DOLE – Bureau of Local Employment

14 March 2019

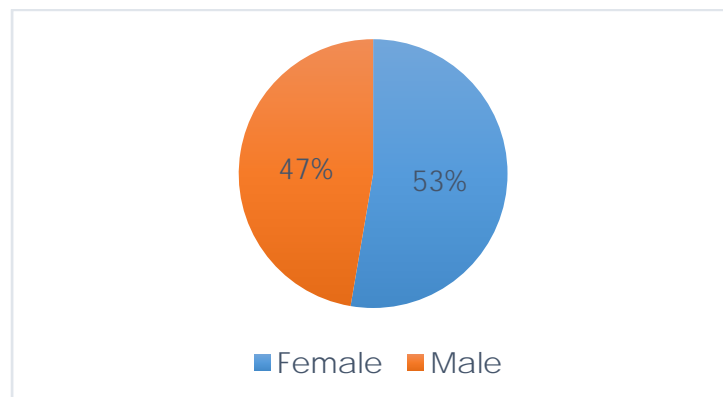

The **National Skills Registration Program (NSRP)** is a Program initiated by the Department of Labor and Employment (DOLE) with the main objective of maintaining a continuing nationwide skills registry through its Skills Registry System (SRS) database. It is an employment facilitation machinery of DOLE which aims to cover all the cities/municipalities with operating Public Employment Service Offices (PESO's).

The **PESO Employment Information System (PEIS)** is the enhanced version of the Skills Registry System. It is a database of active manpower supply containing the profiles of all persons and employers registered under the NSRP. It shows information on the qualifications and skills of the applicants as well as the job vacancies posted by the employers. This registry is maintained and updated by all participating PESO's nationwide. It is important to note that the data generated on the PEIS database does not reflect the country's PWD population.

- **Person With Disabilities (PWDs) Summary Statistics**

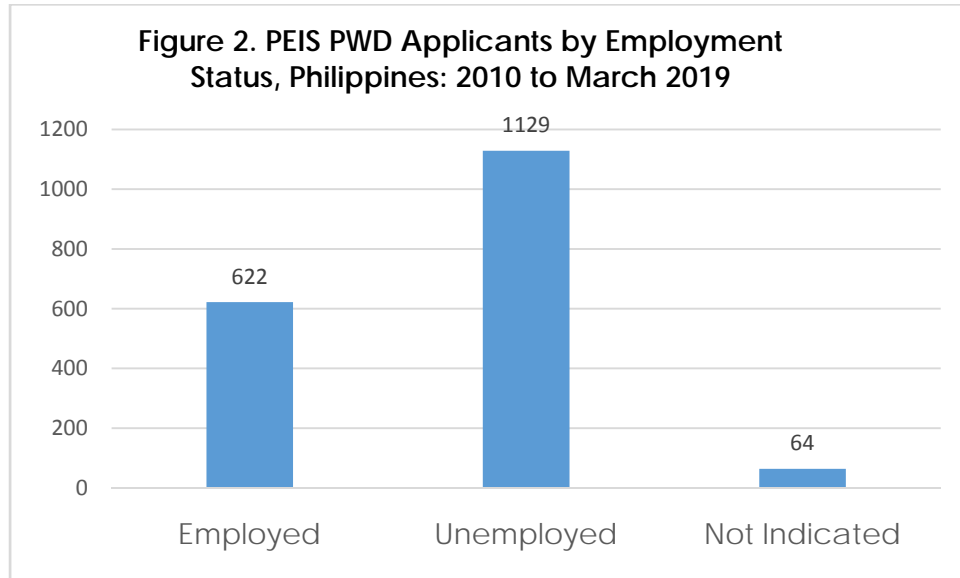

1. From year 2015 to March 2019, a total of 4,724 PWDs have registered in the PEIS through their respective Public Employment Service Office (PESO) offices. Majority of the PWD applicants are female (53% or 956) while the remaining part are male applicants (47% or 859).
