RESOURCE GUIDE MOVING IN SINGAPORE

WHO ARE THESE RESOURCES FOR?

Moving to a new country is a challenging experience. Even before you start planning the move it's likely you'll have a whole host of questions - and that's the very reason this resource guide exists: to provide you with real and up to date information from someone who's already done it.

Below are lists of companies and resources that we have personal experience of when moving to and living in Singapore. Companies and services that we've had great experiences with using, and ones that can honestly help to answer many of your burning questions - not to mention help you out with the practicalities of moving to Singapore.

In many cases we've also negotiated discounts for you if you choose to take up their services.

Job Searching

Indeed

Unless you're very lucky indeed, then the first thing you'll need to consider is employment. And the website Indeed is a great place to start.

You can search by job type, location, salary or company, and this website is a great way to discover the kind of salary you can expect working in Singapore. Once you've uploaded your CV, applying for a job that takes your fancy is simply a matter of a couple of clicks.

[CLICK HERE TO CHECK OUT INDEED](#)

Monster

Another similar job search website is Monster. As with the above website, you can search with varying criteria, as well as being able to register with the site to make applications easier.

In addition, both sites allow you to set up a 'job alert', so you'll be notified via email as soon as a job that might suit is posted.

Living and Working in Singapore

Ultimate Guide to Singapore

When it comes to the practicalities of what it's really like to live and work in Singapore, then our Living and Working in Singapore Guide honestly does tell it like it is... Written from our own personal experience, this guide will tell you everything you need to know from those first tentative thoughts about what life might be like there, right through to all the practicalities you need to know once you get here.

From residency and visas, through to employment and taxes, all the information is here. The guide covers employment, culture, transportation, housing, medical and safety, insurance and banking... And it's all from a personal perspective of living in Singapore.

The thing is, many questions can only be answered from the experience of living here. And that's exactly why this guide has been put together - so you can gain as much information as possible both before you make the move, and also as a guide for when you start your life in your new home.
