Chaplaincy Report
CHSS P&C General Meeting 11 October 2022

“Dough for the Dog”

It is with great excitement and appreciation I can report we have covered all training expenses and have a future fund set aside for therapy dog related expenses.

The dough for the dog fundraiser sold 546 tubs of dough raising $2184
And we also had $498 in direct donations to the Myla sub account through SU from the school community- total $2682

This was successfully delivered on the final Thursday of term September 15 with the exception of the one flavour (mint choc) which was finally delivered on Tuesday 4th Oct. All orders are now completed.

I would like to acknowledge and thank all those from the school community, Melissa, Tanya, Deb, Leila, (sorry if I missed anyone) Deb from my LCC and my husband for their help in sorting and packing - I could not have done it with out the assistance…. Thank you!

I was also able to do thank you tags or cards with little mini paw tags to all who ordered or donated to express my appreciation (except the 2 anonymous donations, so a special thanks to you too!)

In addition to this fundraiser I had a generous donation from an SU supporter $2000 outside our school and some funds from my LCC $660 which means that the balance of training costs is completed and we have a future expenses fund now in place of $1342. This expense fund is a separate chaplaincy sub-account and will be managed through my chaplaincy committee (LCC).

So all set for Myla to continue her therapy dog role moving forward.

Thanks and regards
Carolyn
