 **NHS Nightingale London**  
@NightingaleLDN

There have been a huge number of volunteers who have come forward to help us in the fight against coronavirus at NHS Nightingale Hospital London.

We would like to thank all of our staff and volunteers - this would not have been possible without you.

Today I was able to put my skills that  
@stjohnambulance have taught me in  
order to go and volunteer on the  
frontline to support to @UHNM\_NHS  
in the fight against COVID-19. Let's all  
do what we can and play our part. Stay  
at Home. Protect the NHS. Save Lives.

My Nan was in A&E last week after being taken in by some amazing [@stjohnambulance](#) volunteers (non Covid related) and they are doing an amazing job to keep patients separate and she received the same amazing care as usual.

Thank you SJA! We had one of you helping us out last night at the County which was a massive help! You're all amazing!

One of our @stjohnambulance volunteer first aiders is volunteering in the Emergency Department at St Peter's Hospital in Chertsey @ASPHFT.

Thank you to @stjohnambulance who are providing us with volunteers to assist and work with our Emergency Department team. It's a great example of two innovative health partners working together for the benefit of patients and colleagues - read more below.

We are so grateful to St John's Ambulance - amazing staff and leaders. Checked in at PRH this afternoon and saw great teamwork with our colleagues # working together - amazing results

March 2020

*To The St Johns Ambulance Volunteers - Emergency Department*

The Trust is proud to run a scheme which recognises individuals and teams who have made a difference to those around them; either to patients and visitors or to staff working on this site. Each month a panel meets to consider all submissions against a set criteria and to identify winners of the monthly awards.

**You have been nominated for your valued contribution at CUH.**

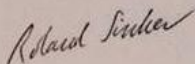

Here is an extract from your nomination(s):

*Over the last few weeks we have had some St Johns Ambulance Volunteers join the team. I imagine it must be very daunting to walk into a busy and at times fraught department, but these young people are full of enthusiasm and like a much needed breath of fresh air. I have been really impressed with how frequently I have seen the same individuals donate their time and energy, always willing to help and so kind, caring and compassionate to the patients and their relatives. I have watched them provide cups of tea and chats this week with so many patients in a madly busy department where others just don't have the time to do so. That small gesture means so much to the public and is a service I feel that has been much missed in the department. I would like them to know that they have made a real difference to the patients in the department, and also to know that the staff feel particularly thankful to have such enthusiastic, young, compassionate people giving up their own time to really make a difference to others.*

At the next panel meeting your nomination will be considered alongside all others received. Winners will be notified soon after and all other nominations will be listed on Connect.

The Panel would like to extend their thanks to you and acknowledge your invaluable contribution to the Trust during the course of your duties.

Yours sincerely
