SECTION 0100: GENERAL INFORMATION & SCOPE OF WORK

1. PURPOSE. The City of Miami Beach (the "City") is seeking applications from firms who wish to participate in a prequalification pool that will be used to solicit various cultural programming and event producer services on an "as needed" basis as specified herein. Interested firms may submit an application indicating its intent to become prequalified. All firms which meet or exceed the criteria established in this solicitation shall be placed on a prequalification list that may be accessed by the Department of Tourism and Culture to obtain price proposals for various cultural programming and event producer services.

The City utilizes Periscope S2G (formerly known as BidSync) (www.periscopeholdings.com or www.bidsync.com) for automatic notification of solicitation opportunities and document fulfillment. Any prospective bidder who has received this ITB by any means other than through Periscope S2G is solely responsible for registering immediately with Periscope S2G to assure it receives any addendum issued to this ITB. Additionally, prior to submittal of the bid, bidder shall verify that it has received and complied with all addenda issued. **Failure to receive an addendum, or comply with an addendum requirement, may result in disqualification of bid submitted.**

To be considered for the pool of prequalified firms, interested parties must submit a complete Bidder Prequalification Application (Appendix A).

2. BACKGROUND AND SCOPE. The City seeks to prequalify firms which may be engaged in the future to assisting the development and implementation of programmatic strategies, activations and events throughout the City. Miami Beach is a world-class city, with unparalleled cultural and artistic offerings. The City would like to expand on current offerings by partnering with a firm(s) that have the ability to bring original ideas and programming vision to drive tourism and hotel room nights, reduce traffic impact, increase the resident quality of life and enhance the Miami Beach brand.

The City envisions cultural programs and events that enhance the City's reputation as a top cultural destination by:

- creating elevated, family-friendly, and diverse experiences;
- highlighting local businesses and the commercial energy of the City;
- highlighting the City's internationally acclaimed cultural institutions, parks, and beaches;
- attracting a diverse pool of local residents;
- activating and invigorating the economic vitality of commercial districts; and
- promoting events via a local, and national marketing plan.

In addition to the desire to add cultural programming and events through this ITB, it is important to note that the City currently hosts a number of annual programs and events, including but not limited to:

- Fire on the Fourth, Culture Crawl, Miami Beach Art Week, Miami Beach Pride, Art Deco Weekend, and Miami Beach Memorial Day; and
- a variety of artisanal and other markets throughout the City.

Interested parties shall take these dates into consideration and avoid additional activations during these high-impact events.

2.1 PROCESS OF AWARDING SERVICE ORDER. The City anticipates establishing an initial Pool of Consultant(s) through this ITB prequalification process.

Pursuant to Sub-section 10, Binding Agreement, bidder agrees that, if its application is accepted, the ITB (inclusive of all attachments, appendixes, exhibits and addenda) and the Proposal (Application) shall constitute a binding Agreement, and all work shall be performed in accordance with the Agreement. The selected Consultant may not include terms or conditions that are additional to this ITB without the written consent of the City. The agreement will be supplemented, upon specific project need, only by individual Service Orders specifying project scopes and payments. Selection into the Pool does not guarantee work and does not provide for exclusive rights to provide these services to the City.

Inclusion in the Consultant Pool is a prerequisite for having an opportunity to submit proposals and obtain work through this Pool. However, there is no guarantee that any or all prequalified firms will obtain Service Orders through this Pool. When a project arises, the City will prepare a scope of work and provide prequalified firms with information regarding the selection process and response requirements, which may include written proposals and oral presentations.

At the City's discretion, Consultants may be dropped from the Pool for: lack of participation, which shall include failure over a reasonable time to propose on Service Order Proposal Requests offered through the Pool; poor performance on a Service Order; being in arrears in obligations to the City; delays in completion of work on a prior Service Order; or for any other reason deemed to be in the City's best interest. Consultant(s) shall maintain the qualifications of the firm and proposed personnel at a standard consistent and equivalent to the qualification submissions submitted in Consultant's Proposal.

3. OVERVIEW OF PREQUALIFICATION PROCESS. The figure below is a general overview of the process that the City will utilize to award work pursuant to the prequalification process.

