

PERSONAL STATEMENT

Please submit responses to the following questions. This is an opportunity to communicate to MidlevelU your qualifications, interest and motivation for applying to the Midlevels for the Medically Underserved program.

1. What personal, professional, educational and clinical experiences have led you to choose the nurse practitioner profession? What goals are you looking to accomplish in the Midlevels for the Medically Underserved program? Please share your vision and planning for your short and long-term career development.
2. Identify areas of interest in which you would like to develop increased mastery, competence or confidence during the Midlevels for the Medically Underserved experience. Explain how you chose these areas and why.
3. As a Midlevels for the Medically Underserved participant, you will be placed in a medically underserved community. What qualities and strengths do you have that you think will contribute positively to this experience? What apprehensions, concerns, and hesitations might you have? Feel free to be straightforward!

Please limit responses to no more than one page for each question. Email your responses attached as a document to mmu@midlevelu.com.
