My name is Claudia, I'm currently working on a research about the urban development and influence of American urban planning in the Philippines. I would like to ask if it's possible for me to know if you have the following docs as a reference for my study (If ever the documents are available I will personally visit your agency to conduct research)

1. Town Plans of different provinces and cities from 1901-1930s
2. Architects Juan Arellano and Antonio Toledo Improvement schemes and drawings (1930 onwards)

I appreciate your time and hoping for a positive response from your agency.
