SUBJECT: In the Matter of the Adoption of a Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes 7 MCAR §1.801

Enclosed herewith are the rules you have submitted for approval. These rules have been approved by this office and filed with the Secretary of State. Please note that they have not been filed with the State Register. This must be done promptly by your agency.

Upon receipt and before transmittal to your agency, however, it is important that you recheck these rules as to:

1. Affixation of stamps of the Attorney General and Secretary of State;

2. Coverage by these stamps of all rules submitted; and

3. Inclusion of all pages to the rules in the approved set.

If you have any questions in this regard, please contact me.

Adopted Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes

Temporary Rule as Adopted

7 MCAR S 1.801 [Temporary] Procedures governing relocation of residents from nursing homes and certified boarding care homes.

A. Definitions.

1. Relocation. The term "relocation" means a situation when residents are to be discharged from a nursing home or certified boarding care home as the result of the closing of the facility or the curtailment, reduction, or change of operations or services offered there.

2. Nursing home. A "nursing home" is a facility licensed pursuant to Minnesota Statutes, section 144A.01, subdivision 5.

3. Certified boarding care home. A "certified boarding care home" is a facility licensed pursuant to Minnesota Statutes, sections 144.50 to 144.56 and certified as an intermediate care facility as defined in United States Code, title 42, section 1396d, as amended through December 31, 1982.

4. Facility. For the purposes of 7 MCAR S 1.801 [Temporary], "facility" refers to a nursing home or certified boarding care home.

5. Service offered in the facility. "Service offered in the facility" includes participation in the medicare and/or medicaid programs pursuant to United States Code, title 42, sections 1395 et seq., and 1396 et seq., as amended through December 31, 1982.

B. Notice to the Department of Health.

1. The licensee of the facility shall notify the Department of Health, in writing, at least 90 days prior to the cessation or the curtailment, reduction, or change of operations or services which would result in the relocation of residents.

2. The written notice shall include the information in

a.-c.:

a. the date of the closing, curtailment, reduction, or change of operations or services;

b. the number of residents to be relocated; and

c. the names and telephone numbers of the persons in the nursing home responsible for coordinating the relocation of residents.

C. Facility responsibilities.

1. The licensee of the facility and facility staff shall cooperate with representatives from the department of health and from the social service agency for the county in which the facility is located in planning for the relocation of residents.

2. The administrator of a facility shall establish an interdisciplinary team which shall be responsible for coordinating and planning the steps necessary to relocate the residents. The interdisciplinary team shall consist of members involved in providing direct care services to residents.

3. The facility shall send written notices in a.-c. at least 60 days in advance of the date by which the relocation of residents is to be completed.

a. Notice shall be sent to the resident who will be relocated and to the individual responsible for the resident's care. This notice must include the name, address, and telephone number of the individual in the facility to be contacted for assistance and further information; the social service agency for the county in which the facility is located; and the area long-term care ombudsman, provided under section 307(a)(12) of the Older Americans Act, United States Code, title 42, section 3027, as amended through December 31, 1982.

b. Notice shall be sent to the social service agency for the county in which the facility is located. This notice must include the name of each resident to be relocated, the name, address, and telephone number of the individual responsible for the resident's care, and the name and telephone number of the individual in the facility to be contacted for further information.

c. Notice shall be sent to the attending physician of the resident to be relocated. The resident's attending physician shall be requested to furnish any medical information needed to update the resident's medical records and to prepare transfer forms and discharge summaries. This written notice must include the name and telephone number of the individual in the facility to be contacted for further information.

4. A list of available beds to which the resident can be relocated must be prepared. This list must contain the name, address, and telephone number of the facility, the certification level of the available beds, the type of services available, and the number of beds that are available. This list must be made available to the resident, the individual responsible for the resident's care, the area long-term care ombudsman, and the county social service agency.

5. The facility shall conduct small group meetings for the residents and the individuals responsible for the care of the residents to notify them of the steps being taken in arranging for the transfer. Individual residents shall be assisted as necessary.

? with what. Too vague

6. The inventory of the resident's personal possessions must be updated and a copy of the final inventory provided to the resident, the individual responsible for the resident's care, or both. A final accounting of personal funds held in the facility must be completed in accordance with the provisions of 7 MCAR S 1.048 A.8.d. Arrangements must be made for the transfer of the resident's possessions and personal funds.

7. Unless it is medically inadvisable, as documented by the attending physician in the resident's care record, the resident shall be assisted in making site visits to facilities to which they may be transferred.

he or she

8. All administrative duties must be completed prior to the actual relocation of the resident. Personnel in the facility to which the resident will be moved shall be provided with the information necessary to provide care and services to the resident, in accordance with 7 MCAR S 1.048 A.3. (MHD

48(a)(3)).

9. Unless otherwise agreed to by the resident or the individual responsible for the resident's care, at least a 14-day notice shall be provided to a resident prior to the actual relocation.

10. The resident shall be assisted in making arrangements for transportation to the new facility.

11. There must not be a disruption in the provision of meals, medications, or treatments of the resident during the relocation process.

12. If not previously notified, the resident's attending physician shall be informed of the new location of the resident within 24 hours after the actual relocation.

13. Commencing the week following the relocation notice to the Department of Health, the facility shall provide weekly written status reports to the Department of Health as to the progress being made in arranging for the relocation. The initial status report must include the relocation plan developed by the facility, the identity of the interdisciplinary team members, and a schedule for the completion of the various elements of the plan. Subsequent status reports must note the progress being made, any modifications to the relocation plan, any change of interdisciplinary team members, and must include the names of residents who have been relocated during the time period covered by the report. Once relocation has been completed, a listing of the residents who have been relocated and the identity of the facilities or other locations to which the residents were moved must be provided to the Department of Health.

7 MCAR S 1.801 [Temporary] Procedures governing relocation of residents from nursing homes and certified boarding care homes.

A. Definitions.

1. Relocation. The term "relocation" means a situation when residents are to be discharged from a nursing home or certified boarding care home as the result of the closing of the facility or the curtailment, reduction, or change of operations or services offered there.

2. Nursing home. A "nursing home" is a facility licensed pursuant to Minnesota Statutes, section 144A.01, subdivision 5.

3. Certified boarding care home. A "certified boarding care home" is a facility licensed pursuant to Minnesota Statutes, sections 144.50 to 144.56 and certified as an intermediate care facility as defined in United States Code, title 42, section 1396d, as amended through December 31, 1982.

4. Facility. For the purposes of 7 MCAR S 1.801 [Temporary], "facility" refers to a nursing home or certified boarding care home.

5. Service offered in the facility. "Service offered in the facility" includes participation in the medicare and/or medicaid programs pursuant to United States Code, title 42, sections 1395 et seq., and 1396 et seq., as amended through December 31, 1982.

B. Notice to the Department of Health.

1. The licensee of the facility shall notify the Department of Health, in writing, at least 90 days prior to the cessation or the curtailment, reduction, or change of operations or services which would result in the relocation of residents.

2. The written notice shall include the information in a.-c.:

a. the date of the closing, curtailment, reduction, or change of operations or services;

b. the number of residents to be relocated; and

c. the names and telephone numbers of the persons in the nursing home responsible for coordinating the relocation of

APPROVED IN THE REVISOR OF STATUTES OFFICE BY:

residents.

C. Facility responsibilities.

1. The licensee of the facility and facility staff shall cooperate with representatives from the department of health and from the social service agency for the county in which the facility is located in planning for the relocation of residents.

