Jeremy Barns

Director IV
National Museum of the Philippines
P. Burgos Drive, Rizal Park, Manila

Dear Sir,

I am Raquelle E. Laxamana, 5TH year student of Rizal Technological University, taking up Bachelor of Science in Architecture and currently conducting a research work and data gathering for my thesis proposal entitled "Innovative Cultural Center of Traditional Visual and Performing Arts: *Philippines' Modern-Interactive Culture and Arts Complex*"

With that, I would humbly ask for your support on this matter, to gather information and other relevant concept materials to support my proposal and claims to complete my studies.

I am presently looking for references and literatures ask for your help by giving due permission for me to secure or see copies of the following data:

1. List of Museums in the Philippines including the estimated number of Visits annually
2. List of Interactive Museums in the Philippines
3. Important facilities in a museum

The objective of this study is to establish a modern world-class structure for culture and arts and to make an opportunity to showcase not only the Philippines' culture and arts but specifically also Kapampangan's culture.

Which includes goals such as:

- * Encourage and inspire the community to participate in the arts and sustainable ecological living
- * develop and cultivate the talents of students dedicated to the performing and traditional visual arts
- * to give freedom for everybody to share what is in their heart and to preserve traditional culture through art, history and ecology.

I also want to request a *Certificate of Approval* for confirmation and to support my enquiry and that I am conducting the said research thoroughly under your direction

In case your office does not have the document, may I request for an endorsement for me to secure the above mentioned documents from the proper offices?

Rest assured that any information or data will be solely and strictly used for academic purposes only.

Hoping for your favorable response, Thank you!

Very Sincerely,

Laxamana, Raquelle E.
