Item	Notes
General	
Successes *Things going well*	• Order numbers are going well so far this term, with interschool sports finish up we will be back to our usual large Friday numbers. • We have a new menu which has been well received. • I have completed Qrk training and almost have the menu set up as Id like it. Ill be testing our printer to print labels, however I may need to update our printer. I plan to run Qkr side by side with flexischools until the end of the term – hoping to have qkr live on week 5 (Ill confirm this during the week and we can get comms out). • Friday second break ice block sales will return this Friday – we will have year 6 students selling.
Roadblocks *Things getting in the way*	• I have an electrician coming in to asses our freezer mon 9th May – hoping to have a new/repaired freezer as soon as possible.
