

Dear Marlon,

Happy New Year!

As of date, we still don't have a supplier in Isabela. If you are interested in acquiring ItikPINAS you still have to contact **Dr. RENE C. SANTIAGO**, ItikPINAS Project Leader and Center Chief, National Swine and Poultry Research and Development Center (NSPRDC), Bureau of Animal Industry (BAI), Department of Agriculture (DA), Brgy. Lagalag, Tiaong, Quezon, (042) 585 7727, renecsantiago@yahoo.com and/or **Mr. Marvel HERNANDEZ**, Statistician 1, NSPRDC, BAI, DA, Brgy. Lagalag, Tiaong, Quezon, (042) 585 7727, hernandezmarvelenchong@yahoo.com for reservation and additional info. They will guide where to acquire ItikPINAS nearest to your area.

Since the project is expanding and bringing ItiKPINAS nationwide (that includes Isabela), I suggest you visit/contact **Dr. Jonathan N. NAYGA**, Director, Cagayan Valley Small Ruminant Center, Isabela State University, Echague, Isabela, (078) 305 9132 or emailjnn_060369@yahoo.com for schedule of training/seminar regarding production and management of ItikPINAS in the area.

In the mean time I suggest you follow the link and join the group for info regarding ItikPINAS <https://www.facebook.com/groups/ItikPINAS/>

Good luck on your endeavour!