2. The administrator of a facility shall establish an interdisciplinary team which shall be responsible for coordinating and planning the steps necessary to relocate the residents. The interdisciplinary team shall consist of members involved in providing direct care services to residents.

3. The facility shall send written notices in a.-c. at least 60 days in advance of the date by which the relocation of residents is to be completed.

a. Notice shall be sent to the resident who will be relocated and to the individual responsible for the resident's care. This notice must include the name, address, and telephone number of the individual in the facility to be contacted for assistance and further information; the social service agency for the county in which the facility is located; and the area long-term care ombudsman, provided under section 307(a)(12) of the Older Americans Act, United States Code, title 42, section 3027, as amended through December 31, 1982.

b. Notice shall be sent to the social service agency for the county in which the facility is located. This notice must include the name of each resident to be relocated, the name, address, and telephone number of the individual responsible for the resident's care, and the name and telephone number of the individual in the facility to be contacted for further information.

c. Notice shall be sent to the attending physician of the resident to be relocated. The resident's attending physician shall be requested to furnish any medical information needed to update the resident's medical records and to prepare transfer forms and discharge summaries. This written notice must include the name and telephone number of the individual in

APPROVED BY THE REVISOR OF STATUTES OFFICE BY:

the facility to be contacted for further information.

4. A list of available beds to which the resident can be relocated must be prepared. This list must contain the name, address, and telephone number of the facility, the certification level of the available beds, the type of services available, and the number of beds that are available. This list must be made available to the resident, the individual responsible for the resident's care, the area long-term care ombudsman, and the county social service agency.

5. The facility shall conduct small group meetings for the residents and the individuals responsible for the care of the residents to notify them of the steps being taken in arranging for the transfer. Individual residents shall be assisted as necessary.

6. The inventory of the resident's personal possessions must be updated and a copy of the final inventory provided to the resident, the individual responsible for the resident's care, or both. A final accounting of personal funds held in the facility must be completed in accordance with the provisions of 7 MCAR S 1.048 A.8.d. Arrangements must be made for the transfer of the resident's possessions and personal funds.

7. Unless it is medically inadvisable, as documented by the attending physician in the resident's care record, the resident shall be assisted in making site visits to facilities to which they may be transferred.

8. All administrative duties must be completed prior to the actual relocation of the resident. Personnel in the facility to which the resident will be moved shall be provided with the information necessary to provide care and services to the resident, in accordance with 7 MCAR S 1.048 A.3. (MHD 48(a)(3)).

9. Unless otherwise agreed to by the resident or the individual responsible for the resident's care, at least a 14-day notice shall be provided to a resident prior to the actual relocation.

10. The resident shall be assisted in making arrangements

APPROVED BY THE REVISOR OF STATUTES OFFICE BY:

for transportation to the new facility.

11. There must not be a disruption in the provision of meals, medications, or treatments of the resident during the relocation process.

12. If not previously notified, the resident's attending physician shall be informed of the new location of the resident within 24 hours after the actual relocation.

13. Commencing the week following the relocation notice to the Department of Health, the facility shall provide weekly written status reports to the Department of Health as to the progress being made in arranging for the relocation. The initial status report must include the relocation plan developed by the facility, the identity of the interdisciplinary team members, and a schedule for the completion of the various elements of the plan. Subsequent status reports must note the progress being made, any modifications to the relocation plan, any change of interdisciplinary team members, and must include the names of residents who have been relocated during the time period covered by the report. Once relocation has been completed, a listing of the residents who have been relocated and the identity of the facilities or other locations to which the residents were moved must be provided to the Department of Health.

Proposed Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes. 7 MCAR §1.801.

Notice of Intent to Adopt a Temporary Rule

The State Department of Health proposes to adopt the above-entitled temporary rule to implement Laws of Minnesota 1983, Chapter 199, section 5, subdivision 4. Persons interested in this rule have until February 27, 1984, to submit written comments. The proposed temporary rule may be modified if the modifications are supported by the data and views submitted to the agency and do not result in substantial change in the proposed language. Written comments should be sent to:

H. Michael Tripple
Minnesota Department of Health
Survey and Compliance Section
P.O. Box 9441
717 Delaware Street Southeast
Minneapolis, Minnesota 55440
Telephone Number: (612) 623-5448

Upon adoption of the temporary rule by the Department of Health, the proposed temporary rule as published and any modifications will be submitted to the attorney general for review as to form and legality.

This temporary rule shall be effective upon the approval of the attorney general. Failure of the attorney general to approve or disapprove the rule within five working days, as provided in Minnesota Statutes §14.33 (1982), is approval.

the provisions of the rule. The development of this temporary rule is necessitated as the result of a mandate given to the Interagency Board for Quality Assurance to develop a resident relocation plan. See Laws 1983, Chapter 199, section 5, subdivision 4. Thus, the promulgation of this rule will assure compliance with that mandate. A major benefit of this rule is the fact that specific procedures are being adopted to govern the relocation process. Prior to this time, the Department has only been able to provide recommendations to a facility required to relocate residents. While those recommendations were based on provisions of the licensure rules and the Bill of Rights, the establishment of this rule will now provide a concise and readily identifiable set of standards to be followed by a facility. The Department believes that the placement of the relocation procedure in one rule will help to assure that the necessary steps are taken to safeguard the health, safety, and well-being of residents during the relocation process.

Among other requirements, the proposed temporary rule provides for timely notification to residents and family members which is essential for the appropriate and careful planning of the move to another health care facility. The rule also requires that facility staff actively participate in this process and also take any steps which might be needed to assure that there are no interruptions of the residents' care. Careful planning prior to the actual relocation of a resident is essential in order to minimize the risk or degree of "transfer trauma" that can result due to relocation. The Department believes that any costs associated with this rule will be minimal. The rule does not add to the facility's responsibility to appropriately plan for and participate in the discharge or transfer of a resident; rather, the rule combines these responsibilities in a format which can be readily followed in the event relocation of residents

Temporary Rule as Proposed (all new material)

7 MCAR S 1.801 [Temporary] Procedures governing relocation of residents from nursing homes and certified boarding care homes.

A. Definitions.

1. Relocation. The term "relocation" means a situation when residents are to be discharged from a nursing home or certified boarding care home as the result of the closing of the facility or the curtailment, reduction, or change of operations or services offered there.

2. Nursing home. A "nursing home" is a facility licensed pursuant to Minnesota Statutes, section 144A.01, subdivision 5.

3. Certified boarding care home. A "certified boarding care home" is a facility licensed pursuant to Minnesota Statutes, sections 144.50 to 144.56 and certified as an intermediate care facility as defined in United States Code, title 42, section 1396d, as amended through December 31, 1982.

4. Facility. For the purposes of 7 MCAR S 1.801 [Temporary], "facility" refers to a nursing home or certified boarding care home.

5. Service offered in the facility. "Service offered in the facility" includes participation in the medicare and/or medicaid programs pursuant to United States Code, title 42, sections 1395 et seq., and 1396 et seq., as amended through December 31, 1982.

B. Notice to the Department of Health.

1. The licensee of the facility shall notify the Department of Health, in writing, at least 90 days prior to the cessation or the curtailment, reduction, or change of operations or services which would result in the relocation of residents.

2. The written notice shall include the information in a.-c.:

a. the date of the closing, curtailment, reduction, or change of operations or services;

b. the number of residents to be relocated; and

c. the names and telephone numbers of the persons in the nursing home responsible for coordinating the relocation of

APPROVED BY THE REVISOR OF STATUTES

the facility to be contacted for further information.

