

Storm Shield

Storm Shield is an environmentally safe solution to help fight winter storms - BEFORE - they arrive! Apply to sidewalks, steps, ramps, entranceways, and traffic areas before a storm to melt first several inches of precipitation. Plus, Storm Shield prevents the bonding of snow and ice to the surface. This means a fast, safe, and effective clean-up after the storm!

Storm Shield is completely nonflammable. It's environmentally responsible formula is nontoxic and noncorrosive. It's an excellent alternative to granules for melting thin layers of ice and snow left behind by shovels, snow blowers and plows. It also eliminates the unsightly residue that granular products leave behind, and is unaffected by blowing winds. Storm Shield is a ready to use solution. No mixing, no messing, no fuss. Just spray it on and enjoy the storm protection only Storm Shield offers!
