STATE OF MINNESOTA
OFFICE OF HEARING EXAMINERS

FOR THE BOARD OF PODIATRY

In the Matter of Proposed Rules
Relating to Continuing Education

REPORT OF HEARING EXAMINER

The above-entitled matter came on for hearing before Hearing Examiner Peter C. Erickson of the State Office of Hearing Examiners at 9:30 a.m. on Monday, October 17, 1977, in the Department of Health Building, Minneapolis, Minnesota.

John Breviu, Special Assistant Attorney General, appeared as counsel on behalf of the Board of Podiatry. Delano Dunn, D.P.M., Secretary of the Board of Podiatry, testified in support of the proposed rules on behalf of the Board. The hearing continued until all interested groups or persons had an opportunity to be heard concerning the adoption of the proposed rules.

Pursuant to Minn. Stat. § 15.0412, subd. 4, this Report shall be available for review to all affected individuals upon request for at least five days.

The Board of Podiatry shall, if it proposes to adopt the rules as originally proposed or amended, submit the complete hearing record, including its Findings and Order, to the Chief Hearing Examiner no earlier than five days subsequent to the receipt of this Report. This submission shall clearly indicate any changes made to the rules as originally proposed, preferably in the format that will be submitted to the State Register for publication. The Chief Hearing Examiner shall complete his review and submit his report to the Board on the issues of substantial changes in the rule and compliance with Minn. Stat. § 15.0412 within ten calendar days. Thereafter, the Board shall be responsible for filing the rules with the Attorney General and for notifying persons who have indicated that they wish to be notified of such filing.

Based upon all the records and proceedings herein, the Examiner makes the following:

FINDINGS OF FACT

1. On September 1, 1977, the Board filed the following documents with the Chief Hearing Examiner:

(a) A copy of the proposed rules;
(b) A proposed Order for Hearing;
(c) A proposed Notice of Hearing; and
(d) A Statement of the estimated length and number of people attending the hearing.

2. On September 12, 1977, a Notice of Hearing and a copy of the proposed rules were published at 2 State Register 442.

3. On September 14, 1977, the Board mailed the Notice of Hearing to all persons and associations who had registered their names with the Secretary of State for the purpose of receiving such notice.

4. On September 21, 1977, the Board filed the following documents:

(a) The Order for Hearing;
(b) The Notice of Hearing as mailed;
(c) The Affidavit of Receipt of the Secretary of State's list;
(d) The Affidavit of Mailing;
(e) The Secretary of State's Certificate and list;
(f) The Statement of Need; and
(g) The Statement of Evidence, including the names of witnesses to be called;
(h) The names of Board personnel who will represent the agency.

The documents were available for inspection at the Office of Hearing Examiners from the date of filing to the date of the hearing.

5. The record remained open through October 31, 1977 for the receipt of written comments and statements.

6. Statutory authority to promulgate the proposed rules is contained in Minn. Stat. § 214.12 (1976).

7. Proposed 7 MCAR § 9.002, Continuing Education, sets out specific continuing education requirements for all podiatrists licensed to practice in Minnesota. Section A requires that every licensee obtain the education credits during the licensure year as opposed to the calendar year. Section B states that nine credit hours per year must be obtained at scientific podiatry seminars approved by the Board, and a maximum of three hours of credit may be obtained through hospital staff meetings and state group meetings. Section C sets out a reporting mechanism for attendance at

meetings or seminars. Section D allows for retroactive credit for educational activities offered after July 1, 1977. Section E states the disciplinary actions that may be taken if a podiatrist fails to comply with the continuing education requirements. Section F provides for a Chapter 15 hearing if disciplinary action is taken pursuant to Section E. This rule is necessary to assure that podiatrists maintain their competency by continuing education.

8. Dr. Frank Perendy suggested the following amendments to the proposed rule on behalf of the Minnesota Podiatry Association:

a. That the word "solely" be deleted from B.1.a to broaden the scope of acceptable seminars; and

b. To delete B.1.d. because the Board meets too infrequently to take timely action on seminar approval; and

c. To add a new sentence to B.1. which would state that a minimum number of continuing education credits be available in Minnesota.