4. A list of available beds to which the resident can be relocated must be prepared. This list must contain the name, address, and telephone number of the facility, the certification level of the available beds, the type of services available, and the number of beds that are available. This list must be made available to the resident, the individual responsible for the resident's care, the area long-term care ombudsman, and the county social service agency.

5. The facility shall conduct small group meetings for the residents and the individuals responsible for the care of the residents to notify them of the steps being taken in arranging for the transfer. Individual residents shall be assisted as necessary.

6. The inventory of the resident's personal possessions must be updated and a copy of the final inventory provided to the resident, the individual responsible for the resident's care, or both. A final accounting of personal funds held in the facility must be completed in accordance with the provisions of 7 MCAR S 1.048 A.8.d. Arrangements must be made for the transfer of the resident's possessions and personal funds.

7. Unless it is medically inadvisable, as documented by the attending physician in the resident's care record, the resident shall be assisted in making site visits to facilities to which they may be transferred.

8. All administrative duties must be completed prior to the actual relocation of the resident. Personnel in the facility to which the resident will be moved shall be provided with the information necessary to provide care and services to the resident, in accordance with 7 MCAR S 1.048 A.3. (MHD 48(a)(3)).

9. Unless otherwise agreed to by the resident or the individual responsible for the resident's care, at least a 14-day notice shall be provided to a resident prior to the actual relocation.

10. The resident shall be assisted in making arrangements

Department of Health
Health Systems Division

Notice of Intent to Solicit Outside Opinion Regarding a Proposed Temporary Rule Governing the Relocation of Residents of Nursing Homes and Certified Boarding Care Homes

Notice is hereby given that the Health Systems Division of the Department of Health is seeking information or opinions from sources outside the agency in preparing to promulgate a temporary rule governing the relocation of residents from nursing homes or certified boarding care homes, in accordance with a mandate given by the interagency board pursuant to Laws of 1983, chapter 199, section 5, subdivision 4. The promulgation of this temporary rule is authorized by Laws of 1983, chapter 199, section 16. The temporary rule concerns the relocation of residents from a nursing home or certified boarding care home which is curtailing operations or services or is closing.

The Health Systems Division of the Department of Health requests information and comments concerning this temporary rule. Interested or affected persons or groups may submit written statements of information and comments to:

H. Michael Tripple
Survey and Compliance Section
Minnesota Department of Health
717 Delaware Street Southeast -- P.O. Box 9441
Minneapolis, Minnesota 55440
(612) 623-5448

Statements of information and comment will be accepted until the close of the business day on October 28, 1983. Any written material received by that date by the Department of Health shall become part of the record in the event that the temporary rule is promulgated.

Department of Labor and Industry
Workers' Compensation Division

Notice of Intent to Solicit Information and Opinions from Sources Outside of the Agency on Proposed Rules Governing Workers' Compensation Practice and Procedure

Notice is hereby given that the Department of Labor and Industry is seeking information and comments from persons or organizations outside of the agency in preparing to promulgate new rules and amend or repeal existing rules governing Workers' Compensation practice and procedure. Procedural rules governing the formal litigation process will be promulgated jointly with the Office of Administrative Hearings. Other procedural rules will be promulgated as separate rules of the Department of Labor & Industry. Promulgation of these rules is authorized by Minnesota Statutes 176.83.

The Department of Labor & Industry requests information and comments concerning the subject matter of these rules. Interested or affected persons or groups may submit information or comment orally or in writing to Commissioner Steve Keefe, Department of Labor & Industry, 444 Lafayette Road, St. Paul, MN 55101.

Minnesota State Retirement System

Regular Meeting, Board of Directors

A meeting of the Board of Directors, Minnesota State Retirement System, will be held on Friday, October 21, 1983 at 8:30 a.m. in the office of the System, 529 Jackson Street, St. Paul, Minnesota.

STATE OF MINNESOTA

DEPARTMENT OF HEALTH

Ex. 2

In the Matter of the Proposed Adoption of a Temporary Rule of the State Department of Health providing procedures Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes

ORDER FOR PUBLICATION OF TEMPORARY RULES

IT IS ORDERED this 30 day of January, 1984, that the proposed temporary rules in the above-entitled matter be published in the State Register.

STATE OF MINNESOTA

Commissioner of Health

STATE OF MINNESOTA

COUNTY OF HENNEPIN

Ex 3

In the Matter of a Proposed Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes

AFFIDAVIT OF MAILING

Ralph Armstrong, being first duly sworn, deposes and says:

1. That on the 31 day of Jan. 1984, at the City of Minneapolis, County of Hennepin, State of Minnesota, he served the attached Notice of Intent to Adopt a Temporary Rule and proposed temporary rule by depositing in the United States mail at said City of Minneapolis, a true and correct copy thereof, properly enveloped, with postage prepaid, to all persons and associations at the addresses listed on the Certificate of Agency's Mailing list attached and made a part hereof as Exhibit A.

2. That on the 31 day of Jan. 1984, at the City of Minneapolis, County of Hennepin, State of Minnesota, he served the attached Notice of Intent to Adopt a Temporary Rule and proposed temporary rule by depositing in the United States mail at said City of Minneapolis, a true and correct copy thereof, properly enveloped, with postage prepaid, to nursing homes and boarding care homes licensed by the state. A list of the names and addresses of the licensed nursing homes and boarding care homes is attached and made a part hereof as Exhibit B.

Ralph Armstrong

Subscribed and sworn before me

this 31 day of January 1984.

FREDERICK E. KING

STATE OF MINNESOTA

COUNTY OF HENNEPIN

BEFORE THE MINNESOTA

COMMISSIONER OF HEALTH

In the Matter of a Proposed Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes

CERTIFICATE OF AGENCY'S MAILING LIST

I hereby certify that the attached list of persons, associations and other interested groups who have requested, pursuant to Minn. Stat. §14.14, Subd. 1a, that their names be placed on file with and maintained by the Department of Health for the purpose of receiving notice of the proposed adoption of rules by this agency is accurate and complete as of one o'clock P.M., this 25th day of January, 1984.

S. Mary Madonna Ashton

Proposed Temporary Rule
Governing the Relocation
of Residents from
Nursing Homes and Certified
Boarding Care Homes

AFFIDAVIT OF
DELIVERY

Mary M. Carlsen, being first duly sworn, deposes and says:

1. That on the 3rd day of February, 1984, she delivered 67 copies of the attached Notice of Intent to Adopt a Temporary Rule and proposed temporary rule addressed to: "Senate, Room 231, State Capitol, For Distribution to all Senators" to the Office of the Secretary of the Senate.

2. That on the 3rd day of January 1984, she delivered 134 copies of the attached Notice of Intent to Adopt a Temporary Rule and proposed temporary rule addressed to: "House, Room 74, State Office Building, For Distribution to all Representatives" to the Post Office in the State Office Building.

Mary M Carlsen

Subscribed and sworn before me
this 7th day of February, 1984

Frederick L. King

FREDERICK L. KING
WASHINGTON COUNTY
NOTARY PUBLIC-MINNESOTA
MY COMMISSION EXPIRES FEB. 22, 1984

the necessary channel capacity sufficient to allow access to other providers. The plan must be submitted to the property owner for approval. The owner's approval may not be unreasonably withheld. No additional compensation for evaluation of the plan may be paid or given to the property owner over and above that permitted under Minnesota Statutes, section 238.24, subdivision 8.

