## Practitioner Program

### Frequently Asked Questions

#### How do I apply for the Magdalena Practitioner Program?

For program details and to register, visit [MagdalenaHealing.com](http://MagdalenaHealing.com). With a \$500 deposit, you can complete a brief application form. When we receive this completed form, your application process is complete.

#### Are there any requirements for eligibility?

Currently, only graduates of the *Journey of Profound Healing* are eligible to apply for this program.

#### Do I need to be a healing professional to participate in this program?

The Magdalena Practitioner Program is appropriate for anyone in any profession who wishes to serve the world in the mission for global enlightenment.

Sai Maa has stated that everyone is a healer. This program focuses on personal transformation and energy healing techniques needed to carry and transmit Magdalena Healing Energy. Multiple protocols for sharing this energy will be taught as some practitioners will use this work in a traditional table practice with energy healing, while others might apply it to a counseling or coaching situation, to name one example. Anyone who works with the Magdalena Healing Energy in a committed way can become able to transmit this healing energy through presence and intention.

#### How long is this program?

There are four modules in addition to Sai Maa's Magdalena Healing Energy initiation. Modules 1 through 3 consist of coursework to be completed in 2017, concluding with the Magdalena Healing Initiation in December. Module 4 consists of the practicum portion and runs for 3 or 6 months in 2018, allowing students to complete the practice Magdalena Sessions in either timeframe.

#### Will translation services be provided?

Translation will be provided in French for program content as much as possible, including webinars, materials, in-person events, and calls.

#### What does the Magdalena Practitioner Program cost?

The tuition for participating in this program is \$3,500.

#### What does my tuition include?

The program is divided into four modules plus the Initiation with Sai Maa in December, 2017. (Your tuition, travel, lodging and food costs for the Global Unity Gathering next December are *not* included with this program.)

NOTE: This program includes a mixture of online and in-person curriculum. For each of the first three modules, you will choose only ONE event date and location.

#### How do I apply for the program?

You must complete an online, two-step application process.

1. You will submit a \$500 program deposit.
2. You will then be directed to a brief application.

Both steps must be completed for your application to be considered complete and enter the review process.

#### When is the program application deadline? When will I be notified of acceptance status?

Applications will be accepted until February 3. The program will begin in March.

*You will be notified (at the email address you provide) of your acceptance status no later than February 7.*

#### What happens if I am not accepted into the program or I am accepted and decline to participate?

If you are not accepted for participation, your \$500 deposit will be returned to you minus a \$50 application processing fee.

If you are accepted into the program and you decline to participate, \$250 of your \$500 deposit will be returned to you. You must notify the program administrator by February 17 of your decision to withdraw in order to be eligible for this \$250 refund. After February 17, your deposit of \$500 is non-refundable and non-transferable.

#### What happens if I can't complete the program?

We strongly encourage you to review carefully the requirements of this program before you apply. If you are not able to complete the program and choose to leave, it will not be possible to grant certification. Tuition is non-refundable and non-transferable.

### What does Magdalena Practitioner Certification provide?

Students who complete all coursework requirements, receive the Magdalena Healing Initiation from Sai Maa, and then complete Module 4 (practicum) will become Certified Magdalena Practitioners who can offer Magdalena Sessions for a fee. Certified Magdalena Practitioners can market themselves as such, provided certification remains current.

### What are the requirements for completion and certification?

Participants who wish to receive the Magdalena Healing Initiation must complete all coursework and in-person requirements for Modules 1 through 3.

Participants must attend all webinars. While trainees do not need to attend each webinar live, they must complete a questionnaire for each one to demonstrate virtual attendance and understanding of the material presented. Additional assigned reading will accompany the program, and corresponding questionnaires about this reading may be required.

Only students that receive the Magdalena Healing Initiation from Sai Maa will be eligible to continue to Module 4 for certification. Initiation into the Magdalena Healing Energy will occur at the Global Event in December 2017.

Initiated participants may continue on to Module 4 in 2018. This practicum period consists of offering a minimum of 25 Magdalena Sessions at no cost and submitting summaries of each session. The sessions may be completed in either a three-month or six-month timeframe.

### Am I guaranteed to receive the Magdalena Healing Initiation from Sai Maa in December 2017?

The Practitioner Program Team is committed to creating a context of safety, love, and support throughout the program. Because this energy is potent, adequate preparation to receive the initiation is a must, and the team's focus will be to support each student in facing and transforming anything that could hinder readiness. Along with this support, participants will receive direct input from a facilitated mini-satsang group throughout the program to ensure they understand and integrate the work of the course.

Students in the program bear responsibility for full preparation to receive Magdalena Healing Energy. Your investment of time and energy into the course through daily practice, engagement with your mentor and other participants, participation in webinars, ongoing study, and practice of energy healing techniques will likely be the most important factors in determining your readiness to receive the Magdalena Healing Initiation from Sai Maa.

Sai Maa will determine who is ready to receive the Magdalena Healing Initiation. For all involved, including those who receive certification, the work of this program does not end with initiation or at the end of the practicum period. Until enlightenment, each of us must continue transforming unworkable patterns and developing skill as a healer. To this end, anyone can continue self-development through this program, and additional training and support will be available for those who would like to deepen their participation. Long-term certification will also involve ongoing training and development for renewal.

### Upon certification, will I be qualified to teach this material?

Certified practitioners will be able to offer Magdalena Sessions for a fee, but will not be certified to teach this work. Future courses will offer the opportunity to train as a Magdalena Healing Teacher,

and you must complete and maintain basic certification in order to be eligible to apply for this advanced training.

Will I have one-on-one time with Sai Maa?

Students who have completed the coursework requirements and are approved by Sai Maa for the Magdalena Healing Initiation will receive initiation directly from Sai Maa during a special ceremony in December 2017.

Sai Maa will actively focus on the energy grid of the program throughout the year, pouring specific *Shakti* into this work and its participants to support each student in becoming a strong, clear conduit for Magdalena Healing Energy.