9. Dr. Phil Legler suggested that a mechanism be set out for the Board to disseminate continuing education course information to all Minnesota podiatrists.

10. Dr. Perendy also stated that even though seminar credit is retroactive to July 1, 1977, the June 30, 1978 relicensure deadline will not give sufficient time for all podiatrists to meet the continuing education requirement.

Based upon the foregoing Findings of Fact, the Hearing Examiner makes the following:

CONCLUSIONS

1. Due, timely and adequate legal notice of the hearing was properly served and filed by the Board of Podiatrists. All other substantive and procedural requirements of statute or rule have been complied with.

2. Pursuant to Minn. Stat. § 15.052, subd. 3, it is the duty of the Hearing Examiner to: ". . . (4) make a report on each proposed agency action . . . taking notice of the degree to which the agency has (i) documented its statutory authority to take the

proproposed action, (ii) fulfilled all relevant, substantive and procedural requirements of law or rule, and (iii) demonstrated the need for and reasonableness of its proposed action with an affirmative presentation of facts."

3. To allow credit only for seminars designed solely for the benefit of podiatrists may be overly restrictive and exclude good programs designed for a broader category of professionals. The Examiner concludes that the proposed rule be amended as set out in Finding 8a.

4. Section B.1.d does not state that Board approval must occur before the seminar is given. It only requires that content and credentials be submitted in advance. B.1.e seems to imply, however, that approval should be given before the seminar is held. Attendance at seminars may be contingent upon whether or not the seminar is approved for credit. The Examiner concludes that B.1.d be rewritten as follows for necessary clarification:

> d. To obtain prior approval, a detailed description of the seminar content and the credentials of speakers shall be submitted to the Board at least 60 days in advance of the course or meeting. Seminars may be approved at any time by the Board if the required submission is made in the same licensure year in which the course or meeting was offered.

Also, the words "in advance" should be deleted from B.1.e.

5. The Board has no authority to require that a certain number of courses be offered in Minnesota. See Finding 8c.

6. The Board stated at hearing that Podiatrist organizations disseminate seminar information statewide. The Examiner concludes that there is no need to put the responsibility on the Board to provide continuing education information to all podiatrists. See Finding 9.

7. This new rule, if adopted, will not become effective until at least the end of 1977. Half of the licensure year will be over, and the rule, as it now reads, will impose a full year continuing education requirement by June 30, 1978. The retroactivity provision (Section D) may provide some relief; however, an unreasonable burden may be placed on podiatrists who have waited for a continuing education mandate to begin compliance. See Finding 10. The Examiner concludes that Section D should be rewritten as follows:

D. The Continuing Education requirement shall become effective on July 1, 1978 for the "78-79" licensure year.

This change will also allow podiatrist organizations to "gear-up" to provide courses and give the Board an opportunity to define and schedule seminar approval procedures.

8. The Examiner concludes that the Board has documented its statutory authority to promulgate the proposed rules and demonstrated the reasonableness of the proposed rules (bearing in mind the discussion in Conclusion 7) by an affirmative presentation of facts.

9. The Examiner concludes that the amendments he is suggesting to the rules make the rules more reasonable, and that none of these amendments constitute a substantial change.

Based upon the foregoing Conclusions, the Examiner makes the following:

RECOMMENDATION

That the Board of Podiatry adopt the proposed rules as recommended to be amended in this Report.

Dated this 2nd day of December, 1977.

STATEMENT OF NEED

The above-captioned rules are not amendments to existing rules of the State Board of Podiatry.

The need to adopt these rules arises because of Minn. Stat. § 214.12 (1976). This statute permits the Board of Podiatry to promulgate, by rule, a continuing education requirement for the renewal of the license. The express purpose of this statutory authorization is to promote the continuing professional competence of licensees.

It should be noted that the above-referenced statutory authority is permissive, not mandatory. As is set forth in greater detail in the Board's Statement of Justification, the Board believes it is important to exercise the statutory authority to fulfill its duty to protect the health and welfare of the citizens of Minnesota by insuring that podiatrists practicing in this state not only are qualified for licensure but that they continue to maintain their competency by continuing their education. Toward this end the Board believes these rules to be necessary.