C. Duplicate connections. The cable communications company is not required to provide equipment for connecting more than one television receiver in one dwelling unit within the multiple dwelling complex. However, the company may provide duplicate connections at its discretion.

4 MCAR § 4.262 Reimbursement.

A. Providing alternative service. Other providers of television programming or cable communications services shall notify the cable communications company when a resident or association member occupying a dwelling unit in a multiple dwelling complex requests the services provided for by 4 MCAR §§ 4.260-4.263. After reaching agreement with the alternative service provider for reimbursement to be paid for use of the equipment, the cable communications company shall make available the equipment necessary to provide the alternative service without unreasonable delay.

B. Reimbursement determination. The amount to be reimbursed must be determined under Minnesota Statutes, section 238.24, subdivision 10. The reimbursed amount must be paid in one installment for each instance of requested use. The payment may not be refunded upon subscriber cancellation of the alternative service.

C. Financial records made available. The cable communications company, upon written request, shall make available to the alternative provider financial records supporting the reimbursement cost requested.

4 MCAR § 4.263 Appeals to board.

An interested or affected person may appeal an action taken by another person under 4 MCAR §§ 4.261 and 4.262 to the board using the procedure in 4 MCAR §§ 4.003-4.016.

Department of Health
Health Systems Division

Proposed Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes, 7 MCAR § 1.801

Notice of Intent to Adopt a Temporary Rule

The State Department of Health proposes to adopt the above-entitled temporary rule to implement Laws of Minnesota 1983, Chapter 199, section 5, subdivision 4. Persons interested in this rule have until February 27, 1984, to submit written comments. The proposed temporary rule may be modified if the modifications are supported by the data and views submitted to the agency and do not result in substantial change in the proposed language. Written comments should be sent to:

H. Michael Tripple
Minnesota Department of Health
Survey and Compliance Section
P.O. Box 9441
717 Delaware Street Southeast
Minneapolis, Minnesota 55440
Telephone Number: (612) 623-5448

Upon adoption of the temporary rule by the Department of Health, the proposed temporary rule as published and any modifications will be submitted to the attorney general for review as to form and legality.

This temporary rule shall be effective upon the approval of the attorney general. Failure of the attorney general to approve or disapprove the rule within five working days, as provided in Minnesota Statutes § 14.33 (1982), is approval.

As soon as practicable thereafter, notice of the attorney general's decision shall be published in the *State Register* and the adopted rule shall also be published in the manner as provided for adopted rules in Minnesota Statutes § 14.18.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." ADOPTED RULES SECTION — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

In accordance with Laws of Minnesota 1983, chapter 199, section 16, this temporary rule shall be effective up to 360 days after July 1, 1983, and may be continued in effect for two additional periods of 180 days each if the Commissioner of Health gives notice of continuation of each additional period by publishing notice in the *State Register* and mailing the same notice to all persons registered with the commissioner to receive notice of rulemaking proceedings. This temporary rule shall not be effective 720 days after July 1, 1983, without following the procedures in Minnesota Statutes, §§ 14.13 to 14.20.

This temporary rule will not result in any increased expenditure to local public bodies. Nor will it result in a fiscal impact in excess of $100,000 annually. See Minnesota Statutes § 14.11, subdivision 1 and § 15.065.

The temporary rule establishes the procedures to be followed by a nursing home or certified boarding care home in the event that relocation of some or all of the residents becomes necessary. The provisions contained in the rule are designed to ensure that proper and sufficient notice is given to residents and other affected parties and to require that the necessary assistance is provided to residents to properly prepare for the relocation. The following information is being provided to comply with the provisions of Minnesota Statute § 144A.29, subdivision 4 which requires that each rule promulgated by the Department contain a short statement of anticipated costs and benefits to be derived from the provisions of the rule. The development of this temporary rule is necessitated as the result of a mandate given to the Interagency Board for Quality Assurance to develop a resident relocation plan. See Laws 1983, Chapter 199, section 5, subdivision 4. Thus, the promulgation of this rule will assure compliance with that mandate. A major benefit of this rule is the fact that specific procedures are being adopted to govern the relocation process. Prior to this time, the Department has only been able to provide recommendations to a facility required to relocate residents. While those recommendations were based on provisions of the licensure rules and the Bill of Rights, the establishment of this rule will now provide a concise and readily identifiable set of standards to be followed by a facility. The Department believes that the placement of the relocation procedure in one rule will help to assure that the necessary steps are taken to safeguard the health, safety, and well-being of residents during the relocation process.

Among other requirements, the proposed temporary rule provides for timely notification to residents and family members which is essential for the appropriate and careful planning of the move to another health care facility. The rule also requires that facility staff actively participate in this process and also take any steps which might be needed to assure that there are no interruptions of the residents' care. Careful planning prior to the actual relocation of a resident is essential in order to minimize the risk or degree of "transfer trauma" that can result due to relocation. The Department believes that any costs associated with this rule will be minimal. The rule does not add to the facility's responsibility to appropriately plan for and participate in the discharge or transfer of a resident; rather, the rule combines these responsibilities in a format which can be readily followed in the event relocation of residents is necessary. A number of existing licensure rules address a facility's responsibility in the discharge and transfer process and since these responsibilities are already in place, the Department does not believe that any new responsibility is imposed on the facility.

For example, MHD 45 (h)(5)(aa) already requires the development of resident transfer procedures; MHD 48 (a)(3) requires that pertinent information relative to the care of a resident accompany that resident on discharge or transfer; MHD 49 (c)(1) requires that a resident's medical record contains information on the condition of the resident at the time of discharge or transfer; and MHD 50 (f)(13) requires that the Director of Nursing Service participate in the discharge and transfer planning for residents. While some costs will be associated with the relocation of residents from a facility, it is the Department's position that those costs are a part of the facility's current responsibility to appropriately care for residents and are not "new costs" which will be incurred only as a result of the promulgation of this rule. Any costs will, of course, vary depending upon the number of residents to be relocated, e.g., costs associated with the mailing of the required notices. For these reasons, it is not possible for the Department to specifically delineate the costs associated with this rule.

A copy of this notice and the proposed temporary rule may be obtained by contacting Marlene Randall at the Minnesota Department of Health, telephone number: (612) 623-5474.

Temporary Rule as Proposed (all new material)

7 MCAR § 1.801 [Temporary] Procedures governing relocation of residents from nursing homes and certified boarding care homes.

A. Definitions.

1. Relocation. The term "relocation" means a situation when residents are to be discharged from a nursing home or certified boarding care home as the result of the closing of the facility or the curtailment, reduction, or change of operations or services offered there.

2. Nursing home. A "nursing home" is a facility licensed pursuant to Minnesota Statutes, section 144A.01, subdivision 5.

3. Certified boarding care home. A "certified boarding care home" is a facility licensed pursuant to Minnesota Statutes, sections 144.50 to 144.56 and certified as an intermediate care facility as defined in United States Code, title 42, section 1396d, as amended through December 31, 1982.

4. Facility. For the purposes of 7 MCAR § 1.801 [Temporary], "facility" refers to a nursing home or certified boarding care home.

5. Service offered in the facility. "Service offered in the facility" includes participation in the medicare and or medicaid programs pursuant to United States Code, title 42, sections 1395 et seq., and 1396 et seq., as amended through December 31, 1982.

