Item	Notes
Roadblocks *Things getting in the way*	**Recycling – Containers for Change bins** Containers for Change collections still happening when upon request (when 2 bins are full). Keeping glass bottles (from P&C disco) locked in corral until collection for safety. Mrs GJs class should not be solely responsible for emptying (visiting 6 bins) and urge CHSS to implement the proposed model:- i.e., the classroom nearest to each small Containers for Change bin includes it in their weekly paper recycling duties (i.e., these classes would need 1 student for the paper bin and 1 for the Containers for Change bin). **Covered Shelters ex-BCC** Still waiting on Kenmore Bears before we can engage ADG Engineers for the engineering report.
Actions	
Decisions *Actions that have been implemented*	**Recycling**. Can now submit wine bottles saved from previous P&C Events for container refunds. **Richmond Birdwing Butterfly Sign**. We hope to inslall in the walkway from Lower Cover Area to Lorikeet block – CHSS approval pending.
Recommendations *Motions you want to raise*	**Motion**: We request funds of up to $200 for printing of Birdwing Butterfly Sign.