STATEMENT OF JUSTIFICATION

INTRODUCTION

Minn. Stat. § 214.12 (1976) permits the Board of Podiatry (hereinafter "Board") to set, by rule, continuing education requirements for all podiatrists licensed by the State of Minnesota. These rules are proposed for the purpose of implementing the statute. In considering the requirements to be imposed by these rules, the Board was particularly concerned with achieving the following goals:

1. To protect the health and welfare of the citizens of Minnesota by insuring that podiatrists practicing in this state not only are qualified for licensure but that they continue to maintain their competency by continuing their education.

2. To insure that continuing education courses are of satisfactory quality to provide significant learning opportunities.

3. To avoid drafting rules which may be counter-productive by making the requirements so restrictive that many podiatrists are unable to meet them.

RULE

A. This section requires every licensee to obtain the required continuing education credit during the licensure year, as opposed to the calendar year. This rule will greatly simplify the administration of these provisions by enabling the Board to review compliance with the continuing education requirements at the same time it reviews a podiatrist's license renewal request.

B. This rule requires that podiatrists obtain no less than nine hours of continuing education credit per year through attendance at scientific podiatry seminars. The Board recognizes the lack of data upon which to base a determination that a certain number of hours of credit is ideal. The decision to require that nine hours of credit be obtained through attendance at scientific podiatry seminars is based upon a recognition that seminars of high quality are likely to be meaningful educational experiences. Thus, attendance at such seminars may well result in a podiatrist either improving his knowledge and, therefore, his patient treatment, or maintaining an adequate level of skill which may otherwise have been diminished through a failure to keep current with the latest medical knowledge. The Board recognizes that there is no guarantee that either of these beneficial results will necessarily be obtained with every podiatrist. Indeed, it is impossible to estimate with any reasonable assurance what the impact of these rules will be on the quality of the practice of podiatry in this state. Such a determination would be impossible to make at this time. Nevertheless, it is reasonable to believe that these rules are likely to have a beneficial effect. It is necessarily the case that many podiatrists will benefit from attendance at these courses. This is obviously the concept underlying Minn. Stat. § 214.12 (1976). It is also true that many podiatrists would not attend 9 hours of seminars unless required to do so. These rules are a reasonable attempt to implement the statutory purpose of the maintenance of professional competence.

This section of the rule also sets forth various standards which seminars must meet to obtain approval by the Board. It should be noted at the outset that it is exceedingly difficult to specify in detail the standards necessary for making a determination that a course is of value. Accordingly, the Board believes these standards consist essentially of a reasonble attempt to detail the requirements which should be imposed upon seminars prior to approval. First, the seminar must be designed solely for the benefit of podiatrists. Although meaningful education may be obtained at a seminar which is also beneficial for non-podiatrists, the Board believes that this requirement increases the likelihood that any seminar attended by a podiatrist for the purpose of meeting the continuing

education requirements will be of genuine benefit to him. In view of the fact that attendance at only nine seminar hours is being required of podiatrists, it is important that the Board attempt to assure that the course content is as beneficial as possible. By requiring that the content be designed solely for the benefit of podiatrists, the Board believes that some such assurance is being given. Second, the Board is attempting to insure that a seminar is of high quality by describing the qualifications which any speaker or lecturer must possess. The speaker or lecturer must be a licensed podiatrist, health professional or person especially qualified to address a subject of particular interest to podiatrists. Clearly, by attempting to require that only quality speakers participate in seminars, the Board is positively influencing the quality of the seminars. Third, the seminar must be of significant intellectual content in order to be approved by the Board. The Board recognizes that this requirement is a very general one. However, as has been noted it is extremely difficult to specify in detail the standards necessary for approving any seminar. Obviously, this standard is an important one. The Board does not wish to approve any seminar which does not possess significant intellectual content. The Board believes this standard may be reasonably and consistently enforced in its efforts to insure that continuing education is, indeed, educational. Last, the rule requires that a detailed description of the seminar content and the credentials of speakers be submitted to the Board in advance of the course or meeting. Thus, the Board will be able to evaluate and approve or disapprove the course for credit prior to the time it is offered. This attempts to eliminate the possibility that podiatrists will attend courses which are ultimately disapproved for credit. This rule also notes, however, that seminars which are sponsored by national, state or regional podiatry societies, specialty groups or colleges of podiatry need not be approved in advance by the Board. The Board is well familiar with and confident of the educational quality of courses taught by such organizations. Thus, the Board believes that it is unnecessary to approve such courses in advance in that it is highly unlikely that such courses would be disapproved. The Board is not abandoning its responsibility to review and approve such courses, it is merely