B. Notice to the Department of Health.

1. The licensee of the facility shall notify the Department of Health, in writing, at least 90 days prior to the cessation or the curtailment, reduction, or change of operations or services which would result in the relocation of residents.

2. The written notice shall include the information in a.-c.:

a. the date of the closing, curtailment, reduction, or change of operations or services;

b. the number of residents to be relocated; and

c. the names and telephone numbers of the persons in the nursing home responsible for coordinating the relocation of residents.

C. Facility responsibilities.

1. The licensee of the facility and facility staff shall cooperate with representatives from the department of health and from the social service agency for the county in which the facility is located in planning for the relocation of residents.

2. The administrator of a facility shall establish an interdisciplinary team which shall be responsible for coordinating and planning the steps necessary to relocate the residents. The interdisciplinary team shall consist of members involved in providing direct care services to residents.

3. The facility shall send written notices in a.-c. at least 60 days in advance of the date by which the relocation of residents is to be completed.

a. Notice shall be sent to the resident who will be relocated and to the individual responsible for the resident's care. This notice must include the name, address, and telephone number of the individual in the facility to be contacted for assistance and further information; the social service agency for the county in which the facility is located; and the area long-term care ombudsman, provided under section 307(a)(12) of the Older Americans Act, United States Code, title 42, section 3027, as amended through December 31, 1982.

b. Notice shall be sent to the social service agency for the county in which the facility is located. This notice must include the name of each resident to be relocated, the name, address, and telephone number of the individual responsible for the resident's care, and the name and telephone number of the individual in the facility to be contacted for further information.

c. Notice shall be sent to the attending physician of the resident to be relocated. The resident's attending physician shall be requested to furnish any medical information needed to update the resident's medical records and to prepare transfer forms and discharge summaries. This written notice must include the name and telephone number of the individual in the facility to be contacted for further information.

4. A list of available beds to which the resident can be relocated must be prepared. This list must contain the name, address, and telephone number of the facility, the certification level of the available beds, the type of services available, and the number of beds that are available. This list must be made available to the resident, the individual responsible for the resident's care, the area long-term care ombudsman, and the county social service agency.

5. The facility shall conduct small group meetings for the residents and the individuals responsible for the care of the residents to notify them of the steps being taken in arranging for the transfer. Individual residents shall be assisted as necessary.

6. The inventory of the resident's personal possessions must be updated and a copy of the final inventory provided to the resident, the individual responsible for the resident's care, or both. A final accounting of personal funds held in the facility must be completed in accordance with the provisions of 7 MCAR § 1.048 A.8.d. Arrangements must be made for the transfer of the resident's possessions and personal funds.

7. Unless it is medically inadvisable, as documented by the attending physician in the resident's care record, the resident shall be assisted in making site visits to facilities to which they may be transferred.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." ADOPTED RULES SECTION — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

8. All administrative duties must be completed prior to the actual relocation of the resident. Personnel in the facility to which the resident will be moved shall be provided with the information necessary to provide care and services to the resident, in accordance with 7 MCAR § 1.048 A.3. (MHD 48(a)(3)).

9. Unless otherwise agreed to by the resident or the individual responsible for the resident's care, at least a 14-day notice shall be provided to a resident prior to the actual relocation.

10. The resident shall be assisted in making arrangements for transportation to the new facility.

11. There must not be a disruption in the provision of meals, medications, or treatments of the resident during the relocation process.

12. If not previously notified, the resident's attending physician shall be informed of the new location of the resident within 24 hours after the actual relocation.

13. Commencing the week following the relocation notice to the Department of Health, the facility shall provide weekly written status reports to the Department of Health as to the progress being made in arranging for the relocation. The initial status report must include the relocation plan developed by the facility, the identity of the interdisciplinary team members, and a schedule for the completion of the various elements of the plan. Subsequent status reports must note the progress being made, any modifications to the relocation plan, any change of interdisciplinary team members, and must include the names of residents who have been relocated during the time period covered by the report. Once relocation has been completed, a listing of the residents who have been relocated and the identity of the facilities or other locations to which the residents were moved must be provided to the Department of Health.

Higher Education Coordinating Board

Proposed Adoption of Rules Governing State Scholarships and Grants-in-Aid and Part-Time Student Grants

Notice of Intent to Adopt Rules without a Public Hearing

Notice is hereby given that the Minnesota Higher Education Coordinating Board proposes to adopt the above-entitled rules without a public hearing. The Executive Director has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in Minnesota Statutes Section 14.21-14.28 (1982). These proposed rules do not include a change in the definition of student dependency.

Persons interested in these rules shall have 30 days to submit comments on the proposed rules. The proposed rules may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change in the proposed language.

Unless seven or more persons submit written requests for a public hearing on the proposed rules within the 30-day comment period, a public hearing will not be held. In the event a public hearing is required, the agency will proceed according to the provisions of Minnesota Statutes Section 14.13-14.15 (1982).

Persons who wish to submit comments or a written request for a public hearing should submit such comments or request to:

Rose Herrera Hamerlinck
Minnesota Higher Education Coordinating Board
400 Capitol Square Building
550 Cedar Street
St. Paul, Minnesota 55101
612/296-9681

Authority for the adoption of these rules is contained in Minnesota Statutes Sections 136A.111, subd. 2 (1982). Additionally, a Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rules and identifies the data and information relied upon to support the proposed rules has been prepared and is available from Rose Herrera Hamerlinck, Higher Education Coordinating Board, upon request.

Upon adoption of the final rules without a public hearing, the proposed rules, this Notice, the Statement of Need and Reasonableness, all written comments received, and the final Rules as Adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as proposed for adoption, should submit a written statement of such request to Rose Herrera Hamerlinck, Higher Education Coordinating Board.

RE: Proposed Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes. 7 MCAR §1.801.

Dear Mr. Tripple:

The Minnesota Association of Health Care Facilities hereby submits its comments on the proposed temporary rule.

GENERAL APPLICABILITY OF THE RULE

7 MCAR §1.801 [temporary] is intended to implement the Laws of Minnesota 1983, Chapter 199, section 5, subdivision 4. That subdivision states in part "the board [the Interagency Board for Quality Assurance] shall develop, and the Commissioner of Public Welfare shall implement, a residents relocation plan that instructs the county in which the nursing home is located of procedures to ensure that the needs of residents in nursing homes about to be closed are met." Nursing homes are defined in Laws of Minnesota 1983, Chapter 199, section 11, subdivision 7 as facilities licensed under Chapter 144A or "a boarding care facility licensed under sections 144.50 to 144.56." However, 7 MCAR §1.801 [temporary] as proposed applies only to certified boarding care homes (see sections A.1., A.3. and A.4.) [emphasis added].

By limiting the applicability of the proposed rule to certified boarding care homes, the Department will fail to carry out the clear statutory requirement of Laws of Minnesota 1983, Chapter 199, section 5, subdivision 4. That legislative intent is also made clear in the authority given to the Board to recommend to the Commissioner of Health not only closure of all or part of a nursing home, but also revocation of the license of a nursing home or boarding

care facility. (Laws of Minnesota 1983, Chapter 199, section 5, subdivision 4.) In order to fully implement the statutory mandate of Chapter 199, the proposed rule must be amended to apply to licensed boarding care homes rather than certified boarding care homes.

