In the Matter of the Proposed Rules 19 and 59 of the Minnesota Department of Public Welfare

BEFORE VERA J. LIKINS

COMMISSIONER OF PUBLIC WELFARE

STATEMENT OF NEED

Proposed Minnesota Rule 19, Experimental Program for Home Care Training of Mentally Retarded Children, is a new administrative rule of the Minnesota Department of Public Welfare and is not an amendment to an existing rule.

Rules DPW 19 and 59 were previously heard before Hearing Examiner Peter C. Erickson of the Minnesota Office of Hearing Examiners on July 9, 1976. The need to rehear these rules arise because of failure to comply with the notice requirements of Minnesota Statutes 15.0412, Subd. 4 at the time of the July 9, 1976 hearing.

The need to adopt the Rule 19 arises because persons who are mentally retarded should be provided with an existence as close to normal as possible. Such consideration must include a comprehensive assessment of need, individual program planning and periodic evaluation in order to determine appropriateness and effectiveness of the plan.

Providing assistance to enable the person who is mentally retarded to live in his own home would be the first priority consideration in planning. In order to determine the effectiveness of the family unit in providing alternative living arrangements to state hospitals or community based residential facilities, the state legislature amended Minnesota Statutes, Section 252.27 by adding a new Subdivision 4, which provides for an experimental program to subsidize selected familes who agree to carry out a planned program of home care and training for children who require and are eligible for placement in state hospitals or licensed community residential facilities.

Standards concerning the administration of funds appropriated for this purpose must be established in order to establish criteria for selection of eligible children for this experimental program.

Listed below are the reasons for the need for Rule 59, Pilot Dental Care Program for Senior Citizens. The reasons are listed on a section-by-section basis.

A. Applicability and Purpose

1. Authority

Chapter 305 passed in 1976 directs the Department of Public Welfare to establish two pilot programs to provide dental care to senior citizens.

2. Objectives

The objectives are taken directly from the Act and express the belief that many older people are in great need of dental care but cannot afford it. It is felt that through a pilot program the need for and utilization of dental care by older people can be better acertained. The role that dental insurance can play in making dental care more affordable to older people, and perhaps the general public, will also be assessed. And, finally, it is hoped that there will be a showing that the dental care received has benefited the health of the receipients at reasonable cost.

B. Definition

Self-evident

C. Service Contract

The criteria for selecting an insurance company's proposal are related to the provision of the greatest service for the lowest cost. In other words, the services of dental care coverage and data collection which an insurance company will provide and the resulting premiums the state would pay for these services must be carefully compared and analyzed.

D. Public Information

Provision of public information is needed in order to inform potentially eligible participants of the program and the opportunity to apply. Since the eligibility requirements are rather narrow, it will be necessary to carry-out extensive public information efforts so that enough eligible participants are obtained.

E. Task Force

A seven member advisory task force will be composed of people 62 years of age and over since that is the same age group as those participating in the program.

F. Pilot Program Area

While one pilot area was specified in the Act, the other was left to be chosed by the Commissioner. The criteria for selection of the pilot program areas were developed so that the choice of one area over another is rational. The criteria relate directly to the need for availability and accessibility of dental care sufficient to handle the increase in dental care usage by the older people and the availability of an adequate number of older people willing and eligible to participate in the program.

G. Payment

The appropriation for the Dental Care Pilot Program will be used to pay insurance premiums or dental care cost for selected eligible senior citizens. The insurance will cover 80% of cost of dental service per person per year, with the participant paying everything in excess of $500. The payment of these premiums by the Department of Public Welfare will lessen the monetary barrier to dental care by senior citizens so covered so that a true picture of need and utilization can be obtained.

H. Evaluations and Report

The Commissioner will evaluate and report the results of the Pilot Programs to the Legislature. Such evaluation is needed primarily to enable the Legislature to decide on further funding. A good evaluation could also have an impact on dental insurance rates once utilization by older people and insurance company risk is kno

STATE OF MINNESOTA
OFFICE OF HEARING EXAMINERS

FOR THE DEPARTMENT OF PUBLIC WELFARE

In the Matter of the Proposed Rule 19 and 59 of the Minnesota Department of Public Welfare.

REPORT OF HEARING EXAMINER

The above-entitled matter came on for hearing before Hearing Examiner Peter C. Erickson of the Minnesota Office of Hearing Examiners at 9:00 a.m. on Monday, November 15, 1976 in Conference Room A of the Centennial Office Building, St. Paul, Minnesota.