stating that such a review may properly come after the course is offered. This will considerably ease the administrative burden on this Board in regard to the review of courses. Since the Board has no staff and meets somewhat infrequently, a review of all such courses in advance could prove to be very nearly impossible.

This section permits a podiatrist to obtain three hours of credit per year through attendance at hospital staff meetings and state group meetings. The Board recognizes that such meetings may contribute to a podiatrist's continuing competence through programs which may be of particular value to a podiatrist both because of content and availability. This is, however, essentially a secondary source of education. While the Board believes that such meetings are important and necessary for a podiatrist's professional development, the Board seeks to prevent them from taking the place of scientific seminars by distinguishing between them and the seminars in these rules. Thus, the total continuing education requirement being imposed upon a podiatrist is 12 hours per year.

C. To insure that a podiatrist has met the requirements of these rules, a reporting mechanism is necessary. By requiring that licensee's report at the relicensure period, the Board attempts to simplify the reporting mechanism, both for the podiatrist and for itself. Since continuing education will be a mandatory requirement, it is of course necessary to require podiatrists to submit reporting information. The types of evidence required by this rule should be sufficient to enable the Board to determine whether a podiatrist has complied with the requirements.

D. In an attempt to ease the difficulty that is always caused when requirements, such as those contained in these rules, are initially imposed, the Board will issue retroactive approval of any educational activity offered after July 1, 1977, which meets the standards for approval contained in these rules.

E. Since a mandatory continuing education requirement is being imposed upon podiatrists, the Board must have the authority to discipline those licensees who fail or refuse to comply with the requirements. This section enumerates the types of discipline which may be imposed. If the discipline imposed is a refusal to renew a podiatrist's license, subdivsion F. provides a mechanism

whereby that podiatrist can avail himself of an opportunity to be heard regarding the Board action. Naturally, if the Board seeks to suspend, revoke, or limit the license of any podiatrist, that person also has a right to hearing pursuant to the Minnesota Administrtive Procedure Act.

RULES OF THE

MINNESOTA BOARD OF PODIATRY

7 MCAR § 9.002 - Continuing Education

A. Every podiatrist licensed to practice in Minnesota shall obtain 12 hours of continuing education credit each licensure year. The licensure year begins on July 1 and ends on June 30.

B. Continuing education credit shall be obtained in the following manner:

1. No less than 9 hours of credit per year shall be received through attendance at scientific podiatry seminars approved by the Board under this section.

a. The seminar must be designed for the benefit of podiatrists.

b. Any speaker or lecturer must be a licensed podiatrist, health professional or person especially qualified to address a subject of particular interest to podiatrists.

c. The seminar must be of significant intellectual content.

d. To obtain prior approval, a detailed description of the seminar content and the credentials of speakers shall be submitted to the Board at least 60 days in advance of the course or meeting. Seminars may be approved at any time by the Board if the required submission is made in the same licensure year in which the course or meeting was offered.

2. No more than three hours of credit per year may be received through attendance at hospital staff meetings and state group meetings.

C. Proof of attendance at meetings or seminars described in subdivision B shall be submitted to the Board at the time of license renewal in the form of a certificate, descriptive receipt or affidavit.

D. The continuing education requirement shall become effective on July 1, 1978 for the "1978-1979" licensure year.

E. The Board may take disciplinary action to suspend, revoke, limit or refuse to renew the license of any podiatrist failing to comply with these continuing education requirements.

F. Any podiatrist whose license is not renewed by Board action in accordance with subdivision E of this rule shall be entitled to a hearing in accordance with the Minnesota Administrative Procedure Act if he requests one within 30 days of receipt of notice of the Board action.
