JOIN THE TEAM BEHIND CARRIZO'S WATER TREATMENT FACILITY IMPROVEMENTS

PARTNER WITH HASKELL

ALLIANCE WATER

We are partnering with the Alliance Regional Water Authority (ARWA) as the Construction Manager at Risk (CMAR) for the Carrizo System Expansion, a key infrastructure project supporting long-term water supply for rapidly growing communities along the I-35 corridor between Austin and San Antonio.
The project includes expansion of the Carrizo Water Treatment Plant, new wellfield connections, construction of a transmission pipeline and expansion of the Booster Pump Station. We are seeking qualified subcontractors and vendors to support delivery of this critical regional infrastructure investment.
