P & C Report for Chaplaincy – Term 2 – 2023

Overview - busy term yet again

Myla:

Myla presently still largely missing in action as she is caring for her "Baby"- a false pregnancy. This should be finished soon and she'll be back on deck for the morning sessions. The exciting news is next time she comes into season she will be mated and hopefully we will have some puppies and can follow her pregnancy and delivery with a special photo record of the life cycle and be involved in naming the puppies with the breeder. Maybe run a survey monkey vote for puppy names when we know the number of pups she will be having. I want to put together a photo book or video log about the life cycle with pictures of her during pregnancy, ultrasound, puppies at different stages, birth, eyes closed, eyes open, feeding from Myla, being groomed by Myla, playing etc.. which can be used by the school. With a bit of a time frame showing the process.

General activities-

Hub, check in with students and dropping into classrooms and lunch time craft activities

Craft Connection evening – May 18th 6:30 -8pm

Final planning almost completed for event – booking QR in newsletter, facebook page and being sent to class reps.

Need assistance about another 5/6 to supervise an activity. Most activities the helper will supervise a couple of tables of the craft. Instructions and materials will be all set out but they are there to help, problem solve, direct, ensure watching time frames to move onto next activity etc. also about 5 helpers to set up on the Thursdays afternoon and ice cupcakes as well. I have 5 other helps lined up.

Food : Richard (my husband) to run the kitchen

Ceramics : Adam – Coasters 2 long tables

- Vase/ flower pots/ Dish 2 long tables

Sewing
- felt hearts – on the stage platforms and 2 tables
- Penguins and precut hearts – 2x table
- Keyring /Butterfly weaving - 1 x table each

Painting
- watercolour 2x table
- Watercolour 2 x table
- frame painting 1x table

Card Making
- 2 tables one cut outs / colouring/ stamping

- 2 tables- distress inks/stencilling
- Biscuit decorating

Tal and I will both be there on the evening as points of contact and floating assistance

Rock and Water Course– still unconfirmed commencement date

Professional development:

Youth Mental Health First Aid Course on May 5th

Resilient Kids Conference May 20th

Fundraising

1. Raised $815.40 for Subway from First term – included lots in donations

   Subway day for this term 20/6

2. Myla Bag Tag and brooch – See samples and proposed costing for item to sell at fete with these Funds to go into the Myla account. I will pay the costs up from general chaplaincy account. Costs will then be repaid initially to cover this expense and then profit will be allocated to Myla account. Stall ?? combined with a P& C table

My suggestion : buy 250 of each ($7 and $5.50) $3125 outlay

- sell 260 items at $12 to cover costs and if sold out $2880 profit ( minus $72 for prizes) $2808

I would like to sell both items at $12 so at least $ 5 profit per item. Can we have the left over items at the uniform shop for sale or I can just store for next fete? Reconcile monies to Chaplaincy account at the end of term.

I would also like to use some for prizes for colouring competition - was to be done for Chappy week promotion but I will delay until next term so not overlapping with the fete. Choice of one pin or bag tag per year level for prize.

Thanks and regards

Chappy Carolyn