John Daniels, Special Assistant Attorney General, Fourth Floor, Centennial Office Building, St. Paul, Minnesota, appeared as counsel for the Department of Public Welfare. Ardo Wrobel, Director of the Mental Retardation Division and Richard Portnoy, Director of the Pilot Dental Care Program testified on behalf of the Department. The hearing continued until all interested groups or persons had an opportunity to be heard concerning the adoption of the proposed rules.

Pursuant to Minn. Stat. § 15.052, subd. 3 (1975 Supp.), this Report will include Findings of Fact, Conclusions and Recommendations. The Department of Welfare and the Office of Hearing Examiners will make a copy of this Report available for review to any interested person upon request. Copies of the Report will be furnished at a nominal cost by the Office of Hearing Examiners.

The Department shall, if it proposes to adopt the rules as originally proposed or amended, submit the complete hearing record to the Chief Hearing Examiner, pursuant to HE 108, no earlier than ten days subsequent to the receipt of this Report. It shall include the rules as originally proposed, and the rules as proposed for adoption in final form. The submission to the Chief Hearing Examiner shall precede review by the Attorney General. The Chief Hearing Examiner shall complete his review and submit his Report to the Department on the issue of substantial changes in the rule within ten calendar days. The Department will be responsible for filing the rules with the Attorney General.

Based upon the proceedings herein, the Examiner makes the following:

FINDINGS OF FACT

1. On October 8, 1976, the Department mailed the Notice of Hearing to all persons and associations who had registered their names with the Secretary of State for the purpose of receiving such notice, to all persons and associations on a list maintained by the Department of Public Welfare, and to all members of the Legislature. The Examiner takes administrative notice of the fact that the proposed rules were published in the State Register on October 12, 1976.

2. On October 12, 1976, the Department filed the following documents with the Chief Hearing Examiner:

(a) An Order for Hearing;
(b) A Notice of Hearing with the proposed rules attached; and
(c) A statement of the number of persons expected to attend and estimated length of hearing.

3. On October 21, 1976, the Department filed with the Office of Hearing Examiners the following documents:

(a) The Order for Hearing;
(b) The Notice of Hearing as mailed;
(c) The affidavit of receipt of the Secretary of State's list;
(d) The Affidavit of Mailing;
(e) The Statement of Need;
(f) The affidavit of mailing of a notice pursuant to Minn. Stat. § 15.0412, subd. 6, a copy of the Notice and material received pursuant to the Notice;
(g) The names of Department personnel who will represent the agency; and
(h) A summary of evidence.

The documents were available for inspection at the Office of Hearing Examiners from the date of filing to the date of the hearing.

4. The record was closed after allowing 20 days for submission of written comments at the end of the day on December 6, 1976.

5. Statutory authority to promulgate proposed DPW 19 and 59 is found in Minn. Stat. § 252.27, subd. 4 (1975 Supp.) and Chapter 305 (Laws 1976), respectively.

6. Proposed rules 19 and 59 were previously heard by the Office of Hearing Examiners on July 9, 1976. Because notice of that hearing was not timely, the Attorney General returned the rules to be heard again. A transcript of the first proceeding was received as an exhibit at the second hearing.

7. Proposed Minnesota Rule DPW 19 is a new administrative rule of the Minnesota Department of Public Welfare and is not an amendment to an existing rule. The need to adopt the rule arises because persons who are mentally retarded should be provided with an existence as close to normal as possible. Such consideration must include a comprehensive assessment of need, individual program planning and periodic evaluation in order to determine appropriateness and effectiveness of the plan.

Providing assistance to enable the person who is mentally retarded to live in his own home should be the first priority consideration in planning. In order to determine the effectiveness of the family unit in providing alternate living arrangements to state hospitals or community based residential facilities, the state legislature amended Minn. Stat. § 252,27 by adding a new subdivision 4, which provides for an experimental program to subsidize selected families who agree to carry out a planned program of home care and training for children who require and are eligible for placement in state hospitals or licensed community residential facilities. Standards concerning the administration of funds appropriated for this purpose are set to establish criteria for selection of eligible children for this experimental program.