7 MCAR §1.801 A. Definitions

Subdivision 1. Relocation. Laws of Minnesota 1983, Chapter 199, section 5, subdivision 4, calls for resident relocation when closure of all or part of a nursing home or revocation of the facility's license is required because all other methods of enforcing quality standards are inappropriate or when the Board deems it necessary to take such action. However, in the proposed temporary rule the definition of relocation is not clearly and unambiguously limited to nursing home closure or license revocation actions initiated by the Commissioner of Health. The proposed definition could include those situations in which a facility voluntarily initiates closure, curtailment, or reduction in its operation or where closure results from other governmental actions such as involuntary condemnation of a facility for governmental purposes such as a highway. The intended applicability of the proposed rule must be clarified. If the Department's intent is simply to meet the requirements of Minnesota Laws of 1983, Chapter 199, section 5, subdivision 4, then the responsibilities required of a facility by this rule must be compatible with the clear statutory language which places upon the county the primary burden for insuring that the needs of residents of nursing homes about to be closed are met and that appropriate placements are made to alternative care settings. If, however, the intent of the rule is to apply to the broader range of situations requiring the relocation of all or some of the facility's residents, then the burden or responsibility for relocation activities must be distinguished and clearly spelled out.

Finally, the provisions of this temporary rule, 7 MCAR §1.801, should in all cases be compatible with the parallel rule of the Department of Public Welfare relating to relocation of nursing home residents, 12 MCAR §2.04601 - 2.04606 [temporary].

7 MCAR §1.801 B. Notice to the Department of Health

Subdivision 1. Facilities are required to give the Department of Health 90 days notice of situations which would result in relocation of residents. This is possible only when the facilities themselves have at least 90 days notice of such situations. This subdivision should be amended to provide that the facility shall notify the Department of Health in writing within five working days of the agency action if the facility itself has not received 90 day notice of such agency action.

7 MCAR §1.801 C. Facility Resonsibilities

Paragraph C. Facilities are required to notify the resident's attending physician of the impending relocation. The physician, however, is only requested to furnish the necessary medical information and records, transfer forms and discharge summaries required to complete the transfer [emphasis added]. Since the facility is required to complete all administrative duties prior to the actual relocation of the resident [7 MCAR §1.801 C. 8.], the physician should be required, not requested, to furnish the necessary medical information and records for the resident's file [emphasis added]. Unless the physician is required to meet these obligations, the situation may arise where the facility, because of the failure of the physician to fulfill his responsibilities, will not be able to complete its administrative duties prior to the actual relocation of the resident.

Subdivision 4. This subdivision requires facilities to prepare a list of available beds to which residents can be relocated. DPW Proposed Rule 12 MCAR §2.04603 B. requires the county relocation committee to "develop a procedure to identify and monitor the current availability of alternative resources which may be used if the relocation of residents of a long term care facility is necessary." The information required in thie process is more extensive than that required by 7 MCAR §1.801 C.4. Additionally, 12 MCAR §2.04605 D. requires the county relocation committee to provide the information it has gathered about alternative resources to the resident who is to be relocated. Since the county relocation committee will be fulfilling all the requirements of subdivision 4, it is needlessly duplicative for the facility to engage in the same activity. Therefore, subdivision 4 should be stricken.

Subdivision 7. This subdivision requires a facility to assist relocating residents to make site visits to facilities to which they may be transferred. 12 MCAR §2.04605 D. 4. b. requires the county relocation committee to provide "an opportunity for each resident to visit the new facility to learn the physical layout, meet other residents and staff, and learn about the program and activities;". Since the county relocation committee's responsibilities include the activities required by subdivision 7, this subdivision is unnecessary and should be stricken. Note that section C. 1. of this rule requires facility staff to cooperate with the social service agency for the county in which the facility is located.

Subdivision 11. The requirement that there must not be a disruption in the provision of meals, medications, or treatments during the relocation process is both necessary and desirable; however, the responsibilities of both the discharging facility and the receiving facility must be clarified. The discharging facility clearly cannot, practically or legally, be held accountable for the performance of the facility receiving the relocated resident once the resident is under the care of that facility. Nor should the discharging facility be responsible for the care provided by transportation agents unless the discharging facility has assumed responsibility for relocation transportation.

The subdivision should be amended to provide that beyond assisting the county relocation team in carrying out the duties stated in 12 MCAR § 2.04605 [temporary] and planning for a continuum of meals, medications, and treatment, the discharging facility's responsibility ends when the relocating resident leaves the facility. An exception may be made when the discharging facility provides the transportation to the new facility. In that case, provision of in-transit services should be the responsibility of the discharging facility.

Subdivision 13 - Relocation Plan. This subdivision requires the discharging facility to include a relocation plan as part of the first weekly status report following the 90 day notice of relocation to the Department of Health. The relocation plan would seem to be an important element of the relocation process. Yet, the contents of the plan are nowhere spelled out. Secondly, the proposed rule now requires that only the Department of Health receive the relocation plan. It would seem desirable, and in keeping with the intent of the proposed rule, to require that the resident, the individual responsible for the resident, and the county relocation committee receive copies of the plan. Thirdly, the proposed rule requires the facility to submit the relocation plan one week after giving its 90 day notice to the Department of Health. In some situations, including those where the facility receives less than 90 days notice of agency action requiring closure, revocation of license, curtailment, reduction or change of operations or services, the proposed one-week time requirement may not provide sufficient time to prepare the report.

The provision regarding the relocation plan should be amended as follows:

a) the contents of the relocation plan should be clarly specified;

b) the plan should be made available to the resident, the individual responsible for the resident, and the county relocation committee;

c) the plan should not duplicate any of the activities and responsibilities of the county relocation committee specified in 12 MCAR §2.04601 - 2.04606 [temporary];

d) the facility should be given adequate time to prepare the report. Specific provision should be made for those situations where the facility receives 90 days notice or less of agency action requiring relocation of residents.

Subdivision 13 - Reports. The status reporting requirement detailed in this subdivision is unnecessarily complex and duplicative. It would seem that after the initial status report has been submitted, subsequent status reports would need to be submitted only when various elements of the relocation plan have been completed, or modifications have been made to the plan or when residents have been relocated from the facility. This change would provide the Department with all of the essential information needed for its monitoring of the relocation without unnecessary accumulation of reports and without the unnecessary allocation of staff time for preparation of such reports.

In conclusion, we believe that our suggestions are practical, reasonable changes which will improve the proposed temporary rule without substantially changing the intent of the proposed rule.

We will be happy to discuss these comments and to offer additional information on these matters.

Respectfully submitted,

Benno W. Salewski
Director of Public Affairs

BWS/skc

STATE OF MINNESOTA

COUNTY OF HENNEPIN

BEFORE THE MINNESOTA

COMMISSIONER OF HEALTH

In the Matter of the Adoption of a Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes 7 MCAR §1.801

COMMISSIONER'S FINDINGS OF FACT AND CONCLUSIONS

Minnesota Statutes §144A.31, subd. 4 (1983 Supp.) requires that a rule establishing a relocation plan for residents in nursing homes be established. A proposed temporary rule was published by the Commissioner of Health in the February 6, 1984 edition of the State Register.

After giving interested persons an opportunity to present written comments on the proposed rule and having considered all of the comments received, the Commissioner makes the following:

FINDINGS OF FACT

Procedural Requirements

1. Minn. Stat. 144A.31, subd. 4 (1983 Supp.) requires that the Interagency Board for Quality Assurance establish "effective methods of enforcing quality of care standards."

2. The Interagency Board for Quality Assurance consists of representatives from the Department of Health and the Department of Human Services (Public Welfare). As such, the Interagency Board serves in an advisory capacity to the Commissioners of these departments and does not have the authority to adopt rules in its own name.

