ORDINANCE NO. 1941

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SAN RAFAEL AMENDING SAN RAFAEL MUNICIPAL CODE CHAPTER 5.40 ENTITLED "STOPPING, STANDING AND PARKING", TO ADD RESTRICTIONS ON PARKING, STOPPING, AND STANDING OF RECREATIONAL VEHICLES AND OVERSIZED VEHICLES

WHEREAS, the City Council wishes to preserve the safety and attractiveness of the City's streets and the health of its residents and others using those streets; and

WHEREAS, public streets in the City of San Rafael are increasingly used to regularly or routinely park or store certain vehicles built or modified to temporarily or permanently domicile persons or animals, such as recreational vehicles, campers, trailers, motorhomes, and boats, hereafter referred to collectively, for convenience, as "RV's"; and

WHEREAS, the regular or routine parking and/or storage of RV's and other oversized vehicles on City streets often creates driver's line of sight obstructions from intersections and driveways, thus creating hazards to vehicular and pedestrian travel and reducing effective ingress and egress of emergency and critical service vehicles; and

WHEREAS, the routine parking and/or storage of RV's creates public health and safety hazards due to the occurrence of illegal discharges of septic waste, wastewater, fuels, trash or garbage from such vehicles into City streets, sewers or storm drains; and

WHEREAS, the City of San Rafael has seen an increase in the number of complaints of traffic and pedestrian dangers and health concerns arising from the routine or regular parking and/or storage of RV's and oversized vehicles on public streets of the City; and

WHEREAS, the City Council finds that regulating the parking of RV's and oversized vehicles will promote the safety of public streets for motorists, pedestrians and children by improving visibility and driving conditions, and will improve the health and safety of the entire San Rafael community by minimizing the use of City streets and thoroughfares for the illegal discharge of septic waste, wastewater, garbage and trash; and

WHEREAS, the City Council finds that adoption of this ordinance would provide limitations on the use of public streets for parking, and is therefore categorically exempt from environmental review pursuant to the California Environmental Quality Act ("CEQA") Guidelines Section 15301 concerning the operation or minor alteration of existing public facilities involving negligible or no expansion of use.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SAN RAFAEL DOES HEREBY ORDAIN AS FOLLOWS:

DIVISION 1: AMENDMENT.

A “block face” is defined as the block in which the vehicle is parked, bordered by an intersection at each end. A vehicle may not return to the same block face sooner than two hours following the expiration of the initial time period.

For purposes of this section, a vehicle will be deemed to have been parked for longer than the time allowed if it has not been moved at least “out of the block face” after the expiration of the designated time period. A “block face” is defined as the block in which the vehicle is parked, bordered by an intersection at each end. A vehicle may not return to the same block face sooner than two hours following the expiration of the initial time period.

DIVISION 3: AMENDMENT.

Section 5.40.140 of the San Rafael Municipal Code is hereby amended to amend subsection (D) thereof to read in its entirety as follows:

- D. Loading and Unloading. Commercial vehicles, oversized vehicles, trailers, semi-trailers, utility trailers or auxiliary dollies (as these vehicles are defined in the California Vehicle Code) which, in the ordinary course of business, are in the process of safely loading, unloading, or are performing a service to an adjacent property, shall park upon the city street or portion thereof no longer than one hour, or the time necessary to complete the loading, unloading or the performance of the service. For purposes of this section, a vehicle will be deemed to have been parked for longer than the time allowed if it has not been moved at least “out of the block face after the expiration of the designated time period. A “block face” is defined as the block in which the vehicle is parked, bordered by an intersection at each end. A vehicle may not return to the same block sooner than two hours following the expiration of the initial time period.

The time necessary to complete loading, unloading or the performance of a service shall only include continuous, uninterrupted loading, unloading or performance of a service in the ordinary course of business. Parking of a commercial vehicle in anticipation of future loading, unloading or performance of a service, or temporary storage of a commercial vehicle on a city street or portion thereof, or the loading or unloading of large or heavy items including, without limitation, salvaged vehicles, vehicle parts, and heavy machinery on the public streets, which is deemed to be an unsafe use of the public streets, shall not be permitted except pursuant to subsection E of this section.

DIVISION 4: AMENDMENT.

Section 5.40.140 of the San Rafael Municipal Code is hereby amended by adding new subsection (F) thereto, to read in its entirety as follows:

- F. For purposes of this Chapter, an “oversized vehicle” shall mean any vehicle, as defined by California Vehicle Code Section 670, or combination of vehicles, which exceeds twenty-two feet (22') in length, or seven feet (7') in width or eight feet (8') in height, exclusive of projecting lights or devices allowed by Sections 35109 and 35110 of the California Vehicle Code, but including any load in or on a vehicle which effectively causes the vehicle’s length, width or height to exceed the standards in this section so as to create potential hazards from sight-line obstructions and/or illegal deposits of waste which this Chapter seeks to prevent.