It is important to note that an application deemed to not meet the qualifications for prequalification does not eliminate the bidder from resubmitting a subsequent application during the contract term. Once the bidder has corrected the deficiency, a new application may be submitted for the City's consideration.

After considering the staff recommendation for award, the City Manager shall exercise her due diligence and recommend to the Mayor and City Commission the bid(s) that the City Manager deems to be in the best interest of the City. The City Commission shall consider the City Manager's recommendation(s) and may approve or reject the City Manager's recommendation(s). The City Commission may also reject all bids received. 6. ADDITIONAL PREQUALIFIED FIRMS TO BE ADDED TO THE POOL. After the initial pool of firms is established, the City reserves the right to continue to receive prequalification applications and prequalify additional consultants. The City may also limit the number of firms prequalified and, in doing so, shall select the firm(s) it deems, in its sole discretion, through its City Manager, to be best qualified.

7. SERVICE DELIVERY EXPECTATIONS. The City places an emphasis on excellent customer service delivery and expects the prequalified bidder to provide the best possible customer service to any and all awarded projects throughout the term of the contract. The prequalified bidder's project manager is responsible for monitoring the customer service provided to City by prequalified bidder's staff, sales and support teams, and employing, as necessary, corrective measures, to ensure that the prequalified bidder will provide and maintain the highest quality of customer service possible during completion of the project(s). Project-specific deliverables and expectations shall be defined on a project-by-project basis, as specified in each request for proposal.

8. VOLUME OF WORK TO BE RECEIVED BY BIDDER. No promise of work is given, or should be understood, as a result of a prequalification. The City reserves the right to purchase any goods and/or services awarded from any resulting agreement, or another governmental contract, or on an as-needed basis through the City's spot market purchase provisions.

9. STANDARD TERMS AND CONDITIONS. The City's Standard Terms and Conditions for Service Contracts (available at https://www.miamibeachfl.gov/city- hall/procurement/standard-terms-and-conditions/) are referenced and incorporated herein.

10. BINDING AGREEMENT. By virtue of submitting an application for the City's consideration, the bidder agrees that the application shall be considered an offer on the part of the bidder, which offer shall be deemed accepted upon approval of bidder's prequalification status by City Manager or City Commission. Further, bidder agrees that, upon approval of the bidder's application by the City Manager or City Commission, a binding Agreement shall be established between the City and the approved contractor. The Agreement shall be comprised of the following documents, and in the following order:

5.3 The Consultant shall maintain the required insurance in effect for the duration of the entire project. The maintenance of proper insurance coverage is a material element of the agreement and failure to maintain or renew coverage may be treated as a material breach of the contract, which could result in withholding of payments or termination of the Agreement.

5.4 Additional Insured - City of Miami Beach must be included by endorsement as an additional insured with respect to all liability policies (except Professional Liability and Workers' Compensation) arising out of work or operations performed on behalf of the Consultant including materials, parts, or equipment furnished in connection with such work or operations and automobiles owned, leased, hired or borrowed in the form of an endorsement to the Consultant's insurance.

5.5 Notice of Cancellation - Each insurance policy required above shall provide that coverage shall not be cancelled, except with notice to the City of Miami Beach c/o EXIGIS Insurance Compliance Services.

5.6 Waiver of Subrogation – Consultant agrees to obtain any endorsement that may be necessary to affect the waiver of subrogation on the coverages required. However, this provision applies regardless of whether the City has received a waiver of subrogation endorsement from the insurer.

5.7 Acceptability of Insurers – Insurance must be placed with insurers with a current A.M. Best rating of A:VII or higher. If not rated, exceptions may be made for members of the Florida Insurance Funds (i.e. FWCIGA, FAJUA). Carriers may also be considered if they are licensed and authorized to do insurance business in the State of Florida.

5.8 Verification of Coverage – Consultant shall furnish the City with original certificates and amendatory endorsements, or copies of the applicable insurance language, effecting coverage required by this contract. All certificates and endorsements are to be received and approved by the City before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, including endorsements, required by these specifications, at any time.

