Coleman® LX Series Split System Air Conditioners

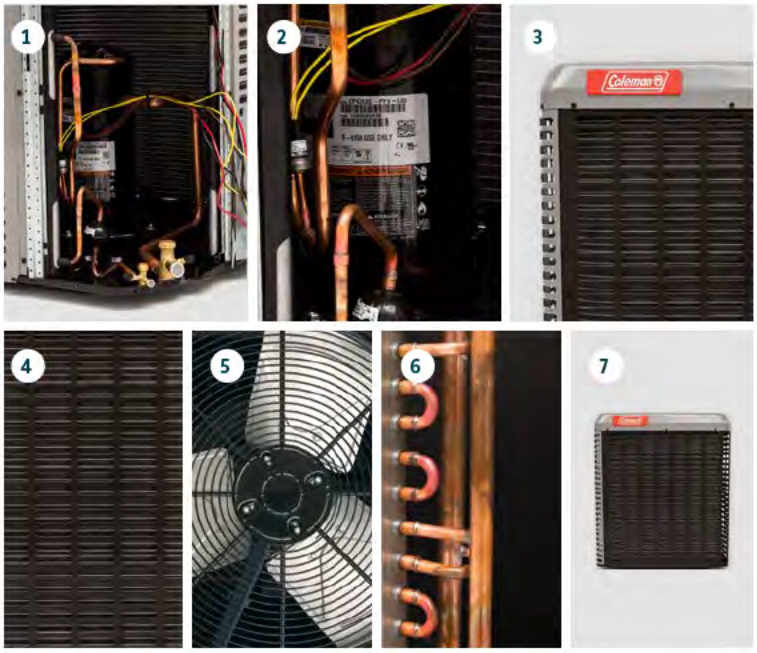
13–17 SEER/1.5–5 TONS

Trust in iconic quality

For over 100 years, the Coleman® name has been synonymous with rugged reliability and world-renowned quality. Our line of heating and cooling solutions is no different. Since 1958, Coleman® HVAC has provided world-class home comfort systems that stand the test of time. We're confident that our LX Series Split System Air Conditioners will do the same. Count on unmatched comfort, time-tested performance and exceptional energy savings found in systems that are designed, engineered and assembled right here in the United States. It's what has made Coleman® HVAC a preferred choice of contractors and homeowners for generations.

Coleman® LX Series Split System Air Conditioners

1. **Save up to 41 cents per dollar** and potentially qualify for utility rebates (see your contractor for details) with our enhanced-efficiency 16 and 17 SEER systems versus older, 10 SEER units.
2. **Reliable operation with robust compressor** technology proven in our extreme, accelerated test facility.
3. **Long-lasting, powder-coat paint** provides a durable, automotive-quality finish that looks great, even after years of outdoor exposure.
4. **Durable steel extruded louver coil guards** provide protection against coil damage.
5. **Quiet, direct-drive fan design** minimizes vibration and sound.
6. **Coil options** with effective airflow and heat transfer.
7. **Compact cabinet** puts advanced performance in less space.



Rugged reliability

Tested to be tough. More than 250,000 hours of research, accelerated field trials and extreme weather testing ensure reliable performance that lasts.

Advanced manufacturing. State-of-the-art quality control and assembly processes built upon the manufacturing expertise of Johnson Controls.

Optimized efficiency. Matched components do more with less, which is why Coleman® products fit perfectly in your home while delivering advanced levels of efficiency.

Space and budget friendly. Quiet, small-footprint cabinets deliver big performance with features that meet your needs and fit your budget.

Safe for the environment, inside and out. We use R-410A refrigerant, which doesn't harm the ozone and keeps your system safe and efficient.

Options to satisfy your needs. LX Series Split System Air Conditioners come with the configurations and options that meet both your comfort and budget requirements.

Quality is home grown

AMERICAN QUALITY
DESIGNED, ENGINEERED & ASSEMBLED IN THE USA

You need an HVAC system that delivers consistent performance in even the most punishing climates, which is why we design, engineer and assemble Coleman® HVAC LX Series Split System Air Conditioners right here in the United States. We put our systems through extreme weather temperatures and corrosive environments to ensure your system is built for the long haul. But don't just take our word for it.
