RE: Maine Pollutant Discharge Elimination System (MEPDES) Permit #MEU503319
Maine Waste Discharge License (WDL) #W003319-6B-D-R
Minor Revision-Mount Desert Island High School

Dear Mr. Bracy:

The Department made a typographical error in the issuance of the Mount Desert Island High School's 2009 wastewater permit/license.

This letter serves as minor revision of WDL# W003319-6B-D-R by adding a requirement to Special Condition Table A.1 which requires MDI High School to report the flows, in gallons, to Spray Field #1.

All other terms and conditions of the permit/license previously issued remain unchanged. Please make sure that this page is substituted in your permit/license for future reference.

If you have any questions regarding this matter, please contact me at (207) 287-7658 or email: phyllis.a.rand@maine.gov. Thank you for your time.

Sincerely,

Phyllis Arnold Rand