3. The Commissioner of Health is responsible for considering and, if found appropriate, implementing the recommendations of the Interagency Board for Quality Assurance with respect to effective methods of enforcing quality of care standards. Minn. Stat. §144A.31, subd. 4, (1983 Supp.).

4. The Interagency Board for Quality Assurance has recommended adoption of this proposed temporary rule. The Commissioner concurred with that recommendation and initiated the rule promulgation process.

5. Laws 1983, Chapter 199, Section 16, codified as Minn. Stat. 256B.502 (1983 Supp.), provides the Commissioner of Health and the Commissioner of Human Services with the authority to promulgate temporary rules. Laws 1984, Chapter 640, Section 28 provided for an extension of this temporary rule authority.

6. A Notice of Intent to Solicit Outside Opinion regarding this rule was published in the State Register on October 17, 1983 at 8 S.R. 713. (Exhibit 1)

7. On January 30, 1984 an order for the Publication of temporary rules was signed by the Commissioner of Health. (Exhibit 2)

8. On January 31, 1984, in accordance with the provisions of Minn. Stat. 14.14 (1982), a Notice of Intent to Adopt a Temporary Rule and a copy of the proposed temporary rule was mailed to all persons and associations registered with the Department of Health to receive notice of rule hearings. On that same date, the Notice of Intent to Adopt a Temporary Rule and a copy of this proposed temporary rule was also mailed to all nursing homes and boarding care homes in the state. (Exhibit 3)

9. On February 3, 1984 a copy of the Notice of Intent to Adopt a Temporary Rule and a copy of the proposed temporary rule was delivered to the Minnesota Senate and House of Representatives for distribution to members of the Legislature. (Exhibit 4)

10. On February 6, 1984 the Notice of Intent to Adopt a Temporary Rule and a copy of the proposed temporary rule was published in the State Register. See 8 S.R. 1809. (Exhibit 5)

11. In accordance with the provisions of Minn. Stat. §14.30, the comment period closed on February 27, 1984.

12. Prior to the close of the comment period, one comment was submitted to the Department. (Exhibit 6)

Discussion of the Rule

13. The temporary rule establishes the procedures to be followed by a nursing home or certified boarding care home in the event relocation of some or all of the residents becomes necessary.

14. The temporary rule is designed to ensure that proper and sufficient notice is given to residents and other affected parties and to require that the necessary assistance is provided to residents to properly prepare for the relocation.

15. The temporary rule requires that the licensee of a facility notify the Department of Health, in writing, at least 90 days prior to an event which would necessitate relocation of residents. This provision is needed and reasonable in order to ensure that the relocation process is appropriately planned and to provide the Department with sufficient notice to monitor the implementation of the plan by the facility. A similar notice provision is contained in Minn. Stat. §144A.16 for nursing homes only. The specific elements of the written notice contained in this portion of the rule are needed to assure that the necessary

information is provided to the Department. This information is readily available to the licensee of the facility.

16. The temporary rule establishes the responsibilities of the facility in the event a relocation of the residents is necessary. A major benefit of this rule is that specific procedures will now be adopted to govern the relocation process. Prior to this time the Department has only provided recommendations to a facility required to relocate residents. While those recommendations were based on the provisions of the licensure rules and the Residents Bill of Rights, (Minn. Stat. §144.651), the establishment of this rule will now provide a concise and readily identifiable set of standards to be followed by the facility. It is the Department's position that this rule will help to assure that the necessary steps are taken to safeguard the health, safety, and well-being of residents during the relocation process.

17. Section C.1. of the rule requires that the facility staff cooperate with the representatives of the Department of Health and the County Social Service Agency. This rule is needed and reasonable to assure appropriate cooperation between the facility and the agencies assigned to assist and monitor the relocation process.

18. Section C.2. requires the establishment of an interdisciplinary team which shall be responsible for coordinating and planning the relocation. This rule is needed and reasonable to assure that the appropriate members of the facility staff are involved in the relocation process and to assure that a coordinated relocation plan is developed. A well organized and coordinated relocation program will protect the well-being of the residents in the facility.

19. Section C.3. requires that written notices be provided to the resident, to the individual responsible for the resident's care, to the county social service agency, and to the resident's physician. The rule details the specific contents of these written notices. The rule is needed to assure that all affected parties are informed of the need for the relocation and to provide these parties an opportunity to participate in the relocation decision or to investigate other alternatives. The information required to be provided is information which is readily available to the facility.

20. Section C.4. requires that the facility prepare a listing of available beds to which a resident can be located. This list must be made available to the resident, the individual responsible for the resident's care, to the long-term care ombudsman, and to the county social service agency. This rule is needed and reasonable to provide a resident with sufficient information to appropriately participate in the relocation planning. The list can be developed by contacting facilities

within the area in which the nursing home is located. Assistance in the preparation of this list would also be obtained from the county social service agency.

21. Sections C. 5 to 9 establish the procedures to be followed prior to the actual relocation. The rules require the holding of small group meetings to assure that residents are kept advised of the process; require the completion of an inventory of possessions and an accounting of personal funds; require, unless medically inadvisable, assistance in conducting site visits at the facility to which the resident may be moved; require the preparation of the necessary information concerning the resident's care; and require a 14 day notice prior to the actual relocation unless the resident agrees to a shorter notice period. Each of these rules is designed to assure a smooth transition to a new health care facility. The rule is needed to minimize the problems associated with the move and is reasonable since the procedure specified can be handled by the facility staff.

22. Section C. 10 and 11 require assistance in making transportation arrangements and require that no disruption in the provision of meals, medication, or treatment occurs as a result of the relocation. Again, these provisions are needed and reasonable to provide for a smooth transition and to assure that the health, safety, and well-being of residents is protected during this process.

23. Section C.12. requires that the resident's physician be notified of the new location of the resident with 24 hours after the move if the physician has not been previously notified. This rule is needed and reasonable to assure that there is no disruption in the medical services provided to the resident.

24. Section C.13. requires that the facility provide the Department with weekly written status reports on the progress of the relocation. A final report will also be required once the relocation process is completed. This rule is needed to assure that the Department is fully advised as to the progress being made and the steps being taken in the facility in preparation for the relocation. As the licensing authority for these facilities, the Department is responsible for monitoring the care and services being provided to the residents. These reports will provide current information for Department review. The rule will not impose an unreasonable burden on the facility. The information requested to be provided will be readily available to the facility.

Comments

25. In section A.4. of the proposed rule the Department defined a "facility" as a nursing home or a certified boarding care home. The Minnesota Association of Health Care Facilities (MAHCF) suggested that this definition was too limiting and recommended that the Commissioner change the wording of the definition to "licensed boarding care home". The Commissioner

disagrees with the commentator's interpretation of the applicability of Laws of Minnesota 1983, Chapter 199, section 5, subdivision 4. Further, Laws of Minnesota 1984, Chapter 641, section 12. amending Minnesota Statutes, section 144A.31, subdivision 4. clarifies that the relocation plan applies to a nursing home or certified boarding care home. Therefore, no change in the general applicability of the rule has been made.