(A) A "Force Majeure" event is an event that (i) in fact causes a delay in the performance of the Consultant or the City's obligations under the Agreement, and (ii) is beyond the reasonable control of such party unable to perform the obligation, and (iii) is not due to an intentional act, error, omission, or negligence of such party, and (iv) could not have reasonably been foreseen and prepared for by such party at any time prior to the occurrence of the event. Subject to the foregoing criteria, Force Majeure may include events such as war, civil insurrection, riot, fires, epidemics, pandemics, terrorism, sabotage, explosions, embargo restrictions, quarantine restrictions, transportation accidents, strikes, strong hurricanes or tornadoes, earthquakes, or other acts of God which prevent performance. Force Majeure shall not include technological impossibility, inclement weather, or failure to secure any of the required permits pursuant to the Agreement.

The timely delivery of the notice of the occurrence of a Force Majeure event is a condition precedent to allowance of any relief pursuant to this section; however, receipt of such notice shall not constitute acceptance that the event claimed to be a Force Majeure event is in fact Force Majeure, and the burden of proof of the occurrence of a Force Majeure event shall be on the requesting party.

(C) No party hereto shall be liable for its failure to carry out its obligations under the Agreement during a period when such party is rendered unable, in whole or in part, by Force Majeure to carry out such obligations. The suspension of any of the obligations under this Agreement due to a Force Majeure event shall be of no greater scope and no longer duration than is required. The party shall use its reasonable best efforts to continue to perform its obligations hereunder to the extent such obligations are not affected or are only partially affected by the Force Majeure event, and to correct or cure the event or condition excusing performance and otherwise to remedy its inability to perform to the extent its inability to perform is the direct result of the Force Majeure event with all reasonable dispatch.

(D) Obligations pursuant to the Agreement that arose before the occurrence of a Force Majeure event, causing the suspension of performance, shall not be excused as a result of such occurrence unless such occurrence makes such performance not reasonably possible. The obligation to pay money in a timely manner for obligations and liabilities which matured prior to the occurrence of a Force Majeure event shall not be subject to the Force Majeure provisions.

(E) Notwithstanding any other provision to the contrary herein, in the event of a Force Majeure occurrence, the City may, at the sole discretion of the City Manager, suspend the City's payment obligations under the Agreement, and may take such action without regard to the notice requirements herein. Additionally, in the event that an event of Force Majeure delays a party's performance under the Agreement for a time period greater than thirty (30) days, the City may, at the sole discretion of the City Manager, terminate the Agreement on a given date, by giving written notice to Consultant of such termination. If the Agreement is terminated pursuant to this section, Consultant shall be paid for any Services satisfactorily performed up to the date of termination; following which the City shall be discharged from any and all liabilities, duties, and terms arising out of, or by virtue of, this Agreement. In no event will any condition of Force Majeure extend this Agreement beyond its stated term.

Additionally, Consultant shall expressly require any subconsultant performing work or providing services pursuant to the Agreement to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subconsultant during the contract Term. If Consultant enters into a contract with an approved subconsultant, the subconsultant must provide the Consultant with an affidavit stating that the subconsultant does not employ, contract with, or subcontract with an unauthorized alien. Consultant shall maintain a copy of such affidavit for the duration of the Agreement or such other extended period as may be required under this Agreement.

(2) If the City has a good faith belief that a subconsultant has knowingly violated the foregoing Subsection 10.9(A), but the Consultant otherwise complied with such subsection, the City will promptly notify the Consultant and order the Consultant to immediately terminate the Agreement with the subconsultant. Consultant's failure to terminate a subconsultant shall be an event of default under this Agreement, entitling City to terminate the Consultant's contract for cause.

(3) A contract terminated under the foregoing Subsection (B)(1) or (B)(2) is not in breach of contract and may not be considered as such.

(4) The City or Consultant or a subconsultant may file an action with the Circuit or County Court to challenge a termination under the foregoing Subsection (B)(1)

or (B)(2) no later than 20 calendar days after the date on which the contract was terminated.

(5) If the City terminates the Agreement with Consultant under the foregoing Subsection (B)(1), Consultant may not be awarded a public contract for at least 1 year after the date of termination of this Agreement.
