Address: 422 South 5th St City: Springfield State: IL Zip: 62701

Vendor: Agiliti Health Inc

Address: 7 Finance Dr, Units 7-9 City: Bloomington State: IL Zip: 61704

Emergency Purchase Details

BidBuy Reference #: B- 54655

Emergency Condition (select the appropriate option from the drop-down menu below):

To prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues

Provide a description and reasons for needing this emergency purchase:

The Illinois Department of Public Health (IDPH), Division of Disaster Planning and Readiness, requires temporary continuation of secure warehousing, inventory management, environmental monitoring, security, and logistics services for the State's emergency medical cache during the transition from Agiliti Health, Inc. to Concordance Healthcare Solutions, LLC.

The emergency medical cache contains pharmaceuticals, medical equipment, personal protective equipment, and other emergency response supplies requiring continuous storage, environmental monitoring, inventory accountability, and security.

Although the competitively procured replacement contract has been approved in BidBuy, the physical relocation of inventory and transition of warehouse operations have not been completed. Continued services at the existing warehouse are necessary until the inventory has been transferred and the replacement facility is operational.

An interruption in warehouse services before completion of the transition could compromise the integrity, security, and availability of emergency medical supplies maintained for statewide public health preparedness and response.

Provide the conditions and circumstances that led to the need for this emergency purchase:

The current emergency contract with Agiliti Health, Inc. expires November 4, 2026.

IDPH conducted competitive Invitation for Bids 26-482DPH-PREPD-B-51637 for warehouse and medical logistics services. Concordance Healthcare Solutions, LLC was selected for award. Following a procurement protest filed by Agiliti Health, Inc., the Chief Procurement Officer for General Services issued a determination denying the protest on October 21, 2026.

The resulting purchase order, 26-482DPH-PREPD-P-102018:0, was approved in BidBuy on October 27, 2026.

Although the competitive procurement has advanced through purchase order approval, the State's emergency medical inventory remains at the existing warehouse operated by Agiliti. The transition requires coordination of inventory, transportation, receiving, and establishment of operational readiness at the replacement warehouse.

These activities cannot be completed before the current emergency expires on November 4, 2026. Accordingly, IDPH requires temporary continuation of services with Agiliti to maintain uninterrupted storage, environmental controls, security, inventory accountability, and emergency response readiness while the inventory is transferred to the new warehouse.

The emergency purchase will be limited to the period necessary to complete the transition, subject to the authorized emergency term.

Reason for selection of this particular vendor:

Agiliti Health, Inc. is the incumbent contractor currently providing warehouse storage and logistics services for IDPH's emergency medical cache and maintains physical custody of the inventory.

EMERGENCY PURCHASE STATEMENT

Emergency Purchases are conducted pursuant to 30 ILCS 500/20-30 and 44 Ill. Adm. Code 1.2030.

Agency: Illinois Department of Public Health Division: Disaster Planning and Readiness

Address: 422 South 5th St City: Springfield State: IL Zip: 62701

Vendor: Agiliti Health Inc

Address: 7 Finance Dr, Units 7-9 City: Bloomington State: IL Zip: 61704

The emergency medical supplies and equipment remain at the existing facility, where Agiliti provides the storage, security, environmental monitoring, and inventory management services necessary to maintain their integrity and availability.

Selecting a different interim warehouse contractor would require an additional relocation before the State completes its planned transition to Concordance Healthcare Solutions, LLC.

Continuation with Agiliti provides uninterrupted services at the existing facility while IDPH completes the transition under the competitively procured replacement contract.

Description of supplies or services to be provided:

Agiliti Health, Inc. shall continue providing secure warehousing and logistics support for IDPH's emergency medical cache during the transition to Concordance Healthcare Solutions, LLC.

Services shall include secure storage, inventory management, environmental monitoring, warehouse security, receiving and distribution, inventory reporting, and logistical support necessary to maintain the integrity and availability of emergency medical supplies and equipment.

Services shall continue only as necessary to maintain existing warehouse operations and support the orderly transfer of inventory to the replacement warehouse during the authorized emergency period.

Emergency procurements shall be made with as much competition as is practicable under the circumstances, and agencies shall utilize best efforts to include contractors certified under the Business Enterprise Program in its emergency procurement process. 30 ILCS 500/20-30(a).

Describe the actions taken by the agency to make the emergency purchase with as much competition as is practicable under the circumstances:

IDPH conducted competitive IFB 26-482DPH-PREPD-B-51637 for the long-term warehousing and medical logistics requirements. Concordance Healthcare Solutions, LLC was selected for award, and the resulting purchase order was approved in BidBuy on October 27, 2026.

The current emergency purchase is limited to maintaining existing warehouse operations during the physical relocation of the State's emergency medical inventory to the competitively selected contractor.

Agiliti currently maintains custody of the inventory and provides the warehouse services necessary to preserve its integrity and availability. The limited transition period and requirement to maintain uninterrupted services at the existing facility constrain the practicable opportunities for interim competition.

This statement should be supplemented with any actual vendor contacts, quotes, or other competition efforts undertaken specifically for the emergency.

List the actions taken by the agency that constitute its best efforts to include contractors certified under the Business Enterprise Program in this emergency purchase:

EMERGENCY PURCHASE STATEMENT

Emergency Purchases are conducted pursuant to 30 ILCS 500/20-30 and 44 Ill. Adm. Code 1.2030.

Agency: Illinois Department of Public Health Division: Disaster Planning and Readiness

Address: 422 South 5th St City: Springfield State: IL Zip: 62701

Vendor: Agiliti Health Inc

Address: 7 Finance Dr, Units 7-9 City: Bloomington State: IL Zip: 61704

The Illinois Department of Public Health reviewed available Business Enterprise Program (BEP) certified vendors for warehousing, inventory management, medical logistics, and related services. The emergency purchase requires uninterrupted operation of the existing warehouse while the State transitions its emergency medical cache to the contractor selected through the competitive procurement.

Agiliti Health, Inc. currently maintains custody of the State's emergency medical inventory and provides the associated storage, environmental monitoring, security, and inventory management services. The limited transition period and requirement to maintain uninterrupted operations restrict the opportunity to engage an alternative contractor without an additional relocation of the inventory.

The Agency will continue to evaluate opportunities for BEP participation in accordance with applicable procurement requirements.

Is there an active State contract available for the required supplies or services? ☐ Yes ☒ No

This emergency contract was awarded on the earliest of these dates: (choose one)

☒ the State agency communicated to the vendor to start work Date Nov 5, 2026

☐ publication on the Bulletin identified the selected vendor

☐ the contract was signed by both parties

Amount ($) of this expenditure is: $265,194.90 Amount is Actual or Estimated*: Actual

*Pursuant to 44 Ill. Admin. 1.2030 (f)(5), if Estimated is indicated, an Emergency Final Cost form will be submitted by the State agency and published by the State Purchasing Officer no later than the tenth day of the succeeding month. If Actual is chosen and the total cost differs from the amount on this statement, an Emergency Final Cost form must be submitted and published within the same timeframe.