8. Proposed DPW 19 A. is necessary to set out the scope of the rule and to define the terms used in the rule.

(a) The Minnesota Governor's Planning Council on Developmental Disabilities (hereinafter GCDD) proposed that the statutory basis for the rule be cited in A. 1. and that the Health rule that governs supervised living facilities be cited in A. 2. C.

(b) The GCDD and the Legal Advocacy for the Developmentally Disabled of Minnesota (hereinafter LADD) proposed amendments to A. 2. e. to bring it into conformity with proposed DPW 185 and the Hearing Examiner's Report on that matter.

9. Proposed DPW 19 B. is needed to set the eligibility criteria for participation in the program.

(a) LADD proposed that B. 3. c. be amended to read "...for the purposes of evaluating the program and that all data collected

shall be subject to state and federal laws and regulations with respect to confidentiality of data." They contend that by referring to existing law, the intent of the rule will be clarified.

10. Proposed DPW 19 C. is necessary to establish the procedures for application for participation in the program.

(a) LADD suggested that the language in C. 1., "but for identifying information," is "so unclear as to bar comment."

11. Proposed DPW 19 D. is necessary to set out the reimbursement procedure for the program.

12. Chapter 305 (Laws 1976), directs the Department of Public Welfare to establish two pilot programs to provide dental care to senior citizens. Proposed DPW 59 is needed to provide the standards and criteria in order to implement that legislative directive. DPW 59 sets out the statutory objectives of the program and general provisions for providing the services, disseminating information to the public and selecting the pilot program areas.

(a) The major contention regarding proposed DPW 59 is the methodology involved in the "random selection" of participants. The Metropolitan Senior Federation stated that the purpose of the legislation is to determine the need for dental care among the elderly. By using the random selection procedure as set out in the rule, a biased survey will result showing a greater need and expense than actually exists. Thus, an insurance carrier would base his rates on inflated costs. No language was submitted by the Federation as a proposal to amend the procedure.

The Department responded to the Federation's contention as follows:

. . .

> Hypothetically the task is not a difficult one. If one had the names and addresses of all those people who met the eligibility criteria of the enabling legislation the task would involve drawing a simple random sample from among all the potentially eligible senior citizens and notifying them that they had been chosen to receive dental insurance for one year. They might be asked to complete a brief questionnaire prior to and after the year of coverage. All potential eligibles would have an equal probability of selection for the program and thus it would be possible to estimate the extent to which the findings based on the selected sample are applicable to all potentially eligible participants. Upon further investigation of the situation it becomes apparent that such an approach is impossible since there is no available means to

identify all the potentially eligible participants. Since we have no way of identifying people who are potentially eligible for this program it is essential that some form of application/questionnaire be used. Information gathered from such an application/questionnaire would be used to determine eligibility for the program as well as to gather other information necessary for preparing a report to the state legislature on the feasibility of a statewide dental program for senior citizens. A number of alternative strategies for choosing participants, all of which attempt to obtain as representative a sample as possible, are now being considered by the Department.

. . .

The problem then is a methodological one and not one of policy. The Department must devise a method of selecting participants in such a way as to minimize the biases which result from not being able to select a simple random sample from among all potentially eligible participants. The Department is currently considering a mass mailing to randomly selected potentially eligible senior citizens asking them to complete an application/questionnaire if they are interested in participating in the program. Names of potentially eligible participants would be obtained from a company specializing in the preparation of large mailing lists for corporate, business and survey purposes. It is hoped that names obtained from such a list would include a better cross section of potentially eligible participants than any of the other alternatives considered. The mechanics and feasibility of this method are now being thoroughly examined.

. . .

Once again we agree with those interested citizens who voiced their concern at the public hearing that according to the intent of the state legislature the findings from this program should be highly generalizeable to all potentially eligible senior citizens. The Department believes that the question at hand is one of devising a sound research design for the evaluation of this program, and not one of policy. Proposed rule 59 allows the Department the flexibility necessary to devise such an evaluation component and we therefore feel that no changes are necessary at this time. We welcome the input of the Advisory Task Force on the development, the implementation and the evaluation components of the program.

CONCLUSIONS

1. Due, timely and adequate legal notice was served and filed by the Department of Public Welfare. All other substantive and procedural requirements of statute or rule have been complied with.

2. The Examiner concludes that proposed DPW 19 A. should be amended by citing the statutory basis for the rule and the Department of Health rule referred to. Although these cites are not required, they will add to the clarity of the rule.

