TUCKSHOP COMMITTEE REPORT

Details	11 October 2022	Oriel Morrison Emma Doolan

Item	Notes
General	
Successes *Things going well*	• Second hand item sales are up, maybe we could put a call out this term to remind parents that we would love to receive any second-hand items if their children have outgrown or are going off to high school. • I've been advised that polo shirts and shorts will be delayed, expected delivery is November now. This will impact our prep transition days; we usually distribute uniforms on the last transition session. If they arrive on time, we will go ahead with this, but if they are running late I'll need to organise another day/time for uniforms to be collected. • I've created a volunteer sheet for helpers on the prep transition days – I hope to have 4 helpers with uniform fitting from 8.15-8.45.
Roadblocks *Things getting in the way*	• With the leaking and dampness in the uniform shop we have had mould growing on the windows and on some of the second-hand uniforms/backpacks. We may need to purchase some of those water absorbing products to put in our tubs for over the Christmas break.
Actions

TUCKSHOP COMMITTEE REPORT

Decisions *Actions that have been implemented*	• Ill be putting the long sleeve polos on flexischools this term for pre order for 2023. Ill leave orders open until the last prep transition days so our new preps have the chance to place orders.
