Dear PHWD Customer,

This notice is being sent to inform you, pursuant to California Government Code Section 53756, that PHWD has authorized the pass-through of a wholesale rate increase from the SFPUC to PHWD customers. On July 1, 2022, SFPUC increased its wholesale rate for water by \$0.43 per unit for FY 22/23, as compared to the projected wholesale rate that PHWD included in its most recent rate study. This \$0.43 increase will go into effect for PHWD customers no sooner than 30 days from the date of this notice, and existing water consumption charges in every tier will increase by \$0.43 per unit. The Board of Directors authorized this increase to existing water consumption charges through the end of 2022, as well as the scheduled new water consumption charges which will go into effect on January 1, 2023. This pass-through is authorized under applicable law, as well as PHWD Resolution 2022-02. For more information, please visit our website at PurissimaWater.org.

Sincerely,

Phil Witt, General Manager