3. Proposed DPW 19 and DPW 185 have several elements in common. As 185 has not been adopted yet by the Department, the Examiner

cannot recommend language to assure uniformity. In addition, a question of whether or not to include the "brain injury" language arose during the 185 hearing. Consequently, the Examiner suggests that the Department make both 185 and 19 uniform in compliance with the Report of the Hearing Examiner on proposed DPW 185.

4. The Examiner feels that the "rigorously safeguarded" language in DPW 19 B. 3. c. more clearly states the intent of the rule than reference to state and federal law which, even if known, is often indefinite.

5. The Examiner is unclear as to the intent and purpose of the language, "but for identifying information", in DPW 19 C. 1. This should be looked at by the Department and clarified if possible.

6. With respect to DPW 59, the Examiner feels that the Department of Public Welfare is attempting, in good faith, to get an unbiased random selection. They are aware of the intent of the statute. If a change in the wording of the rule would further the goal of getting a true determination of the need for dental care among the elderly, the change should be made.

7. The Department of Public Welfare has documented its statutory authority to promulgate the proposed rules.

8. The Department has demonstrated the need for and reasonableness of the proposed rules by an affirmative presentation of facts.

9. The Examiner concludes that the amendments he is suggesting to the rules make the rules more reasonable and do not constitute a substantial change.

RECOMMENDATION

That the Department of Public Welfare adopt the rules as proposed and recommended to be amended in this Report.

2. Definitions

a. Child - Any person under the chronological age of 18 years.

b. Home - The home of the natural, adoptive or step parent(s), or legal guardian, in which the child is or would be living for purposes of this experimental program.

c. Licensed Community Residential Facility for Mentally Retarded Persons - A facility which is licensed under Minnesota Department of Public Welfare Rule # 34 and the Minnesota Department of Health Rule for supervised living facilities.

d. Local Board - A county welfare/human service board established under the authority of Minnesota Statutes, Chapter 393 or Chapter 402, as amended.

e. Mentally Retarded Person - A mentally retarded person refers to any person who has been diagnosed as having significantly subaverage intellectual functioning existing concurrently with demonstrated deficits in adaptive behavior such as to require supervision and protection for his welfare or the public welfare.

(1) Intellectual functioning shall be assessed by one or more of the professionally recognized standardized tests developed for that purpose; significantly subaverage refers to performance which is approximately two or more standard deviations from the mean or average of the tests. Mental retardation under this rule includes manifestation during the developmental period to 18 years of age and brain injuries occurring in adult life.

(2) Adaptive behavior shall be determined through the use of published scales, or by a combination of pertinent test data, professional observations, and the utilization of all available sources of information regarding the person's behavior which indicates the degree with which the individual meets the standards of personal independence and social responsibilities expected of his age and peer group.

f. g. Parent - A natural, adoptive or step father or mother or a legal guardian.

h. State Agency - Minnesota Department of Public Welfare.

B. Eligibility for Participation in the Program

1. This program shall be fore those children who, at the time of application, are residing in Minnesota and (a) who are living at home, or (b) who are residing in a state hospital or in a licensed community residential facility for the mentally retarded who, under this program, would return to their own home. Parent(s) shall also be informed by the local board that the program is financed through June 30, 1977, and that continuation will be contingent upon success of the program and further appropriations by the Minnesota Legislature.

The state agency and local board shall assure in writing to the parent(s) that his participation and furnishing information for the purposes of evaluation will be solely for the purposes of evaluating the program and that all data collected will be rigorously safeguarded with regard to confidentiality of data. All data accumulated on the child, his program and his environment will be available to the parent(s).

4. Acceptance and approval of applications by the state agency with priority given on the basis of the following factors:

3. Upon approval by the state agency, the local board shall make grants to the parent(s) of the mentally retarded child. The grant shall be an amount equal to the direct costs of the services outlined in the service agreement subject to a maximum of $250 per month. The costs shall include one or more of the services provided in M.S. 252.27, Subd. 4, or related services stipulated in the individual program plan. Reimbursable costs shall not include resources already available such as special education classes, daytime activity center programs, or medical costs covered by insurance if these resources are available at no cost to the child or parent(s).

2. Objectives

The objectives of the pilot dental programs for senior citizens are:

a. To determine the need for and feasibility of establishing a statewide dental program for eligible senior citizens;
b. To determine the optimal method of providing dental service;
c. To determine whether the provision of dental service causes the general health of the participants to be improved;
d. To determine whether the provision of dental services to the eligible senior citizens provides comparable benefits to society as if provided to others.

