? Yes sir.

MR. KARNUTH: My name is Don Karnuth, (K-A-R-N-U-T-H). I am elementary principal in West St. Paul. Has this been tried out? Does it actually help with this reflectorized band? Has anything else been tried? Is this the best way?

MR. OWEN: At the Safety Council Committee over the year and a half this has been discussed and several methods of application have been tried, on the four sides, two sides, on one side and all this sort of thing. Paul Roonin of St. Cloud, I don't know if you know Paul or not but he set up all of these different combinations with the flags and shot pictures with light and without light and all this sort of thing and presented it to the Committee so that the Committee could see how these different combinations showed up with light and reflectorization and these did show up very well.

MR. KARNUTH: Okay. Thank you.

MR. OWEN: And then the shorter strip was also recommended, Don, because some of the original ideas of two strips around two sides and this sort of thing got to be quite expensive and quite a job of sewing for the schools and this way with two eight inch strips on each side keeps the cost down pretty good and it does a pretty good job too.

MR. SCHOOLEY: The addition of more reflectorized material really didn't help either. My name is Leon Schooley, (S-C-H-O-O-L-E-Y), Minnesota Safety Council.

MR. ERCHUL: That completes our testimony then. Twenty days will be allowed for post-hearing submissions of evidence, of statements or briefs. Such statements must be typed on 8½ by 11 inch paper and must be mailed to the Commissioner of Public Safety, State Highway Building, St. Paul, Minnesota, 55155, postmarked no later than midnight, January 19th, 1976.

This hearing is then adjourned.

(At this time Exhibits A through F were marked for identification.)

REPORTER'S CERTIFICATE

I, Joyce Hemingson do hereby certify and state that I recorded in stenotypy the proceedings had before the Minnesota Department of Public Safety, Safety Administration Division, public hearing on December 29, 1975, at St. Paul, Minnesota.

I further certify and state that thereafter and on this date I caused to be transcribed into typewriting the foregoing transcript of said proceedings, consisting of the preceding nine typewritten pages.

I further certify and state that said transcript of such proceedings is true and correct to the best of my ability.

Joyce Hemingson
Court Reporter

Dated this fourteenth day,
of January, 1976.

STATE OF MINNESOTA

BEFORE Edward G. Novak

COUNTY OF RAMSEY

COMMISSIONER OF PUBLIC SAFETY

In the matter of the Proposed Adoption of Rules of the State Department of Public Safety Governing Amendments to Rules Prescribing the method of Identification and Signals for School Safety Patrol.

FINDINGS OF FACT

The above-entitled matter came on for hearing before the Commissioner of Public Safety of the State of Minnesota on the 29th day of December, 1975, at 1:30 p.m. in Room B9A Highway Building, St. Paul, Minnesota, after proper notice required by M.S. 1974, Section 15.0412 was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, I find the following:

1. The Commissioner of Public Safety is specifically authorized, pursuant to M.S. 1974, Section 126.15, Subd. 4, to adopt rules and regulations prescribing the method of identification and signals for school safety patrol.

2. The purpose of these rules is to provide for the safety of school children at school patrol crossings in those districts where the school superintendent deems it feasible to require that retroreflective material be used on school patrol flags in that district.

3. A definite need exists for these rules and regulations. The adoption of these rules is necessitated by the fact that throughout the state schools have different starting times. Children are walking to school from 7:30 - 9:00 a.m. Therefore, during a couple of winter months many children are exposed to early morning darkness. Those schools with earlier starting times have a need for reflectorization of school safety patrol flags, while schools with later starting times have no such need.

4. The proposed rules are amendments to existing rules of the Commissioner of Public Safety. The most significant change implemented by these proposed rules is an amendment making reflectorization of school safety flags optional, but setting forth specifications to be followed if that option is acted upon. Uniformity is necessary in order to present a uniformly reflectorized flag to the motorists' view.

5. No comments, statements or arguments were presented during or after the public hearing on this matter.

COMMISSIONER OF PUBLIC SAFETY

In the matter of the Proposed Adoption of Rules of the State Department of Public Safety Governing Amendments to Rules Prescribing the method of Identification and Signals for School Safety Patrol.

ORDER ADOPTING RULES

The above-entitled matter came on for hearing before the Commissioner of Public Safety of the State of Minnesota on the 29th day of December, 1975, at 1:30 p.m. in Room B9A Highway Building, St. Paul, Minnesota, after proper notice required by M.S. 1974, Section 15.0412 was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, having heard all of the testimony, having considered all of the evidence adduced and upon the records, files and proceedings herein, and applicable statutory standards or criteria, and having confirmed the need for the above captioned rules;

NOW, THEREFORE, IT IS ORDERED that these rules identified as Minnesota Department of Public Safety, Safety Administration Division Chapter Seven: Method of Identification and Signals for School Safety Patrol in Minnesota, SafAd 65-79 are adopted this 4th day of Feb, 1976, pursuant to authority vested in me by M.S. 1974, Section 299A.01, Subdivision 6.
