SOLID WASTE FACILITY PERMIT

Facility Number:

21-AA-0005

12. Legal Description of Facility:

The legal description of this facility is contained in attachment A to this permit. The map is attachment B.

13. Findings:

- a. This permit is consistent with the Marin County Integrated Waste Management Plan, which was approved by the CIWMB on April 10, 1997. The location of the facility is identified in the Countywide Siting Element, pursuant to Public Resources Code (PRC), Section 50001(a).
- b. This permit is consistent with the standards adopted by the CIWMB, pursuant to PRC 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the Local Enforcement Agency, pursuant to PRC 44009.
- d. The San Rafael Fire Department has determined that the facility is in conformance with applicable fire standards, pursuant to PRC, 44151.
- e. A CEQA document was filed with the State Clearinghouse (SCH #92103067) and certified by the San Rafael Planning Commission in January 1993. The CEQA document describes and supports the design and operation which will be authorized by the issuance of this permit. A Notice of Determination was filed with the State Clearinghouse in January 1993.
- f. The San Rafael Planning Commission has made a determination that the facility is consistent with, and designated in, the applicable General Plan as specified in Resolution 92-70 approved January 12, 1993. Public Resources Code, Section 50000.5(a).
- g. The San Rafael Planning Commission has made a written finding that surrounding land use is compatible with the facility operation, as required in Public Resources Code, Section 50000.5(b).

14. Prohibitions:

The permittee is prohibited from accepting the following wastes:

Hazardous, radioactive, medical (as defined in Chapter 6.1, Division 20 of the Health and Safety Code), liquid, designated, or other wastes requiring special treatment or handling, except as identified in the Report of Station Information and approved amendments thereto and as approved by the Local Enforcement Agency and other federal, state, and local agencies.

The permittee is additionally prohibited from the following activities:

- a. Scavenging
- b. Salvaging by the public
- c. Disposal of dead animals
- d. Open burning of wastes
- e. Acceptance of hot ashes

17. Local Enforcement Agency (LEA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Titles 14 and 27, California Code of Regulations.
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel, the LEA and CIWMB at all times.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the LEA.
- d. The maximum permitted daily tonnage for this facility is 2640 tons per day, and the facility shall not receive more than this amount without a revision of this permit.
- e. This permit is subject to review by the LEA and may be suspended, revoked, or revised at any time for sufficient cause.
- f. The LEA reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or creation of a public nuisance.
- g. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of an RSI amendment, to the LEA at least 150 days in advance of the change.
- h. The operator shall maintain a copy of this permit at the facility to be available at all times to facility personnel and Enforcement Agency personnel.
- i. Any hazardous waste recovered from the operations area shall be handled and removed in accordance with standards from the Department of Toxic Substances Control.
- j. This permit supercedes previous permit # 21-AA-0005 issued January 20, 1999.