B. Definitions

For the purposes of this rule:

1. "Commissioner" shall mean Commissioner of the Department of Public Welfare.
2. "Pilot Program Area" shall mean that geographic area from which a pilot program shall draw its pool of applicants.

COMMISSIONER OF PUBLIC WELFARE

In the Matter of the Proposed Rule 19 and 59 of the Minnesota Department of Public Welfare.

NOTICE OF HEARING

Notice is hereby given that a public hearing will be held pursuant to Minnesota Statutes 15.0412, subd. 4 (1975 Supp.) regarding the above-entitled matter, in the State Office Building Auditorium (Room 83), Wabasha Street (between Aurora and Fuller), St. Paul, Minnesota, on Friday, July 9, 1976, commencing at 8:30 a.m., and continuing until all representatives or other interested groups or persons have had an opportunity to be heard concerning proposed Rule 19 and 59, by submitting either oral or written data, statements or arguments. Statements or briefs may be submitted without appearing at the hearing.

Rule DPW 19, Experimental Program for Home Care and Training of Mentally Retarded Children, governs the administration of financial subsidies to parents of retarded children for specified purposes. This program is designed to promote home care as an alternative to institutionalization.

Rule DPW 59, Pilot Dental Care Programs for Senior Citizens, governs the financing and selection of 2 pilot programs which will provide specified dental services to randomly selected participants.

Under Minnesota Statutes 10A.01, subd. 11 (1974), any individual representing persons or associations attempting to influence administrative action, such as promulgation of these rules, must register with the State Ethics Commission as a lobbyist within five days of the commencement of such activity by the individual. (The State Ethics Commission is located at Room 410, State Office Building, St. Paul, Minnesota 55155).

Testimony or other evidence to be submitted for consideration should be pertinent to the matter at hand and may be presented either orally or in writing at the public hearing or by mailing a statement to Peter Erickson, Office of Hearing Examiner, 1745 University Avenue, St. Paul, Minnesota 55104, within 20 days following conclusion of the hearing. If the person submitting a written document cannot be present to read his statement at the hearing, the document will be entered into the record. For those persons wishing to submit written statements or exhibits, it is requested that at least three copies of each statement, exhibit or summary be furnished at the hearing. It is suggested that to save time and avoid duplication, those organizations or associations sharing common viewpoints or interests in these proceedings join together where possible and present a single statement on behalf of such interests. All statements submitted should clearly identify the rule number to which the statement pertains. It is expected that 50 people will attend the hearing and that the hearing will take 8 hours.

Copies of the rule are now available and may be obtained by writing: Rule DPW 59 - Ted Gredvig, Minnesota Department of Public Welfare, Aging Division, 204 Metro Square, St. Paul, Minnesota 55101; and Rule DPW 19 - Ardo Wrobel, Minnesota Department of Public Welfare, Mental Retardation Division, Centennial Building, St. Paul, Minnesota 55155. In the Matter of the Proposed Adoption of Rule 19 of the Minnesota Department of Public Welfare Relating to an Exmperimental Program for the Home Care and Training of Children who are Mentally Retarded

STATEMENT OF NEED

Proposed Minnesota Rule DPW 19 is a new administrative rule of the Minnesota Department of Public Welfare and is not an amendment to an existing rule.

The need to adopt the rule arises because persons who are mentally retarded should be provided with an existence as close to normal as possible. Such consideration must include a comprehensive assessment of need, individual program planning and periodic evaluation in order to determine appropriateness and effectiveness of the plan.

Providing assistance to enable the person who is mentally retarded to live in his own home should be the first priority consideration in planning. In order to determine the effectiveness of the family unit in providing alternate living arrangements to state hospitals or community based residential facilities, the state legislature amended Minnesota Statutes, Section 252.27 by adding a new Subdivision 4, which provides for an experimental program to subsidize selected familites who agree to carry out a planned program of home care and training for children who require and are eligible for placement in state hospitals or licensed community residential facilities.

Standards concerning the administration of funds appropriated for this purpose must be established in order to establish criteria for selection of eligible children for this experimental program.

STATEMENT OF NEED - MINNESOTA DEPARTMENT OF PUBLIC WELFARE RULE 5

Pilot Dental Care Programs for Senior Citizens

A. Applicability and Purpose

1. Authority

Chapter 305 passed in 1976 directs the Department of Public Welfare to establish two pilot programs to provide dental care to senior citizens.