26. MAHCF also commented on the scope of the term "relocation". The Department does not believe a change in the rule is necessary. The definition is consistent with the responsibility imposed upon the Department under the provisions of Minn. Stat. §144A.16. While the rule is being promulgated to implement the recommendation made to the Department by the Interagency Board, it should also be noted that the Department has the authority, to develop rules to protect the health, safety, treatment, comfort, and well-being of residents. The rule will protect residents in the covered facilities in the event any relocation is required. Amendments to the law also clarify the scope of the term "relocation". Laws 1984, Chapter 641, Section 12 indicates that a relocation plan will apply as the result of a change of certification, closure, or loss or termination of the facility's provider agreement. It is the Department's position that the term "relocation" and the definition of "service offered in the facility" (Section A.5.) are sufficiently clear and provide proper notice to the facility as to the applicability of this rule.

27. MAHCF also requested that the provision of this Department's rule be compatible with the companion rule promulgated by the Department of Human Services. Every effort has been made to make the provisions of the rules compatible. It is the Department's position that the two rules can be effectively and simultaneously administered. The differences in the rule are based on the Departments' jurisdictions. As an extension of the licensure authority, this Department's rule addresses the facility's responsibility; while the Department of Human Services' rule relates to the authority of the county social services agencies.

28. MAHCF also requested an amendment to the provision governing the Notice to the Department, Section B of the rule. The Department does not believe that any amendment to this section is required. The notice provision as contained in section B is designed to assure that the Department is notified in the event the facility initiates a plan which would require relocation. If relocation is necessitated by Departmental action, a notice to the Department would not be required since the Department would already be aware of the need to initiate relocation activities.

29. MAHCF made a number of comments regarding the responsibilities of the facilities. These comments have been carefully reviewed; however, the Department does not believe that amendments to the rule are required.

a. The first comment addressed the requirement that the facility should notify the attending physician of the need for relocation and "request" the physician to furnish any necessary medical information or data. MAHCF asked that the physician be "required" to furnish this data. While the Association's point is valid, the Department does not have authority to compel a physician to furnish this data. The Department's jurisdiction extends only to the licensed facility. However, it should be noted that the Department will carefully review the steps taken by the facility to obtain the information from a physician and if a problem occurs in receiving this material, such problems should be carefully documented by the facility.

b. The next comment related to C.4., requiring that a list of available beds be obtained. The Department does not see this requirement as being "needlessly duplicative" under the responsibilities of county agencies. If the county agency has assumed this responsibility, the rule would not prevent the facility from using that list to meet the requirements of this section. However, this listing is extremely important and it must be prepared to provide for an orderly relocation. The Department is, therefore, requiring the facility to see to the preparation of the list.

c. The above comments can be used to respond to the association's comments on C.7., which requires the facility to provide assistance to residents in making site visits to the new facilities. If these activities can be coordinated with the county social service agency, the Department would accept this as meeting the provision of the rule. However, this requirement is important in assuring for a smooth transition during relocation, and this activity must be completed whether or not the county is cooperating. It should be noted that the Department anticipates that the county social services agencies will cooperate and fully meet their responsibilities in this area. However, this Department cannot compel county cooperation. Therefore, the rule addresses the minimum requirement to be met by the facility. The facility relocation plan should be developed in coordination with county agencies and if the county agency will meet some of the requirements imposed on the facility, this should be specifically addressed. However, the Department will hold the facility responsible for assuring that all responsibilities contained in this rule are met.

d. MAHCF also commented on the contents and distribution of the relocation plan. The actual contents of the plan will vary from facility to facility. However, the plan should, at a minimum, address the responsibilities imposed on the facility by this rule. The Department believes that the rule is sufficiently clear to provide a minimum outline of the relocation plan. The actual plan will need to be developed in response to the specific fact situation involved, e.g., are 5 or 100 residents being relocated. Therefore, it would not be possible to develop a rule which is responsive to a multitude of unknown variables. The Department agrees that the plan should be avail-

able to other parties and nothing in the rule prohibits distribution. However, the Department believes that this should be a facility decision. The plan should ideally be developed in conjunction with the county agency. In this way, duplication can be avoided and the plan would be acceptable to the Department. However, the facility will be responsible for full compliance with this rule.

e. MAHCF also commented on the need for the weekly reports required by section C.13. The Department does not believe that this requirement is unnecessarily complex or duplicative. The need for weekly reports is important to provide the Department with an ongoing update in the relocation process. If significant changes have not occurred, these reports could simply note that fact. The reports will be an important tool in monitoring the facility's performance of its activities.

Statement of Anticipated Costs and Benefits

30. Minn. Stat. §144A.29, subdivision 4 requires that each rule promulgated by the Department contain a short statement of the anticipated costs and benefits of the rule. This requirement was specifically addressed in the Department's Notice of Intent to Adopt a Temporary Rule. Those statements meet the obligations imposed on the Department.

Based upon the foregoing Findings of Fact, the Commissioner makes the following:

CONCLUSIONS

1. That the Department gave proper notice concerning the adoption of the proposed temporary rule.

2. That the Department has fulfilled the procedural requirement contained in Minn. Stat. §§ 14.30 and 14.36.

3. That the Department has the statutory authority to adopt the schedule of fines.

4. That the proposed rule is needed and reasonable.

5. That any Findings which might properly be termed Conclusions and any Conclusions which might properly be termed Findings are hereby adopted as such.

Based upon the foregoing Findings of Fact and Conclusions, the Commissioner issues the attached Order.

STATE OF MINNESOTA

DEPARTMENT OF HEALTH

BEFORE THE MINNESOTA

COMMISSIONER OF HEALTH

In the Matter of the Adoption of a Temporary Rule Governing the Relocation of Residents from Nursing Homes and Certified Boarding Care Homes 7 MCAR §1.801

ORDER ADOPTING TEMPORARY RULES

The above-entitled matter was published in the State Register on February 6, 1984 as a proposed temporary rule pursuant to Minnesota Statutes sections 14.29 to 14.36. After affording interested and affected persons an opportunity to submit written data and views within 20 days of the publication date, reviewing and considering the data and views, and determining that the above-captioned rules are needed and reasonable;

NOW, THEREFORE, IT IS ORDERED:

that these rules identified as 7 Minnesota Code of Agency Regulations §1.801 et. seq. [Temporary] are adopted this 13 day of July, 1984, pursuant to the authority vested in me in Minn. Stat. §144A.31, subd. 4.

STATE OF MINNESOTA

Sr Mary Madonna Ashton

COMMISSIONER OF HEALTH

To: Larry
Date: 8/21/84
Re: Department of Health — Relocation of Residents from Nursing Homes and Certified Boarding Care Homes.

Rules as Adopted

p. 3 .801 C.5.
line 19 The last sentence of this section requires that residents "be assisted as necessary". However, it is not clear what kind of assistance is to be provided. To get to the meeting? To comprehend the aspects of Relocation? In other words, how far does the facility have to go in "assisting the resident?" Agree, but assistance in transferring residents would, implicitly, be held to a standard of reasonableness. -LDS.

p. 3 .801 C.7
line 31 Grammatical error: "they" should be changed to "he or she...". Agree, but no harm.
-LDS.

In the Matter of the Adoption
of a Temporary Rule Governing
the Relocation of Residents
from Nursing Homes and
Certified Boarding Care Homes
7 MCAR §1.801

STATEMENT OF
COMPLIANCE WITH
RULEMAKING PROCEDURES

I, John A. Breviu, do hereby declare that I have examined the rules and all related documents and that, based on my examination and my personal familiarity with the applicable procedures, the Administrative Procedure Act, and rules of the Office of Administrative Hearings, and the rules of the Attorney General have been followed. Any exceptions are noted below.

John A. Breviu
