

SCI-ARC

Counselor Recommendation Form

STUDENT INFORMATION

First Name:

Last Name:

DOB:

High School Name:

CEEB:

HS Graduation Year:

Cummulative Weighted GPA:

Design Immersion Days (DID) is a 4-week summer program that introduces high school students to the academic and professional world of design and architecture. SCI-Arc awards need-based, full-tuition scholarships to promising students interested in Architecture, Design, and/or Art. This recommendation form will help us determine the student's financial need, level of interest, and academic potential for scholarship consideration.

RECOMMENDATION

Does the Student qualify for free or reduced lunch:

Design Curiosity

Class Discussion

Leadership

Collaborative

Maturity

Initiative

Motivation

For scholarship consideration, please provide any insight into the student's academic achievement, intellectual promise, creative abilities, and/or personal or financial hardships that you may be aware of. We welcome information that will help us to differentiate this student from others.