2. Objectives

The objectives are taken directly from the Act and express the belief that many older people are in great need of dental care but cannot afford it. It is felt that through a pilot program the need for, and utilization of, dental care by older people can be better ascertained. The role that dental insurance can play in making dental care more affordable to older people, and perhaps the general public, will also be assessed. And, finally, it is hoped that there will be a showing that the dental care received has benefited the health of the recipients at reasonable cost.

B. Definition

self-evident

C. Service Contract

The criteria for selecting an insurance company's proposal are related to the provision of the greatest service for the lowest cost. In other words, the services of dental care coverage and data collection which an insurance company will provide and the resulting premiums the state would pay for these services must be carefully compared and analyzed.

D. Public Information

Provision of public information is needed in order to inform potentially eligible participants of the program and the opportunity to apply. Since the eligibility requirements are rather narrow it will be necessary to carry-out extensive public information efforts so that enough eligible participants are obtained.

E. Task Force

A seven member advisory task force will be composed of people 62 years of age and over since that is the same age group as those participating in the program.

F. Pilot Program Area

While one pilot area was specified in the Act, the other was left to be chosen by the Commissioner. The criteria for selection of the pilot program areas were developed so that the choice of one area over another is rational. The criteria relate directly to the need for availability and accessibility of dental care sufficient to handle the increase in dental care usage by the older people and the availability of an adequate number of older people willing and eligible to participate in the program.

G. Payment

The appropriation for the Dental Care Pilot Program will be used to pay insurance premiums or dental care cost for selected eligible senior citizens. The insurance will cover 80% of cost of dental service per person per year, with the participant paying everything in excess of $500. The payment of these premiums by the Department of Public Welfare will lessen the monetary barrier to dental care by senior citizens so covered so that a true picture of need and utilization can be obtained.

H. Evaluations and Report

The Commissioner will evaluate and report the results of the Pilot Programs to the Legislature. Such evaluation is needed primarily to enable the Legislature to decide on further funding. A good evaluation could also have an impact on dental insurance rates once utilization by older people and insurance company risk is known.

OFFICE OF HEARINGS EXAMINERS

FOR THE DEPARTMENT OF PUBLIC WELFARE

In the Matter of the Proposed Rule 19 and 59 of the Minnesota Department of Public Welfare.

REPORT OF HEARING EXAMINER

The above-entitled matter came on for hearing before Hearing Examiner Peter C. Erickson of the Minnesota Office of Hearing Examiners at 8:30 a.m. on July 9, 1976 in Room 83 of the State Office Building, St. Paul, Minnesota.

Mike Saeger, Special Assistant Attorney General, Fourth Floor, Centennial Office Building, St. Paul, Minnesota, appeared as counsel for the Department of Public Welfare. Ted Gredvig, Assistant for Administration, Division of Aging; Ardo Wrobel, Director of the Mental Retardation Program Division, and Tanya Kellner, Coordinator of the Family Subsidy Program, testified on behalf of the Department. The hearing continued until all interested groups or persons had an opportunity to be heard concerning the adoption of the proposed rules.

Pursuant to Minn. Stat. § 15.052, subd. 3 (1975 Supp.), this Report will include Findings of Fact, Conclusions and Recommendations. The Department of Welfare and the Office of Hearings Examiners will make a copy of this Report available for review to any interested person upon request. Copies of the Report will be furnished at a nominal cost.

The Department shall, if it proposes to adopt the rules as originally proposed or amended, submit the complete hearing record to the Chief Hearing Examiner, pursuant to HE 108, no earlier than ten days subsequent to the receipt of this Report. It shall include the rules as originally proposed, and the rules as proposed for adoption in final form. The submission to the Chief Hearing Examiner shall precede review by the Attorney General. The Chief Hearing Examiner shall complete his review and submit his report to the Department on the issue of substantial changes in the rule within ten calendar days. The Department will be responsible for filng the rules with the Attorney General.

Based upon the proceedings herein, the Examiner makes the following:

FINDINGS OF FACT

1. On June 10, 1976, the Department mailed the Notice of Hearing to all persons and associations who had registered their names with the Secretary of State for the purpose of receiving such notice, to all persons and associations on a list maintained by the Department of Public Welfare, and to all members of the Legislature.

