Description

The Ryan White Part B program seeks vendors that provide HIV Prevention, Treatment and Care Program providers of HIV-related prescription drugs and services. If you provide HIV-related medical care or prescription drug services the Program may be interested in your goods and/or services. Please follow this link and reach out to the Program if you are interested.

The Division of Purchasing is posting this in accordance with 63G-6a-102 which requires that it ensure transparency, fairness and equitable treatment, increased economy, and broad-based competition to the public procurement process.
