COMMISSIONER OF PUBLIC WELFARE

In the Matter of the Proposed Adoption of Rule 203 of the Minnesota Department of Public Welfare Relating to the Administration of Foster Care Services - Adults

STATEMENT OF NEED

The above captioned rule is a new administrative rule of the Minnesota Department of Public Welfare.

The rule governs the administration and provision of foster care services to adults by the local social service agency.

This rule is needed to give definition and direction to adult foster care, one of the services in the Minnesota Comprehensive Social Services Program Plan. This service has demonstrated itself to be more humane and less costly than institutionalization and is the preferred plan for many adults whose only alternative would be institutionalization.

The rule describes those adults who might benefit from adult foster care. It outlines the practices which will ensure that the adult in a foster home is not merely housed but is provided opportunities to live in dignity as a member of a household and a community. Amongst the practices are those which provide the client opportunities to participate in the plan and those which assure that the foster home operators maintain a clear understanding of their role and the client's needs. In addition, the rule includes an outline of counseling services which assure that the client may fully utilize the home and community resources and maintain family relationships.

STATE DEPARTMENT OF PUBLIC WELFARE

In the Matter of the Proposed
Adoption of Rule 203 Relating
to the Administration of
Foster Care Services to Adults

FINDINGS OF FACT

The above-entitled matter came on for hearing before the Minnesota State Department of Public Welfare on the 16th day of December, 1975, at 9:45 A.M. in the Auditorium of the State Office Building, Wabasha Street, St. Paul, Minnesota 55155, after proper notice required by Minn. Stat. Section 15.0412 (1975 Supp.) was served upon all persons, associations and other interested groups registered with the Secretary of State for that purpose.

After affording interested persons an opportunity to present written and oral data, statements and arguments, and having heard and considered all of the testimony and evidence adduced and upon the records, files and proceedings herein, the Department makes and enters the following findings:

1. Authority to adopt the regulation establishing standards for the Administration of Foster Care Services to Adults is contained in Minn. Stat. 256.01, Subds. 2 and 4 (1974).

2. Written comment was received expressing concern that in this rule there are no standards spelled out for the foster care facility, i.e., no "licensing requirements" for the adult care home. This was not deemed necessary since such standards for the approval of adult foster homes are already described in Minnesota Rule DPW 51, Standards for Foster Homes for Adults.

3. Written comment was received recommending the amendment of Part II (a) (5). The statement in the rule as originally proposed read as follows: "The local social service agency shall consider for foster family care those adults who are not in need of nursing care as certified by medical evaluation, and who are not in need of continuing help of a staff person to move about." Concern was expressed that this could place undue limitations on the care options available to some adults, for they might be denied community nursing and home care services now available to other area residents.

The intent of this standard was to assure that no adult would be denied appropriate care or services by reason of placement in a foster home rather than a facility which could provide additional services. To more clearly reflect this intent, Part II (a) (5) has been amended as follows: "As certified by medical evaluation, are not in need of the care provided by a nursing facility."

4. Written comment was received suggesting the deletion of Parts II (b) and II (c) and the amendment of Part II (d) to read: "The agency shall assure that provision is made for supportive services from the adult foster home."

The Department views the components of service as spelled out in Part II (d) to be entirely appropriate for this service. If adult foster care service is to be, in fact, a "service," it must comprise a set of activities on the part of the local social service agency which go above and beyond merely linking a client with a facility. It is the very set of activities on the part of the local social service agency which distinguishes "adult foster care service" from "housing service."

With respect to the request for deletion of Part II (b), it must be pointed out that, with the exception of II (b) (4), "the plan for utilizing community resources," requirements stated under II (b) pertain to the written plan for all services and will be provided for in Minn. Rule DPW 160 - Administration of Minnesota Public Social Services, Part VI.

After further consideration of this section, the Department considers it advisable to include only that provision which is not contained in Rule DPW 160. In line with this reasoning, the Department has substituted for Part II (b) the following statements: "In addition to meeting the service plan requirements as specified in Minn. Rule DPW 160, Part VI, the local social service agency shall include in the written plan for services the plan for utilizing community resources."

With respect to the request for deletion of Part II (c), the Department believes it is important for the foster care facility to have a copy of the written plan; by understanding the plan for the client, the facility can better carry out its own responsibilities.

5. Written comment was received requesting that the variety of funding sources to pay for adult foster care should be enumerated.

The Department considers this to be an informational rather than a policy matter and therefore not appropriately addressed in rule.

6. Written comment was received suggesting that a "client's Bill of Rights" be given to every foster home operator.

The Department considered this to be an excellent suggestion and reviewed the Bill of Rights designed for residents of nursing facilities (Chapter 688, 1973, M.S. 144.651). The review shows that the existing Bill of Rights written for facilities would not be suitable for residents of foster homes.

Since an appropriate Bill of Rights does not now exist, it would not be feasible to attempt to include such a Bill of Rights in Rule 203 at this time. At such time as a Bill of Rights for adults in foster care is developed, we would certainly intend to incorporate it into this Rule.

7. Written comment was received suggesting that a review of a foster care plan should be required within three months of moving into a home.

The Department has no evidence, nor was evidence submitted, indicating the need for this requirement. The rule makes provision in Part II (d) (4) for contacts with the adult in care to help him with his adjustment to the home and with any concerns about conditions in the facility. In addition, an annual re-evaluation of the facility itself is required in Rule DPW 51.

8. Written comment was received suggesting that contact between the foster family and the local social service agency should be required in the rule in order to assure the education of the foster family about availability of services. The Department considers this to be adequately addressed by the Standards of Rule DPW 51.

9. Written comment was received protesting the initiation of this rule-making process prior to January 1, 1976.

Nothing in the Administrative Procedures Act prohibits the initiation of the rule making process prior to January 1, 1976. Indeed, amendments to the Administrative Procedures Act, effective July 1, 1975, place an affirmative obligation on Minnesota Department of Public Welfare to promulgate rules as quickly as possible in order to comply with the expanded definition of "rule" presently contained in the law.

10. Other provisions of the regulations not specifically referred to herein are found to be reasonable, necessary and supported by the record.