2. On June 15, 1976, the Department filed with the Office of Hearings Examiners the following documents:

(a) The Order for Hearing;

(b) The Notice of Hearing as mailed;

(c) The affidavit of receipt of the Secretary of State's list;

(d) The Affidavit of Mailing;

(e) The Statement of Need;

(f) The affidavit of mailing of a notice pursuant to Minn. Stat. § 15.0412, subd. 6, a copy of the Notice and material received pursuant to the Notice.

(g) The names of Department personnel who will represent the agency.

(h) A summary of evidence.

The documents were available for inspection at the office of Hearings Examiners from the date of filing to the date of the hearing.

3. The record was closed after allowing 20 days for submission of written comments at the end of the day on July 29, 1976.

4. Statutory authority to promulgate proposed DPW 19 and 59 is found in Minn. Stat. § 252.27, subd. 4 (1975 Supp.) and Chapter 305 (Laws 1976), respectively.

5. Proposed Minnesota Rule DPW 19 is a new administrative rule of the Minnesota Department of Public Welfare and is not an amendment to an existing rule. The need to adopt the rule arises because persons who are mentally retarded should be provided with an existence as close to normal as possible. Such consideration must include a comprehensive assessment of need,

individual program planning and periodic evaluation in order to determine appropriateness and effectiveness of the plan.

Providing assistance to enable the person who is mentally retarded to live in his own home should be the first priority consideration in planning. In order to determine the effectiveness of the family unit in providing alternate living arrangements to state hospitals or community based residential facilities, the state legislature amended Minn. Stat. § 252.27 by adding a new subdivision 4, which provides for an experimental program to subsidize selected families who agree to carry out a planned program of home care and training for children who require and are eligible for placement in state hospitals or licensed community residential facilities. Standards concerning the administration of funds appropriated for this purpose are set to establish criteria for selection of eligible children for this experimental program. Nobody testified in opposition to the proposed rule.

6. Chapter 305 (Laws 1976), directs the Department of Public Welfare to establish two pilot programs to provide dental care to senior citizens. Proposed Minnesota Rules DPW 59 is needed to provide the standards and criteria in order to implement that legislative directive. DPW 59 sets out the statutory objectives of the program and general provisions for providing the services, disseminating information to the public and selecting the pilot program areas.

Public testimony and written comments raised questions as to: (1) the very broad criteria on which the selection of pilot program areas is based; (2) needs of geriatric and nursing home dental patients; (3) the $500 maximum payment; and (4) evaluation based on a comparison of programs in other states. The Department stated that the reason very general criteria are used to select pilot areas is so no areas would be excluded before an initial assessment could take place.

CONCLUSIONS

1. The Notice of Hearing was mailed out four days late so the 30-day notice requirement was not complied with. However,

because of the uncontested nature of the proposed rules and the fact that no person raised the issue of late notice, the Examiner concludes that this defect should not be fatal to the hearing. All other substantive and procedural requirements of statute or rule have been complied with.

2. The Department has documented its statutory authority to promulgate DPW 19 and 59.

3. DPW 59,F. states that the Commissioner will select pilot program areas based on the availability of dental services and the availability of an adequate number of potentially eligible participants. These broad standards will allow the Commissioner to select pilot areas where the available dentists are aware of geriatric needs and are easily accessible to nursing home patients. To make the standards more definitive might only make them unduly restrictive.

DPW 59,H. "Evaluation and Report" is taken right out of Chapter 305. It is not limited only to the topics set out in the rule. At his discretion, the Commissioner can include comparisons of other states' programs or methods to provide the services. These comparisons might already be part of the information required by the rule.

The last sentence in DPW 59,G. should be amended to read, "Participants shall be responsible for the remaining 20 percent of the fee and for any dental services in excess of $500 per participant per year." This change will more clearly reflect what the $500 maximum is referring to.

4. Although much of the language in DPW 59 is taken directly from Chapter 305, and there is no need to adopt statutes as rules, the Examiner concludes that the incorporation of statutory language in this instance is appropriate for rule clarity.

5. The Department has adequately demonstrated both the need for and the reasonableness of the rules it proposes.

RECOMMENDATIONS

1. That the Department of Public Welfare adopt DPW 19 as proposed.

2. That the Department adopt proposed DPW 59 as recommended to be amended in this report.

Dated this 3 day of August, 1976.
